Section I - Instructions to Proposers

A. GENERAL

- 1. Scope of Proposal**
- 1.1. The Purchaser, as indicated in the PDS, or its duly authorized Purchasing Agent if so specified in the PDS (interchangeably referred to as “the Purchaser” issues this request for proposals document for the supply and installation of the Information System as specified in Section VII, Purchaser’s Requirements. The name, identification and number of lots (contracts) of this RFP are specified in the PDS.
- 1.2. Unless otherwise stated, throughout this request for proposals document definitions and interpretations shall be as prescribed in the Section VIII, General Conditions of Contract.

Throughout this request for proposals document:

- (a) the term “in writing” means communicated in written form (e.g. by mail, e-mail, fax, including if specified in the PDS, distributed or received through the electronic-procurement system used by the Purchaser) with proof of receipt;
- (b) if the context so requires, “singular” means “plural” and vice versa; and
- (c) “Day” means calendar day, unless otherwise specified as “Business Day”. A Business Day is any day that is an official working day of the Borrower. It excludes the Borrower’s official public holidays.
- (d) “ES” means environmental and social (including Sexual Exploitation and Abuse (SEA), and Sexual Harassment (SH));
- (e) “Sexual Exploitation and Abuse” “(SEA)” means the following:

Sexual Exploitation is defined as any actual or attempted abuse of position of vulnerability, differential power or trust, for sexual purposes, including, but not limited to, profiting monetarily, socially or politically from the sexual exploitation of another;

Sexual Abuse is defined as the actual or threatened physical intrusion of a sexual nature, whether by force or under unequal or coercive conditions.
- (f) “Sexual Harassment” “(SH)” is defined as unwelcome sexual advances, requests for sexual favors, and other verbal

or physical conduct of a sexual nature by the Supplier's Personnel with other Supplier's Personnel or Purchaser's Personnel.

(g) "Supplier's Personnel" is as defined in GCC Clause 1.1; and

(h) "Purchaser's Personnel" is as defined in GCC Clause 1.1.

A non-exhaustive list of (i) behaviors which constitute SEA and (ii) behaviors which constitute SH is attached to the Code of Conduct form in Section IV

- | | |
|--------------------------------|---|
| 2. Source of Funds | <p>2.1. The Borrower or Recipient (hereinafter called "Borrower") indicated in the PDS has applied for or received financing (hereinafter called "funds") from the International Bank for Reconstruction and Development or the International Development Association (hereinafter called "the Bank") in an amount specified in the PDS toward the project named in the PDS. The Borrower intends to apply a portion of the funds to eligible payments under the contract(s) for which this request for proposals document is issued.</p> <p>2.2. Payments by the Bank will be made only at the request of the Borrower and upon approval by the Bank in accordance with the terms and conditions of the Loan (or other financing) Agreement between the Borrower and the Bank (hereinafter called the Loan Agreement), and will be subject in all respects to the terms and conditions of that Loan (or other financing) Agreement. The Loan (or other financing) Agreement prohibits a withdrawal from the loan account for the purpose of any payment to persons or entities, or for any import of equipment, materials or any other goods, if such payment or import is prohibited by a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations. No party other than the Borrower shall derive any rights from the Loan (or other financing) Agreement or have any claim to the funds.</p> |
| 3. Fraud and Corruption | <p>3.1. The Bank requires compliance with the Bank's Anti-Corruption Guidelines and its prevailing sanctions policies and procedures as set forth in the WBG's Sanctions Framework, as set forth in Section VI.</p> <p>3.2. In further pursuance of this policy, Proposers shall permit and shall cause their agents (where declared or not), subcontractors, subconsultants, service providers, suppliers, and personnel, to permit the Bank to inspect all accounts, records and other documents relating to any initial selection process,</p> |

prequalification process, bid submission, proposal submission and contract performance (in the case of award), and to have them audited by auditors appointed by the Bank.

4. Eligible Proposers

- 4.1. A Proposer may be a firm that is a private entity, a state-owned enterprise or institution subject to ITP 4.6, or any combination of such entities in the form of a joint venture (JV) under an existing agreement or with the intent to enter into such an agreement supported by a letter of intent. In the case of a joint venture, all members shall be jointly and severally liable for the execution of the Contract in accordance with the Contract terms. The JV shall nominate a Representative who shall have the authority to conduct all business for and on behalf of any and all the members of the JV during the procurement process and, in the event the JV is awarded the Contract, during contract execution. Unless specified in the PDS, there is no limit on the number of members in a JV.
- 4.2. A Proposer shall not have a conflict of interest. Any Proposer found to have a conflict of interest shall be disqualified. A Proposer may be considered to have a conflict of interest for the purpose of this procurement process, if the Proposer:
- (a) directly or indirectly controls, is controlled by or is under common control with another Proposer; or
 - (b) receives or has received any direct or indirect subsidy from another Proposer; or
 - (c) has the same legal representative as another Proposer; or
 - (d) has a relationship with another Proposer, directly or through common third parties, that puts it in a position to influence the Proposal of another Proposer, or influence the decisions of the Purchaser regarding this procurement process; or
 - (e) any of its affiliates participates as a consultant in the preparation of the design or technical specifications of the Information System that are the subject of the Proposal; or
 - (f) or any of its affiliates has been hired (or is proposed to be hired) by the Purchaser or Borrower as Project Manager for the Contract implementation; or
 - (g) would be providing goods, works, or non-consulting services resulting from or directly related to consulting services for the preparation or implementation of the

project specified in the PDS ITP 2.1 that it provided or were provided by any affiliate that directly or indirectly controls, is controlled by, or is under common control with that firm; or

- (h) has a close business or family relationship with a professional staff of the Borrower (or of the project implementing agency, or of a recipient of a part of the loan) who: (i) are directly or indirectly involved in the preparation of the request for proposals document or specifications of the Contract, and/or the Proposal evaluation process of such Contract; or (ii) would be involved in the implementation or supervision of such Contract unless the conflict stemming from such relationship has been resolved in a manner acceptable to the Bank throughout the procurement process and execution of the Contract.

- 4.3. A firm that is a Proposer (either individually or as a JV member) shall not participate as a Proposer or as JV member in more than one Proposal except for permitted alternative Proposals. Such participation shall result in the disqualification of all Proposals in which the firm is involved. However, this does not limit the participation of a Proposer as subcontractor in another Proposal or of a firm as a subcontractor in more than one Proposal.
- 4.4. A Proposer may have the nationality of any country, subject to the restrictions pursuant to ITP 4.8. A Proposer shall be deemed to have the nationality of a country if the Proposer is constituted, incorporated or registered in and operates in conformity with the provisions of the laws of that country, as evidenced by its articles of incorporation (or equivalent documents of constitution or association) and its registration documents, as the case may be. This criterion also shall apply to the determination of the nationality of proposed sub-contractors or sub-consultants for any part of the Contract including related Services.

- 4.5. A Proposer that has been sanctioned by the Bank, pursuant to the Bank's Anti-Corruption Guidelines, and in accordance with its prevailing sanctions policies and procedures as set forth in the WBG's Sanctions Framework as described in Section VI paragraph 2.2 d., shall be ineligible to be initially selected for, prequalified for, bid for, propose for, or be awarded a Bank-financed contract or benefit from a Bank-financed contract, financially or otherwise, during such period of time as the Bank shall have determined. The list of debarred firms and individuals is available at the electronic address specified in the PDS.
- 4.6. Proposers that are state-owned enterprises or institutions in the Purchaser's Country may be eligible to compete and be awarded a Contract(s) only if they can establish, in a manner acceptable to the Bank, that they (i) are legally and financially autonomous (ii) operate under commercial law, and (iii) are not under supervision of the Purchaser.
- 4.7. A Proposer shall not be under suspension from bidding or submitting proposals by the Purchaser as the result of the operation of a Bid-Securing Declaration or Proposal-Securing Declaration.
- 4.8. Firms and individuals may be ineligible if so indicated in Section V and (a) as a matter of law or official regulations, the Borrower's country prohibits commercial relations with that country, provided that the Bank is satisfied that such exclusion does not preclude effective competition for the supply of goods or the contracting of works or services required; or (b) by an act of compliance with a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, the Borrower's country prohibits any import of goods or contracting of works or services from that country, or any payments to any country, person, or entity in that country.
- 4.9. This request for proposal process is open for all eligible Proposers, unless otherwise specified in ITP 15.2.
- 4.10. A Proposer shall provide such documentary evidence of eligibility satisfactory to the Purchaser, as the Purchaser shall reasonably request.
- 4.11. A firm that is under a sanction of debarment by the Borrower from being awarded a contract is eligible to participate in this procurement, unless the Bank, at the Borrower's request, is satisfied that the debarment; (a) relates to fraud or corruption,

and (b) followed a judicial or administrative proceeding that afforded the firm adequate due process.

5. Eligible Goods and Services

- 5.1. The Information Systems to be supplied under the Contract and financed by the Bank may have their origin in any country in accordance with Section V, Eligible Countries.
- 5.2. For the purposes of this request for proposals document, the term “Information System” means all:
- (a) the required information technologies, including all information processing and communications-related hardware, software, supplies, and consumable items that the Supplier is required to design, supply and install under the Contract, plus all associated documentation, and all other materials and goods to be designed, supplied, installed, integrated, and made operational; and
 - (b) the related software development, transportation, insurance, installation, customization, integration, commissioning, training, technical support, maintenance, repair, and other services necessary for proper operation of the Information System to be provided by the selected Proposer and as specified in the Contract.
- 5.3. For purposes of ITP 5.1 above, “origin” means the place where the goods and services making the Information System are produced in or supplied from. An Information System is deemed to be produced in a certain country when, in the territory of that country, through software development, manufacturing, or substantial and major assembly or integration of components, a commercially recognized product results that is substantially different in basic characteristics or in purpose or utility from its components.

B. CONTENTS OF THE REQUEST FOR PROPOSALS DOCUMENT

6. Sections of the Request for Proposals Document

- 6.1. The request for proposals document consists of Parts 1, 2, and 3, which include all the sections indicated below, and should be read in conjunction with any Addenda issued in accordance with ITP 8:

PART 1 - Request for Proposals Procedures

Section I - Instructions to Proposers (ITP)

Section II - Proposal Data Sheet (PDS)

Section III - Evaluation and Qualification Criteria

Section IV - Proposal Forms

Section V - Eligible Countries

Section VI - Fraud and Corruption

PART 2 - Purchaser's Requirements

Section VII - Requirements of the IS, including:

- Technical Requirements
- Implementation Schedule
- System Inventory Tables
- Background and Informational Materials

PART 3 - Contract

Section VIII - General Conditions of Contract

Section IX -Special Conditions of Contract

Section X - Contract Forms

- 6.2. The Specific Procurement Notice – Request for Proposals (RFP) issued by the Purchaser is not part of this request for proposals document.
- 6.3. Unless obtained directly from the Purchaser, the Purchaser is not responsible for the completeness of the document, responses to requests for clarification, the Minutes of the pre-Proposal meeting (if any), or Addenda to the request for proposals document in accordance with ITP 8. In case of any contradiction, documents obtained directly from the Purchaser shall prevail.
- 6.4. The Proposer is expected to examine all instructions, forms, terms, and specifications in the request for proposals document and to furnish with its Proposal all information or documentation as is required by the request for proposals document.

7. Clarification of Request for Proposals Document, Site Visit, Pre-Proposal Meeting

- 7.1. A Proposer requiring any clarification of the request for proposals document shall contact the Purchaser in writing at the Purchaser's address specified in the PDS or raise its enquiries during the pre-Proposal meeting if provided for in accordance with ITP 7.4. The Purchaser will respond in writing to any request for clarification, provided that such request is received prior to the deadline for submission of Proposals within a period specified in the PDS. The Purchaser's shall forward copies of its response to all Proposers who have acquired the request for proposals document in accordance with ITP 6.3, including a description of the inquiry but without identifying its source. If so specified in the PDS, the Purchaser shall also promptly publish its response at the web page identified in the PDS. Should the Purchaser deem it necessary to amend the request for proposals document as a result of a request for clarification, it shall do so following the procedure under ITP 8 and ITP 23.2.
- 7.2. The Proposer may wish to visit and examine the site where the Information System is to be installed and its surroundings and obtain for itself on its own responsibility all information that may be necessary for preparing the Proposal and entering into a contract. The costs of visiting the site shall be at the Proposer's own expense.
- 7.3. The Proposer and any of its personnel or agents will be granted permission by the Purchaser to enter upon its premises and lands for the purpose of such visit, but only upon the express condition that the Proposer, its personnel, and agents will release and indemnify the Purchaser and its personnel and agents from and against all liability in respect thereof, and will be responsible for death or personal injury, loss of or damage to property, and any other loss, damage, costs, and expenses incurred as a result of the inspection.
- 7.4. The Proposer's designated representative is invited to attend a pre-Proposal meeting and/or a site visit, if provided for in the PDS. The purpose of the meeting will be to clarify issues and to answer questions on any matter that may be raised at that stage.
- 7.5. The Proposer is requested, as far as possible, to submit any questions in writing, to reach the Purchaser not later than one week before the meeting.
- 7.6. Minutes of the pre-Proposal meeting, including the text of the questions raised without identifying the source, and the responses given, together with any responses prepared after the meeting, will be transmitted promptly to all Proposers who have acquired the request for proposals document in accordance with ITP 6.3. Any

modification to the request for proposals document that may become necessary as a result of the pre-Proposal meeting shall be made by the Purchaser exclusively through the issue of an Addendum pursuant to ITP 8 and not through the minutes of the pre-Proposal meeting.

7.7. Nonattendance at the pre-Proposal meeting will not be a cause for disqualification of a Proposer.

8. Amendment of Request for Proposals Document

8.1. At any time prior to the deadline for submission of Proposals, the Purchaser may amend the request for proposals document by issuing addenda.

8.2. Any addendum issued shall be part of the request for proposals document and shall be communicated in writing to all who have obtained the request for proposals document from the Purchaser in accordance with ITP 6.3. The Purchaser shall also promptly publish the addendum on the Purchaser's web page in accordance with ITP 7.1.

8.3. To give prospective Proposers reasonable time in which to take an addendum into account in preparing their Proposals, the Purchaser may, at its discretion, extend the deadline for the submission of Proposals, pursuant to ITP 23.2.

C. PREPARATION OF PROPOSALS

9. Cost of Proposals

9.1. The Proposer shall bear all costs associated with the preparation and submission of its Proposal, and the Purchaser shall not be responsible or liable for those costs, regardless of the conduct or outcome of the Request for Proposals process.

10. Language of Proposal

10.1. The Proposal, as well as all correspondence and documents relating to the Proposal exchanged by the Proposer and the Purchaser, shall be written in the language specified in the PDS. Supporting documents and printed literature that are part of the Proposal may be in another language provided they are accompanied by an accurate translation of the relevant passages in the language specified in the PDS, in which case, for purposes of interpretation of the Proposal, such translation shall govern.

11. Documents Comprising the Proposal

11.1. The Proposal shall comprise two Parts, namely the Technical Part and the Financial Part. These two Parts shall be submitted simultaneously in two separate sealed envelopes (two-envelope procurement process). One envelope shall contain only information relating to the Technical Part and the other, only information relating to the Financial Part. These two envelopes

shall be enclosed in a separate sealed outer envelope marked “Original Proposal”.

11.2. The Technical Part shall contain the following:

- (a) **Letter of Proposal**-Technical Part, prepared in accordance with ITP 12;
- (b) **Proposal Security or Proposal-Securing Declaration** in accordance with ITP 20;
- (c) **Alternative Proposal**- Technical Part: if permissible, in accordance with ITP 13, the Technical Part of any Alternative Proposal;
- (d) **Authorization**: written confirmation authorizing the signatory of the Proposal to commit the Proposer, in accordance with ITP 21.3;
- (e) **Eligibility of Information System**: documentary evidence established in accordance with ITP 14.1 that the Information System offered by the Proposer in its Proposal or in any alternative Proposal, if permitted, are eligible;
- (f) **Proposer’s Eligibility and qualifications**: documentary evidence in accordance with ITP 15 establishing the Proposer’s eligibility and qualifications to perform the contract if its Proposal is accepted;
- (g) **Conformity**: documentary evidence established in accordance with ITP 16 that the Information System offered by the Proposer conform to the **request for proposals** document;
- (h) **Subcontractors**: list of subcontractors, in accordance with ITP 16.4;
- (i) **Intellectual Property**: a list of: Intellectual Property as defined in GCC Clause 15;
 - (i) all Software included in the Proposal, assigning each item to one of the software categories defined in GCC Clause 1.1 (c):
 - a. System, General Purpose, and Application Software;
or
 - b. Standard and Custom Software;
 - (ii) all Custom Materials, as defined in GCC Clause 1.1 (c), included in the Proposal;

All Materials not identified as Custom Materials shall be deemed Standard Materials, as defined in GCC Clause 1.1 (c);

Re-assignments among the Software and Materials categories, if necessary, will be made during the implementation of the Contract according to GCC Clause 39 (Changes to the Information System); and

- (j) any other document required in the PDS.

11.3. The Financial Part shall contain the following:

- (a) Letter of Proposal – Financial Part: prepared in accordance with ITP 12 and ITP 17;
- (b) Schedule: Price Schedules completed in accordance with ITP 12 and ITP 17;
- (c) Alternative Proposal - Financial Part: if permissible in accordance with ITP 13, the Financial Part of any Alternative Proposal; and
- (d) any other document required in the PDS.

11.4. The Technical Part shall not include any information related to the Proposal price. Where material financial information related to the Proposal price is contained in the Technical Part the Proposal shall be declared non-responsive.

11.5. In addition to the requirements under ITP 11.2, Proposals submitted by a JV shall include in the Technical Part a copy of the Joint Venture Agreement entered into by all members indicating at least the parts of the Information System to be executed by the respective members. Alternatively, a letter of intent to execute a Joint Venture Agreement in the event of a successful Proposal shall be signed by all members and submitted with the Proposal, together with a copy of the proposed Agreement indicating at least the parts of the Information System to be executed by the respective members.

11.6. The Proposer shall furnish in the Letter of Proposal - Financial Part information on commissions and gratuities, if any, paid or to be paid to agents or any other party relating to this procurement process.

12. Letters of Proposal and Price Schedules

12.1. The Letter of Proposal - Technical Part, Letter of Proposal-Financial Part and Price Schedules shall be prepared using the relevant forms furnished in Section IV, Proposal Forms. The forms must be completed without any alterations to the text, and no

substitutes shall be accepted except as provided under ITP 21.3. All blank spaces shall be filled in with the information requested.

13. Alternative Proposals

- 13.1. The PDS indicates whether alternative Proposals are allowed. If they are allowed, the PDS will also indicate whether they are permitted in accordance with ITP 13.3, or invited in accordance with ITP 13.2 and/or ITP 13.4.
- 13.2. When alternatives to the Time Schedule are explicitly invited, a statement to that effect will be included in the PDS, and the method of evaluating different time schedules will be described in Section III, Evaluation and Qualification Criteria.
- 13.3. Except as provided under ITP 13.4 below, Proposers wishing to offer technical alternatives to the Purchaser's requirements as described in the request for proposals document must also provide: (i) a price at which they are prepared to offer an Information System meeting the Purchaser's requirements; and (ii) all information necessary for a complete evaluation of the alternatives by the Purchaser, including drawings, design calculations, technical specifications, breakdown of prices, and proposed installation methodology and other relevant details. Only the technical alternatives, if any, of the Proposer with the Most Advantageous Proposal conforming to the basic technical requirements shall be considered by the Purchaser.
- 13.4. When Proposers are invited in the PDS to submit alternative technical solutions for specified parts of the system, such parts shall be described in Section VII, Purchaser's Requirements. Technical alternatives that comply with the performance and technical criteria specified for the Information System shall be considered by the Purchaser on their own merits, pursuant to ITP 32.

14. Documents Establishing the Eligibility of the Information System

- 14.1. To establish the eligibility of the Information System in accordance with ITP 5, Proposers shall complete the country of origin declarations in the Price Schedule Forms, included in Section IV, Proposal Forms.

15. Documents Establishing the Eligibility and Qualifications of the Proposer

- 15.1. To establish its eligibility and qualifications to perform the Contract in accordance with Section III, Evaluation and Qualification Criteria, the Proposer shall provide the information requested in the corresponding information sheets included in Section IV, Proposal Forms.
- 15.2. In the event that prequalification of potential Proposers has been undertaken as stated in the PDS, only Proposals from prequalified

Proposers shall be considered for award of Contract. These qualified Proposers should submit with their Proposals any information updating their original prequalification applications or, alternatively, confirm in their Proposals that the originally submitted prequalification information remains essentially correct as of the date of Proposal submission.

- 15.3. Any change in the structure or formation of a Proposer after being prequalified and invited to submit Proposals, if applicable, (including, in the case of a JV, any change in the structure or formation of any member and also including any change in any specialized subcontractor whose qualifications were considered to prequalify the Applicant) shall be subject to the written approval of the Purchaser prior to the deadline for submission of Proposals. Such approval shall be denied if (i) a Proposer proposes to associate with a disqualified Proposer or in case of a disqualified joint venture, any of its members; (ii) as a consequence of the change, the Proposer no longer substantially meets the qualification criteria; or (iii) in the opinion of the Purchaser, the change may result in a substantial reduction in competition. Any such change should be submitted to the Purchaser not later than fourteen (14) days after the date of the notice for RFP sent to the prequalified Proposers.

**16. Documents
Establishing
Conformity of
the
Information
System**

- 16.1. Pursuant to ITP 11.2 (g), the Proposer shall furnish, as part of its Proposal, documents establishing the conformity to the request for proposals documents of the Information System that the Proposer proposes to design, supply and install under the Contract.
- 16.2. The documentary evidence of conformity of the Information System to the request for proposals documents including:
- (a) Preliminary Project Plan describing, among other things, the methods by which the Proposer will carry out its overall management and coordination responsibilities if awarded the Contract, and the human and other resources the Proposer proposes to use. The Preliminary Project Plan must also address any other topics specified in the PDS. In addition, the Preliminary Project Plan should state the Proposer's assessment of what it expects the Purchaser and any other party involved in the implementation of the Information System to provide during implementation and how the Proposer proposes to coordinate the activities of all involved parties;
 - (b) written confirmation that the Proposer accepts responsibility for the successful integration and inter-operability of all

- components of the Information System as required by the request for proposals documents;
- (c) an item-by-item commentary on the Purchaser's Technical Requirements, demonstrating the substantial responsiveness of the Information System offered to those requirements. In demonstrating responsiveness, the Proposer should use the Technical Responsiveness Checklist (or Checklist Format) in the Sample Proposal Forms (Section IV). The commentary shall include explicit cross-references to the relevant pages in the supporting materials included in the Proposal. Whenever a discrepancy arises between the item-by-item commentary and any catalogs, technical specifications, or other preprinted materials submitted with the Proposal, the item-by-item commentary shall prevail;
 - (d) support material (e.g., product literature, white papers, narrative descriptions of technologies and/or technical approaches), as required and appropriate; and
 - (e) any separate and enforceable contract(s) for Recurrent Cost items which the PDS ITP 17.2 requires Proposers to propose.
- 16.3. References to brand names or model numbers or national or proprietary standards designated by the Purchaser in the request for proposals documents are intended to be descriptive and not restrictive. Except as specified in the PDS for specific items or standards, the Proposer may substitute alternative brand/model names or standards in its Proposal, provided that it demonstrates to the Purchaser's satisfaction that the use of the substitute(s) will result in the Information System being able to perform substantially equivalent to or better than that specified in the Technical Requirements.
- 16.4. For major items of the Information System as listed by the Purchaser in Section III, Evaluation and Qualification Criteria, which the Proposer intends to purchase or subcontract, the Proposer shall give details of the name and nationality of the proposed subcontractors, including manufacturers, for each of those items. In addition, the Proposer shall include in its Proposal information establishing compliance with the requirements specified by the Purchaser for these items. Quoted rates and prices will be deemed to apply to whichever subcontractor is appointed, and no adjustment of the rates and prices will be permitted.
- 16.5. The Proposer shall be responsible for ensuring that any subcontractor proposed complies with the requirements of ITP 4, and that any goods or services to be provided by the subcontractor comply with the requirements of ITP 5 and ITP 16.1.

- 17. Proposal Prices**
- 17.1. All Goods and Services identified in the Supply and Installation Cost Sub-Tables in System Inventory Tables in Section VII, and all other Goods and Services proposed by the Proposer to fulfill the requirements of the Information System, must be priced separately and summarized in the corresponding cost tables in the Sample Proposal Forms (Section IV), in accordance with the instructions provided in the tables and in the manner specified below.
- 17.2. Unless otherwise specified in the PDS, the Proposer must also propose Recurrent Cost Items specified in the Technical Requirements, Recurrent Cost Sub-Table of the System Inventory Tables in Section VII (if any). These must be priced separately and summarized in the corresponding cost tables in the Sample Proposal Forms (Section IV), in accordance with the instructions provided in the tables and in the manner specified below:
- (a) if specified **in the PDS**, the Proposer must also propose separate enforceable contracts for the Recurrent Cost Items not included in the main Contract;
 - (b) prices for Recurrent Costs are all-inclusive of the costs of necessary Goods such as spare parts, software license renewals, labor, etc., needed for the continued and proper operation of the Information System and, if appropriate, of the Proposer's own allowance for price increases;
 - (c) prices for Recurrent Costs beyond the scope of warranty services to be incurred during the Warranty Period, defined in GCC Clause 29.4 and prices for Recurrent Costs to be incurred during the Post-Warranty Period, defined in SCC Clause 1.1. (e) (xiii), shall be quoted as Service prices on the Recurrent Cost Sub-Table in detail, and on the Recurrent Cost Summary Table in currency totals.
- 17.3. Unit prices must be quoted at a level of detail appropriate for calculation of any partial deliveries or partial payments under the contract, in accordance with the Implementation Schedule in Section VII), and with GCC and SCC Clause 12 – Terms of Payment. Proposers may be required to provide a breakdown of any composite or lump-sum items included in the Cost Tables
- 17.4. The price of items that the Proposer has left blank in the cost tables provided in the Sample Proposal Forms (Section IV) shall be assumed to be included in the price of other items. Items omitted altogether from the cost tables shall be assumed to be omitted from the Proposal and, provided that the Proposal is substantially

responsive, an adjustment to the Proposal price will be made during Proposal evaluation in accordance with ITP 34.1.

- 17.5. The prices for Goods components of the Information System are to be expressed and shall be defined and governed in accordance with the rules prescribed in the edition of Incoterms specified in the PDS, as follows:

- (a) Goods supplied from outside the Purchaser's country:

Unless otherwise specified **in the PDS**, the prices shall be quoted on a CIP (named place of destination) basis, exclusive of all taxes, stamps, duties, levies, and fees imposed in the Purchaser's country. The named place of destination and special instructions for the contract of carriage are as specified in the SCC for GCC 1.1 (e) (iii). In quoting the price, the Proposer shall be free to use transportation through carriers registered in any eligible countries. Similarly, the Proposer may obtain insurance services from any eligible source country;

- (b) Locally supplied Goods:

Unit prices of Goods offered from within the Purchaser's Country, shall be quoted on an EXW (ex factory, ex works, ex warehouse or off-the-shelf, as applicable) basis, including all customs duties, levies, fees, sales and other taxes incurred until delivery of the Goods, but excluding all VAT or sales and other taxes and duties/fees incurred for the Goods at the time of invoicing or sales transaction, if the Contract is awarded;

- (c) Inland transportation.

- 17.6. Unless otherwise stated in the PDS, inland transportation, insurance and related local costs incidental to the delivery of the Goods to the designated Project Sites must be quoted separately as a Service item in accordance with ITP 17.5, whether the Goods are to be supplied locally or from outside the Purchaser's country, except when these costs are already included in the price of the Goods, as is, e.g., the case, when ITP 17.5 (a) specifies CIP, and the named places of destination are the Project Sites.

- 17.7. The price of Services shall be separated into their local and foreign currency components and where appropriate, broken down into unit prices. Prices must include all taxes, duties, levies and fees whatsoever, except only VAT or other indirect taxes, or stamp duties, that may be assessed and/or apply in the Purchaser's country on/to the price of the Services invoiced to the Purchaser, if the Contract is awarded.

- 17.8. Unless otherwise specified in the PDS, the prices must include all costs incidental to the performance of the Services, as incurred by the Supplier, such as travel, subsistence, office support, communications, translation, printing of materials, etc. Costs incidental to the delivery of the Services but incurred by the Purchaser or its staff, or by third parties, must be included in the price only to the extent such obligations are made explicit in these request for proposals documents (as, e.g., a requirement for the Proposer to include the travel and subsistence costs of trainees).
- 17.9. Unless otherwise specified in the PDS, prices quoted by the Proposer shall be fixed during the Proposer's performance of the Contract and not subject to increases on any account. Proposals submitted that are subject to price adjustment will be rejected.
- 18. Currencies of Proposal and Payment**
- 18.1. The currency(ies) of the Proposal and currencies of payment shall be the same. The Proposer shall quote in the currency of the Purchaser's Country the portion of the Proposal price that corresponds to expenditures incurred in the currency of the Purchaser's Country, unless otherwise specified in the PDS.
- 18.2. The Proposer may express the Proposal price in any currency. If the Proposer wishes to be paid in a combination of amounts in different currencies, it may quote its price accordingly but shall use no more than three foreign currencies in addition to the currency of the Purchaser's Country.
- 19. Period of Validity of Proposals**
- 19.1. Proposals shall remain valid until the date specified in the PDS or any extended date if amended by the Purchaser in accordance with ITP 8. A Proposal that is not valid until the date specified in the PDS, or any extended date if amended by the Purchaser in accordance with ITP 8, shall be rejected by the Purchaser as nonresponsive.
- 19.2. In exceptional circumstances, prior to the date of expiry of the Proposal validity, the Purchaser may request Proposers to extend the date of validity until a specified date. The request and the responses shall be made in writing. If a Proposal Security is requested in accordance with ITP 20, it shall also be extended for twenty-eight days (28) beyond the deadline of the extended validity period. A Proposer may refuse the request without forfeiting its Proposal Security. A Proposer granting the request shall not be required or permitted to modify its Proposal, except as provided in ITP 19.3.
- 19.3. If the award is delayed by a period exceeding fifty-six (56) days beyond the expiry of the initial Proposal validity specified in

accordance with ITP 19.1, the Contract price shall be determined as follows:

- (a) in case of fixed price contracts, the contract price shall be the Proposal price adjusted by a factor or factors specified **in the PDS**;
- (b) in the case of an adjustable price contracts, no adjustments shall be made;
- (c) in any case, Proposal evaluation shall be based on the Proposal Price without taking into consideration the applicable correction from those indicated above.

20. Proposal Security

- 20.1. The Proposer shall furnish as part of the Technical Part of its Proposal, either a Proposal-Securing Declaration or a Proposal Security as specified in the PDS, in original form and, in the case of a Proposal Security, in the amount and currency specified in the PDS.
- 20.2. A Proposal-Securing Declaration shall use the form included in Section IV, Proposal Forms.
- 20.3. If a Proposal Security is specified pursuant to ITP 20.1, the Proposal security shall be a demand guarantee in any of the following forms at the Proposer's option:
 - (a) an unconditional guarantee issued by a non-bank financial institution (such as an insurance, bonding or surety company);
 - (b) an irrevocable letter of credit;
 - (c) a cashier's or certified check; or
 - (d) another security indicated **in the PDS**,

from a reputable source from an eligible country. If an unconditional guarantee is issued by a non-bank financial institution located outside the Purchaser's Country the issuing non-bank financial institution shall have a correspondent financial institution located in the Purchaser's Country to make it enforceable unless the Purchaser has agreed in writing, prior to Proposal submission, that a correspondent financial institution is not required. In the case of a bank guarantee, the Proposal Security shall be submitted either using the Proposal Security Form included in Section IV, Proposal Forms or in another substantially similar format approved by the Purchaser prior to Proposal submission. In either case, the form must include the complete name of the Proposer. The Proposal Security shall be valid for twenty-eight (28) days beyond the original date of expiry of the Proposal validity, or beyond any extended date if requested under ITP 19.2.

- 20.4. If a Proposal Security or a Proposal-Securing Declaration is specified pursuant to ITP 20.1, any Proposal not accompanied by a substantially responsive Proposal Security or Proposal-Securing Declaration shall be rejected by the Purchaser as non-responsive.
- 20.5. If a Proposal Security is specified pursuant to ITP 20.1, the Proposal Security of unsuccessful Proposers shall be returned as promptly as possible upon the successful Proposer's furnishing of the Performance Security pursuant to ITP 48.
- 20.6. The Proposal Security of the successful Proposer shall be returned as promptly as possible once the successful Proposer has signed the Contract and furnished the required Performance Security.
- 20.7. The Proposal Security may be forfeited:
 - (a) if a Proposer withdraws its Proposal prior to the expiry date of Proposal validity specified by the Proposer on the Letter of Proposal or any extended date provided by the Proposer; or
 - (b) if the successful Proposer fails to:
 - (i) sign the Contract in accordance with ITP 47; or
 - (ii) furnish a performance security in accordance with ITP 48.

20.8. The Proposal Security or the Proposal-Securing Declaration of a JV shall be in the name of the JV that submits the Proposal. If the JV has not been legally constituted into a legally enforceable JV at the time of submission of Proposals, the Proposal Security or the Proposal-Securing Declaration shall be in the names of all future members as named in the letter of intent referred to in ITP 4.1 and ITP 11.5.

20.9. If a Proposal Security is not required in the PDS, and;

- (a) if a Proposer withdraws its Proposal prior to the expiry date of the Proposal validity specified by the Proposer on the Letter of Proposal, or any extended date provided by the Proposer; or
- (b) if the successful Proposer fails to: sign the Contract in accordance with ITP 47; or furnish a Performance Security in accordance with ITP 48;

the Purchaser may, if provided for **in the PDS**, declare the Proposer disqualified to be awarded a contract by the Purchaser for a period of time as stated **in the PDS**.

21. Format and Signing of Proposal

21.1. The Proposer shall prepare one original and copies/sets of the documents comprising the Proposal as described in ITP 11 and Proposer22.

21.2. Proposers shall mark as “CONFIDENTIAL” information in their Proposals which is confidential to their business. This may include proprietary information, trade secrets, or commercial or financially sensitive information.

21.3. The original and all copies of the Proposal shall be typed or written in indelible ink and shall be signed by a person duly authorized to sign on behalf of the Proposer. This authorization shall consist of a written confirmation as specified in the PDS and shall be attached to the Proposal. The name and position held by each person signing the authorization must be typed or printed below the signature. All pages of the Proposal where entries or amendments have been made shall be signed or initialed by the person signing the Proposal.

- 21.4. In case the Proposer is a JV, the Proposal shall be signed by an authorized representative of the JV on behalf of the JV, and so as to be legally binding on all the members as evidenced by a power of attorney signed by their legally authorized representatives.
- 21.5. Any interlineations, erasures, or overwriting shall be valid only if they are signed or initialed by the person signing the Proposal.

D. SUBMISSION OF PROPOSALS

22. Submission, Sealing and Marking of Proposals

- 22.1. The Proposer shall deliver the Proposal in two separate, sealed envelopes (the Technical Part and the Financial Part). These two envelopes shall be enclosed in a separate sealed outer envelope marked “Original PROPOSAL”. In addition, the Proposer shall submit copies of the Proposal in the number specified in the PDS. Copies of the Technical Part shall be placed in a separate sealed envelope marked “COPIES: TECHNICAL PART”. Copies of the Financial Part shall be placed in a separate sealed envelope marked “COPIES: FINANCIAL PART”. The Proposer shall place both of these envelopes in a separate, sealed outer envelope marked “PROPOSAL COPIES”. In the event of any discrepancy between the original and the copies, the original shall prevail.
- 22.2. If alternative Proposals are permitted in accordance with ITP 14, the alternative Proposals shall be submitted as follows: the original of the alternative Proposal Technical Part shall be placed in a sealed envelope marked “ALTERNATIVE PROPOSAL – TECHNICAL PART” and the Financial Part shall be placed in a sealed envelope marked “ALTERNATIVE PROPOSAL – FINANCIAL PART” and these two separate sealed envelopes then enclosed within a sealed outer envelope marked “ALTERNATIVE PROPOSAL – ORIGINAL”, the copies of the alternative Proposal will be placed in separate sealed envelopes marked “ALTERNATIVE PROPOSAL – COPIES OF TECHNICAL PART”, and “ALTERNATIVE PROPOSAL – COPIES OF FINANCIAL PART” and enclosed in a separate sealed outer envelope marked “ALTERNATIVE PROPOSAL - COPIES.
- 22.3. The envelopes marked “ORIGINAL PROPOSAL” and “PROPOSAL COPIES” (and, if appropriate, a third envelope marked “ALTERNATIVE PROPOSAL”) shall be enclosed in a separate sealed outer envelope for submission to the Purchaser.
- 22.4. The inner and outer envelopes shall:
 - (a) bear the name and address of the Proposer;
 - (b) be addressed to the Purchaser in accordance with ITP 23.1;

- (c) bear the specific identification of this request for proposals process indicated in accordance with ITP 1.1; and
 - (d) bear a warning not to open before the time and date for Proposal opening.
- 22.5. If all envelopes are not sealed and marked as required, the Purchaser will assume no responsibility for the misplacement or premature opening of the Proposal.
- 23. Deadline for Submission of Proposals**
 - 23.1. Proposals must be received by the Purchaser at the address and no later than the date and time indicated in the PDS. When so specified in the PDS, Proposers shall have the option of submitting their Proposals electronically. Proposers submitting Proposals electronically shall follow the electronic Proposal submission procedures specified in the PDS.
 - 23.2. The Purchaser may, at its discretion, extend this deadline for submission of Proposals by amending the request for proposals documents in accordance with ITP 8, in which case all rights and obligations of the Purchaser and Proposers will thereafter be subject to the deadline as extended.
- 24. Late Proposals**
 - 24.1. The Purchaser shall not consider any Proposal that arrives after the deadline for submission of Proposals, in accordance with ITP 23. Any Proposal received by the Purchaser after the deadline for submission of Proposals shall be declared late, rejected, and returned unopened to the Proposer.
- 25. Withdrawal, Substitution, and Modification of Proposals**
 - 25.1. A Proposer may withdraw, substitute, or modify its Proposal after it has been submitted by sending a written notice, duly signed by an authorized representative, and shall include a copy of the authorization in accordance with ITP 21.3, (except that withdrawal notices do not require copies). The corresponding substitution or modification of the Proposal must accompany the respective written notice. All notices must be:
 - (a) prepared and submitted in accordance with ITP 21 and ITP 22 (except that withdrawals notices do not require copies), and in addition, the respective envelopes shall be clearly marked “WITHDRAWAL,” “SUBSTITUTION,” “MODIFICATION;” and
 - (b) received by the Purchaser prior to the deadline prescribed for submission of Proposals, in accordance with ITP 23.

- 25.2. Proposals requested to be withdrawn in accordance with ITP 25.1 shall be returned unopened to the Proposers.

No Proposal may be withdrawn, substituted, or modified in the interval between the deadline for submission of Proposals and the date of expiry of the Proposal validity specified by the Proposer on the Letter of Proposal or any extended date thereof.

E. PUBLIC OPENING OF TECHNICAL PARTS OF PROPOSALS

26. Public Opening of Technical Parts of Proposals

- 26.1. Except as in the cases specified in ITP 24 and ITP 25.2, the Purchaser shall conduct the Proposal opening in public, in the presence of Proposers' designated representatives and anyone who chooses to attend, and at the address, date and time specified in the PDS. Any specific electronic Proposal opening procedures required if electronic submission of proposals is permitted in accordance with ITP 23.1, shall be as specified in the PDS.
- 26.2. First, envelopes marked "Withdrawal" shall be opened and read out and the envelope with the corresponding Proposal shall not be opened but returned to the Proposer. No Proposal withdrawal shall be permitted unless the corresponding withdrawal notice contains a valid authorization to request the withdrawal and is read out at Proposal opening.
- 26.3. Next, envelopes marked "Substitution" shall be opened and read out and exchanged with the corresponding Proposal being substituted, and the substituted Proposal shall not be opened, but returned to the Proposer. No Proposal substitution shall be permitted unless the corresponding substitution notice contains a valid authorization to request the substitution and is read out at Proposal opening.
- 26.4. Envelopes marked "Modification" shall be opened and read out with the corresponding Proposal. No Proposal modification shall be permitted unless the corresponding modification notice contains a valid authorization to request the modification and is read out at Proposal opening. Only Proposals that are opened and read out at Proposal opening shall be considered further.
- 26.5. Next, all other envelopes marked "Technical Part" shall be opened one at a time. All envelopes marked "Second Envelope: Financial Part" shall remain sealed and kept by the Purchaser in safe custody until they are opened at a later public opening, following the evaluation of the Technical Part parts of the Proposals. On opening the envelopes marked "Technical Part" the Purchaser shall read out: the name of the Proposer, the presence or the absence of a Proposal Security, or Proposal-Securing Declaration,

if required, and whether there is a modification; and Alternative Proposal - Technical Part; and any other details as the Purchaser may consider appropriate.

- 26.6. Only Technical Parts of Proposals and Alternative Proposal - Technical Parts that are read out at Proposal opening shall be considered further for evaluation. The Letter of Proposal-Technical Part and the separate sealed envelope marked “Second Envelope: Financial Part” are to be initialed by representatives of the Purchaser attending Proposal opening in the manner specified in the PDS.
- 26.7. The Purchaser shall neither discuss the merits of any Proposal nor reject any Proposal (except for late Proposals, in accordance with ITP 24.1).
- 26.8. The Purchaser shall prepare a record of the Proposal opening that shall include, as a minimum:
 - (a) the name of the Proposer and whether there is a withdrawal, substitution, or modification;
 - (b) any alternative Proposals; and
 - (c) the presence or absence of a Proposal Security or a Proposal-Securing Declaration.
- 26.9. The Proposers’ representatives who are present shall be requested to sign the record. The omission of a Proposer’s signature on the record shall not invalidate the contents and effect of the record. A copy of the record shall be distributed to all Proposers.

F. EVALUATION OF PROPOSALS- GENERAL PROVISIONS

27. Confidentiality

- 27.1. Information relating to the evaluation of the Technical Part shall not be disclosed to Proposers or any other persons not officially concerned with the procurement process until the notification of evaluation of the Technical Part in accordance with ITP 33. Information relating to the evaluation of Financial Part, the evaluation of combined Technical Part and Financial Part, and recommendation of contract award shall not be disclosed to Proposers or any other persons not officially concerned with the RFP process until the Notification of Intention to Award the Contract is transmitted to Proposers in accordance with ITP 42ProposerProposer.
- 27.2. Any effort by a Proposer to influence the Purchaser in the evaluation of the Proposals or Contract award decisions may result in the rejection of its Proposal.

- 27.3. Notwithstanding ITP 27.2, from the time of Proposal opening to the time of Contract award, if any Proposer wishes to contact the Purchaser on any matter related to the procurement process, it should do so in writing.

28. Clarification of Proposals

- 28.1. To assist in the examination, evaluation, and comparison of the Proposals, and qualification of the Proposers, the Purchaser may, at its discretion, ask any Proposer for a clarification of its Proposal. Any clarification submitted by a Proposer that is not in response to a request by the Purchaser shall not be considered. The Purchaser's request for clarification and the response shall be in writing. No change in the prices or substance of the Proposal shall be sought, offered, or permitted, except to confirm the correction of arithmetic errors discovered by the Purchaser in the evaluation of the Proposals, in accordance with ITP 35.
- 28.2. If a Proposer does not provide clarifications of its Proposal by the date and time set in the Purchaser's request for clarification, its Proposal may be rejected.

29. Deviations, Reservations, and Omissions

- 29.1. During the evaluation of Proposals, the following definitions apply:
- (a) "Deviation" is a departure from the requirements specified in the request for proposals document;
 - (b) "Reservation" is the setting of limiting conditions or withholding from complete acceptance of the requirements specified in the request for proposals document; and
 - (c) "Omission" is the failure to submit part or all of the information or documentation required in the request for proposals document.
- 29.2. Provided that a Proposal is substantially responsive, the Purchaser may waive any nonmaterial nonconformities in the Proposal.
- Provided that a Proposal is substantially responsive, the Purchaser may request that the Proposer submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities in the Proposal related to documentation requirements. Requesting information or documentation on such nonconformities shall not be related to any aspect of the price of the Proposal. Failure of the Proposer to comply with the request may result in the rejection of its Proposal.

G. EVALUATION OF TECHNICAL PART OF PROPOSALS

30. Determination of Responsiveness

- 30.1. The Purchaser's determination of the Technical Part's responsiveness shall be based on the contents of the Proposal, as specified in ITP 11.
- 30.2. Preliminary examination of the Technical Part shall be carried out to identify proposals that are incomplete, invalid or substantially nonresponsive to the requirements of the request for proposals documents. A substantially responsive Proposal is one that materially confirms to the requirements of the request for proposals document without material deviation, reservation, or omission. A material deviation, reservation, or omission is one that,
- (a) if accepted, would:
 - (i) affect in any substantial way the scope, quality, or performance of the Works specified in the Contract; or
 - (ii) limit in any substantial way, inconsistent with the request for proposals document, the Purchaser's rights or the Proposer's obligations under the proposed Contractor
 - (iii) limit in any substantial way, inconsistent with the request for proposals document, the Purchaser's rights or the Proposer's obligations under the proposed Contract; or
 - (b) if rectified, would unfairly affect the competitive position of other Proposers presenting substantially responsive Proposals.
- 30.3. If the Technical Part is not substantially responsive to the requirements of the request for proposals document, it shall be rejected by the Purchaser and may not subsequently be made responsive by correction of the material deviation, reservation, or omission.

31. Eligibility and Qualifications of the Proposer

- 31.1. The Purchaser shall determine to its satisfaction whether the Proposers that have been assessed to have submitted substantially responsive Proposals are eligible, and either continue to meet (if prequalification applies) or meet (if prequalification has not been carried out), the qualifying criteria specified in Section III, Evaluation and Qualification Criteria.
- 31.2. The determination shall be based upon an examination of the documentary evidence of the Proposer's eligibility and

qualifications submitted by the Proposer, pursuant to ITP 15. The determination shall not take into consideration the qualifications of other firms such as the Proposer's subsidiaries, parent entities, affiliates, subcontractors (other than Specialized Subcontractors if permitted in the request for proposals document), or any other firm.

- 31.3. Prior to Contract award, the Purchaser will verify that the successful Proposer (including each member of a JV) is not disqualified by the Bank due to noncompliance with contractual SEA/SH prevention and response obligations. The Purchaser will conduct the same verification for each subcontractor proposed by the successful Proposer. If any proposed subcontractor does not meet the requirement, the Purchaser will require the Proposer to propose a replacement subcontractor.
- 31.4. Only substantially responsive Proposals submitted by eligible and qualified Proposers shall proceed to the detailed technical evaluation specified in ITP 32.
- 31.5. The Purchaser's evaluation of Technical Part will be carried out as specified in Section III, Evaluation and Qualification Criteria.

**32. Detailed
Evaluation of
Technical Part**

- 32.1. The scores and weightings to be given to Rated Criteria (including technical and non-price factors and sub factors) are specified in the PDS.

H. NOTIFICATION OF EVALUATION OF TECHNICAL PARTS AND PUBLIC OPENING OF FINANCIAL PARTS

**33. Notification of
Evaluation of
Technical Parts
and Public
Opening of
Financial Parts**

- 33.1. Following the completion of the evaluation of the Technical Parts of the Proposals, the Purchaser shall notify in writing those Proposers whose Proposals were considered substantially non-responsive to the request for proposals document or failed to meet the eligibility and qualification requirements, advising them of the following information:
 - (a) the grounds on which their Technical Part of Proposal failed to meet the requirements of the request for proposals document;
 - (b) their envelopes marked "SECOND ENVELOPE: FINANCIAL PART" will be returned to them unopened after the completion of the selection process and the signing of the Contract; and

- (c) Option 1: when BAFO or negotiations is not to be applied notify them of the date, time and location of the public opening of the envelopes marked ‘Financial Part’, or;

Option 2: when BAFO or negotiations apply as specified in the PDS, notify them that: (i) the envelopes marked ‘Financial Part’ will not be opened in public, but in the presence of a probity auditor appointed by the Purchaser, and that (ii) the announcement of the names of the Proposers whose Financial Parts will be opened and the total Proposal prices will be deferred to the time that the Notification of Intention to Award the contract is issued.

- 33.2. The Purchaser shall, simultaneously, notify in writing those Proposers whose Technical Part have been evaluated as substantially responsive to the request for proposals document and met the eligibility and qualification requirements, advising them of the following information:
- 33.3. their Proposal has been evaluated as substantially responsive to the request for proposals document and met the eligibility and qualification requirements;
- 33.4. Option 1: when BAFO or negotiations is not to be applied notify them of the date, time and location of the public opening of the envelopes marked ‘Financial Part’, or;

Option 2: when BAFO or negotiations apply as specified in the PDS, notify them that: (i) the envelopes marked ‘Financial Part’ will not be opened in public, but in the presence of a probity auditor appointed by the Purchaser, and that (ii) the announcement of the names of the Proposers whose Financial Parts will be opened and the total Proposal prices will be deferred to the time that the Notification of Intention to Award the contract is issued.

- 33.5. When BAFO or negotiations do not apply as specified in the PDS, the Financial Part of the Proposal shall be opened publicly in the presence of Proposers’ designated representatives and anyone who chooses to attend.
- 33.6. The opening date shall be not less than ten (10) Business Days from the date of notification of the results of the technical evaluation, specified in ITP 33.1 and 33.2. However, if the Purchaser receives a complaint on the results of the technical evaluation within the ten (10) Business Days, the opening date shall be subject to ITP 50.1.

- 33.7. At this public opening, the Financial Parts will be opened by the Purchaser in the presence of Proposers, or their designated representatives and anyone else who chooses to attend. Proposers who met the eligibility and qualification requirements and whose Proposals were evaluated as substantially responsive will have their envelopes marked “SECOND ENVELOPE: FINANCIAL PART” opened at the second public opening. Each of these envelopes marked “SECOND ENVELOPE: FINANCIAL PART” shall be inspected to confirm that they have remained sealed and unopened. These envelopes shall then be opened by the Purchaser. The Purchaser shall read out the names of each Proposer, the technical score and the total Proposal prices, per lot (contract) if applicable, including any discounts and Alternative Proposal - Financial Part, and any other details as the Purchaser may consider appropriate.
- 33.8. Only envelopes of Financial Part of Proposals, Financial Parts of Alternative Proposals and discounts that are opened and read out at Proposal opening shall be considered further for evaluation. The Letter of Proposal – Financial Part and the Price Schedules are to be initialed by a representative of the Purchaser attending the Proposal opening in the manner specified in the PDS.
- 33.9. The Purchaser shall neither discuss the merits of any Proposal nor reject any envelopes marked “SECOND ENVELOPE: FINANCIAL PART” at this public opening.
- 33.10. The Purchaser shall prepare a record of the Financial Part of the Proposal opening that shall include, as a minimum: (a) the name of the Proposer whose Financial Part was opened; (b) the Proposal price, per lot (contract) if applicable, including any discounts; and (c) if applicable, any Alternative Proposal – Financial Part.
- 33.11. The Proposers whose envelopes marked “SECOND ENVELOPE: FINANCIAL PART” have been opened or their representatives who are present shall be requested to sign the record. The omission of a Proposer’s signature on the record shall not invalidate the contents and effect of the record. A copy of the record shall be distributed to all Proposers.
- 33.12. When, as specified in the PDS, BAFO or negotiations apply the Financial Parts will not be opened in public and will be opened in the presence of a probity auditor appointed by the Purchaser.
- 33.13. At the opening each of the envelopes marked “Financial Part” shall be inspected to confirm that they have remained sealed and unopened. These envelopes shall then be opened by the Purchaser. The Purchaser shall record the names of each Proposer, and the total Proposal prices and any other details as the Purchaser may consider appropriate. The Letter of Proposal - Financial Part and

the Price Schedules are to be initialed by a representative of the Purchaser attending the opening and by the probity auditor.

- 33.14. The Purchaser shall prepare a record of the opening of the Financial Part envelopes that shall include, as a minimum:
- (a) the name of the Proposers whose Financial Part was opened;
 - (b) the Proposal prices including any discounts. and
 - (c) The Probity Auditor's report of the opening of the Financial Part.
- 33.15. The probity auditor shall sign the record. The contents of the envelopes marked 'Financial Part' and the record of the opening shall be kept in safe custody by the Purchaser and not disclosed to anyone until the time of the transmission of the Notification of Intention to Award the contract.

I. EVALUATION OF FINANCIAL PART OF PROPOSALS

34. Adjustments for Non-material Nonconformities

- 34.1. Provided that a Proposal is substantially responsive, the Purchaser shall rectify quantifiable nonmaterial nonconformities related to the Proposal Price. To this effect, the Proposal Price shall be adjusted, for comparison purposes only, to reflect the price of a missing or non-conforming item or component by adding the average price of the item or component quoted by substantially responsive Proposers. If the price of the item or component cannot be derived from the price of other substantially responsive Proposers, the Purchaser shall use its best estimate.

35. Correction of Arithmetic Errors

- 35.1. In evaluating the Financial Part of each Proposal, the Purchaser shall correct arithmetical errors on the following basis:
- (a) where there are errors between the total of the amounts given under the column for the price breakdown and the amount given under the Total Price, the former shall prevail and the latter will be corrected accordingly;
 - (b) where there are errors between the total of the amounts of Schedule Nos. 1 to 5 and the amount given in Schedule No. 6 (Grand Summary), the former shall prevail and the latter will be corrected accordingly; and
 - (c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to (a) and (b) above.

35.2. Proposers shall be requested to accept correction of arithmetical errors. Failure to accept the correction in accordance with ITP 35.1, shall result in the rejection of the Proposal.

**36. Evaluation of
Proposals
Financial Part**

36.1. To evaluate the Financial Part, the Purchaser shall consider the following:

- (a) the Proposal price, excluding provisional sums and the provision, if any, for contingencies in the Price Schedules;
- (b) price adjustment for correction of arithmetic errors in accordance with ITP 35.1;
- (c) price adjustment due to discounts offered in accordance with ITP 26;
- (d) price adjustment due to quantifiable nonmaterial nonconformities in accordance with ITP 34.1;
- (e) converting the amount resulting from applying (a) to (c) above, if relevant, to a single currency in accordance with ITP 36.2; and
- (f) the evaluation factors indicated in the PDS and detailed in Section III, Evaluation and Qualification Criteria.

36.2. For evaluation and comparison purposes, the currency(ies) of the **Proposal** shall be converted into a single currency **as specified in the PDS**.

36.3. No margin of domestic preference shall apply.

36.4. If price adjustment is allowed in accordance with ITP 17.7, the estimated effect of the price adjustment provisions of the Conditions of Contract, applied over the period of execution of the Contract, shall not be taken into account in Proposal evaluation.

36.5. If this request for proposals document allows Proposers to quote separate prices for different lots (contracts), each lot will be evaluated separately to determine the Most Advantageous Proposal using the methodology specified in Section III, Evaluation and Qualification Criteria. Discounts that are conditional on the award of more than one lot or slice shall not be considered for Proposal evaluation.

36.6. The Purchaser will evaluate and compare the Proposals. The evaluation will be performed assuming either that:

- (a) the Contract will be awarded to the Most Advantageous Proposal for the entire Information System; or
- (b) if specified **in the PDS**, Contracts will be awarded to the Proposers for each individual Subsystem, lot, or slice defined in the Technical Requirements whose Proposals result in the Most Advantageous Proposal/Proposals for the entire System.

In the latter case, discounts that are conditional on the award of more than one Subsystem, lot, or slice may be offered in Proposals. Such discounts will be considered in the evaluation of Proposals as specified **in the PDS**.

37. Abnormally Low Proposals

- 37.1. An Abnormally Low Proposal is one where the Proposal price in combination with other constituent elements of the Proposal appears unreasonably low to the extent that the Proposal price raises material concerns as to the capability of the Proposer to perform the Contract for the offered Proposal Price.
- 37.2. In the event of identification of a potentially Abnormally Low Proposal, the Purchaser shall seek written clarifications from the Proposer, including detailed price analyses of its Proposal price in relation to the subject matter of the contract, scope, proposed methodology, schedule, allocation of risks and responsibilities and any other requirements of the request for proposals document.
- 37.3. After evaluation of the price analyses, in the event that the Purchaser determines that the Proposer has failed to demonstrate its capability to perform the Contract for the offered Proposal Price, the Purchaser shall reject the Proposal.

38. Unbalanced or Front Loaded Proposals

- 38.1. If the Proposal that is evaluated as the lowest evaluated cost is, in the Purchaser's opinion, seriously unbalanced or front loaded the Purchaser may require the Proposer to provide written clarifications. Clarifications may include detailed price analyses to demonstrate the consistency of the Proposal prices with the scope of information systems, installations, proposed methodology, schedule and any other requirements of the request for proposals document.
- 38.2. After the evaluation of the information and detailed price analyses presented by the Proposer, the Purchaser may:
 - (a) accept the Proposal; or

- (b) if appropriate, require that the total amount of the Performance Security be increased, at the expense of the Proposer, to a level not exceeding twenty percent (20%) of the Contract Price; or
- (c) reject the Proposal.

J. EVALUATION OF COMBINED TECHNICAL AND FINANCIAL PARTS, MOST ADVANTAGEOUS PROPOSAL AND NOTIFICATION OF INTENTION TO AWARD

39. Evaluation of combined Technical and Financial Parts, Most Advantageous Proposal

- 39.1. The Purchaser's evaluation of responsive Proposals will take into account technical factors, in addition to cost factors in accordance with Section III Evaluation and Qualification Criteria. The weight to be assigned for the Technical factors and cost is specified in the PDS. The Purchaser will rank the Proposals based on the evaluated Proposal score (B).
- 39.2. Best and Final Offer (BAFO): After completion of the combined technical and financial evaluation of proposals, If specified in the PDS, the Purchaser may invite those Proposers to submit their BAFOs. The procedure for submitting BAFOs will be specified in the PDS. BAFO is a final opportunity for Proposers to improve their Proposals without changing the specified business function and performance requirements in accordance with the invitation to Submit Second Stage Combined Technical and Financial Proposals, Proposers are not obliged to submit a BAFO. Where BAFO is used there will be no negotiation after BAFO.
- 39.3. BAFO will apply a two envelope procurement process. The submission of BAFOs, opening of the Technical Parts and Financial Parts and the evaluation of Proposals will follow the procedures described for the Technical, Financial and Combined evaluation above, as appropriate.
- 39.4. The Purchaser shall determine the Most Advantageous Proposal. The Most Advantageous Proposal is the Proposal of the Proposer that meets the Qualification Criteria and whose Proposal has been determined to be substantially responsive to the request for proposals document and is the Proposal with the highest combined technical and financial score.
- 39.5. If specified in the PDS, the Purchaser may conduct negotiations following the evaluation of the proposals and before the final

contract award. The procedure of the negotiations will be specified in the PDS.

- 39.6. Negotiations shall be held in the presence of probity auditor appointed by the Purchaser.
- 39.7. Negotiations may address any aspect of the contract so long as they do not materially change the specified business function and performance requirements.
- 39.8. The Purchaser may negotiate first with the Proposer that has the Most Advantageous Proposal. If the negotiations are unsuccessful the Purchaser may negotiate with the Proposer that has the next best Most Advantageous Proposal, and so on down the list until a successful negotiated outcome is achieved.
- 39.9. Unless otherwise specified in the PDS, the Purchaser will NOT carry out tests prior to Contract award, to determine that the performance or functionality of the Information System offered meets those stated in the Technical Requirements. However, if so specified in the PDS the Purchaser may carry out such tests as detailed in the PDS.
- 39.10. Proposer.
- 39.11. Prior to Contract award, the Purchaser may carry out visits or interviews with the Proposer's clients referenced in its Proposal and site inspections.
- 39.12. The capabilities of the manufacturers and subcontractors proposed by the Proposer that is determined to have offered the Most Advantageous Proposal for identified major items of supply or services will also be evaluated for acceptability in accordance with Section III, Evaluation and Qualification Criteria. Their participation should be confirmed with a letter of intent between the parties, as needed. Should a manufacturer or subcontractor be determined to be unacceptable, the Proposal will not be rejected, but the Proposer will be required to substitute an acceptable manufacturer or subcontractor without any change to the Proposal price. Prior to signing the Contract, the corresponding Appendix to the Contract Agreement shall be completed, listing the approved manufacturers or subcontractors for each item concerned.

**40. Purchaser's
Right to Accept
Any Proposal,
and to Reject
Any or All
Proposals**

- 40.1. The Purchaser reserves the right to accept or reject any Proposal, and to annul the procurement process and reject all Proposals at any time prior to contract award, without thereby incurring any liability to Proposers. In case of annulment, all Proposals submitted and specifically, Proposal securities, shall be promptly returned to the Proposers.

- 41. Standstill Period** 41.1. The Contract shall not be awarded earlier than the expiry of the Standstill Period. The Standstill Period shall be ten (10) Business Days unless extended in accordance with ITP 46. The Standstill Period commences the day after the date the Purchaser has transmitted to each Proposer the Notification of Intention to Award the Contract. Where only one Proposal is submitted, or if this contract is in response to an emergency situation recognized by the Bank, the Standstill Period shall not apply.
- 42. Notification of Intention to Award** 42.1. The Purchaser shall send to each Proposer the Notification of Intention to Award the Contract to the successful Proposer. The Notification of Intention to Award shall contain, at a minimum, the following information:
- (a) the name and address of the Proposer submitting the successful Proposal;
 - (b) the Contract price of the successful Proposal;
 - (c) the total combined score of the successful Proposal;
 - (d) the names of all Proposers who submitted Proposals, and their Proposal prices as readout and as evaluated prices and technical scores;
 - (e) a statement of the reason(s) the Proposal (of the unsuccessful Proposer to whom the notification is addressed) was unsuccessful;
 - (f) the expiry date of the Standstill Period; and
 - (g) instructions on how to request a debriefing or submit a complaint during the standstill period;

K. AWARD OF CONTRACT

- 43. Award Criteria** 43.1. Subject to ITP 40, the Purchaser shall award the Contract to the successful Proposer. This is the Proposer whose Proposal has been determined to be the Most Advantageous Proposal..
Proposer.
- 44. Purchaser's Right to Vary Quantities at Time of Award** 44.1. The Purchaser reserves the right at the time of Contract award to increase or decrease, by the percentage(s) for items as indicated in the PDS.

45. Notification of Award

- 45.1. Prior to the date of expiry of the Proposal validity and upon expiry of the Standstill Period, specified in ITP 41.1 or any extension thereof, and, upon satisfactorily addressing any complaint that has been filed within the Standstill Period, the Purchaser shall notify the successful Proposer, in writing, that its Proposal has been accepted. The notification letter (hereinafter and in the Contract Forms called the “Letter of Acceptance”) shall specify the sum that the Purchaser will pay the Supplier in consideration of the execution of the Contract (hereinafter and in the Conditions of Contract and Contract Forms called “the Contract Price”).
- 45.2. Within ten (10) Business days after the date of transmission of the Letter of Acceptance, the Purchaser shall publish the Contract Award Notice which shall contain, at a minimum, the following information:
- (a) name and address of the Purchaser;
 - (b) name and reference number of the contract being awarded, and the selection method used;
 - (c) names of all Proposers that submitted Proposals, and their Proposal prices as read out at Proposal opening, and as evaluated;
 - (d) name of Proposers whose Proposals were rejected and the reasons for their rejection;
 - (e) the name of the successful Proposer, the final total contract price, the contract duration and a summary of its scope; and
 - (f) successful Proposer’s Beneficial Ownership Disclosure Form.
- 45.3. The Contract Award Notice shall be published on the Purchaser’s website with free access if available, or in at least one newspaper of national circulation in the Purchaser’s Country, or in the official gazette.
- 45.4. Until a formal contract is prepared and executed, the Notification of Award shall constitute a binding Contract.

46. Debriefing by the Purchaser

- 46.1. On receipt of the Purchaser’s Notification of Intention to Award referred to in ITP 42, an unsuccessful Proposer has three (3) Business Days to make a written request to the Purchaser for a debriefing. The Purchaser shall provide a debriefing to all unsuccessful Proposers whose request is received within this deadline.

- 46.2. Where a request for debriefing is received within the deadline, the Purchaser shall provide a debriefing within five (5) Business Days, unless the Purchaser decides, for justifiable reasons, to provide the debriefing outside this timeframe. In that case, the standstill period shall automatically be extended until five (5) Business Days after such debriefing is provided. If more than one debriefing is so delayed, the standstill period shall not end earlier than five (5) Business Days after the last debriefing takes place. The Purchaser shall promptly inform, by the quickest means available, all Proposers of the extended standstill period.
- 46.3. Where a request for debriefing is received by the Purchaser later than the three (3) Business Day deadline, the Purchaser should provide the debriefing as soon as practicable, and normally no later than fifteen (15) Business Days from the date of publication of Public Notice of Award of contract. Requests for debriefing received outside the three (3)-day deadline shall not lead to extension of the standstill period.
- 46.4. Debriefings of unsuccessful Proposers may be done in writing or verbally. The Proposer shall bear their own costs of attending such a debriefing meeting.

47. Signing of Contract

- 47.1. The Purchaser shall send to the successful Proposer the Letter of Acceptance including the Contract Agreement, and a request to submit the Beneficial Ownership Disclosure Form providing additional information on its beneficial ownership. The Beneficial Ownership Disclosure Form shall be submitted within eight (8) Business Days of receiving this request.
- 47.2. The successful Proposer shall sign, date and return to the Purchaser, the Contract Agreement within twenty-eight (28) days of its receipt.
- 47.3. Notwithstanding ITP 47.2 above, in case signing of the Contract Agreement is prevented by any export restrictions attributable to the Purchaser, to the country of the Purchaser, or to the use of the Information System to be supplied, where such export restrictions arise from trade regulations from a country supplying those Information System, the Proposer shall not be bound by its Proposal, always provided, however, that the Proposer can demonstrate to the satisfaction of the Purchaser and of the Bank that signing of the Contract Agreement has not been prevented by any lack of diligence on the part of the Proposer in completing any formalities, including applying for permits, authorizations and licenses

necessary for the export of the Information System under the terms of the Contract.

48. Performance Security

- 48.1. Within twenty-eight (28) days of the receipt of the Letter of Acceptance from the Purchaser, the successful Proposer shall furnish the performance security in accordance with the General Conditions, subject to ITP 38.2 (b), using for that purpose the Performance Security Form included in Section X, Contract Forms, or another form acceptable to the Purchaser. If the Performance Security furnished by the successful Proposer is in the form of a bond, it shall be issued by a bonding or insurance company that has been determined by the successful Proposer to be acceptable to the Purchaser. A foreign institution providing a Performance Security shall have a correspondent financial institution located in the Purchaser's Country.
- 48.2. Failure of the successful Proposer to submit the above-mentioned Performance Security or sign the Contract shall constitute sufficient grounds for the annulment of the award and forfeiture of the Proposal Security. In that event the Purchaser may award the Contract to the Proposer offering the next Most Advantageous Proposal.

49. Adjudicator

- 49.1. Unless the PDS states otherwise, the Purchaser proposes that the person named in the PDS be appointed as Adjudicator under the Contract to assume the role of informal Contract dispute mediator, as described in GCC Clause 43.1. In this case, a résumé of the named person is attached to the PDS. The proposed hourly fee for the Adjudicator is specified in the PDS. The expenses that would be considered reimbursable to the Adjudicator are also specified in the PDS. If a Proposer does not accept the Adjudicator proposed by the Purchaser, it should state its non-acceptance in its Proposal Form and make a counterproposal of an Adjudicator and an hourly fee, attaching a résumé of the alternative. If the successful Proposer and the Adjudicator nominated in the PDS happen to be from the same country, and this is not the country of the Purchaser too, the Purchaser reserves the right to cancel the Adjudicator nominated in the PDS and propose a new one. If by the day the Contract is signed, the Purchaser and the successful Proposer have not agreed on the appointment of the Adjudicator, the Adjudicator shall be appointed, at the request of either party, by the Appointing Authority specified in the SCC clause relating to GCC Clause 43.1.4, or if no Appointing

Authority is specified there, the Contract will be implemented without an Adjudicator.

**50. Procurement
Related
Complaint**

- 50.1. The procedures for making a Procurement-related Complaint are as specified in the PDS.

SECTION II - PROPOSAL DATA SHEET (PDS)

The following specific data for the Information System to be procured shall complement, supplement, or amend the provisions in the Instructions to Proposers (ITP). Whenever there is a conflict, the provisions in the PDS shall prevail over those in ITP.

ITP Reference	A. General											
ITP 1.1	The reference number of the Request for Proposals is: MW-PPPC-546386-GO-RFB The Purchaser is: The Public Private Partnership Commission The name of the RFP is: Provision of a turnkey solution for the rehabilitation, upgrading, and commissioning of the Central Printing Facility including design, supply, installation and handover for full operational readiness The Purchaser shall not accept Proposal for multiple lots under this request for proposals document. The lot is: Single Contract as follows: <table><tr><th>Lot Number</th><th>Description of Goods or Related Service</th><th>Quantity</th><th>Delivery Period</th></tr><tr><td>1</td><td>Provision of a turnkey solution for the rehabilitation, upgrading, and commissioning of the Central Printing Facility including design, supply, installation and handover for full operational readiness</td><td>1</td><td>32 Weeks</td></tr></table>				Lot Number	Description of Goods or Related Service	Quantity	Delivery Period	1	Provision of a turnkey solution for the rehabilitation, upgrading, and commissioning of the Central Printing Facility including design, supply, installation and handover for full operational readiness	1	32 Weeks
Lot Number	Description of Goods or Related Service	Quantity	Delivery Period									
1	Provision of a turnkey solution for the rehabilitation, upgrading, and commissioning of the Central Printing Facility including design, supply, installation and handover for full operational readiness	1	32 Weeks									
ITP 1.3 (a)	Electronic Procurement shall not be applicable to this procurement. The Purchaser shall use the following electronic-procurement system to manage this procurement process: Not Applicable The electronic-procurement system shall be used to manage the following aspects of the Procurement process: Not Applicable											
ITP 2.1	The Recipient is: The Government of Malawi and the Public Private Partnership Commission is the implementing agency Financing Agreement amount: US\$70 Million The name of the Project is: Digital Malawi Acceleration Project											

ITP 4.1	Maximum number of members in the JV shall be: Three (3)
ITP 4.5	A list of debarred firms and individuals is available on the Bank's external website: http://www.worldbank.org/debarr .
B. Request for proposals Document	
ITP 7.1	For <u>Clarification of Proposal purposes</u> only, the Purchaser's address is: Attention: The Senior Procurement Specialist Address: The Public Private Partnership Commission P.O. Box 937 Blantyre Floor/ Room number: 2nd Floor, Livingstone Towers City: Blantyre Postal Code: Not Applicable Country: Malawi Telephone: +265 (0) 1 823 655 Facsimile number: +265 (0) 1 821 248 Electronic mail address: procurement@pppc.mw; or info@pppc.mw Requests for clarification should be received by the Purchaser no later than: Fourteen (14) days prior to the deadline for submission of Proposals in accordance with ITP 23.
ITP 7.1	Web page: www.pppc.mw ; or www.ppda.mw
ITP 7.4	A Pre-Proposal meeting shall not take place at the following date, time and place: A site visit conducted by the Purchaser shall not be organized.
C. Preparation of Proposals	
ITP 10.1	The language of the Proposal is: English. All correspondence exchange shall be in English language. Language for translation of supporting documents and printed literature is English Language
ITP 11.2 (j)	The Proposer shall submit with its Proposal the following additional documents the Technical Part of its Proposal: (a) Proof of Registration with relevant authorities

	(b) Manufacturer Authorizations Form for the Information System which the Proposer does not itself produce. (c) Code of Conduct for Supplier's Personnel (ES) The Proposer shall submit its Code of Conduct that will apply to the Supplier's Personnel (as defined in GCC Clause 1.1) employed in the execution of the Contract at the Project Site to ensure compliance with the Supplier's Environmental and/or Social obligations under the Contract, as applicable. The Proposer shall use for this purpose the Code of Conduct form provided in Section IV. No substantial modifications shall be made to this form, except that the Proposer may introduce additional requirements, including as necessary to take into account specific Contract issues / risks. Management Strategies and Implementation Plans (MSIP) to manage the (ES) risks The Proposer shall submit Management Strategies and Implementation Plans (MSIPs) to manage the following key Environmental and Social (ES) risks: (i) Environmental and Social Management Plan (ii) Occupational Health and Safety Plan which should comprise among others a grievance redress mechanism for workers and community members to raise workplace and community related concerns; (iii) Community Health Safety and Security Plan; (iv) Labour Influx Management plan which should comprise the management of labour influx including a code of conduct for workers, management of workers camps, management of the spread of HIV/AIDS, STIs and other communicable diseases, management of gender-based violence, sexual exploitation, abuse and harassment and management of illicit behavior and crime; (v) Gender based violence and sexual exploitation, abuse and harassment (GBV/SEA) prevention and response action plan. Cyber security management strategies and implementation plans The Proposer shall submit method statement, management strategies and implementation plans and innovations to manage cyber security risks.
ITP 11.3(d)	The Proposer shall submit the following additional documents in the Financial Part of its Proposal: None
ITP 13.1	Alternative Proposals are not permitted
ITP 13.2	Alternatives to the Time Schedule are not permitted.
ITP 13.4	Alternative technical solutions shall be permitted for the following parts of the Information System: None .

ITP 15.2	Prequalification has not been undertaken.
ITP 16.2 (a)	In addition to the topics described in ITP Clause 16.2 (a), the Preliminary Project Plan must address the following topics: (i) Project Organization and Management Sub-Plan, including management authorities, responsibilities, and contacts, as well as task, time and resource-bound schedules (in GANTT format; (ii) Implementation Sub-Plan; (iii) Training Sub-Plan; (iv) Testing and Quality Assurance Sub-Plan; (v) Warranty Defect Repair and Technical Support Service Sub-Plan
ITP 16.3	In the interest of effective integration, cost-effective technical support, and reduced re-training and staffing costs, Proposers shall offer the following items: None
ITP 17.2	The Proposer must propose Recurrent Cost Items
ITP 17.2	The Proposer must not propose for contracts for Recurrent Cost Items not included in the main Contract.
ITP 17.5	The Incoterms edition is: CIP 2020 .
ITP 17.5 (a)	Named place of destination is: National Registration Bureau (NRB) offices in Lilongwe, Malawi
ITP 17.6	Named place of final destination (or Project site) is: National Registration Bureau (NRB) offices in Lilongwe, Malawi
ITP 17.8	ITP 17.8 is modified as follows: There are no modifications to ITP 17.8
ITP 17.9	The prices quoted by the Proposer shall not be subject to adjustment during the performance of the Contract.
ITP 18.1	The Proposer is not required to quote in the currency of the Purchaser's Country the portion of the Proposal price that corresponds to expenditures incurred in that currency.
ITP 19.1	The Proposal shall be valid until: 120 calendar days after the proposal submission deadline
ITP 19.3 (a)	The Proposal price shall be adjusted by the following factor(s): The local currency portion of the Contract price shall be adjusted by a factor reflecting local inflation during the period of extension, and the foreign

	currency portion of the Contract price shall be adjusted by a factor reflecting the international inflation (in the country of the foreign currency) during the period of extension.
ITP 20.1	A Proposal Security shall not be required. A Proposal-Securing Declaration shall be required.
ITP 20.3 (d)	Other types of acceptable securities: None
ITP 20.9	If the Proposer performs any of the actions prescribed in ITP 20.9 (a) or (b), the Purchaser will declare the Proposer ineligible to be awarded contracts by the Purchaser for a period of two (2) years starting from the date the Proposer performs any of the actions.
ITP 21.3	The written confirmation of authorization to sign on behalf of the Proposer shall consist of: An original Power of Attorney (PoA) duly attested by Commissioner for Oaths/Notary Public/Advocate
D. Submission and Opening of Proposals	
ITP 22.1	In addition to the original of the Proposal, the number of copies is: Four (4).
ITP 23.1	For Proposal submission purposes_only, the Purchaser's address is: Attention: The Chairperson Internal Procurement and Disposal Committee P.O. Box 937 Blantyre Street Address: Glyn Jones Road Floor/Room number: 2nd Floor, Livingstone Towers City: Blantyre Postal Code: Not Applicable Country: Malawi The deadline for Proposal submission is: Date: 15 September 2026 Time: 10:00am Local Time
ITP 23.1	Proposers shall not have the option of submitting their Proposals electronically. The electronic proposals submission procedures shall be: Not applicable

E. Public Opening of Technical Parts of Proposals															
ITP 26.1	The Proposal opening shall take place at: Street Address: Glyn Jones Road Floor/Room number: 2nd Floor, Livingstone Towers City : Blantyre Country: Malawi Date: 15 September 2026 Time: 10:00 am Local Time														
ITP 26.1	The electronic Proposal opening procedures shall be: Not applicable														
G. Evaluation of Technical Part of Proposals															
ITP 32.2	The weighting to be given for Rated Criteria (including technical and non-price factors) is: 70% The technical factors (including sub-factors if any), which for purposes of this document carry the same meaning as Rated Criteria, and the corresponding weight out of 100% are: <table border="1"> <thead> <tr> <th>Category</th> <th>Technical Score</th> </tr> </thead> <tbody> <tr> <td>The proposed rehabilitation, design and Implementation plan for the Turnkey Facility</td> <td>20</td> </tr> <tr> <td>Integration to the National Registration and Identity System (NRIS)</td> <td>30</td> </tr> <tr> <td>Cybersecurity risk and change management plan</td> <td>20</td> </tr> <tr> <td>Waste Management Plan</td> <td>15</td> </tr> <tr> <td>Documentation Requirements, Training Plan and Training Materials</td> <td>15</td> </tr> <tr> <td>Total</td> <td>100</td> </tr> </tbody> </table> The technical proposal scoring methodology is specified in Section III-Evaluation and Qualification Criteria. The minimum score for the Technical Part is 70%.	Category	Technical Score	The proposed rehabilitation, design and Implementation plan for the Turnkey Facility	20	Integration to the National Registration and Identity System (NRIS)	30	Cybersecurity risk and change management plan	20	Waste Management Plan	15	Documentation Requirements, Training Plan and Training Materials	15	Total	100
Category	Technical Score														
The proposed rehabilitation, design and Implementation plan for the Turnkey Facility	20														
Integration to the National Registration and Identity System (NRIS)	30														
Cybersecurity risk and change management plan	20														
Waste Management Plan	15														
Documentation Requirements, Training Plan and Training Materials	15														
Total	100														
H. Notification of Evaluation of Technical Parts and Public Opening of Financial Parts															
ITP 33.8	The Letter of Proposal – Financial Part and the Price Schedules shall be initialled by two (2) representatives of the Purchaser conducting Proposal opening. Each														

	Financial Part of Proposal shall be initialled by two (2) representatives and shall be numbered, any modification to the unit or total price shall be initialled by the Representative of the Purchaser
I. Evaluation of Financial Part of Proposals	
36.1(f)	The adjustments shall be determined using the following criteria, from amongst those set out in Section III, Evaluation and Qualification Criteria: (a) Deviation in Time for Completion: Yes, the adjustment factor shall be 0.1% of the bid price for each week of the delay (b) Present value of Recurrent Costs: No; (c) Functional Guarantees of the Facilities: No (d) Work, services, facilities, etc., to be provided by the Purchaser No
ITP 36.2	The currency(ies) of the Proposal shall be converted into a single currency as follows: United States Dollar The currency that shall be used for Proposal evaluation and comparison purposes to convert all Proposal prices expressed in various currencies into a single currency is: United States Dollar The source of exchange rate shall be: The Reserve Bank of Malawi The date for the exchange rate shall be: On the Date of Proposal Opening (15 September 2026)
J. Evaluation of Combined Technical and Financial Parts and Most Advantageous Proposal	
ITP 39.1	The weight to be given for cost is: 30%. Discount Rate (I) for net present value calculations of recurrent costs (if any) is Not Applicable.
ITP 39.2	BAFO does not apply
ITP 39.5	Negotiation does not apply
ITP 39.9	As additional qualification measures, the Information System (or components/parts of it) offered by the Proposer with the Most Advantageous Proposal may be subjected to the following tests and performance benchmarks prior to Contract award: None .
K. AWARD OF CONTRACT	
ITP 44	The maximum percentage by which quantities may be increased is: 20%

	The maximum percentage by which quantities may be decreased is: 20% The items for which the Purchaser may increase or decrease the quantities are the following: a) Rehabilitation and Design of the Card Printing Facility b) Polycarbonate Cards c) Automatic Modular Laser Personalization Systems d) Mailing & Dispatch System
ITP 49	The proposed Adjudicator shall be agreed by both parties The proposed hourly fee is US\$100 per hour. In addition to a fee for actual hours spent studying a case submitted for advice, an Adjudicator would expect to be reimbursed for all dispute-related telephone, fax, and other communications costs, as well as all costs associated with any trips to the site(s), if any.
ITP 50.1	The procedures for making a Procurement-related Complaint are detailed in the “Procurement Regulations for IPF Borrowers (Annex III).” A Procurement-related Complaint may challenge any of the following: 1. The terms of the request for proposals document; 2. the Purchaser’s decision to exclude a Proposer from the procurement process prior to the award of contract; and 3. The Purchaser’s decision to award the contract. If a Proposer wishes to make a Procurement-related Complaint, the Proposer should submit its complaint following these procedures, in writing (by the quickest means available, that is either by email or fax), to: For the attention: Mr. Arthur Nanthuru Title/position: Chief Executive Officer Purchaser: The Public Private Partnership Commission Email address: info@pppc.mw Fax number: +265 (0) 1 821 248 A copy of the complaint can be sent for the Bank’s information and monitoring to: pprocurementcomplaints@worldbank.org

Résumé of the proposed Adjudicator.

[insert résumé]

SECTION III - EVALUATION AND QUALIFICATION CRITERIA (WITHOUT PREQUALIFICATION)

This Section contains all the criteria that the Purchaser shall use to evaluate Proposals and qualify Proposers. No other factors, methods or criteria shall be used. The Proposer shall provide all the information requested in the forms included in Section IV, Proposal Forms.

1. Qualification

1.1 Qualification Requirements

The Proposer and any subcontractors' qualification shall be assessed in accordance with the Qualification table included in this section.

1.2 Financial Resources

Using the relevant Form, FIN 1.3.3 in Section IV, Proposal Forms, the Proposer must demonstrate access to, or availability of, financial resources such as liquid assets, unencumbered real assets, lines of credit, and other financial means, other than any contractual advance payments to meet:

(i) the following cash-flow requirement:

- a) Lines of credit from reputable financial institutions
- b) Audited financial statements or if not required by the law of the Proposer's country, other financial statements acceptable to the Purchaser for the past three years

and

(ii) the overall cash flow requirements for this contract and its current supply and services' commitment.

1.3 Key Personnel

The Proposer must demonstrate that it will have suitably qualified key personnel. The Proposer shall complete the relevant Forms in Section IV, Proposal Forms.

The proposer must demonstrate that key personnel have worked on at least three large scale ID projects in the past 5 years, hold certifications in projects management, cybersecurity, cards and printer hardware servicing and management, as required.

1.4 Subcontractors/vendors/manufacturers

Subcontractors for the following additional major items of supply or services must meet or continue to meet the minimum criteria specified therein for each item:

Item No	Description of Item	Minimum criteria to be met
1	Rehabilitation of Card Production Facility	Must meet the following requirements: • Registered contractor with Construction Industry Regulatory Authority (CIRA) in Malawi • Subcontractor should deploy key personnel meeting the requirements set in Section VII under 2.4. • Verifiable reference as a Prime Contractor or Subcontractor or Joint Venture member of at least three (3) completed relevant renovations within the past five (5) years • The subcontractor must have access to (owned or leased) the following minimum equipment: i. Personal Protective Equipment ii. Drywall Partitioning Equipment iii. Electrical Installation Equipment iv. Lifting Equipment
2	Supply of Polycarbonate Cards	Must meet the following requirements • Be the OEM of the offered Polycarbonate cards. • Have a valid ISO 27001, ISO 9001, ISO 14001 certifications. • Have a 10-year lifespan minimum ISO24789 • Have OVMI Malawi flag motif • Stacked-Layer Full-Color personalization • Have a high-resolution portrait (600+ dpi) • Own at least one (1) manufacturing sites capable of producing polycarbonate cards with advanced security features. • Have within its own manufacturing sites a card production capacity of up to fifty (50) million cards per year • Have at least two (2) National Identity references for the supply of at least five (5) million polycarbonate cards. In total five (5) million cards collectively (Letter of

		References or Purchase Orders will be required). • Be responsible to provide five thousand (5,000) sample Cards/specimen free of charge (FOC) as per the approved design for laser personalization machine testing. The successful bidder shall provide undertaking on letter head for FOC cards.
--	--	--

Failure to comply with these requirements will result in the rejection of the subcontractor.

1.5 Manufacturer's authorization

For all powered (active) hardware and/or software components of the Information System which the Proposer does not itself produce, by submission of documentary evidence in its Proposal, the Proposer must establish to the Purchaser's satisfaction that it is not prohibited to supply those components in the Purchaser's country under the Contract(s) that may result from this procurement.

- (i) In the case of powered (active) hardware and other powered equipment, this must be documented by including Manufacturer's Authorizations in the Proposal (based on the sample found in the Sample Proposal Forms in Section IV.);
- (ii) In the case of proprietary commercial software (i.e., excluding open source or "freeware" software) that the Proposer does not manufacture itself and for which the Proposer has or will establish an Original Equipment Manufacturer (OEM) relationship with the manufacture, the Proposer must provide Manufacture's Authorizations;
- (iii) In the case of proprietary commercial software (i.e., excluding open source or "freeware" software) that the Proposer does not manufacture itself and for which the Proposer does not or will not establish an OEM relationship with the manufacturer, the Proposer must document to the Purchaser's satisfaction that the Proposer is not excluded from sourcing these items from the manufacturer's distribution channels and proposing offering these items for supply in the Borrower's Country.
- (iv) In the case of open-source software, the Proposer must identify the software item as open source and provide copies of the relevant open-source license(s).

The Proposer is responsible for ensuring that the manufacturer or producer complies with the requirements of ITP 4 and ITP 5 and meets the minimum criteria listed above for that item.

1.6 Local Representative

In the case of a Proposer not doing business within the Purchaser's country, the Proposer shall submit documentary evidence in its Proposal to establish to the Purchaser's satisfaction that it is or will be (if awarded the Contract) represented by an agent in that country who is equipped and able to carry out / manage the

Proposer's maintenance, technical support, training, and warranty repair obligations specified in the Purchaser's Requirements (including any response time, problem-resolution norms or other aspects that may be specified in the Contract).

2. Technical Evaluation

2.1 Assessment of adequacy of Technical Proposal with Requirements in accordance with ITP 32.1

Scoring Approach – All categories beside Technical Team

Each sub-feature under Effectiveness in:

Rehabilitation, design and implementation plan (I), Integration plan (II), Cybersecurity risk plan (III), Waste Management Plan (IV) and Documentation Requirements and Training Plan (V) is scored using a 4/2/0 scale:

Score	Meaning
4	Fully Compliant — feature present and meets all requirements with clear evidence.
2	Partially Compliant — feature partially meets requirements or has gaps/limited evidence.
0	Non-Compliant — feature absent or no supporting evidence provided.

Combining Category Scores: Finally, the Category Technical Scores are combined using the category weights to calculate the Total Technical Score (out of 100%):

Technical Evaluation Scoring Matrix – Hybrid Approach (All Categories + Guidance Notes)

Table 1: Summary OF CATEGORIES & Scoring

Category	Purpose	Category Total
The proposed rehabilitation, design and Implementation plan for the Turnkey Facility	Assess the current status of the facility to identify the gaps for conducive environment. Produce the structural design of the proposed structure/changes, bill of quantities for the materials and equipment. Produce a layout for the alignment of card printing facility to the proposed technology solution (the workflow).	20%
Integration to the National Registration and Identity System (NRIS).	Draw the implementation plan of the turnkey solution ensuring compatibility with international standards. The plan must cover establishing a card production facility integrated with the existing NRIS. This facility will use modular laser personalization systems and automated mailing & dispatch systems that use high-security, ISO-compliant polycarbonate cards with advanced card-body and personalization security elements.	30%
Cybersecurity risk and change management plan	Define the detailed security risk plan sequencing activities, resources, and transition steps to be followed to successfully implement the proposed solution. Clarify the feasibility, and alignment of the project's operational and process-change management.	20%
Waste Management Plan	Define the detailed collection and disposal of waste. Determine the types and quantities of waste generated, classify the waste, separate waste at the source into categories such as organic, recyclable, and hazardous wastes establish collection schedules. Determine waste treatment procedures and final disposal of non-recyclable and non-recoverable waste.	15%
Documentation Requirements, Training and Training Materials	Define the mandatory documentation and training deliverables the supplier must provide to ensure complete knowledge transfer, operational readiness, and long-term maintainability of the deployed solution.	15%

Table 2: Detailed categories, Weights & Scoring**Category I – The proposed rehabilitation, design and Implementation plan for the Turnkey Facility. (Total 20%)**

C. No	Criterion	Weight (% of Total)	Guidance Notes
1	Quality and Completeness of the Detailed Design and Implementation Plan	8%	Full Detailed Design and Implementation Plan, Methodology/Approach Document, Sample Gantt Chart, Risk Register & Mitigation Strategy
2	Coverage of Required Process, Transition & Training Activities	5%	Discovery & Information-Gathering Approach, Process Re-engineering Documentation (or templates), Training Plan & Curriculum, Transition Plan
3	Resource Planning (Activities, Duration, Skills & Staffing)	3%	Resource & Staffing Plan, Skills/Qualification Matrix, Project Schedule with Duration Estimates, Responsibility Assignment Matrix (RACI)
4	Licensing Completeness for All Products & Services (3-Year Coverage)	4%	Full Licensing Bill of Materials (Licensing-BOM) License entitlement summary for 3 years Support/subscription coverage statement Mapping of license entitlements to functional components
TOTAL		20.0%	Sum of weights in this category

**Category 2 – Integration to the National Registration and Identity System (NRIS).
(Total 30%)**

C. No	Criterion	Weight (% of Total)	Guidance Notes
1	Personalization laser feature support.	10%	Machine is expected to produce Laser Engraved Text, Greyscale Picture, Security features in Stacked-Layers at least Secondary image, micro lettering, CLI, QR code (both alpha numeric values), Tactile Laser Printing etc
2	Marking Resolution Requirements	8%	Picture: 600 dpi or higher greyscale Micro text: 600 dpi or higher and a line width and height of 0.33mm
3	Independent Card Processing Capability	8%	Each integrated laser must be able to personalize an entire card independently, without reliance on other lasers. Machine design must allow any single laser station to be switched on, switched off, and/or taken out of operation for maintenance, without interrupting or degrading the overall production flow.
4	Duplex card printing for Poly Carbonate Cards	4%	Printing speed not less than 2000 cards per Hour with two (2) machines
TOTAL		30.0%	Sum of weights in this category

Category 3 – Cybersecurity risk and change management plan (Total 20%)

C. No	Criterion	Weight (% of Total)	Guidance Notes
1	Quality & Alignment of Cybersecurity Risk and Change Management Plan with International Frameworks	8%	Full Cybersecurity Risk and Change Management Plan mapped to NIST CSF or ISO 27005, Framework Compliance Matrix, Cybersecurity Architecture Diagram, Evidence of Past Implementation
2	Completeness of Risk Identification, Mitigation & Response Planning	8%	Risk Identification Register, Risk Assessment Matrix, Mitigation & Control Strategy Document (template), Incident Response Plan (IRP), Business Continuity Response Plan (BCRP) & Compliance & Governance Statement
3	Resource Allocation, Skills, Duration & Capacity-Building Plan	4%	Cybersecurity Work Breakdown Structure, Resource & Skill Matrix, Capacity-Building & Knowledge Transfer Plan, Timeline / Gantt Chart, Compliance Statement
TOTAL		20.0%	Sum of weights in this category

Category 4 – Waste Management Plan (Total 15%)

C. No	Criterion	Weight (% of Total)	Guidance Notes
1	Completeness of the waste identification and segregation plan	6%	-Waste Identification - Waste segregation procedures Provide details of all the waste categories (Electronic waste, Hazardous waste, Construction waste) and classify the waste as biodegradable waste, non-biodegradable waste, Recyclable waste and non-recyclable waste.
2	Completeness of the waste collection and storage plan	4%	-Waste collection and storage procedure
3	Completeness of waste disposal plan	5%	-Transportation of the wastes - Treatment methods -Final disposal
TOTAL		15.0%	Sum of weights in this category

**Category 5 – Documentation Requirements, Training and Training Materials
(Total: 15%)**

C. No	Criterion	Weight (% of Total)	Guidance Notes
1	Completeness and Quality of Mandatory Documentation Deliverables	6%	Project Initiation Document, High-Level Design document, Low Level Design document, Equipment/Devices, Manuals. Training Manuals, Administrator Training. Site Preparation Guide (SPG) document. Acceptance Test Procedure (ATP) document. “AS-BUILT” documentation, Technical Documents: Operation and maintenance and standard operation procedures for the System.
2	Knowledge Transfer Methodology	5%	Detailed knowledge transfer methodology document, on-the-job training plan, classroom training curriculum outline, training schedule, trainer qualifications / experience summaries, and sample training materials or templates.
3	Delivery of Mandatory Training Services & Onsite Support	4%	End-user training plan, classroom training syllabus, list of internationally recognized certification programs offered, proof of certified training facility, trainer CVs / certifications, sample training materials, schedule for staff technical training, onsite support plan, staffing plan for 36-month support period, service delivery methodology, SLA / commitment statement.
TOTAL		15.0%	Sum of weights in this category

2.2 Technical Evaluation (ITP 32.2)

The technical features to be evaluated are generally defined below and specifically identified in the PDS:

- (i) to which extent that the performance, capacity, or functionality features meet or exceed the levels specified in the Proposed Implementation Plan for the Turnkey Facility and / or influence the life-cycle cost and effectiveness of the Information System;
- (ii) usability features, such as ease of use, ease of administration, or ease of expansion, which influence the life-cycle cost and effectiveness of the Information System;
- (iii) quality of the Proposer's Preliminary Project Plan as evidenced by the thoroughness, reasonableness, and responsiveness of: (a) the task and resource schedules, both general and specific, and (b) the proposed arrangements for management and coordination, training, quality assurance, technical support, logistics, problem resolution, and transfer of knowledge, and other such activities as specified by the Purchaser or proposed by the Proposer based on the Proposer's experience;
- (iv) Any sustainable procurement requirement if specified in Section VII-Requirements of the Information System.

The total technical points assigned to each Proposal in the Evaluated Proposal Formula will be determined by adding and weighting the scores assigned by an evaluation committee to technical features of the Proposal **in accordance with the PDS** and the scoring methodology below.

Technical proposal scoring methodology

- (a) During the evaluation process, the evaluation committee will assign each desirable/preferred feature a whole number score from 0 to 4, where 0 means that the feature is absent, and 1 to 4 either represent predefined values for desirable features amenable to an objective way of rating (as is the case for, e.g., extra memory, or extra mass storage capacity, etc., if these extras would be conducive for the utility of the system), or if the feature represents a desirable functionality (e.g., of a software package) or a quality improving the prospects for a successful implementation (such as the strengths of the proposed project staff, the methodology, the elaboration of the project plan, etc., in the proposal), the scoring will be 1 for the feature being present but showing deficiencies; 2 for meeting the requirements; 3 for marginally exceeding the requirements; and 4 for significantly exceeding the requirements.
- (b) The score for each feature (i) within a category (j) will be combined with the scores of features in the same category as a weighted sum to form the Category Technical Score using the following formula:

$$S_j \equiv \sum_{i=1}^k t_{ji} * w_{ji}$$

where:

t_{ji} = the technical score for feature “i” in category “j”

w_{ji} = the weight of feature “i” in category “j”

k = the number of scored features in category “j”

and $\sum_{i=1}^k w_{ji} = 1$

- (c) The Category Technical Scores will be combined in a weighted sum to form the total Technical Proposal Score using the following formula:

$$T \equiv \sum_{j=1}^n S_j * W_j$$

where:

S_j = the Category Technical Score of category “j”

W_j = the weight of category “j” as specified in the PDS

n = the number of categories

and $\sum_{j=1}^n W_j = 1$

3. Technical alternatives

If invited in accordance with ITP 13.4, will be evaluated as follows: **None**

4. Financial Evaluation

The following factors and methods will apply:

(a) Time Schedule:

The number of weeks, from the effective date specified in Article 3 of the Contract Agreement, to achieve Operational Acceptance must be no more than: 32 Weeks.

A Proposal offering to achieve Operational Acceptance earlier than the maximum number of weeks **shall not** be given credit for proposal evaluation purposes.

(b) Recurrent Costs

Since the operation and maintenance of the system being procured form a major part of the implementation, the resulting recurrent costs will be evaluated according to the principles given hereafter, including the cost of recurrent cost items for the initial period of operation stated below, based on prices furnished by each Proposer in Price Schedule Nos. 3.3 and 3.5.

Recurrent cost items for post- warranty service period if subject to evaluation shall be included in the main contract or a separate contract signed together with the main contract.

Such costs shall be added to the Proposal price for evaluation.

The recurrent cost factors for calculation of the implementation schedule are:

- (i) number of years for implementation
- (ii) hardware maintenance
- (iii) software licenses and updates
- (iv) technical services, and
- (vi) other services (if any).

The Recurrent Costs (R) are reduced to net present value and determined using the following formula:

$$R \square \square \frac{R_x}{(1+I)^x}$$

where

N = number of years of evaluated recurrent costs

x = an index number 1, 2, 3, ... N.

R_x = total Recurrent Costs for year “x,” as recorded in the Recurrent Cost Sub-Table.

I = discount rate to be used for the Net Present Value calculation, as specified in the PDS for ITP 39.1.

(c) Specific additional criteria

The relevant evaluation method, if any, shall be as follows: **Not Applicable**

5. Combined Evaluation

The Purchaser will evaluate and compare the Proposals that have been determined to be substantially responsive.

An Evaluated Proposal Score (B) will be calculated for each responsive Proposal using the following formula, which permits a comprehensive assessment of the evaluated cost and the technical merits of each Proposal:

$$B \equiv \frac{C_{low}}{C} * X * 100 + \frac{T}{T_{high}} * (1 - X) * 100$$

where

C = Evaluated Proposal Price

C_{low} = the lowest of all Evaluated Proposal Prices among responsive Proposals

T = the total Technical Score awarded to the Proposal

T_{high} = the Technical Score achieved by the Proposal that was scored best among all responsive Proposals

X = weight for the Cost as specified in the PDS

The Proposal with the best evaluated Proposal Score (B) among responsive Proposals shall be the Most Advantageous Proposal provided the Proposer was prequalified and/or it was found to be qualified to perform the Contract

1. Qualification

Factor	1.1 ELIGIBILITY					
Sub-Factor	Criteria					Documentation Required
	Requirement	Single Entity	Proposer			
			Joint Venture (existing or intended)			
			All members combined	Each member	At least one member	
1.1 <u>Nationality</u>	Nationality in accordance with ITP 4.4.	Must meet requirement	Must meet requirement	Must meet requirement	N / A	Form ELI –1.1 and 1.2, with attachments
1.2 <u>Conflict of Interest</u>	No- conflicts of interests as described in ITP 4.2.	Must meet requirement	Must meet requirement	Must meet requirement	N / A	Letter of Proposal
1.3 <u>Bank Ineligibility</u>	Not having been declared ineligible by the Bank as described in ITP 4.5.	Must meet requirement	Must meet requirement	Must meet requirement	N / A	Letter of Proposal
1.4 <u>State owned Entity of the Borrower country</u>	Compliance with conditions of ITP 4.6	Must meet requirement	Must meet requirement	Must meet requirement	N / A	Form ELI –1.1 and 1.2, with attachments

Factor	1.1 ELIGIBILITY					
Sub-Factor	Criteria					Documentation Required
	Requirement	Proposer				
		Single Entity	Joint Venture (existing or intended)			
			All members combined	Each member	At least one member	
1.1.5 United Nations resolution or Borrower’s country law	Not having been excluded as a result of prohibition in the Borrower’s country laws or official regulations against commercial relations with the Proposer’s country, or by an act of compliance with UN Security Council resolution, both in accordance with ITP 4.8	Must meet requirement	Must meet requirement	Must meet requirement	N / A	Letter of Proposal

Factor	1.2 HISTORICAL CONTRACT NON-PERFORMANCE					
Sub-Factor	Criteria					Documentation Required
	Requirement	Proposer				
		Single Entity	Joint Venture (existing or intended)			
			All members combined	Each member	At least one member	
1.2.1 History of non-performing contracts	Non-performance of a contract ¹ did not occur as a result of Proposer’s default since 1 st January 2021.	Must meet requirement by itself or as member to past or existing JV	N / A	Must meet requirement ²	N / A	Form CON - 2
1.2.2 Suspension	Not under suspension based on execution of a Proposal Securing Declaration or Proposal Securing Declaration pursuant to ITP 4.7 and ITP 20.10	Must meet requirement	N / A	Must meet requirement	N / A	Letter of Proposal

¹ Non-performance, as decided by the Purchaser, shall include all contracts where (a) non-performance was not challenged by the contractor, including through referral to the dispute resolution mechanism under the respective contract, and (b) contracts that were so challenged but fully settled against the contractor. Non-performance shall not include contracts where Purchaser decision was overruled by the dispute resolution mechanism. Non-performance must be based on all information on fully settled disputes or litigation, i.e. dispute or litigation that has been resolved in accordance with the dispute resolution mechanism under the respective contract and where all appeal instances available to the applicant have been exhausted.

² This requirement also applies to contracts executed by the Applicant as JV member.

1.2.3 Pending Litigation	Proposer's financial position and prospective long-term profitability still sound according to criteria established in 2.3.1 below and assuming that all pending litigation will be resolved against the Proposer.	Must meet requirement by itself or as member to past or existing JV	N / A	Must meet requirement	N / A	Form CON – 2
1.2.4 Litigation History	No consistent history of court / arbitral award decisions against the Proposer ³ since 1 st January 2021	Must meet requirement	Must meet requirement	Must meet requirement	N/A	Form CON – 2
1.2.5 Bank's SEA and/or SH Disqualification	At the time of Contract Award, not subject to disqualification by the Bank for non-compliance with SEA/ SH obligations	Must meet requirement (including each subcontractor proposed by the Proposer)	N/A	Must meet requirement (including each subcontractor proposed by the Proposer)	N/A	Letter of Proposal, Form CON-3

³ The Proposer shall provide accurate information on the related Letter of Proposal about any litigation or arbitration resulting from contracts completed or ongoing under its execution over the last five years. A consistent history of awards against the Proposer or any member of a joint venture may result in failure of the Proposal.

Factor	1.3 FINANCIAL SITUATION					
Sub-Factor	Criteria					Documentation Required
	Requirement	Proposer				
		Single Entity	Joint Venture (existing or intended)			
			All members combined	Each member	At least one member	
1.3.1 Historical Financial Performance	Submission of audited balance sheets or if not required by the law of the Proposer’s country, other financial statements acceptable to the Purchaser, for the last three (3) years to demonstrate the current soundness of the Proposers financial position and its prospective long-term profitability.	Must meet requirement	N / A	Must meet requirement	N / A	Form FIN – 1.3.1 with attachments
1.3.2 Average Annual Turnover	Minimum average annual turnover of US\$10 Million, calculated as total certified payments received for contracts in progress or completed, within the last five (5) years	Must meet requirement	Must meet requirement	N/A	N/A	Form FIN –1.3.2

Factor	1.3 FINANCIAL SITUATION					
Sub-Factor	Criteria					Documentation Required
	Requirement	Proposer				
		Single Entity	Joint Venture (existing or intended)			
			All members combined	Each member	At least one member	
1.3.3 Financial Resources	The Proposer must demonstrate access to, or availability of, financial resources such as liquid assets, unencumbered real assets, lines of credit, and other financial means, other than any contractual advance payments to meet the following cash-flow requirement: United States Dollar Six Hundred Thousand (US\$600,000.00) for the subject contract(s) net of the Bidder's other commitments	Must meet requirement	Must meet requirement	N/A	N/A	Form FIN –1.3.3

Factor	1.4 EXPERIENCE					
Sub-Factor	Criteria					Documentation Required
	Requirement	Proposer				
		Single Entity	Joint Venture (existing or intended)			
			All members combined	Each member	At least one member	
1.4.1 General Experience	Experience under Information System contracts in the role of prime supplier, management contractor, JV member, or subcontractor for at least the last five (5) years prior to the applications submission deadline.	Must meet requirement	N / A	Must meet requirement	N / A	Form EXP-1.4.1
1.4.2 Specific Experience	Participation as a prime supplier, management contractor, JV ⁴ member, sub-contractor, in at least two (2) contracts within the last five (5) years, each with a value of at least United States Dollar Four Million (US\$4,000,000.00), that have been successfully and substantially completed and that are similar to the Provision of a turnkey solution for the rehabilitation, upgrading, and commissioning of the Central	Must meet requirement	Must meet requirements	N / A	Must meet the following requirement [specify any key requirement to be met by one member]	Form EXP 1.4.2

⁴ For contracts under which the Proposer participated as a joint venture member or sub-contractor, only the Proposer's share, by value, and role and responsibilities shall be considered to meet this requirement.

Factor	1.4 EXPERIENCE					
Sub-Factor	Criteria					Documentation Required
	Requirement	Proposer				
		Single Entity	Joint Venture (existing or intended)			
			All members combined	Each member	At least one member	
	Printing Facility including design, supply, installation and handover for full operational readiness.. The successfully completed similar contracts shall be documented by a copy of an Operational acceptance certificate (or equivalent documentation satisfactory to the Purchaser) issued by the purchaser(s).

Letter of Proposal- Technical Part

INSTRUCTIONS TO PROPOSERS: DELETE THIS BOX ONCE YOU HAVE COMPLETED THE DOCUMENT

The Proposer must prepare this Letter of Proposal on stationery with its letterhead clearly showing the Proposer's complete name and business address.

Note: All italicized text is to help Proposers in preparing this form.

Date of this Proposal submission: *[insert date (as day, month and year) of Proposal submission]*

RFP No.: *[insert number of RFP process]*

Alternative No.: *[insert identification No if this is a Proposal for an alternative, otherwise state "not applicable"]*

We, the undersigned, declare that:

To: *[insert complete name of Purchaser]*

- (a) **No reservations:** We have examined and have no reservations to the request for proposals document, including Addenda issued in accordance with Instructions to Proposers (ITP 8);
- (b) **Eligibility:** We meet the eligibility requirements and have no conflict of interest in accordance with ITP 4;
- (c) **Proposal-Securing Declaration:** We have not been suspended nor declared ineligible by the Purchaser based on execution of a Proposal-Securing Declaration or Proposal-Securing Declaration in the Purchaser's Country in accordance with ITP 4.7;
- (d) **Sexual Exploitation and Abuse (SEA) and/or Sexual Harassment (SH):** *[select the appropriate option from (i) to (v) below and delete the others. In case of JV members and/or subcontractors, indicate the status of disqualification by the Bank of each JV member and/or subcontractor].*

We, including any of our subcontractors:

- (i) [have not been subject to disqualification by the Bank for non-compliance with SEA/ SH obligations.]
- (ii) [are subject to disqualification by the Bank for non-compliance with SEA/ SH obligations.]
- (iii) [had been subject to disqualification by the Bank for non-compliance with SEA/ SH obligations, and were removed from the disqualification list. An arbitral award on the disqualification case has been made in our favor.]

- (e) **Conformity:** We offer to provide design, supply and installation services in conformity with the request for proposals document of the following: *[insert a brief description of the IS Design, Supply and Installation Services]*;
- (f) **Proposal Validity:** Our Proposal shall be valid until *[insert day, month and year in accordance with ITP 19.1]*, and it shall remain binding upon us and may be accepted at any time before the expiration of that period;
- (g) **Performance Security:** If our Proposal is accepted, we commit to obtain a Performance Security in accordance with the request for proposals document;
- (h) **One Proposal Per Proposer:** We are not submitting any other Proposal(s) as an individual Proposer, and we are not participating in any other Proposal(s) as a Joint Venture member, and meet the requirements of ITP 4.3, other than alternative Proposals submitted in accordance with ITP 13;
- (i) **Suspension and Debarment:** We, along with any of our subcontractors, suppliers, consultants, manufacturers, or service providers for any part of the contract, are not subject to, and not controlled by any entity or individual that is subject to, a temporary suspension or a debarment imposed by the World Bank Group or a debarment imposed by the World Bank Group in accordance with the Agreement for Mutual Enforcement of Debarment Decisions between the World Bank and other development banks. Further, we are not ineligible under the Purchaser's Country laws or official regulations or pursuant to a decision of the United Nations Security Council;
- (j) **State-owned enterprise or institution:** *[select the appropriate option and delete the other: We are not a state-owned enterprise or institution / We are a state-owned enterprise or institution but meet the requirements of ITP 4.6]*;
- (k) **Commissions, gratuities and fees:** We have paid, or will pay the following commissions, gratuities, or fees with respect to the procurement process or execution of the Contract: *[insert complete name of each Recipient, its full address, the reason for which each commission or gratuity was paid and the amount and currency of each such commission or gratuity]*

Name of Recipient	Address	Reason	Amount

[If none has been paid or is to be paid, indicate "none."]

- (l) **Binding Contract:** We understand that this Proposal, together with your written acceptance thereof included in your Letter of Acceptance, shall constitute a binding contract between us, until a formal contract is prepared and executed;

- (m) **Not Bound to Accept:** We understand that you are not bound to accept the lowest evaluated cost Proposal, the Most Advantageous Proposal or any other Proposal that you may receive; and
- (n) **Fraud and Corruption:** We hereby certify that we have taken steps to ensure that no person acting for us or on our behalf engages in any type of Fraud and Corruption.

Name of the Proposer: **[insert complete name of the Proposer]*

Name of the person duly authorized to sign the Proposal on behalf of the Proposer: ***[insert complete name of person duly authorized to sign the Proposal]*

Title of the person signing the Proposal: *[insert complete title of the person signing the Proposal]*

Signature of the person named above: *[insert signature of person whose name and capacity are shown above]*

Date signed *[insert number]* day of *[insert month]*, *[insert year]*

*: In the case of the Proposal submitted by joint venture specify the name of the Joint Venture as Proposer

**: Person signing the Proposal shall have the power of attorney given by the Proposer to be attached with the Proposal

FORM ELI 1.1.1- PROPOSER INFORMATION FORM

[Note: The Proposer shall fill in this Form in accordance with the instructions indicated below. No alterations to its format shall be permitted and no substitutions shall be accepted.]

Date: *[insert date (as day, month and year) of Proposal submission]*

RFP No.: *[insert number of Request for Proposals process]*

Alternative No.: *[insert identification No if this is a Proposal for an alternative]
otherwise state “not applicable”*

CODE OF CONDUCT FOR SUPPLIER’S PERSONNEL FORM

Note to the Purchaser:

The following minimum requirements shall not be modified. The Purchaser may add additional requirements to address identified issues, informed by relevant environmental and social assessment.

Delete this Box prior to issuance of the Request for Proposals document.

Note to the Proposer:

The minimum content of the Code of Conduct form as set out by the Purchaser shall not be substantially modified. However, the Proposer may add requirements as appropriate, including to take into account Contract-specific issues/risks.

The Proposer shall initial and submit the Code of Conduct form as part of its proposal.

CODE OF CONDUCT FOR SUPPLIER’S PERSONNEL

We are the Supplier, [enter name of Supplier]. We have signed a contract with [enter name of Purchaser] for [enter description of the Information System]. The Information System will be supplied to and installed at [enter the Project Site/s]. Our contract requires us to implement measures to address environmental and social risks.

This Code of Conduct identifies the behavior that we require from Supplier’s Personnel employed in the execution of the Contract at the Project Site/s.

Our workplace is an environment where unsafe, offensive, abusive or violent behavior will not be tolerated and where all persons should feel comfortable raising issues or concerns without fear of retaliation.

REQUIRED CONDUCT

Supplier’s Personnel employed in the execution of the Contract at the Project Site/s shall:

1. carry out his/her duties competently and diligently;
2. comply with this Code of Conduct and all applicable laws, regulations and other requirements, including requirements to protect the health, safety and well-being of other Supplier’s Personnel and any other person;
3. maintain a safe working environment including by:

- a. ensuring that workplaces, machinery, equipment and processes under each person's control are safe and without risk to health;
 - b. wearing required personal protective equipment;
 - c. using appropriate measures relating to chemical, physical and biological substances and agents; and
 - d. following applicable emergency operating procedures.
4. report work situations that he/she believes are not safe or healthy and remove himself/herself from a work situation which he/she reasonably believes presents an imminent and serious danger to his/her life or health;
5. treat other people with respect, and not discriminate against specific groups such as women, people with disabilities, migrant workers or children;
6. not engage in any form of sexual harassment including unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature with other Supplier's or Purchaser's Personnel;
7. not engage in Sexual Exploitation, which means any actual or attempted abuse of position of vulnerability, differential power or trust, for sexual purposes, including, but not limited to, profiting monetarily, socially or politically from the sexual exploitation of another;
8. not engage in Sexual Abuse, which means the actual or threatened physical intrusion of a sexual nature, whether by force or under unequal or coercive conditions;
9. not engage in any form of sexual activity with individuals under the age of 18, except in case of pre-existing marriage;
10. complete relevant training courses that will be provided related to the environmental and social aspects of the Contract, including on health and safety matters, and Sexual Exploitation and Abuse, and Sexual Harassment (SH);
11. report violations of this Code of Conduct; and
12. not retaliate against any person who reports violations of this Code of Conduct, whether to us or the Purchaser, or who makes use of the grievance mechanism for Supplier's Personnel or the project's Grievance Redress Mechanism.

RAISING CONCERNS

If any person observes behavior that he/she believes may represent a violation of this Code of Conduct, or that otherwise concerns him/her, he/she should raise the issue promptly. This can be done in either of the following ways:

1. Contact [*enter name of the Supplier's Social Expert with relevant experience in handling sexual exploitation, sexual abuse and sexual harassment cases, or if such person is not required under the Contract, another individual designated by the Supplier to handle these matters*] in writing at this address [] or by telephone at [] or in person at []; or

2. Call [] to reach the Supplier's hotline (*if any*) and leave a message.

The person's identity will be kept confidential, unless reporting of allegations is mandated by the country law. Anonymous complaints or allegations may also be submitted and will be given all due and appropriate consideration. We take seriously all reports of possible misconduct and will investigate and take appropriate action. We will provide warm referrals to service providers that may help support the person who experienced the alleged incident, as appropriate.

There will be no retaliation against any person who raises a concern in good faith about any behavior prohibited by this Code of Conduct. Such retaliation would be a violation of this Code of Conduct.

CONSEQUENCES OF VIOLATING THE CODE OF CONDUCT

Any violation of this Code of Conduct by the Supplier's Personnel may result in serious consequences, up to and including termination and possible referral to legal authorities.

FOR SUPPLIER'S PERSONNEL:

I have received a copy of this Code of Conduct written in a language that I comprehend. I understand that if I have any questions about this Code of Conduct, I can contact [*enter name of Supplier's contact person(s) with relevant experience*] requesting an explanation.

Name of Supplier's Personnel: [*insert name*]

ATTACHMENT 1: Behaviors constituting SEA and behaviors constituting SH

ATTACHMENT 1 TO THE CODE OF CONDUCT FORM**BEHAVIORS CONSTITUTING SEXUAL EXPLOITATION AND ABUSE (SEA)
AND BEHAVIORS CONSTITUTING SEXUAL HARASSMENT (SH)**

The following non-exhaustive list is intended to illustrate types of prohibited behaviors.

(1) Examples of sexual exploitation and abuse include, but are not limited to:

- A Supplier's Personnel tells a member of the community that he/she can get them jobs related to the project site in exchange for sex.
- A Supplier's Personnel rapes, or otherwise sexually assaults a member of the community.
- A Supplier's Personnel denies a person access to the Project Site/s unless he/she performs a sexual favor.
- A Supplier's Personnel tells a person applying for employment under the Contract that he/she will only hire him/her if he/she has sex with him/her.

(2) Examples of sexual harassment in a work context

- A Supplier's Personnel comment on the appearance of another Supplier's Personnel (either positive or negative) and sexual desirability.
- When a Supplier's Personnel complains about comments made by another Supplier's Personnel on his/her appearance, the other Supplier's Personnel comment that he/she is "asking for it" because of how he/she dresses.
- Unwelcome touching of a Supplier's Personnel or Purchaser's Personnel by another Supplier's Personnel.
- A Supplier's Personnel tells another Supplier's Personnel that he/she will get him/her a salary raise, or promotion if he/she sends him/her naked photographs of himself/herself.

INTELLECTUAL PROPERTY FORMS

Notes to Proposers on working with the Intellectual Property Forms

In accordance with ITP 11.1(j), Proposers must submit, as part of their proposals, lists of all the Software included in the proposal assigned to one of the following categories: (a) System, General-Purpose, or Application Software; (b) Standard or Custom Software; (c) Proprietary or Open Source. Proposers must also submit a list of all Custom Materials. These categorizations are needed to support the Intellectual Property in the GCC and SCC. The Proposer must also include the text of the software licenses for the software titles proposed.

CONFORMANCE OF INFORMATION SYSTEM MATERIALS

Format of the Technical Proposal

In accordance with ITP 16.2, the documentary evidence of conformity of the Information System to the request for proposals documents includes (but is not restricted to):

- (a). The Proposer's Preliminary Project Plan, including, but not restricted, to the topics specified in the PDS ITP 16.2. The Preliminary Project Plan should also state the Proposer's assessment of the major responsibilities of the Purchaser and any other involved third parties in System supply and installation, as well as the Proposer's proposed means for coordinating activities by each of the involved parties to avoid delays or interference.
- (b). A written confirmation by the Proposer that, if awarded the Contract, it shall accept responsibility for successful integration and interoperability of all the proposed Information Technologies included in the System, as further specified in the Technical Requirements.
- (c). Item-by-Item Commentary on the Technical Requirements demonstrating the substantial responsiveness of the overall design of the System and the individual Information Technologies, Goods, and Services offered to those Technical Requirements.

In demonstrating the responsiveness of its proposal, the Proposer must use the Technical Responsiveness Checklist (Format). Failure to do so increases significantly the risk that the Proposer's Technical Proposal will be declared technically non-responsive. Among other things, the checklist should contain explicit cross-references to the relevant pages in supporting materials included the Proposer's Technical Proposal.

Note: The Technical Requirements are voiced as requirements of the *Supplier* and/or the *System*. The Proposer's response must provide clear evidence for the evaluation team to assess the credibility of the response. A response of "yes" or "will do" is unlikely to convey the credibility of the response. The Proposer should indicate *that* – and to the greatest extent practical – *how* the Proposer would comply with the requirements if awarded the contract. Whenever the technical requirements relate to feature(s) of existing products (e.g., hardware or software), the features should be described and the relevant product literature referenced. When the technical requirements relate to professional services (e.g., analysis, configuration, integration, training, etc.) some effort should be expended to describe how they would be rendered – not just a commitment to perform the [cut-and-paste] requirement. Whenever a technical requirement is for the Supplier to provide certifications (e.g., ISO 9001), copies of these certifications must be included in the Technical Proposal.

Note: As required in PDS 11.2 (j), include method statement, management strategies and implementation plans and innovations, to manage cyber security risks.

Note: The Manufacturer's Authorizations (and any Subcontractor Agreements) are to be included in Attachment 2 (Proposer Qualifications), in accordance with and ITP 15.

Note: As a matter of practice, the contract cannot be awarded to a Proposer whose Technical Proposal deviates (materially) from the Technical Requirements – *on any Technical Requirement*. Such deviations include omissions (e.g., non-responses) and responses that do not meet or exceed the requirement. Extreme care must be exercised in the preparation and presentation of the responses to all the Technical Requirements.

(d). Supporting materials to underpin the Item-by-item Commentary on the Technical Requirements (e.g., product literature, white-papers, narrative descriptions of technical approaches to be employed, etc.). In the interest of timely proposal evaluation and contract award, Proposers are encouraged not to overload the supporting materials with documents that do not directly address the Purchaser's requirements.

(e). Any separate and enforceable contract(s) for Recurrent Cost items which the PDS ITP 17.2 required Proposers to propose.

Note: To facilitate proposal evaluation and contract award, Proposers encouraged to provide electronic copies of their Technical Proposal – preferably in a format that the evaluation team can extract text from to facilitate the proposal clarification process and to facilitate the preparation of the Proposal Evaluation Report.

Technical Responsiveness Checklist (Format)

Tech. Require. No. _	Technical Requirement: <i>[insert: abbreviated description of Requirement]</i>
Proposer's technical reasons supporting compliance:	
Proposer's cross references to supporting information in Technical Proposal:	

[Note to the Purchaser: The Technical Responsiveness tables submitted by each Proposer can help structure the Purchaser's technical evaluation. In particular, the Purchaser can append rows to each of the Proposer's submitted responsiveness tables to record the Purchaser's assessment of the compliance, partial compliance, and non-compliance of the Proposer's response to the specific Technical Requirement – including the Purchaser's rationale for its conclusion (including, as appropriate, clear indications of the gaps in the Proposer's response/supporting documentation). These assessments can provide a standardized presentation of the detailed underlying logic of the Purchaser's final assessment of the responsiveness / non-responsiveness of the Proposer's technical proposal. Typically, the detailed response/assessment tables would appear as an attachment to the Proposal Evaluation Report].

FORM OF PROPOSAL-SECURING DECLARATION

[The Proposer shall fill in this Form in accordance with the instructions indicated.]

Date: *[insert **date** (as day, month and year)]*

Proposal No.: *[insert **number of request for proposals process**]*

Alternative No.: *[insert **identification No if this is a Proposal for an alternative**]*

To: *[insert **complete name of Purchaser**]*

We, the undersigned, declare that:

We understand that, according to your conditions, Proposals must be supported by a Proposal-Securing Declaration.

We accept that we will automatically be suspended from being eligible for bidding or submitting proposals in any contract with the Purchaser for the period of time specified in Section II – Proposal Data Sheet, if we are in breach of our obligation(s) under the proposal conditions, because we:

- (a) have withdrawn our Proposal prior to the expiry date of the Proposal validity specified in the Letter of Proposal or any extended date provided by us; or
- (b) having been notified of the acceptance of our Proposal by the Purchaser prior to the expiry date of the Proposal validity in the Letter of Proposal or any extended date provided by us, (i) fail to sign the Contract agreement; or (ii) fail or refuse to furnish the Performance Security, if required, in accordance with the ITP.

We understand this Proposal-Securing Declaration shall expire if we are not the successful Proposer, upon the earlier of (i) our receipt of your notification to us of the name of the successful Proposer; or (ii) twenty-eight days after the expiry date of the Proposal validity.

Name of the Proposer* *[insert **Name of Proposer**]*

Name of the person duly authorized to sign the Proposal on behalf of the Proposer** *[insert **Name of authorized person**]*

Title of the person signing the Proposal *[insert **Title of authorized person**]*

Signature of the person named above _____

Date signed *[insert **ordinal number**]* day of *[insert **month**]* , *[insert **year**]*

*: In the case of the Proposal submitted by joint venture specify the name of the Joint Venture as Proposer

**: Person signing the Proposal shall have the power of attorney given by the Proposer attached to the Proposal

[Note: In case of a Joint Venture, the Proposal-Securing Declaration must be in the name of all members to the Joint Venture that submits the Proposal.]

Letter of Proposal - Financial Part

INSTRUCTIONS TO PROPOSERS: DELETE THIS BOX ONCE YOU HAVE COMPLETED THE DOCUMENT

The Proposer must prepare this Letter of Proposal on stationery with its letterhead clearly showing the Proposer's complete name and business address.

Note: All italicized text is to help Proposers in preparing this form.

Date of this Proposal submission: *[insert date (as day, month and year) of Proposal submission]*

Request for Proposal No.: *[insert identification]*

Alternative No.: *[insert identification No if this is a Proposal for an alternative]*

To: *[insert complete name of Purchaser]*

We, the undersigned, hereby submit the second part of our Proposal, the Proposal Price and Priced Activity Schedule. This accompanies the Letter of Proposal- Technical Part.

In submitting our Proposal, we make the following additional declarations:

(a) **Proposal Validity:** Our Proposal shall be valid until *[insert day, month and year in accordance with ITP 19.1]*, and it shall remain binding upon us and may be accepted at any time on or before this date;

(b) **Total Price:** The total price of our Proposal, excluding any discounts offered in item (c) below is: *[Insert one of the options below as appropriate]*

[Option 1, in case of one lot:] Total price is: [insert the total price of the Proposal in words and figures, indicating the various amounts and the respective currencies];

Or

[Option 2, in case of multiple lots:] (a) Total price of each lot [insert the total price of each lot in words and figures, indicating the various amounts and the respective

currencies]; and (b) Total price of all lots (sum of all lots) [*insert the total price of all lots in words and figures, indicating the various amounts and the respective currencies*];

(c) **Discounts:** The discounts offered and the methodology for their application are:

(i) The discounts offered are: [*Specify in detail each discount offered*]

(ii) The exact method of calculations to determine the net price after application of discounts is shown below: [*Specify in detail the method that shall be used to apply the discounts*];

(d) **Commissions, gratuities and fees:** We have paid, or will pay the following commissions, gratuities, or fees with respect to the procurement process or execution of the Contract: [*insert complete name of each Recipient, its full address, the reason for which each commission or gratuity was paid and the amount and currency of each such commission or gratuity*].

Name of Recipient	Address	Reason	Amount

(If none has been paid or is to be paid, indicate “none.”)

Name of the Proposer: * [*insert complete name of the Proposer*]

Name of the person duly authorized to sign the Proposal on behalf of the Proposer: ** [*insert complete name of person duly authorized to sign the Proposal*]

Title of the person signing the Proposal: [*insert complete title of the person signing the Proposal*]

Signature of the person named above: [*insert signature of person whose name and capacity are shown above*]

Date signed [*insert date of signing*] **day of** [*insert month*], [*insert year*]

*: In the case of the Proposal submitted by a Joint Venture specify the name of the Joint Venture as Proposer.

**: Person signing the Proposal shall have the power of attorney given by the Proposer. The power of attorney shall be attached with the Proposal Schedules

PRICE SCHEDULE FORMS

Notes to Proposers on working with the Price Schedules

General

1. The Price Schedules are divided into separate Schedules as follows:
 - 3.1 Grand Summary Cost Table
 - 3.2 Supply and Installation Cost Summary Table
 - 3.3 Recurrent Cost Summary Table
 - 3.4 Supply and Installation Cost Sub-Table(s)
 - 3.5 Recurrent Cost Sub-Tables(s)
 - 3.6 Country of Origin Code Table

*[insert: **any other Schedules as appropriate**]*
2. The Schedules do not generally give a full description of the information technologies to be supplied, installed, and operationally accepted, or the Services to be performed under each item. However, it is assumed that Proposers shall have read the Technical Requirements and other sections of these request for proposals documents to ascertain the full scope of the requirements associated with each item prior to filling in the rates and prices. The quoted rates and prices shall be deemed to cover the full scope of these Technical Requirements, as well as overhead and profit.
3. If Proposers are unclear or uncertain as to the scope of any item, they shall seek clarification in accordance with the Instructions to Proposers in the request for proposals documents prior to submitting their proposal.

Pricing

4. Prices shall be filled in indelible ink, and any alterations necessary due to errors, etc., shall be initialed by the Proposer. As specified in the Proposal Data Sheet, prices shall be fixed and firm for the duration of the Contract.
5. Proposal prices shall be quoted in the manner indicated and in the currencies specified in ITP 18.1 and ITP 18.2. Prices must correspond to items of the scope and quality defined in the Technical Requirements or elsewhere in these request for proposals documents.
6. The Proposer must exercise great care in preparing its calculations, since there is no opportunity to correct errors once the deadline for submission of proposals has passed. A single error in specifying a unit price can therefore change a Proposer's overall total proposal price substantially, make the proposal noncompetitive, or subject the Proposer to possible loss. The Purchaser will correct any arithmetic error in accordance with the provisions of ITP 32.
7. Payments will be made to the Supplier in the currency or currencies indicated under each respective item. As specified in ITP 18.2, no more than three foreign currencies may be used.

3.1 Grand Summary Cost Table

		<i>[insert: Local Currency] Price</i>	<i>[insert: Foreign Currency A] Price</i>	<i>[insert: Foreign Currency B] Price</i>	<i>[insert: Foreign Currency C] Price</i>
1.	Supply and Installation Costs (from Supply and Installation Cost Summary Table)				
2.	Recurrent Costs (from Recurrent Cost Summary Table)				
4.	Grand Totals (to Proposal Submission Form)				

Name of Proposer:		
Authorized Signature of Proposer:		

3.2 Supply and Installation Cost Summary Table

Costs MUST reflect prices and rates quoted in accordance with ITP 17 and 18.

			Supply & Installation Prices				
			Locally supplied items	Items supplied from outside the Purchaser's Country			
Line Item No.	Subsystem / Item	Supply and Installation Cost Sub-Table No.	[insert: <i>Local Currency</i>] Price	[insert: <i>Local Currency</i>] Price	[insert: <i>Foreign Currency A</i>] Price	[insert: <i>Foreign Currency B</i>] Price	[insert: <i>Foreign Currency C</i>] Price
0	Project Plan	--	--	--	--	--	--
1	Subsystem 1	1					
SUBTOTALS							
TOTAL (To Grand Summary Table)							

Note: -- indicates not applicable. -- Indicates repetition of table entry above. Refer to the relevant Supply and Installation Cost Sub-Table for the specific components that constitute each Subsystem or line item in this summary table

Name of Proposer:		
Authorized Signature of Proposer:		

3.3 Recurrent Cost Summary Table

Costs MUST reflect prices and rates quoted in accordance with ITP 17 and ITP 18.

Line Item No.	Subsystem / Item	Recurrent Cost Sub- Table No.	<i>[insert: Local Currency] Price</i>	<i>[insert: Foreign Currency A] Price</i>	<i>[insert: Foreign Currency B] Price</i>	<i>[insert: Foreign Currency C] Price</i>
y	Recurrent Cost Items					
y.1	_____	y.1				
	Subtotals (to Grand Summary Table)					

Note: Refer to the relevant Recurrent Cost Sub-Tables for the specific components that constitute the Subsystem or line item in this summary table.

Name of Proposer:		
Authorized Signature of Proposer:		

3.4 Supply and Installation Cost Sub-Table *[insert: identifying number]*

Line item number: *[specify: relevant line item number from the Supply and Installation Cost Summary Table (e.g., 1.1)]*

Prices, rates, and subtotals MUST be quoted in accordance with ITP 17 and ITP 18.

				Unit Prices / Rates					Total Prices				
				Supplied Locally	Supplied from outside the Purchaser's Country				Supplied Locally	Supplied from outside the Purchaser's Country			
Component No.	Component Description	Country of Origin Code	Quantity	<i>[insert: local currency]</i>	<i>[insert: local currency]</i>	<i>[insert: foreign currency A]</i>	<i>[insert: foreign currency B]</i>	<i>[insert: foreign currency C]</i>	<i>[insert: local currency]</i>	<i>[insert: local currency]</i>	<i>[insert: foreign currency A]</i>	<i>[insert: foreign currency B]</i>	<i>[insert: foreign currency C]</i>
X.1	_____	--	--	--	--	--	--	--					
Subtotals (to <i>[insert: line item]</i> of Supply and Installation Cost Summary Table)													

Note: -- indicates not applicable.

Name of Proposer:	
Authorized Signature of Proposer:	

3.5 Recurrent Cost Sub-Table *[insert: identifying number] -- Warranty Period*

Lot number: *[if a multi-lot procurement, insert: lot number, otherwise state “single lot procurement”]*

Line item number: *[specify: relevant line item number from the Recurrent Cost Summary Table – (e.g., y.1)]*

Currency: *[specify: the currency of the Recurrent Costs in which the costs expressed in this Sub-Table are expressed]*

[As necessary for operation of the System, specify: the detailed components and quantities in the Sub-Table below for the line item specified above, modifying the sample components and sample table entries as needed. Repeat the Sub-Table as needed to cover each and every line item in the Recurrent Cost Summary Table that requires elaboration.]

Costs MUST reflect prices and rates quoted in accordance with ITP 17 and ITP 18.

		Maximum all-inclusive costs (for costs in <i>[insert: currency]</i>)

SECTION V - ELIGIBLE COUNTRIES

Eligibility for the Provision of Information System

In reference to ITP 4.8 and ITP 5.1, for the information of the Proposers, at the present time firms and information systems from the following countries are excluded from this procurement process:

Under ITP 4.8(a) and ITP 5.1: **None.**

Under ITP 4.8(b) and ITP 5.1: **None**

SECTION VI - FRAUD AND CORRUPTION

(Section VI shall not be modified)

1. Purpose

- 1.1 The Bank's Anti-Corruption Guidelines and this annex apply with respect to procurement under Bank Investment Project Financing operations.

2. Requirements

- 2.1 The Bank requires that Borrowers (including beneficiaries of Bank financing); bidders (applicants/proposers), consultants, contractors and suppliers; any sub-contractors, sub-consultants, service providers or suppliers; any agents (whether declared or not); and any of their personnel, observe the highest standard of ethics during the procurement process, selection and contract execution of Bank-financed contracts, and refrain from Fraud and Corruption.

- 2.2 To this end, the Bank:

- a. Defines, for the purposes of this provision, the terms set forth below as follows:
 - i. "corrupt practice" is the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party;
 - ii. "fraudulent practice" is any act or omission, including misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain financial or other benefit or to avoid an obligation;
 - iii. "collusive practice" is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party;
 - iv. "coercive practice" is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party;
 - v. "obstructive practice" is:
 - (a) deliberately destroying, falsifying, altering, or concealing of evidence material to the investigation or making false statements to investigators in order to materially impede a Bank investigation into allegations of a corrupt, fraudulent, coercive, or collusive practice; and/or threatening, harassing, or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation; or
 - (b) acts intended to materially impede the exercise of the Bank's inspection and audit rights provided for under paragraph 2.2 e. below.
- b. Rejects a proposal for award if the Bank determines that the firm or individual recommended for award, any of its personnel, or its agents, or its sub-consultants, sub-

contractors, service providers, suppliers and/ or their employees, has, directly or indirectly, engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices in competing for the contract in question;

- c. In addition to the legal remedies set out in the relevant Legal Agreement, may take other appropriate actions, including declaring mis-procurement, if the Bank determines at any time that representatives of the Borrower or of a recipient of any part of the proceeds of the loan engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices during the procurement process, selection and/or execution of the contract in question, without the Borrower having taken timely and appropriate action satisfactory to the Bank to address such practices when they occur, including by failing to inform the Bank in a timely manner at the time they knew of the practices;
- d. Pursuant to the Bank's Anti-Corruption Guidelines, and in accordance with the Bank's prevailing sanctions policies and procedures, may sanction a firm or individual, either indefinitely or for a stated period of time, including by publicly declaring such firm or individual ineligible (i) to be awarded or otherwise benefit from a Bank-financed contract, financially or in any other manner;¹ (ii) to be a nominated² sub-contractor, consultant, manufacturer or supplier, or service provider of an otherwise eligible firm being awarded a Bank-financed contract; and (iii) to receive the proceeds of any loan made by the Bank or otherwise to participate further in the preparation or implementation of any Bank-financed project;
- e. Requires that a clause be included in bidding/request for proposals documents and in contracts financed by a Bank loan, requiring (i) bidders (applicants/proposers), consultants, contractors, and suppliers, and their sub-contractors, sub-consultants, service providers, suppliers, agents, personnel, permit the Bank to inspect³ all accounts, records and other documents relating to the procurement process, selection and/or contract execution, and to have them audited by auditors appointed by the Bank.

¹ For the avoidance of doubt, a sanctioned party's ineligibility to be awarded a contract shall include, without limitation, (i) applying for pre-qualification, expressing interest in a consultancy, and bidding, either directly or as a nominated sub-contractor, nominated consultant, nominated manufacturer or supplier, or nominated service provider, in respect of such contract, and (ii) entering into an addendum or amendment introducing a material modification to any existing contract.

² A nominated sub-contractor, nominated consultant, nominated manufacturer or supplier, or nominated service provider (different names are used depending on the particular bidding document) is one which has been: (i) included by the bidder in its pre-qualification application or bid because it brings specific and critical experience and know-how that allow the bidder to meet the qualification requirements for the particular bid; or (ii) appointed by the Borrower.

³ Inspections in this context usually are investigative (i.e., forensic) in nature. They involve fact-finding activities undertaken by the Bank or persons appointed by the Bank to address specific matters related to investigations/audits, such as evaluating the veracity of an allegation of possible Fraud and Corruption, through the appropriate mechanisms. Such activity includes but is not limited to: accessing and examining a firm's or individual's financial records and information, and making copies thereof as relevant; accessing and examining any other documents, data and information (whether in hard copy or electronic format) deemed relevant for the investigation/audit, and making copies thereof as relevant; interviewing staff and other relevant individuals; performing physical inspections and site visits; and obtaining third party verification of information.

PART 2 – PURCHASER’S REQUIREMENTS

**SECTION VII - REQUIREMENTS OF THE SUPPLY, INSTALLATION
AND COMMISSIONING OF A POLYCARBONATE (PC) CARDS,
PERSONALIZATION AND MAILING SYSTEMS**

**(INCLUDING TECHNICAL REQUIREMENTS, IMPLEMENTATION SCHEDULE,
SYSTEM INVENTORY TABLES, BACKGROUND AND INFORMATIONAL
MATERIALS)**

A. ACRONYMS USED IN THE TECHNICAL REQUIREMENTS

0.1 Acronym Table

Term	Explanation
1D	One Dimension
2D	Two Dimension
ACE	Advanced Card Expert
ACE-M	Advanced Card Expert – Manufacturing
ACID	Atomicity, Consistency, Isolation, Durability
AES	Advanced Encryption Standard
AES-256	Advanced Encryption Standard (256-bit)
API	Application Programming Interface
ATS	Automatic Transfer Switch
BCP	Business Continuity Plan
CCNA	Cisco Certified Network Associate
CCNP	Cisco Certified Network Professional
CCTV	Closed Circuit Television
CEH	Certified Ethical Hacker
CIS	Center for Internet Security
CISM	Certified Information Security Manager
CISSP	Certified Information Systems Security Professional
CLI	Changing Laser Image
CPF	Card Printing Facility / Card Production Facility
CSF	Cybersecurity Framework
DAST	Dynamic Application Security Testing
DHCP	Dynamic Host Configuration Protocol
DMZ	Demilitarized Zone
DNS	Domain Name System
DPI	Dots Per Inch
DR	Disaster Recovery

Term	Explanation
EDR	Endpoint Detection and Response
FAT	Factory Acceptance Test
FCC	Federal Communications Commission
FIPS	Federal Information Processing Standards
FOC	Free of Charge
GDPR	General Data Protection Regulation
GUI	Graphical User Interface
HQ	Headquarters
HSE	Health, Safety and Environment
HSM	Hardware Security Module
HVAC	Heating, Ventilation, and Air Conditioning
IAM	Identity and Access Management
ICD	Interface Control Document
ICT	Information and Communications Technology
ID	Identification / Identity
IEC	International Electrotechnical Commission
IP	Internet Protocol
IPS	Intrusion Prevention System
IRIS	Rainbow Printing Security Feature (often referred to as IRIS Printing)
IRP	Incident Response Plan / Incident Response Policy
ISMS	Information Security Management System
ISO	International Standard Organization
ISTQB	International Software Testing Qualifications Board
IT	Information Technology
JSON	JavaScript Object Notation
KPI	Key Performance Indicator
LAN	Local Area Network
MFA	Multi-Factor Authentication
MM	Millimetre
MRZ	Machine Readable Zone

Term	Explanation
MTBF	Mean Time Between Failures
MTTR	Mean Time To Repair
NEBOSH	National Examination Board in Occupational Safety and Health
NIST	National Institute of Standards and Technology
NRB	National Registration Bureau
NRIS	National Registration and Identification System
OAT	Operational Acceptance Testing
OCR	Optical Character Recognition
OEE	Overall Equipment Effectiveness
OEM	Original Equipment Manufacturer
OM	Original Manufacturer
OSHA	Occupational Safety and Health Administration
OVMI	Optically Variable Magnetic Ink
OWASP	Open Worldwide Application Security Project
PAM	Privileged Access Management
PC	Polycarbonate Card / Personal Computer (context-dependent)
PDF	Portable Document Format
PDU	Power Distribution Unit
PIA	Privacy Impact Assessment
PII	Personally Identifiable Information
PKI	Public Key Infrastructure
PMC	Preventive Maintenance Compliance
PMI	Project Management Institute
PMI-ACP	Project Management Institute Agile Certified Practitioner
PMP	Project Management Professional
PRINCE2	Projects IN Controlled Environments
QC	Quality Control
QR	Quick Response
QR Zone	Quick Readable Zone
RBAC	Role-Based Access Control

Term	Explanation
REST	Representational State Transfer
RPO	Recovery Point Objective
RTO	Recovery Time Objective
SAST	Static Application Security Testing
SAT	Site Acceptance Test
SIEM	Security Information and Event Management
SIT	System Integration Testing
SLA	Service Level Agreement
SMS	Short Message Service
SOAP	Simple Object Access Protocol
SOC	Security Operations Centre
SoD	Separation of Duties
SOP	Standard Operating Procedure
SSDLC	Secure Software Development Lifecycle
TLS	Transport Layer Security
TOGAF	The Open Group Architecture Framework
ToR	Terms of Reference
UAT	User Acceptance Testing
UAT	User Acceptance Test
UPS	Uninterruptible Power Supply
UV	Ultraviolet
VLAN	Virtual Local Area Network
WAN	Wide Area Network
X.509	Public Key Certificate Standard
XML	Extensible Markup Language

B. FUNCTIONAL, ARCHITECTURAL AND PERFORMANCE REQUIREMENTS

1.1 Legal and Regulatory Requirements to be met by the Information System

- 1.1.1 The Information System MUST comply with the following laws and regulations:
 - 1.1.1.1 Data Protection Act, 2024
 - 1.1.1.2 Communications Act of 2016
 - 1.1.1.3 Electronic Transactions and Cybersecurity Act of 2016
 - 1.1.1.4 Malawi's National Digitalization Policy
 - 1.1.1.5 Project Environmental and Social Management Plan
 - 1.1.1.6 The National Registration Act of 2015

1.2 Business Function Requirements to be met by the Information System

- 1.2.1 The Government of Malawi is undertaking efforts to enhance the security, durability and efficiency of its National ID personalization and dispatch processes.
- 1.2.2 This project therefore aims to procure and operationalize a complete system for personalization and mailing of Malawi’s polycarbonate National ID cards through:
 - 1.2.2.1 the renovation of Card Printing Facility by identifying the gaps for conducive environment, quantifying the extent of materials, equipment and renovations to be made, identify and supervise a partner to supply, install and commission ancillary equipment.
 - 1.2.2.2 the supply of high-security, ISO-compliant polycarbonate cards featuring advanced card-body and personalization security features.
 - 1.2.2.3 the supply of two (2) laser personalization systems capable of producing laser-engraved, multilingual and security-enhanced polycarbonate ID cards with the provided performance characteristics and technical capabilities.
 - 1.2.2.4 the supply of two (2) mailing machine systems that meet the described output capacity, barcode/QR reading capabilities, card-to-carrier handling, software compatibility requirements.
 - 1.2.2.5 the provision of all required software components, machine software, diagnostic tools and documentation.

- 1.2.2.6 the provision of classroom-based and hands-on training to Government staff to enable them to effectively operate, manage, and provide first-line support.
- 1.2.2.7 the establishment of turnkey facility by providing and installing all deliverables explicitly stated in the Malawi National ID Card, Personalization and Mailing System specification document.

1.3 Architectural Requirements to be met by the Information System

- 1.3.1 The Information System MUST be supplied and configured to implement the following architecture.

- 1.3.1.1 Software Architecture

- 1.3.1.1.1 The bidder shall propose a secure, modular, scalable, service-oriented software architecture capable of supporting high-volume national identity card personalization and mailing operations.

- 1.3.1.1.2 The proposed solution shall implement a multi-tier architecture comprising:

- 1.3.1.1.2.1 Presentation Layer

- 1.3.1.1.2.1.1 The Presentation Layer shall provide:

- GUI-based operator consoles
- Web-based administration portals
- Supervisor dashboards
- Production monitoring dashboards
- Audit and reporting interfaces

- 1.3.1.1.2.1.2 The interface shall support:

- Role-based views
- Multilingual support
- Secure authentication
- Real-time operational visibility

- 1.3.1.1.2.1.3 The bidder shall provide:

- Graphical Layout Designer/Editor for card template design
- Operator workflow interfaces
- Error handling and notification interfaces
- Reporting and analytics dashboards

- 1.3.1.1.2.2 Application Layer

- 1.3.1.1.2.2.1 Card Personalization Management System:

- Card issuance workflow management
- Batch processing
- Job scheduling
- Print queue management

- Card lifecycle management
- Reprint/reissue handling

1.3.1.1.2.2.2 Laser Personalization Control Software:

- Laser engraving control
- Grey Scale Personalization control
- CLI generation
- QR generation
- Microtext generation
- Tactile laser printing control
- Calibration management

1.3.1.1.2.2.3 Mailing and Dispatch Management System:

- Card-to-envelope matching
- Carrier letter generation
- Envelope insertion workflows
- Courier integration
- Dispatch tracking
- Reject handling workflows

1.3.1.1.2.2.4 Production Workflow Engine:

- Automated workflow orchestration
- Exception handling
- Queue prioritization
- Parallel processing
- Production balancing across machines

1.3.1.1.2.3 Integration Layer

1.3.1.1.2.3.1 The architecture shall include a secure integration layer supporting:

- REST APIs
- SOAP APIs
- XML/JSON interfaces
- Flat-file integration
- Message queues
- Secure middleware services

1.3.1.1.2.3.2 The integration layer shall support:

- Existing NRIS integration
- Database synchronization
- External verification systems
- Courier systems integration
- Audit systems integration

1.3.1.1.2.4 Data Layer

1.3.1.1.2.4.1 The architecture shall include enterprise-grade database systems supporting:

- High-volume transactional processing
- ACID compliance
- Replication
- Clustering
- High availability
- Encryption at rest
- Backup and recovery

1.3.1.1.2.4.2 The data layer shall manage:

- Identity data
- Personalization data
- Production logs
- Audit logs
- Machine telemetry
- Mailing and dispatch data

1.3.1.1.2.5 Security Layer

1.3.1.1.2.5.1 Identity and Access Management (IAM):

- RBAC
- MFA
- Privileged access controls
- Session management

1.3.1.1.2.5.2 Data Security:

- AES-256 encryption
- TLS 1.2+ communications
- Secure API authentication
- Digital certificates
- Key management integration

1.3.1.1.2.5.3 Operational Security:

- Audit trails
- Tamper-proof logs
- Security event monitoring
- Intrusion detection integration

1.3.1.1.2.6 Monitoring and Management Layer

1.3.1.1.2.6.1 The solution shall provide:

- Centralized monitoring dashboards
- Real-time production monitoring
- Machine health monitoring
- Alerting and notification systems

- Performance analytics
- SLA monitoring
- Stock management system for consumables
- Predictive maintenance analytics

1.3.1.1.2.7 The software architecture shall support:

- Active-passive or active-active clustering
- Automated failover
- Load balancing for the printing jobs
- Backup replication
- Disaster recovery synchronization
- Point-in-time recovery
- High availability database clustering

1.3.1.2 Hardware Architecture:

1.3.1.2.1 The bidder shall propose a secure, scalable, redundant, enterprise-grade hardware architecture suitable for a mission-critical national identity personalization environment.

1.3.1.2.2 The hardware architecture shall comprise:

1.3.1.2.2.1 Personalization Hardware Architecture

1.3.1.2.2.1.1 Laser Personalization Systems:

- Two (2) modular laser personalization systems
- Duplex laser personalization
- 2000 cards/hour
- Fiber or diode laser technology
- Greyscale printing
- QR and CLI generation
- Independent laser station operation

1.3.1.2.2.1.2 Personalization Line Components:

- Laser engraving units
- Card feeders
- Card transport systems
- Card reject modules
- Verification cameras/scanners
- Cooling systems
- Air compressor systems
- Industrial control PCs

1.3.1.2.2.1.3 Mailing System Hardware Architecture:

- Two (2) Automated Mailing Systems
- Envelope insertion
- Carrier letter printing

- Card affixing
- Barcode/QR verification
- Reject handling
- Buffer modules
- Dispatch sorting
- Capacity: Minimum 2000 Cards/hour

1.3.1.2.2.1.4 Disaster Recovery Architecture Plans:

- Primary (production) environment
- Secondary (DR) environment
- Backup replication infrastructure
- Offsite backup storage
- DR synchronization mechanisms

1.3.1.2.2.1.5 Facility Infrastructure Architecture:

- Power Infrastructure (UPS systems, Generator integration, ATS systems, PDUs, and Grounding systems)
- Environmental Infrastructure (HVAC systems, Precision cooling, Environmental monitoring, and Air filtration)
- Physical Security Infrastructure (Biometric access control, CCTV systems, Intrusion detection, and Fire suppression systems)

1.3.1.3 Network Architecture:

1.3.1.3.1 The bidder shall propose network architecture that shall include segregated zones:

- External Integration Zone
- DMZ Zone
- Application Zone
- Database Zone
- Machine Control Zone
- Management & Monitoring Zone

1.3.1.3.2 The architecture shall support:

- VLAN segmentation
- Firewall isolation
- Secure remote administration
- Encrypted communications

1.4 Systems Administration and Management Functions Required to be met by the Information System

- 1.4.1 The Information System MUST provide for the following management, administration, and security features at the overall System level in an integrated fashion.

1.4.1.2 Installation, Configuration and Change Management: The system shall include robust administration capabilities to ensure controlled deployment, configuration, and lifecycle change management of all components (hardware, software, middleware, and security systems)

- Installation and Configuration Requirements. The system shall support:
 - Standardized and repeatable installation procedures for all system components
 - Automated or guided installation wizards for software components
 - Centralized configuration management interface
 - Pre-configured secure baseline templates for Servers, Databases, Personalization machines, Mailing systems
 - Version-controlled configuration settings
 - Secure parameter management for all system modules
 - Ability to deploy configurations across multiple environments (development, test, production)
- Change Management Requirements. The system shall include a formalized change management framework supporting:
 - Role-based approval workflows (request, approve, implement, verify)
 - Logging and tracking of all system changes
 - Separation of duties between developers, administrators, and approvers
 - Emergency change procedures with post-implementation review
 - Version control for software releases, configuration files, scripts and integration interfaces
 - Rollback capabilities for all system changes
 - Impact analysis tools for proposed changes
 - Change scheduling and maintenance windows management
- Configuration Governance:
 - Centralized configuration repository
 - Audit trail of all configuration changes
 - Configuration baseline management
 - Enforcement of configuration compliance policies
 - Automated configuration drift detection

1.4.1.3 Operational Monitoring, Diagnostics, and Troubleshooting: The system shall provide comprehensive real-time monitoring, diagnostics, and troubleshooting capabilities across all components of the personalization and mailing environment.

- Operational Monitoring. The system shall support:
 - Real-time system health monitoring dashboards

- Monitoring of card personalization throughput, printer status, mailing system performance, server and database performance, network connectivity and storage utilization
- Environmental monitoring (temperature, humidity, power, UPS status)
- Alerting mechanisms (email, SMS, dashboard notifications)
- Threshold-based alerts and escalation rules
- 24/7 monitoring capability
- Diagnostics. The system shall provide:
 - Built-in diagnostic tools for all hardware components
 - Automated self-check routines for personalization equipment
 - Log analysis tools
 - Fault detection and isolation mechanisms
 - Error code interpretation systems
 - Predictive failure analytics (where applicable)
- Troubleshooting Capabilities. The system shall include:
 - Step-by-step guided troubleshooting workflows
 - Centralized log aggregation and analysis
 - Root cause analysis tools
 - Event correlation engine
 - Remote troubleshooting capabilities
 - Simulation and test modes for fault replication
 - Automated ticket generation for detected issues
- Performance Monitoring
 - System performance dashboards (real-time and historical)
 - Throughput monitoring (cards/hour, batch processing rates)
 - SLA monitoring and reporting
 - Capacity utilization tracking
 - Trend analysis and forecasting

1.4.1.4 User Administration and Access Control; User and Usage Monitoring and Audit Trails: The system shall enforce strict identity, access management, and accountability controls to ensure secure operations in a high-security national environment.

- User Administration. The system shall support:
 - Centralized user management console
 - Role-Based Access Control (RBAC)
 - Support for multiple user roles including: operators, supervisors, system administrators, security administrators, auditors
 - Multi-factor authentication (MFA) for privileged users
 - Account provisioning, modification, and deactivation workflows
 - Temporary and time-bound access controls
 - Privileged Access Management (PAM)

- Access Control Features:
 - Least privilege enforcement
 - Separation of duties (SoD)
 - Context-aware access control (location/device-based restrictions)
 - Session timeout controls
 - Login attempt restrictions and account lockout policies
 - Secure password policies compliant with international standards
- User and Usage Monitoring. The system shall provide:
 - Full user activity logging
 - Tracking of all system interactions (who did what, when, and where)
 - Monitoring of card issuance actions, data modifications, system configuration changes and access to sensitive data
 - Real-time user behavior analytics
 - Anomaly detection for suspicious activity
- Audit Trails. The system shall maintain:
 - Immutable audit logs (tamper-proof)
 - Time-stamped event logging
 - Centralized log repository
 - Searchable audit history
 - Long-term log retention (configurable as per policy)
 - Export capability for external audit and compliance reviews
 - Audit logs covering system access, data access, administrative actions and security events

1.4.1.5 System and Information Security and Security Policies: The system shall implement a comprehensive cybersecurity framework aligned with international best practices for national identity systems.

- System Security Features. The system shall include:
 - End-to-end encryption (data in transit and at rest)
 - Secure boot mechanisms for all servers and devices
 - Hardware Security Modules (HSMs) for cryptographic operations
 - Digital signature enforcement for card personalization
 - Network segmentation (production, management, security zones)
 - Next-generation firewalls and intrusion prevention systems (IPS)
 - Endpoint protection and EDR systems
 - Secure API authentication and authorization
- Information Security Controls:
 - Data classification and handling policies
 - Data masking and anonymization in non-production environments

- Secure key management lifecycle (generation, storage, rotation, revocation)
 - Secure data transfer mechanisms between subsystems
 - Prevention of unauthorized data export
 - Secure destruction of rejected or defective cards
- Security Policies Framework. The system shall support enforcement of:
 - Information Security Policy (ISO 27001 aligned)
 - Access Control Policy
 - Cryptographic Key Management Policy
 - Acceptable Use Policy
 - Incident Response Policy
 - Vulnerability Management Policy
 - Patch Management Policy
 - Logging and Monitoring Policy
- Security Monitoring and Incident Response:
 - Security Information and Event Management (SIEM) integration
 - Real-time threat detection
 - Incident alerting and escalation procedures
 - Forensic investigation capability
 - Security incident reporting dashboards
 - Defined incident response workflows
- Vulnerability and Compliance Management:
 - Regular vulnerability scanning
 - Patch management automation
 - Penetration testing support
 - Compliance dashboards (ISO 27001, NIST, etc.)
 - Security posture reporting

1.4.1.6 Software and Data Back-up and Recovery: The system shall provide robust backup and recovery capabilities to ensure uninterrupted operation of national identity card production services.

- Backup Requirements. The system shall support:
 - Automated scheduled backups for databases, configuration files, application systems, and audit logs
 - Full, incremental, and differential backups
 - Encrypted backup storage
 - Backup validation and integrity checks
 - Offsite backup replication
 - Immutable backup storage (anti-ransomware protection)
- Backup Management:
 - Centralized backup management console
 - Backup scheduling and policy configuration
 - Retention policy enforcement (daily, weekly, monthly, yearly)

- Backup monitoring and alerting
 - Backup failure notifications
- Disaster Recovery Requirements. The system shall include:
 - Defined Disaster Recovery (DR) architecture
 - Hot/warm standby DR environment (as applicable)
 - Automated failover mechanisms
 - Manual failover procedures with documented steps
 - Defined Recovery Time Objective (RTO)
 - Defined Recovery Point Objective (RPO)
 - DR synchronization between primary and secondary sites
- Disaster Recovery Testing:
 - Regular DR drills (at least annually or semi-annually)
 - Simulation of full system failure scenarios
 - Verification of data integrity after recovery
 - DR test reporting and audit documentation
 - Continuous improvement of DR procedures
- System Restoration Capabilities:
 - One-click or guided system restoration procedures
 - Granular restoration (file, database, system-level recovery)
 - Point-in-time recovery capability
 - Prioritization of critical services during recovery
 - Recovery verification and validation procedures

1.5 Performance Requirements of the Information System

1.5.1 The bidder shall guarantee that the proposed system meets or exceeds the following minimum performance requirements under normal and peak operational conditions.

1.5.2 The Information System MUST reach the following performance levels:

1.5.2.1 **Throughput Requirements.** The system shall support high-volume secure card production and mailing operations without degradation in performance:

1.5.2.1.1 Card Personalization Throughput:

- Minimum continuous throughput of up to 28000 cards per day (baseline configurable depending on national demand in 02 shift operations)
- Minimum batch processing capability of 500 to 1,000 cards per batch
- Continuous 24/7 operational capability during peak issuance periods
- No performance degradation during sustained production cycles of at least 8–12 hours

1.5.2.1.2 Card Production Line Speed:

- Minimum of 1000 cards per hour per personalization line
- Simultaneous multi-line operation support
- Automated rejection and reprint handling without stopping production flow

1.5.2.1.3 Mailing System Throughput:

- Automated insertion and mailing of 28000 envelopes per day minimum with 02 machines in 02 shifts operations
- High-speed matching of card-to-person mail items
- Continuous sorting, and envelope sealing operations
- Zero-backlog operation under peak loads

1.5.2.2 Response Time Requirements. The system shall maintain strict response times for all user interactions and system processes:

1.5.2.2.1 Application Response Times:

- User interface response time: ≤ 2 seconds for standard queries
- Transaction processing initiation: ≤ 3 seconds
- Card personalization job submission: ≤ 5 seconds
- Search and retrieval operations: ≤ 3 seconds
- Report generation:
 - Standard reports: ≤ 10 seconds
 - Complex reports: ≤ 60 seconds

1.5.2.2.2 System Processing Response:

- Batch job initiation: ≤ 30 seconds
- Real-time validation of identity records: $\leq 2-5$ seconds
- Card encoding initiation: near real-time processing
- Database transaction commit time: ≤ 2 seconds under normal load

1.5.2.2.3 Failover and Recovery Response:

- System failover initiation: ≤ 60 seconds (automatic)
- Full service recovery: $\leq 5-15$ minutes depending on architecture
- Data synchronization lag between primary and DR: near real-time or ≤ 5 minutes

1.5.2.3 Number of Concurrent Users. The system shall support high concurrency across operational, administrative, and supervisory users:

1.5.2.3.1 Minimum Concurrent Users:

- Minimum 10 to 20 concurrent users
- Scalable architecture supporting up to 100 concurrent users without performance degradation

1.5.2.3.2 User Categories Supported Concurrently:

- Card operators
- Supervisors
- System administrators
- Quality assurance personnel
- Security auditors
- Management
- External integration/system users (API consumers)

1.5.2.3.3 Session Handling:

- Concurrent sessions per user role must be configurable
- Session timeout controls (configurable per role)
- Load balancing across application servers

1.5.2.4 **Types of Transactions.** The system shall support high-integrity, secure, and auditable transaction processing:

1.5.2.4.1 Card Personalization Transactions:

- Card encoding transactions (chip/magnetic/laser engraving)
- Card printing transactions
- Card re-issuance and reprint transactions

1.5.2.4.2 Mailing and Dispatch Transactions:

- Envelope generation
- Card-to-envelope matching transactions
- Dispatch confirmation transactions
- Postal tracking number generation
- Delivery status updates

1.5.2.4.3 Administrative Transactions:

- User creation and role assignment
- System configuration updates
- Audit log queries
- Report generation requests
- Security event handling

1.5.2.5 **Quantity of Business Data.** The system shall be capable of handling large-scale national identity datasets and high-volume transaction growth:

1.5.2.5.1 Data Volume Requirements:

- Minimum 10 million to 50 million identity records

1.5.2.5.2 Transaction Volume:

- Minimum 1–10 million transactions per month
- Peak processing capacity during enrolment/issuance campaigns - 100,000+ transactions per day
- High-volume batch processing of card issuance jobs

1.5.2.5.3 Data Growth Scalability:

- Minimum 10–15 year data retention support
- Annual data growth rate scalability of 15%
- Horizontal scalability without system redesign

1.5.2.5.4 Log and Audit Data Volume:

- High-volume audit logging: Minimum retention: 5–10 years
- Ability to store and query millions of log entries per day
- Compression and archival mechanisms required

1.5.2.6 System Performance Conditions. The bidder shall guarantee that performance requirements are met under:

- Peak load conditions
- Mixed workload conditions
- Concurrent batch and real-time processing
- Failover and disaster recovery mode
- Maintenance windows with minimal downtime

1.5.2.7 Performance Monitoring and Reporting. The system shall include:

- Real-time performance dashboards
- SLA monitoring tools
- Throughput analytics
- System bottleneck detection
- Automated performance reporting
- Historical trend analysis

1.5.2.8 Acceptance Criteria. The system shall only be accepted if:

- All throughput benchmarks are achieved during FAT/SAT
- Response time thresholds are verified under load testing
- Concurrent user capacity is validated through stress testing
- Transaction integrity is maintained under peak loads
- No critical performance degradation is observed over sustained operation

1.6 Cyber Security

1.6.1 The bidder shall design, implement, and maintain a multi-layered security architecture that ensures confidentiality, integrity, availability, and traceability of all identity data and personalization processes.

1.6.2 Security Architecture Requirements

1.6.2.1 The solution shall include:

- End-to-end encrypted data flow (in transit and at rest)
- Zero-trust architecture principles
- Role-based access control (RBAC) and least privilege enforcement
- Segmented network architecture (production, management, security, and DMZ zones)
- Secure APIs for all system integrations
- Hardware-based security modules (HSMs) for cryptographic operations
- Secure key management lifecycle (generation, storage, rotation, revocation)
- Multi-factor authentication (MFA) for all privileged access
- Secure logging and tamper-proof audit trails

1.6.3 Data Protection Requirements

- Encryption of all personal identifiable information (PII)
- Encryption standards:
 - AES-256 (data at rest)
 - TLS 1.2 or higher (data in transit)
- Data masking for non-production environments
- Secure deletion and data sanitization procedures
- Data retention and archival policy enforcement

1.6.4 Identity and Access Management (IAM)

- Centralized IAM system
- Multi-factor authentication for administrators and operators
- Privileged Access Management (PAM)
- Just-in-time access provisioning
- Full access logging and auditability
- Periodic access review and recertification

1.6.5 Application Security Requirements

- Secure software development lifecycle (SSDLC)
- OWASP Top 10 compliance
- Secure code review and static/dynamic application security testing (SAST/DAST)
- API security controls (authentication, throttling, encryption)
- Regular vulnerability scanning and patch management

1.6.6 Infrastructure Security

- Hardened operating systems (CIS benchmarks or equivalent)
- Endpoint detection and response (EDR) tools
- Anti-malware and intrusion prevention systems (IPS)
- Network segmentation and firewalls (next-generation firewalls preferred)
- Secure configuration baselines
- Continuous monitoring and SIEM integration

1.6.7 Physical Security (Cyber-Physical Integration)

- Biometric access control to server rooms and production areas
- CCTV monitoring with retention policies
- Secure zones for:
 - blank card storage
 - personalization equipment
 - data processing systems
- Environmental monitoring linked to security alerts
- Visitor access logging and escort procedures

1.6.8 Security Monitoring and Incident Response

- Security Operations Centre (SOC) capability or integration

- 24/7 monitoring of critical systems
 - Security Information and Event Management (SIEM)
 - Incident response plan (IRP)
 - Defined escalation matrix
 - Forensic investigation capability
 - Mandatory incident reporting timelines
- 1.6.9 Vulnerability and Penetration Testing
- Initial full penetration testing before go-live
 - Annual penetration testing thereafter
 - Regular vulnerability assessments (quarterly minimum)
 - Remediation tracking and reporting
 - Independent third-party testing required
- 1.6.10 Business Continuity and Disaster Recovery Security Plans
- Secure backup architecture (encrypted backups)
 - Offsite backup storage
 - Disaster recovery failover capability
 - Regular DR testing (at least annually)
 - Ransomware recovery strategy
 - Immutable backups (recommended)
- 1.6.11 Required Cybersecurity Accreditations / Certifications
- 1.6.11.1 The bidder and key personnel shall demonstrate compliance with internationally recognized cybersecurity standards.
- 1.6.11.2 The bidder should be certified in:
- Information Security Management - ISO/IEC 27001: Information Security Management System (ISMS) (mandatory)
 - Quality and Process Security - ISO 9001 (Quality Management System) and ISO/IEC 20000-1 (IT Service Management) (preferred)
- 1.6.11.3 The solution and environment should comply with:
- NIST Cybersecurity Framework (CSF)
 - CIS Controls (Centre for Internet Security)
 - ISO/IEC 27002 security controls implementation
 - OWASP Application Security Guidelines
- 1.6.11.4 The bidder shall demonstrate compliance with:
- FIPS 140-2 or FIPS 140-3 validated cryptographic modules (HSM requirement)
 - PKI infrastructure compliance (X.509 standards)
 - eIDAS-aligned digital signature standards
- 1.6.11.5 The bidder must comply with:

- Data Protection Act, 2024
- Communications Act of 2016
- The National Registration Act of 2015
- Electronic Transactions and Cybersecurity Act of 2016
- Malawi's National Digitalization Policy
- Project Environmental and Social Management Plan
- GDPR principles
- Data minimization and purpose limitation principles
- Privacy impact assessment (PIA) capability

C. SERVICE SPECIFICATIONS – SUPPLY & INSTALL ITEMS

2.1 System Integration (to other existing systems)

2.1.1 The Supplier MUST provide end-to-end Integration Services that will facilitate seamless exchange of data between NRIS and the new Personalization and Mailing System to support:

- Automated card production requests
- Secure transfer of citizen demographic and biometric data
- Card personalization and issuance
- Quality assurance and production monitoring
- Mail processing and dispatch
- Status tracking and reporting
- Reprint and replacement card management
- Audit and traceability

2.1.2 The Supplier MUST perform the following Integration Services:

2.1.3 Technical Integration Services

2.1.3.1 Interface Design and Development

2.1.3.1.1 The Supplier shall design, develop, test and deploy all interfaces required between NRIS and the Personalization System and the integration shall support:

- REST APIs
- SOAP Web Services
- Secure file transfer mechanisms
- Message queues and middleware integration
- Database integration services

2.1.3.2 Data Mapping and Transformation

2.1.3.2.1 The bidder shall:

- Analyze NRIS data structures
- Map NRIS data fields to personalization system requirements

- Develop data transformation rules
 - Implement validation and cleansing mechanisms
- 2.1.3.2.2 Data elements shall include:
- Demographic Data (National ID Number, Names, Date of Birth, Gender, Nationality, Address Information, District, Traditional Authority and Card Serial Number)
 - Biometric Data (Facial image, Fingerprint references, and Signature image)
 - Card Data (Card issue date, Card expiry date, Card type and Card status)
- 2.1.3.3 Secure Data Exchange Services
- 2.1.3.3.1 The bidder shall implement:
- End-to-end encryption
 - TLS-secured communications
 - Digital certificates
 - PKI-based authentication
 - Data integrity validation
 - Secure key management
- 2.1.3.4 Integration Middleware Configuration
- 2.1.3.4.1 Where required, the bidder shall:
- Configure middleware components
 - Develop service orchestration workflows
 - Configure message routing
 - Implement exception handling and retry mechanisms
- 2.1.3.5 Database Connectivity
- 2.1.3.5.1 The bidder shall provide:
- Secure connectivity to NRIS databases
 - Read-only and transactional interfaces where approved
 - Data synchronization mechanisms
 - Database performance optimization
- 2.1.3.6 Real-Time and Batch Processing Integration
- 2.1.3.6.1 The solution shall support:
- Real-Time Transactions (Card production requests, Card status updates and Production alerts)
 - Batch Processing (Daily card production batches, Bulk reprints and Historical data synchronization)
- 2.1.3.7 Audit and Logging Integration
- 2.1.3.7.1 The bidder shall implement:
- Transaction logging
 - Security logging
 - Audit trail synchronization
 - User activity tracking
- 2.1.3.7.2 All transactions shall be traceable from NRIS through card production and mailing.
- 2.1.3.8 Disaster Recovery Integration

2.1.3.8.1 The bidder shall:

- Integrate with NRIS DR mechanisms
- Support failover operations
- Ensure continuity of card production processes

2.1.4 Functional Integration Services

2.1.4.1 Card Production Request Management

2.1.4.1.1 The system shall receive card production requests from NRIS and automatically:

- Validate records
- Queue records for production
- Assign production batches
- Generate production jobs

2.1.4.2 Citizen Data Retrieval

2.1.4.2.1 The personalization system shall retrieve from NRIS:

- Approved citizen records
- Biographical information
- Photograph
- Signature image
- Card issuance information

2.1.4.3 Card Personalization Integration

2.1.4.3.1 The system shall:

- Generate card personalization data
- Produce card layouts
- Print visual information
- Laser engrave card information
- Encode chip and/or barcode data (where applicable)

2.1.4.4 Card Quality Assurance Integration

2.1.4.4.1 The system shall:

- Verify printed information
- Verify laser engraving
- Verify machine-readable elements
- Reject defective cards
- Update NRIS on production outcomes

2.1.4.5 Card Lifecycle Management

2.1.4.5.1 The solution shall integrate with NRIS to manage:

- New card issuance
- Replacement cards
- Duplicate cards
- Lost cards
- Damaged cards
- Card cancellation

2.1.4.6 Production Status Feedback

2.1.4.6.1 The personalization system shall automatically update NRIS on:

- Job received

- Card in production
- Quality control completed
- Card personalized
- Card packaged
- Card dispatched
- Card delivered
- Card rejected

2.1.4.7 Mailing System Integration

2.1.4.7.1 The bidder shall integrate the mailing solution with NRIS and the personalization platform to support:

- Automated mail-piece generation
- Mailing label creation
- Envelope personalization
- Address validation
- Dispatch tracking

2.1.4.8 Dispatch and Delivery Tracking

2.1.4.8.1 The system shall provide:

- Dispatch status updates
- Batch tracking
- Consignment tracking
- Delivery confirmation updates

2.1.4.8.2 Status information shall be fed back into NRIS.

2.1.4.9 Reprint and Exception Management

2.1.4.10 Reporting and Analytics Integration

2.1.4.10.1 The bidder shall provide integration for reporting of:

- Daily production volumes
- Card issuance statistics
- Rejection rates
- Personalization throughput
- Mailing performance
- SLA compliance

2.1.5 Integration Testing Services

2.1.5.1 Interface Testing

- API testing
- Data validation testing
- Error handling testing

2.1.5.2 System Integration Testing (SIT)

2.1.5.2.1 Verification of:

- End-to-end data flow
- Process orchestration
- Exception handling

2.1.5.3 Performance Testing

2.1.5.3.1 Verification of:

- Throughput requirements

- Batch processing capacity
 - Concurrent transaction processing
- 2.1.5.4 Security Testing
- 2.1.5.4.1 The bidder shall undertake:
- Vulnerability assessment
 - Penetration testing
 - Authentication testing
 - Encryption validation
- 2.1.5.5 User Acceptance Testing (UAT)
- 2.1.5.5.1 Support NRIS stakeholders in validating:
- Business workflows
 - Functional requirements
 - Reporting requirements
- 2.1.6 Integration Deliverables
- 2.1.6.1 The bidder shall provide the following deliverables:
- Integration Strategy and Methodology.
 - Detailed Integration Architecture.
 - Interface Control Documents (ICDs).
 - API Specifications.
 - Data Mapping and Transformation Documents.
 - Security Design Documentation.
 - Test Plans and Test Scripts.
 - Integration Test Reports.
 - Performance Test Reports.
 - Security Test Reports.
 - As-Built Integration Documentation.
 - Operations and Maintenance Manuals.
 - Knowledge Transfer and Training Materials.

2.2 Training and Training Materials

2.2.1 The Supplier MUST provide the following Training Services and Materials.

2.2.1.1 User Training:

2.2.1.1.1 Target Participants:

- Card personalization operators
- Card issuance officers
- Quality assurance staff
- Mailing and dispatch officers
- Helpdesk/frontline support staff
- Supervisors

2.2.1.1.2 Minimum training curriculum:

- System Overview

- Card Personalization Operations
- Mailing System Operations
- Quality Assurance Procedures
- Routine Operations
- Security and Compliance
- Reporting

2.2.1.1.3 Mode of Training:

- Classroom-based theoretical training
- Hands-on practical training
- On-the-job operational coaching
- Live production environment demonstrations
- Scenario-based simulations

2.2.1.1.3 Training Materials:

- User manuals
- Standard Operating Procedures (SOPs)
- Quick reference guides
- Presentation slides
- Practical exercise manuals
- Video tutorials (where applicable)
- Assessment tests
- Attendance registers
- Training reports

All materials shall be provided in both editable electronic format and PDF.

2.2.1.1.3 Training Location:

- On-site at the personalization facility
- At supplier-certified training facilities where specialized OEM training is required

Hands-on training must be conducted using the actual deployed system.

2.2.2.1 Technical Training:

2.2.2.1.1 Target Participants:

- System administrators
- Database administrators
- Network engineers
- Security engineers
- Infrastructure engineers
- Technical support staff

2.2.2.1.2 Minimum training curriculum:

- System Architecture
- Hardware Administration
- Software Administration
- Database Administration
- Network and Infrastructure
- Security Administration
- Integration and APIs
- Troubleshooting and Support
- Performance Monitoring

2.2.2.1.3 Mode of Training:

- Advanced classroom technical training
- Hands-on laboratory sessions
- OEM-certified technical training
- Practical troubleshooting workshops
- Live system administration sessions
- Shadow support during commissioning
- Knowledge transfer sessions

Training should include real operational scenarios and fault simulations.

2.2.2.1.3 Training Materials:

- Technical manuals
- Administration guides
- Installation manuals
- Configuration guides
- As-built documentation
- Network diagrams
- Troubleshooting manuals
- Maintenance procedures
- Lab exercise guides
- Configuration backup templates

All materials shall be delivered in editable electronic format and PDF.

2.2.2.1.3 Training Location:

- On-site at the personalization facility
- At OEM-authorized training centres where necessary
- In a dedicated technical laboratory environment

Critical technical personnel should receive hands-on training using the production environment.

2.2.3.1 Management Training:

2.2.3.1.1 Target Participants:

- Executive leadership
- Operations managers
- ICT managers
- Security managers
- Facility managers
- Audit and compliance personnel

2.2.3.1.2 Minimum training curriculum:

- Solution Overview
- Governance and Operations
- Security and Compliance
- Performance and Reporting
- Business Continuity
- Maintenance and Lifecycle Management
- Audit and Compliance

2.2.3.1.3 Mode of Training:

- Executive briefings
- Workshops and strategy sessions
- Presentations and facilitated discussions

Training should emphasize operational oversight, governance, and sustainability rather than technical detail.

2.2.3.1.3 Training Materials:

- Executive briefing materials
- Governance manuals
- Operational dashboards
- SLA templates
- Risk management documentation
- Business continuity documentation
- Strategic operational guides

2.2.3.1.3 Training Location:

- At the client’s headquarters
- On-site at the personalization facility
- At suitable executive conference facilities

Executive-level sessions may also be conducted virtually where appropriate.

2.3 Documentation Requirements

2.3.1 The Supplier MUST prepare and provide the following Documentation.

2.3.1.1 End-User Documents:

- a) User Manuals:
 - i. Card personalization software user manual
 - ii. Card issuance operator manual
 - iii. Card mailing system user guide
 - iv. Quality assurance and inspection procedures
 - v. Enrolment/card production workflow manual
 - vi. Reporting and dashboard user guide
 - vii. System administration user guide
- b) Standard Operating Procedures (SOPs):
 - i. Card production procedures
 - ii. Card printing procedures
 - iii. Card quality verification procedures
 - iv. Card dispatch and mailing procedures
 - v. Consumables replacement procedures
 - vi. Daily startup/shutdown procedures
 - vii. Batch processing procedures
 - viii. Escalation procedures
 - ix. Incident reporting procedures
- c) Training Materials:
 - i. Training manuals
 - ii. Training presentations
 - iii. Practical exercise guides
 - iv. Quick reference guides
 - v. Hands-on laboratory manuals
 - vi. Attendance registers and training reports
 - vii. Training videos (where applicable)
- d) Maintenance and Operational Checklists:
 - i. Daily operational checklist
 - ii. Preventive maintenance checklist
 - iii. Facility inspection checklist
 - iv. Backup verification checklist
 - v. Environmental monitoring checklist
- e) Business Continuity and Disaster Recovery Procedures:
 - i. Recovery procedures
 - ii. Backup restoration procedures
 - iii. Failover procedures
 - iv. Emergency contacts
 - v. Downtime management procedures
- f) Warranty and Support Documentation:
 - i. Warranty certificates
 - ii. Support escalation matrix

- iii. SLA documents
 - iv. OEM support contacts
- g) Asset and Inventory Documentation:
- i. Equipment inventory register
 - ii. Serial number records
 - iii. Asset tagging schedule
 - iv. Software license inventory

2.3.1.2 Technical Documents:

- a) System Design Documents:
- i. Solution architecture document
 - ii. Detailed system design
 - iii. Network architecture diagrams
 - iv. Data flow diagrams
 - v. Physical layout drawings
 - vi. Rack elevation diagrams
 - vii. Facility floor plans
 - viii. Power and cooling design
- b) Installation and Configuration Documents:
- i. Hardware installation guide
 - ii. Software installation guide
 - iii. Configuration manuals
 - iv. Parameter configuration sheets
 - v. Firmware versions
 - vi. IP addressing scheme
 - vii. VLAN configuration
 - viii. Firewall configuration
 - ix. Database configuration
- c) As-Built Documentation:
- i. As-built architecture diagrams
 - ii. Final network topology
 - iii. Final equipment placement
 - iv. Deviations from original design
 - v. Final configuration baselines
- d) Integration Documentation:
- i. API documentation
 - ii. Interface control documents (ICD)
 - iii. Integration architecture
 - iv. Middleware configuration
 - v. Third-party integration procedures
 - vi. Data exchange specifications

- vii. Web services specifications
- e) Security Documentation:
 - i. Security architecture document
 - ii. Access control matrix
 - iii. Encryption key management procedures
 - iv. PKI documentation
 - v. User roles and permissions matrix
 - vi. Audit logging configuration
 - vii. Cybersecurity hardening guide
- f) Database and Data Management Documentation:
 - i. Database schema
 - ii. Data dictionary
 - iii. Backup and restore procedures
 - iv. Replication procedures
 - v. Archiving procedures
 - vi. Data retention policies
- g) Testing and Commissioning Documentation:
 - i. Factory Acceptance Test (FAT) reports
 - ii. Site Acceptance Test (SAT) reports
 - iii. User Acceptance Test (UAT) reports
 - iv. Test scripts and results
 - v. Performance test reports
 - vi. Stress test reports
 - vii. Security test reports
 - viii. Defect logs and resolutions
- h) Maintenance and Support Technical Documentation:
 - i. Preventive maintenance manuals
 - ii. Troubleshooting guides
 - iii. Diagnostic procedures
 - iv. Spare parts manuals
 - v. OEM technical manuals
 - vi. System recovery procedures
- i) Facility Documentation (Turnkey Facility):
 - i. Electrical drawings
 - ii. UPS configuration documents
 - iii. Generator integration drawings
 - iv. HVAC documentation
 - v. Fire suppression system documentation
 - vi. Access control system manuals
 - vii. CCTV system documentation
 - viii. Structured cabling diagrams

- ix. Raised floor layout
- x. Environmental monitoring setup
- j) Compliance and Certification Documentation:
 - i. OEM certifications
 - ii. Compliance certificates
 - iii. ISO compliance documentation
 - iv. Security compliance reports
 - v. Regulatory approvals

2.4 Requirements of the Supplier’s Technical Team

2.4.1 The Supplier MUST maintain a technical team of the following roles and skill levels during the Supply and Installation Activities under the Contract:

2.4.1.1 Project Team Leader: Minimum Degree in Computer Science, Engineering, Information System, Telecommunications, Project Management or related field. Master’s Degree will be an added advantage. Certification in project management especially in PMP, PRINCE2 Practitioner, PMI-ACP (Added advantage). Experience of at least 10 years working on large scale ICT/IS projects in national ID management projects, secure document, mission critical infrastructure projects, etc. Specifically, they should have developed and implemented at least two (2) national scale identity or secure card personalization projects. Experience must reflect multi-vendor and standards-based integration rather than reliance on a single OEM platform.

2.4.1.2 Architect/ Structural Engineer (Buildings): Minimum degree architecture/structural engineering. Certifications relevant to the proposed. Must have at least five years’ experience in designs of Card Printing Facilities, Data Centers or IT related works. Responsible for the rehabilitation works of the allocated room for the Card Production Facility (CPF). Carry out assessment of the existing facility to identify gaps for establishing a conducive environment. Draw the implementation plan of the turnkey solution ensuring compatibility with international standards.

2.4.1.3 Solution Architect / Lead Systems Architect: Minimum Bachelor’s degree in Computer Science, Systems Engineering, Electronics or related field. Minimum 5 years’ experience in technical solution architecture, systems integration, interoperability, and technical assurance. Minimum certifications TOGAF, Certified Solutions Architecture, OEM solution certifications (where possible).

2.4.1.4 Secure Personalization System Engineer: Minimum Bachelor’s degree in Computer engineering, Electronics engineering, Mechatronics or related fields. Minimum 5 years’ experience in large scale card personalization systems with polycarbonate cards, laser engraving, chip

encoding and security feature implementation. The specialist shall hold OEM-certification in the proposed personalization system.

- 2.4.1.5 Card Mailing System Engineer: Minimum Bachelor’s degree in IT, Computer engineering, Electronics engineering, Mechatronics or related fields. Minimum 5 years’ experience in ID card mailing systems integrated to the personalization and the main ID systems. Experience with high volume print and mailing systems and dispatch solutions.
- 2.4.1.6 Cybersecurity and PKI Specialist: Minimum education qualifications: Degree in Cybersecurity, Computer Science, Information Security or related field. Minimum 7 years in Cybersecurity. Minimum Certifications: CISSP, CISM, CEH, PKI Certifications (Added Advantage). Minimum 3 years in Identity management or PKI enabled systems. Experience with HSMs, Encryption, Digital Certificates, Access Control Systems.
- 2.4.1.7 ID Card Security Specialist: Minimum Degree or Diploma in Computer Science, Information Security or related fields. Minimum certifications Advanced Card Expert (ACE-M), PKI Certifications. Minimum 5 years’ experience in secure ID card implementation of multilayered Polycarbonate Cards, Encryption systems, Covert and Forensic Security, Tactile and Laser-Braille elements.
- 2.4.1.8 Software Integration Specialist: Minimum Degree in Computer Science, Software Engineering, Information Systems or related field. Minimum Certifications APIs, Middleware, Web Services, Government System Integration. Minimum 5 years’ experience in Enterprise Systems Integration.
- 2.4.1.9 Network Engineer: Minimum Degree or Diploma in Computer Science, Network Engineering, Telecommunications or related fields. Minimum Certifications CCNA, CCNP, Fortinet /Palo Alto Certifications (Added advantage. Minimum 5 years’ experience in VLANs, Firewalls, secure Government networks, network redundancy.
- 2.4.1.10 Facilities/Electrical Engineer: Minimum education qualifications: Degree in Electrical Engineering, Mechanical Engineering, Building Services Engineering or related fields. Minimum 7 years in critical infrastructure or industrial setup. Experience with UPS systems, HVAC, Generators, Fire Suppression Systems, Secure facilities.
- 2.4.1.11 Training and Change Management Specialist: Minimum Degree in ICT, Education, Human Resource Development or related fields. Minimum Certifications: Trainer Certifications, change management certification (Prosci preferred). Minimum 5 years’ experience delivering ICT, training for government staff, operators and technical administrators.
- 2.4.1.12 Health, Safety and Environment (HSE) Officer: Minimum education qualifications: Diploma or Degree in Occupational Health and Safety,

Environmental Management or related fields. Minimum 3 years in infrastructure or industrial project safety management. Minimum certifications NEBOSH, OSHA certifications.

2.4.1.13 Quality Assurance and Testing Specialist: Minimum education qualifications: Degree in Computer Science, Engineering, Quality Management or related field. Minimum 5 years’ experience in enterprise ICT testing. Minimum Certifications ISTQB, ISO 9001 Lead Auditor (Added Advantage). Experience in conducting FAT, SAT, UAT, performance testing, security testing.

2.4.1.14 Card Production Facility Infrastructure Engineer: Minimum education qualifications: Degree in Computer Engineering, Information Technology, Electrical Engineering or related fields. Minimum 5 years’ experience in Data Center Systems, Hardware and Software Integrations, High Availability Systems. Minimum Certifications: Cisco CCNA/CCNP, Relevant OEM Certifications. Responsible for hardware/software design, implementation and support of the card personalization, mailing & dispatch system integrated with the NRIS, ICT infrastructure, and operational environment.

D. TECHNOLOGY SPECIFICATIONS – SUPPLY & INSTALL ITEMS

3.0 General Technical Requirements

- 3.0.1 Language Support: All components delivered as part of the proposed solution must provide support for the English language.
- 3.0.2 Electrical Power: All active (powered) equipment must operate on voltage range and frequency range, 220v +/- 20v, 50Hz +/- 2Hz. All active equipment must include power plugs complying with British Standard.
- 3.0.3 Environmental: Unless otherwise specified, all equipment must operate in environments of 18-27°C temperature, 40% - 60% rH humidity, and 0-40 grams per cubic meter of dust conditions.
- 3.0.4 Safety:
 - 3.0.4.1 Unless otherwise specified, all equipment must operate at noise levels no greater than 80 decibels.
 - 3.0.4.2 All electronic equipment that emits electromagnetic energy must be certified as meeting US FCC class B or END 55022 and END 50082-1, or equivalent, emission standards.

3.1 Automatic Modular Laser Personalization Systems (Qty: 2)

The bidder shall supply, install and commission two (2) Laser Personalization Systems that comply with the following minimum specifications:

- 3.1.1 Automatic Modular Laser personalization systems for Polycarbonate Smart Cards
- 3.1.2 Duplex printing speed not less than 2000 cards per Hour with 02 machines
- 3.1.3 Produce Laser Engraved Text, Greyscale Picture, Security features in Stacked-Layers at least Secondary image, micro lettering, CLI, QR code (both alpha numeric values), Tactile Laser Printing etc.
- 3.1.4 Produce multilingual identity documents
- 3.1.5 In-line data verification of the personalized card with the verification of the optical data
- 3.1.6 Automatic card recognition system to identify the blank card body and to check this against card reference. X-Y alignment for card front side and card back side independently as well as for the CLI feature separately.
- 3.1.7 Automatic rejection of bad cards and automatic/manual reproduction of these cards within the production job operation must be intimated through option message.
- 3.1.8 Machine software (GUI based) interface must include a mechanism which can be used by staff to retrieve status of each record for updating of database. (Audit or xml format/flat files etc files to be generated after completion of job/batch).
- 3.1.9 The systems must have easily achievable emergency buttons around the machine, which can be pushed by the operator from each point for secure operation.
- 3.1.10 Bidder must propose modular machine for future expansion and upgrades.
- 3.1.11 The Automatic Modular Personalization Systems to be supplied under this procurement shall utilize fiber-optic or diode-based Laser & greyscale printing technology suitable for Polycarbonate Smart Card personalization operations.

3.2 Personalization Laser Features

The laser personalization subsystem shall meet the following minimum technical requirements:

- 3.2.1 Layout Design Software
 - 3.2.1.1 The system shall include a Graphical Layout Designer/Editor that enables the creation, modification and management of customized card personalization layouts.
 - 3.2.1.2 The layout editor must allow operators to configure text fields, images, CLI windows, micro-text positions, MRZ zones, QR zones and all other variable data elements.
- 3.2.2 Marking Resolution Requirements
 - 3.2.2.1 The laser marking engine shall support the following minimum resolutions:
 - 3.2.2.1.1 Picture: 600 dpi or higher in full colour.
 - 3.2.2.1.2 Micro text: 600 dpi or higher and a line width and height of 0.33mm
- 3.2.3 Laser System Integration

3.2.3.1 The Card personalization subsystem must be fully integrated into the personalization machine and shall include, at minimum:

- 3.2.3.1.1 Dedicated Laser Marking Unit.
- 3.2.3.1.2 Power Supply and Control PC for laser & greyscale printing personalization operations.
- 3.2.3.1.3 An integrated Cooling System suitable for continuous industrial-scale laser engraving.
- 3.2.3.1.4 All components must operate as a unified system with synchronized workflow control.

3.2.4 Laser Calibration Requirements

3.2.4.1 Laser calibration must meet the following requirements:

- 3.2.4.1.1 Each machine shall include a laser calibration software tool capable of adjustable individual laser units or all laser units simultaneously to ensure consistent, uniform and identical marking quality across the entire production line.
- 3.2.4.1.2 Calibration must be automated and operator-assisted, with logs generated for audit purposes.

3.2.5 Independent Card Processing Capability

- 3.2.5.1 Each integrated laser must be able to personalize an entire card independently, without reliance on other lasers.
- 3.2.5.2 The machine design must allow any single laser station to be switched on, switched off, and/or taken out of operation for maintenance, without interrupting or degrading the overall production flow.

3.2.6 Additional Information Required

3.2.6.1 The bidder shall submit the following technical information as part of the proposal. These details are mandatory for evaluation and compliance verification:

- 3.2.6.1.1 Machine Technical Datasheet. A complete datasheet of the proposed personalization machine model, including:
 - Physical dimensions (height, width, depth).
 - Weight.
 - Operating environment requirements.
 - System architecture description.
- 3.2.6.1.2 Laser Engraving Unit Details. The bidder must provide detailed information on the brand, model, and type of laser engraving units integrated within the personalization system, including:
 - Laser technology (e.g., fiber laser, diode laser).
 - Wavelength specifications.
 - Expected operational lifespan.
 - Maintenance intervals.
- 3.2.6.1.3 Power and Air Pressure Requirements. The bidder shall submit a dedicated document specifying:
 - Electrical power requirements of the personalization unit.

- Air pressure requirements, including flow rate and compressor specifications (if applicable).

3.3 Automated Mailing & Dispatch System (Qty: 2 Units)

Bidder shall supply, install and commission two (2) automated mailing and dispatch systems with the following capabilities:

- 3.3.1 Card affixing to carrier letters (1 – 4) cards per letter).
 - 3.3.2 The machine automatically conveys the documents to the channel through the inserting module for envelope insertion
 - 3.3.3 Verification Capabilities including 1D, 2D and QR Code verification
 - 3.3.4 Automatic printing of personalized carrier letters
 - 3.3.5 Fully integrated card transport modules
 - 3.3.6 Reject magazines for error handling
 - 3.3.7 Buffer modules for uninterrupted operation
 - 3.3.8 Direct technology linkage with Malawi’s ID database
 - 3.3.9 Compatibility with modern courier workflows
 - 3.3.10 At least 2,000 completed mailers per hour with 02 machines
 - 3.3.11 Once cards are personalized and packed, the mailers are handed to courier services for last-mile delivery to citizens’ addresses recorded during enrolment.

3.4 Polycarbonate Cards (Qty: 2 million)

The bidder shall supply pre-personalized polycarbonate cards, together with full compliance to all card-body and security requirements outlined below.

- 3.4.1 Card Durability and Standards Compliance
 - 100% fused polycarbonate, multi-layer card
 - No adhesives (to avoid delamination).
 - 10-year lifespan minimum.
 - Compliance with ISO 7810, ISO 10373-1, ISO 24789.
- 3.4.2 Card Body Security Features – Front
 - Guilloche background, rainbow (IRIS) printing.
 - Optical Variable Magnetic Ink (OVMI) with Malawi flag motif
 - CLI (Changing Laser Image) – photo & number.
 - Microtext, relief tactile text, deliberate errors
 - Invisible UV elements (front & back).
 - Numismatic and crystal pattern security background
 - Rainbow (IRIS) printing.
 - Thermochromic Ink
 - Photonic Crystal pattern elements
 - Micro-text within the portrait box.
 - Tactile micro-text in relief text.

- Deliberate error elements (micro-text and relief text).
- Invisible UV-printing (national emblem).
- Numismatic background pattern.

3.4.3 Card Body Security Features — Back

- Rainbow colour transition effect.
- Optically Variable Magnetic Ink (OVMI) (Malawi map or rising red half-sun symbol).
- Invisible UV-printing (Malawi map or rising red half-sun symbol).
- Photonic crystal patterns Guilloche, including Guilloche security structures, Micro-text, Deliberate error elements.

3.4.4 Personalization Security Features

- High-resolution portrait (600+ dpi).
- Stacked-Layer Grey Scale Personalization.
- Secondary Image
- CLI elements.
- Micro-lettering (above 600 dpi).
- QR Code, and multilingual data.
- Tactile laser printing for added tactile security

3.4.5 Sample Card Images (Required Submissions)

3.4.5.1 The firm shall provide sample card images demonstrating the exact layout, design and security features. Required samples include:

- Blank Card – Front Side (Image).
- Blank Card – Back Side (Image)
- Personalized Card – Front Side (Image)
- Personalized Card – Back Side (Image).
- Samples shall be included in the bid submission and again during production testing

3.4.6 Standards Compliance

3.4.6.1 All supplied cards must strictly adhere to the following standards:

To secure the compliance of the card, the vendor must provide successful test results from internationally recognized Labs:

- a. ISO 24789-1 & 2 Card durability and lifetime requirements 100% polycarbonate (PC).
- b. ISO 10373
- c. ISO 7810

06-layered, fully fused and manufactured without adhesives to prevent delamination and ensure long-term durability
At least following Tests should be conducted

- i. Card Usage & Aging Simulation Test (Minimum 10 Years Service Life) |
- ii. Card Dimensions Test
- iii. Card Bending Stiffness Test
- iv. Card Resistance to Chemicals Test (Except Salt Mist)
- v. Card Resistance to Chemicals Test (Salt Mist)
- vi. Card Dimensional Stability & Warpage Test (Temperature & Humidity) |
- vii. Card Ultraviolet (UV) Light Exposure Test
- viii. Card Dynamic Bending Stress Test (Up to 1,000 Cycles)
- ix. Card Dynamic Torsional Stress Test (Up to 1,000 Cycles)
- x. Card Peel Strength Test
- xi. Card Adhesion (Blocking) Test
- xii. Card Opacity Test
- xiii. Card Warpage Test
- xiv. Card Resistance to Heat Test

The Supplier is required to get the cards tested positive (on its own cost) for compliance from one of the leading Polycarbonate Card Labs of the world Lab Test Reports to be provided at the time of bid submission for last 03 year

- ISO 24789-1 & 2 Card durability and lifetime requirements 100% polycarbonate (PC).ISO 10373-1 — Card testing methods.
- ISO 7810 100% polycarbonate (PC).
- 06-layered, fully fused and manufactured without adhesives to prevent delamination and ensure long-term durability.

At least following Tests should be conducted:

- i. Card Usage & Aging Simulation Test (Minimum 10 Years Service Life)
- ii. Card Dimensions Test
- iii. Card Bending Stiffness Test
- iv. Card Resistance to Chemicals Test (Except Salt Mist)
- v. Card Resistance to Chemicals Test (Salt Mist)
- vi. Card Dimensional Stability & Warpage Test (Temperature & Humidity)
- vii. Card Ultraviolet (UV) Light Exposure Test
- viii. Card Dynamic Bending Stress Test (Up to 1,000 Cycles)
- ix. Card Dynamic Torsional Stress Test (Up to 1,000 Cycles)
- x. Card Peel Strength Test
- xi. Card Adhesion (Blocking) Test

- xii. Card Opacity Test
- xiii. Card Warpage Test
- xiv. Card Resistance to Heat Test

The Supplier is required to get the cards tested positive (on its own cost) for compliance from one of the leading Polycarbonate Card Labs of the world

3.5 Renovation of Premises

3.5.1 Scope

- 3.5.1.1 The bidder shall be responsible for the renovation of the premises to transform the designated facility into a secure, fully operational, compliant, and production-ready centre to house the polycarbonate, multi-layer card automatic laser personalization system and the mailing and dispatch system.
- 3.5.1.2 The bidder shall undertake all necessary renovation, refurbishment, fit-out, supply, installation, testing, commissioning, and handover works required for establishment of a fully functional turnkey personalization facility.

3.5.2 Site Assessment and Design

3.5.2.1 The bidder shall:

- Conduct a detailed site survey and assessment
- Verify dimensions and existing infrastructure
- Assess structural suitability of the premises
- Assess electrical load capacity
- Assess environmental conditions
- Identify renovation requirements
- Produce detailed implementation drawings and designs

3.5.3 Civil and Architectural Works

3.5.3.1 The bidder shall carry out all required civil and architectural renovations including:

3.5.3.1.1 Internal Refurbishment

- Partitioning works
- Wall finishing and painting
- Adequate sound proofing and noise cancellation materials
- Ceiling installation or refurbishment
- Floor finishing
- Anti-static flooring where required
- Raised flooring where required
- Door installation and replacement
- Window reinforcement where necessary

3.5.3.1.2 Secure Area Construction

- Card personalization room
- Secure blank card storage room
- Consumables storage room
- Quality assurance room
- Secure destruction room
- Packaging and mailing room
- Server room / data room
- Control room
- Operator workspaces

3.5.3.1.3 Physical Reinforcement

- Burglar-proofing
- Reinforced doors
- Secure locks
- Security cages
- Vault or secure storage installations where applicable

3.5.4 Electrical Works

3.5.4.1 The bidder shall provide complete electrical infrastructure necessary for uninterrupted operations:

- Electrical rewiring where necessary
- Dedicated power circuits
- Distribution boards
- Electrical protection systems
- Isolators and breakers
- Earthing and grounding systems
- Lightning protection
- Power outlets and sockets
- Cable management systems
- Emergency lighting

3.5.5 HVAC and Environmental Control Systems

3.5.5.1 The bidder shall provide appropriate environmental control systems for mission-critical operations:

- Precision cooling systems for server and personalization rooms
- Air conditioning systems
- Ventilation systems
- Humidity control systems
- Temperature monitoring systems
- Environmental sensors
- Air filtration systems

3.5.6 Structured ICT Cabling Infrastructure

3.5.6.1 The bidder shall install complete ICT infrastructure including:

- Structured LAN cabling
- Fibre optic cabling where required
- Network cabinets and racks
- Patch panels
- Cable trays and conduits
- Network outlets
- Labelling systems
- Data centre rack arrangements

3.5.6.2 All cabling shall comply with internationally recognized standards.

3.5.7 Security Systems

3.5.7.1 Given the sensitivity of national identity operations, the bidder shall implement comprehensive physical security systems:

3.5.7.1.1 Access Control Systems

- Biometric access systems
- Smart card access systems
- Role-based access zones
- Access logging systems

3.5.7.1.2 CCTV Surveillance Systems

- Internal and external CCTV cameras
- Video recording systems
- Centralized monitoring systems
- Long-term storage capability

3.5.7.1.3 Intrusion Detection Systems

- Motion sensors
- Door sensors
- Alarm systems
- Panic alarm systems

3.5.7.1.4 Security Monitoring

- Centralized security monitoring console
- Audit trail generation
- Event logging

3.5.8 Fire Detection and Suppression Systems

3.5.8.1 The bidder shall install the following appropriate fire protection systems:

- Fire detection systems
- Smoke detectors
- Heat detectors
- Fire alarm systems
- Fire extinguishers
- Clean agent fire suppression systems for server rooms
- Emergency evacuation signage

3.5.8.2 All systems shall comply with relevant fire safety standards.

3.5.9 Personalization Facility Fit-Out

3.5.9.1 The bidder shall fully prepare the following operational areas for card personalization activities:

- Operator workstations
- Ergonomic furniture
- Production line layout
- Equipment positioning
- Quality control stations
- Consumables handling stations
- Secure waste disposal arrangements

3.5.10 Health, Safety, and Environmental Requirements

3.5.10.1 The bidder shall ensure:

- Compliance with occupational health and safety standards
- Safe working practices
- Environmental compliance
- Waste disposal management
- Hazard management during renovation

3.5.11 Testing and Commissioning

3.5.11.1 The bidder shall perform complete testing and commissioning of all facility systems including:

- Electrical testing
- HVAC testing
- Security systems testing
- Fire systems testing
- Structured cabling testing
- Environmental testing
- Integrated systems testing
- Load testing
- Operational readiness testing

3.5.12 Documentation Requirements

3.5.12.1 The bidder shall provide:

- As-built drawings
- Test reports
- Equipment manuals
- Maintenance manuals
- Warranties
- Configuration documents
- Preventive maintenance schedules

3.5.13 Training Requirements

3.5.13.1 The bidder shall provide training on:

- Facility operations
- Electrical systems
- HVAC systems

- Fire systems
- Security systems
- Preventive maintenance
- Emergency procedures

3.5.14 Warranties and Defect Liability

3.5.14.1 The bidder shall provide:

- Minimum defect liability period
- Workmanship warranties
- Equipment warranties
- Maintenance support during warranty period

E. TESTING AND QUALITY ASSURANCE REQUIREMENTS

4.1 Inspections

- 4.1.1 Factory Inspections: Must be able to arrange Malawi team visits for FAT (Factory Acceptance Test) & Training on the offered laser personalization machine and the mailing and dispensing system at their production unit. Travelling and Boarding expenses for Malawi team shall be borne by Malawi Government.
- 4.1.2 Inspections following delivery: Provisions and methods for inspection to be employed by the Project Team upon delivery and unpacking of the data centre and ancillary equipment to the Client’s site.

4.2 Pre-commissioning Tests

- 4.2.0 In addition to the Supplier’s standard check-out and set-up tests, the Supplier (with the assistance of the Purchaser) must perform the following tests on the System and its Subsystems before Installation will be deemed to have occurred and the Purchaser will issue the Installation Certificate(s) (pursuant to GCC Clause 26 and related SCC clauses).
- 4.2.1 The Bidder shall prepare, execute and document a comprehensive Pre-Commissioning Test Programme covering all hardware, software, infrastructure, security, integration, operational and performance requirements. All pre-commissioning tests shall be successfully completed and approved by the Purchaser prior to commencement of formal commissioning and operational acceptance testing. Failure to pass any critical pre-commissioning test shall require corrective action and re-testing at no additional cost to the Purchaser.
- 4.2.2 Pre-commissioning Tests for the entire System are listed in Table A below.

4.3 Operational Acceptance Tests

- 4.3.0 Pursuant to GCC Clause 27 and related SCC clauses, the Purchaser (with the assistance of the Supplier) will perform the following tests on the System and its Subsystems following Installation to determine whether the System and the Subsystems meet all the requirements mandated for Operational Acceptance.
- 4.3.1 The Bidder shall conduct comprehensive Operational Acceptance Testing (OAT) in a live production environment to demonstrate full operational readiness of the integrated National ID Card Personalization and Mailing System. The OAT shall confirm system stability, throughput performance, security compliance, data integrity, NRIS interoperability, operational independence of the Purchaser, and readiness for uninterrupted national identity card issuance operations. Successful completion of all OATs shall be a prerequisite for issuance of the Operational Acceptance Certificate and commencement of warranty and support obligations.
- 4.3.2 Operational Acceptance Tests for the entire System are listed in Table B below.

F. SERVICE SPECIFICATIONS – RECURRENT COST ITEMS

5.1 Warranty Defect Repair

- 5.1.1 The Supplier MUST provide the following services under the Contract or, as appropriate under separate contracts (as specified in the request for proposals documents).
 - 5.1.1.1 Warranty Defect Repair Service: three (3) years coverage period; response time and problem-resolution performance standards; modes of service, such as on-site, on-call, or return to warehouse
 - a) repair or replace goods (or part of them)
 - b) resupply or fix a problem with services (or part of them)

5.2 Technical Support

- 5.2.1 The Supplier MUST provide the following services under the Contract or, as appropriate under separate contracts (as specified in the request for proposals documents).
 - 5.2.1.1 User support / hot line: 24x7
 - 5.2.1.2 Technical Assistance: Level 2 and Level 3/Product Line categories of technical staff required; and appropriate KPIs covering:
 - a) Overall Equipment Effectiveness (OEE)
 - b) Mean time to repair (MTTR)
 - c) Mean time between failure (MTBF)

d) Preventive maintenance compliance (PMC)

- 5.2.1.3 Post-Warranty Maintenance Services: three (3) years renewable coverage period; response time and problem-resolution performance standards; modes of service, such as on-site, on-call, or return to warehouse.

5.3 Requirements of the Supplier’s Technical Team

- 5.3.1 The Supplier MUST provide a technical team to cover the Purchaser’s anticipated Post-Operational Acceptance Technical Assistance Activities Requirements (e.g., modification of the Information System to comply with changing legislation and regulations) with the roles and skill levels that are specified below. The minimum expected quantities of inputs by the Supplier’s technical support team are specified in the relevant System Inventory Tables for Recurrent Cost Items.

- 5.3.1.1 Card Production Facility Infrastructure Engineer: Minimum education qualifications: Degree in Computer Engineering, Information Technology, Electrical Engineering or related fields. Minimum 5 years’ experience in Data Center Systems, Hardware and Software Integrations, High Availability Systems. Minimum Certifications: Cisco CCNA/CCNP, Relevant OEM Certifications. Responsible for support of the card personalization, mailing & dispatch system integrated with the NRIS, ICT infrastructure, and operational environment

- 5.3.1.2 ID Card Security Specialist: Minimum Degree or Diploma in Computer Science, Information Security or related fields. Minimum certifications Advanced Card Expert (ACE-M), PKI Certifications. Minimum 5 years’ experience in secure ID card implementation of multilayered Polycarbonate Cards, Encryption systems, Covert and Forensic Security, Tactile and Laser-Braille elements

- 5.3.1.3 Facilities/Electrical Engineer: Minimum education qualifications: Degree in Electrical Engineering, Mechanical Engineering, Building Services Engineering or related fields. Minimum 7 years in critical infrastructure or industrial setup. Experience with UPS systems, HVAC, Generators, Fire Suppression Systems, Secure facilities.

- 5.3.1.4 Network Engineer: Minimum Degree or Diploma in Computer Science, Network Engineering, Telecommunications or related fields. Minimum Certifications CCNA, CCNP, Fortinet /Palo Alto Certifications (Added advantage. Minimum 5 years’ experience in VLANs, Firewalls, secure Government networks, network redundancy.

- 5.3.1.5 Cybersecurity and PKI Specialist: Minimum education qualifications: Degree in Cybersecurity, Computer Science, Information Security or related field. Minimum 7 years in Cybersecurity. Minimum Certifications: CISSP, CISM, CEH, PKI Certifications (Added

Advantage). Minimum 3 years in Identity management or PKI enabled systems. Experience with HSMs, Encryption, Digital Certificates, Access Control Systems.

Annexes

Table A: Schedule of the Pre-commissioning Tests – (4.2. 2)

No	Type of Test	Objective	Test Details	Deliverables
1	Physical Installation Verification Tests	To verify that all equipment has been installed in accordance with approved designs and manufacturer’s specifications.	• Verification of equipment placement and layout. • Verification of equipment anchoring and stability. • Inspection of cable management and labelling. • Verification of rack installations. • Verification of workstation installations. • Verification of safety clearances around equipment.	Physical Installation Verification Report.
2	Electrical Power Tests	To confirm the adequacy and stability of electrical systems supporting the personalization facility.	• Utility power verification. • UPS functionality testing. • Power distribution testing. • Load testing of power circuits. • Automatic transfer switch testing. • Earthing/grounding tests. • Voltage and frequency stability measurements.	Electrical Systems Test Report.
3	Environmental Systems Tests	To verify environmental readiness of the personalization facility.	HVAC Testing: • Temperature control verification. • Humidity control verification. • Airflow testing. Fire Detection and Suppression Testing: • Smoke detector functionality.	Environmental Systems Readiness Report.

No	Type of Test	Objective	Test Details	Deliverables
			- Alarm activation. - Suppression system readiness. Water Leakage Detection: - Sensor functionality testing.	
4	Network Infrastructure Tests	To verify network readiness and connectivity.	- LAN connectivity testing. - WAN connectivity testing. - Network redundancy testing. - Switch and router functionality testing. - Network throughput testing. - Network latency testing. - VLAN verification. - DNS and DHCP testing.	Network Acceptance Report.
5	Cybersecurity and Access Control Tests	To verify that the personalization environment is secure.	User Authentication: - Active Directory integration. - Role-based access control verification. - Password policy testing. Security Controls: - Firewall rule verification. - Anti-malware verification. - Endpoint security testing. Audit Logging: - Log generation verification. - Event monitoring verification.	Security Readiness Report.

No	Type of Test	Objective	Test Details	Deliverables
6	Personalization Equipment Functional Tests	To verify operational readiness of card personalization equipment.	Card Feeding Tests: • Hopper loading. • Automatic feeding. Laser Engraving Tests: • Image engraving. • Text engraving. • Variable data engraving. Printing Tests: • Print alignment. • Colour consistency. • Print quality. Encoding Tests (if applicable): • Chip encoding. • Barcode encoding. • QR code encoding.	Equipment Functional Test Report.
7	Mailing System Functional Tests	To verify operational readiness of mailing equipment.	• Envelope feeding. • Envelope insertion. • Address printing. • Sorting functionality. • Batch processing functionality.	Mailing System Functional Test Report.
8	Software Installation and Configuration Tests	To verify that all software components are properly configured.	• Operating system verification. • Database installation verification. • Application installation verification. • License verification. • Backup configuration verification.	Software Readiness Report.

No	Type of Test	Objective	Test Details	Deliverables
			Monitoring tools verification.	
9	NRIS Integration Tests	To verify connectivity and interoperability with the National Registration and Identification System (NRIS).	Interface Connectivity: - API connectivity testing. - Web service connectivity testing. - Secure communication verification. Data Exchange Tests: - Demographic data retrieval. - Photograph retrieval. - Signature image retrieval. - Production status updates. Error Handling Tests: - Invalid record handling. - Missing data handling. - Communication failure recovery.	NRIS Integration Test Report.
10	Data Validation and Integrity Tests	To verify integrity of data exchanged between systems.	- Field mapping verification. - Data transformation verification. - Character encoding verification. - Data completeness checks. - Duplicate record detection.	Data Integrity Verification Report.
11	Security Feature Verification Tests	To verify implementation of card security features.	- Laser engraving quality. - Ghost image verification. - Microtext verification. - Guilloche pattern verification. - Security background verification. - UV feature verification.	Card Security Features Verification Report.

No	Type of Test	Objective	Test Details	Deliverables
			Machine-readable element verification.	
12	Quality Control System Tests	To verify card quality inspection systems.	- Automated inspection functionality. - Defect detection. - OCR verification. - Barcode verification. - Image quality verification.	Quality Assurance Test Report.
13	Backup and Recovery Tests	To verify system resilience and recoverability.	- Backup execution testing. - Database restoration testing. - Configuration restoration testing. - Disaster recovery procedures testing.	Backup and Recovery Test Report.
14	Production Workflow Simulation Tests	To verify complete end-to-end workflow operation.	The bidder shall simulate: - Citizen record extraction from NRIS. - Card production job generation. - Card personalization. - Quality inspection. - Card mailing preparation. - Dispatch generation. - Status update to NRIS	Workflow Simulation Report.
15	Pilot Production Readiness Tests	To verify readiness for pilot production.	The bidder shall successfully produce a minimum number of test cards (e.g., 500–1,000 cards) using actual production processes. - Verification shall include: - Data accuracy. - Print quality. - Engraving quality. - Mailing functionality.	Pilot Production Readiness Report.

No	Type of Test	Objective	Test Details	Deliverables
			• Reporting functionality.	
16	Performance and Capacity Tests	To verify that the solution can meet required production volumes.	The bidder shall demonstrate: • Sustained card production rates. • Peak production capability. • Batch processing capability. • Mailing throughput capability.	Capacity and Performance Test Report.

Table B: Schedule of the Operational Acceptance Tests (4.3. 2)

No	Type of Test	Objective	Test Conditions	Success Criteria
1	End-to-End Operational Workflow Test	To confirm full operational readiness of the complete ID card lifecycle.	• NRIS fully integrated and operational in production environment • Personalization and mailing systems installed and commissioned • Live or production-like approved citizen records available • All subsystems (hardware, software, security, network) operational	• 100% of test records processed end-to-end without manual intervention • Successful flow from NRIS → personalization → QC → mailing → dispatch → status update • Accurate status updates reflected in NRIS • Full audit trail available for each transaction
2	Sustained Production Stability Test	To validate system stability under continuous real operational use.	• Production environment fully operational • Real consumables and live configuration used • Normal staffing levels in place	• System operates continuously for a minimum defined period (e.g., 5–10 working days) • System availability $\geq 99\%$ during test period • No critical or severity 1 failures • No unplanned production stoppage due to system failure
3	Production Throughput Compliance Test	To confirm that the system meets contractual production capacity requirements.	• Full system configuration deployed • Representative production batch loaded	• Achieved throughput $\geq$ contractual minimum (cards/hour and mail items/hour) • No backlog accumulation under steady-state load • Processing queues remain within defined thresholds • Consistent output over sustained period

No	Type of Test	Objective	Test Conditions	Success Criteria
4	Peak Load Operational Test	To validate system behaviour under peak demand conditions.	• Simulated peak production workload applied • All system components operating simultaneously	• No system crashes or failures • No data loss or corruption • System response time remains within acceptable operational thresholds • Throughput remains $\geq 95\%$ of nominal capacity under peak load
5	Data Accuracy and Integrity Test (Live Operations)	To ensure correctness of all data processed in live operations.	• Real NRIS data used • Production jobs executed	• $\geq 99.99\%$ accuracy of demographic and biometric data on cards • No mismatch between NRIS source data and printed/encoded output • No loss or duplication of records • Consistent data integrity across all subsystems
6	NRIS Business Process Integration Test	To validate operational interoperability with NRIS.	• NRIS integration active in production mode • Live transactions enabled	• Successful execution of all business transactions: ○ New issuance ○ Reprint requests ○ Replacement cards ○ Lost/damaged card processing • Real-time status updates reflected in NRIS • No failed or orphaned transactions
7	Card Quality and Security Compliance Test	To verify production output meets national identity security standards.	• Production card stock and security materials in use • Approved design templates applied	• 100% compliance with approved card design specifications • Security features (laser engraving, microtext, UV, etc.) correctly applied • Reject rate $\leq 1\%$ • Machine-readable features fully functional (barcode/QR/chip if applicable)

No	Type of Test	Objective	Test Conditions	Success Criteria
8	Mailing and Dispatch Operations Test	To validate operational readiness of mailing subsystem.	• Mailing system fully integrated with personalization system • Production mailing batches available	• $\geq 99.5\%$ accuracy in mail insertion and addressing • No duplicate or missing mail items • Correct matching of card-to-envelope-to-recipient • Dispatch records correctly generated and stored
9	Audit Trail and Traceability Test	To ensure full traceability of all operational activities.	• Audit logging enabled across all systems • Live transactions executed	• 100% traceability of each card from NRIS record to dispatch • All user actions logged (operator, supervisor, admin) • System events and exceptions logged and retrievable • Audit logs tamper-proof and secure
10	Security Operations Test	To validate operational cybersecurity controls.	• Role-based access control configured • Security policies active	• Only authorised users can access defined functions • Failed login attempts logged and alerted • No privilege escalation possible • All security events logged and monitored • No critical vulnerabilities identified during operation
11	Backup, Restore and Recovery Operations Test	To confirm operational resilience of the system.	• Backup systems configured and scheduled •	• Successful backup execution during live operation • Successful restoration of data without corruption • No significant disruption to production operations

No	Type of Test	Objective	Test Conditions	Success Criteria
12	Monitoring and Alerting Operational Test	To ensure operational visibility and incident response readiness.	Monitoring tools and dashboards configured	- Alerts generated for system failures, performance degradation, and consumable thresholds - Alerts successfully received by operators in real time - Monitoring dashboards reflect real-time system status - Logs and metrics available for troubleshooting
13	Multi-Shift Operational Test	To validate system performance under real staffing conditions.	- At least two operator shifts engaged - Handover procedures executed	- No disruption during shift handover - Consistent throughput across shifts - No dependency on vendor presence for operations - Operators able to independently manage system
14	Consumables and Inventory Management Test	To ensure operational continuity of supplies.	Live consumables used in production	- Accurate tracking of consumables usage - Automated alerts for low stock levels - No production stoppage due to inventory failures - Inventory reports accurate and real-time
15	Operational Reporting and SLA Compliance Test	To validate reporting capability and service level compliance.	Production data generated over operational period	- Accurate daily, weekly, and monthly reports generated - SLA metrics correctly calculated (uptime, throughput, rejection rate) - Reports available to authorized users on demand - No discrepancies between system logs and reports
16	Operational Independence	To confirm Purchaser can operate system	Training completed for Purchaser staff	Purchaser staff independently operate full system

No	Type of Test	Objective	Test Conditions	Success Criteria
	Test (Knowledge Transfer Validation)	without vendor dependency.	• Vendor support limited to observation only	• All routine operational tasks performed without vendor intervention • Troubleshooting of minor issues handled by trained staff • Operational manuals validated and usable
17	Final Operational Acceptance Demonstration Test	To formally confirm readiness for full production rollout.	• All prior OATs successfully completed • System running in production environment	• Continuous successful production over agreed observation period (e.g., 10–30 days) • All KPIs met: ○ System availability $\geq 99\%$ ○ Data accuracy $\geq 99.99\%$ ○ Card reject rate $\leq 1\%$ ○ Mailing accuracy $\geq 99.5\%$ • Full NRIS integration operational • No critical unresolved defects • Purchaser formally accepts operational readiness

Implementation Schedule

Table of Contents: Implementation Schedule

A.	Implementation Schedule Table	191
B.	Site Table(s)	193
C.	Table of Holidays and Other Non-Working Days	194

A. IMPLEMENTATION SCHEDULE TABLE

Line Item No.	Subsystem / Item	Configuration Table No.	Site / Site Code	Delivery (Proposer to specify in the Preliminary Project Plan)	Installation (weeks from Effective Date)	Acceptance (weeks from Effective Date)	Liquidated Damages Milestone
1	Project Mobilization & Planning		NRB HQ		T + 1 week	T + 2 weeks	
2	Design & Detailed Planning		NRB HQ		T + 3 weeks	T + 6 weeks	Detailed Design Approval
3	Procurement & Manufacturing		NRB HQ		T + 7 weeks	T + 16 weeks	
4	Facility Renovation (Turnkey)		NRB HQ		T + 7 weeks	T + 18 weeks	
5	Factory Acceptance Testing (FAT)		NRB HQ		T + 17 weeks	T + 17 weeks	Successful FAT
6	Shipping & Customs Clearance		NRB HQ		T + 18 weeks	T + 20weeks	Equipment delivered on Site
7	Installation & Site Acceptance Testing (SAT)		NRB HQ		T + 21 weeks	T + 26 weeks	Installation & SAT Complete

Line Item No.	Subsystem / Item	Configuration Table No.	Site / Site Code	Delivery (Proposer to specify in the Preliminary Project Plan)	Installation (weeks from Effective Date)	Acceptance (weeks from Effective Date)	Liquidated Damages Milestone
8	Training & Knowledge Transfer		NRB HQ		T + 25 weeks	T + 28 weeks	Training Completed
9	System Commissioning & Performance Testing		NRB HQ		T + 27 weeks	T + 30 weeks	System Commissioned
10	Handover, Go-Live & Closure		NRB HQ		T + 31 weeks	T + 32 weeks	Full Handover & Go-Live

Note: Refer to the System Inventory Table(s) for the specific items and components that constitute the Subsystems or item. Refer to the Site Table(s) below for details regarding the site and the site code.

- - indicates not applicable. “Indicates repetition of table entry above.

B. SITE TABLE(S)

Background and Informational Materials

A. BACKGROUND

0.1 The Purchaser

- 0.1.1 The National Registration Bureau (NRB) is a Government Department under the Ministry of Homeland Security. The National Registration Act of 2010 mandates the NRB to implement, coordinate, manage and maintain the National Registration and Identification System (NRIS) in Malawi. NRB has the following deliverables: Birth and Death Certificates; National Identity Cards for bonafide Malawians; Identity Cards for foreigners; and Certificate of Registration of Marriage.
- 0.1.2 Through the NRB, the Government of Malawi is undertaking efforts to enhance the security, durability and efficiency of its National ID personalization and dispatch processes.

0.2 The Purchaser’s Business Objectives for the Information System

- 0.2.1 This project therefore aims to procure and operationalize a complete system for personalization and mailing of Malawi’s polycarbonate National ID cards through:
 - 0.2.1.1 the renovation of Card Printing Facility by identifying the gaps for conducive environment, quantifying the extent of materials, equipment and renovations to be made, identify and supervise a partner to supply, install and commission ancillary equipment.
 - 0.2.1.2 the supply of high-security, ISO-compliant polycarbonate cards featuring advanced card-body and personalization security features.
 - 0.2.1.3 the supply of two (2) laser personalization systems capable of producing laser-engraved, multilingual and security-enhanced polycarbonate ID cards with the provided performance characteristics and technical capabilities.
 - 0.2.1.4 the supply of two (2) mailing machine systems that meet the described output capacity, barcode/QR reading capabilities, card-to-carrier handling, software compatibility requirements.
 - 0.2.1.5 the provision of all required software components, machine software, diagnostic tools and documentation.
 - 0.2.1.6 the provision of classroom-based and hands-on training to Government staff to enable them to effectively operate, manage, and provide first-line support.

- 0.2.1.7 the establishment of turnkey facility by providing and installing all deliverables explicitly stated in the Malawi National ID Card, Personalization and Mailing System specification document.
- 0.2.2 Once completed, the Turnkey Polycarbonate National ID Personalization and Mailing Facility is expected to deliver significant improvements across security, operational efficiency, citizen services, and long-term sustainability for Malawi’s National Registration and Identification System (NRIS). Some of the key anticipated benefits include: strongly enhanced security, significantly improved durability & quality, much higher production efficiency & speed, faster & more convenient ID delivery to citizens. This project will transform Malawi’s National ID issuance from a potentially manual, less secure, and slower process into a modern, highly secure, efficient, and citizen-friendly system that meets international standards.

B. INFORMATIONAL MATERIALS

0.3 The Legal, Regulatory, and Normative Context for the Information System

- 0.3.1 Data Protection Act of 2024, Communications Act of 2016, The National Registration Act of 2015, Electronic Transactions and Cybersecurity Act of 2016, Malawi's National Digitalization Policy, Project Environmental and Social Management Plan and other legislations and policies are in place to support the smooth running of data centre across government agencies.

0.4 Existing Information Systems / Information Technologies Relevant to the Information System

- 0.4.1 The National Registration and Identification System (NRIS) is a government-managed system responsible for the registration, identification, and verification of citizens and eligible residents. It serves as the authoritative source of identity information and provides the foundation for the issuance and management of national identity credentials.
- 0.4.2 The primary objective of the NRIS is to establish a unique, secure, and verifiable identity for every registered individual by providing a single trusted source of identity. The system supports government service delivery, national security, financial inclusion, economic development, and digital transformation initiatives.
- 0.4.3 The National Registration Bureau (NRB) operates four key information systems that collectively support the registration and management of vital civil events throughout an individual's lifetime, namely:
- i. Electronic Birth Registration System (eBRS);
 - ii. National Identity System (NID);
 - iii. Electronic Marriage Registration System (eMRS); and

iv. Electronic Death Registration System (eDRS).

0.4.4 These systems are fully integrated at the backend and are designed to exchange information automatically through secure interfaces. This integration enables the creation and maintenance of a single, consistent identity record throughout a person's lifecycle, from birth registration through marriage and ultimately to death registration.

0.4.5 The National Identity System (NID) serves as the central repository and integration hub, connecting all civil registration systems and ensuring that a unique identity is maintained across all records.

0.4.6 The core functions of the NRIS include:

0.4.6.1 Civil Registration Support

- Registration of births, marriages, deaths, and other vital events (where integrated).
- Maintenance of demographic records.

0.4.6.2 Identity Registration

- Enrolment of individuals into the national identification database.
- Collection of demographic and biometric information.

0.4.6.3 Identity Verification

- Verification of an individual's identity against the national database.
- Authentication services for government and private sector applications.

0.4.6.4 Credential Issuance

- Production and issuance of national identity cards.
- Management of card renewals, replacements, and cancellations.

0.4.6.5 Identity Management

- Updating citizen records.
- Maintaining the integrity and accuracy of identity information.

0.4.7 The key components of the NRIS are:

0.4.7.1 Registration and Enrolment System which is used to capture biographical data, biometric data and relevant supporting documentation. The data that is captured include full name, date of birth, gender, residential address, photograph, fingerprints and signature.

0.4.7.2 Central Population Register serves as the authoritative database containing identity records for all registered individuals. Its functions include record storage, record maintenance, identity lookup, data integrity management and identity lifecycle management.

0.4.7.3 Biometric Identification System which is used to ensure uniqueness of individuals, detect duplicate registrations and support identity

verification. The typical biometrics used are fingerprints and facial images.

0.4.7.4 National Identity System (NID) serves as the central identity management platform and integration hub for all civil registration systems. It generates and manages the unique National Identity Number (NIN) assigned to every citizen and eligible resident. The NIN is subsequently used across all integrated registration systems, ensuring consistency, traceability, and data integrity throughout an individual's life.

0.4.7.5 Identity Card Personalization System which is responsible for personalizing identity cards, encoding chip information, printing cardholder details, applying security features and managing card production workflows.

0.4.7.6 Card Issuance and Distribution System which manages card production workflows, mailing and dispatch activities, distribution tracking; and card issuance and collection processes.

0.4.7.7 Verification and Authentication Services which provides online verification, offline verification and third-party authentication services. These services are utilized by government agencies, banks, insurance companies, telecommunications providers and the national electoral body.

0.4.8 Card Production Environment

0.4.8.1 At the centre of the card production ecosystem is the National Identity System (NID), which interfaces with the centralized Card Production Facility (CPF) for identity card personalization, production, mailing, and dispatch services.

0.4.8.2 Card production requests originating from NRB registration centres, remote sites, and mobile registration equipment are transmitted to the CPF where they are queued, personalized, quality-checked, produced, and prepared for dispatch.

0.4.8.3 The card production process supports:

- First-time issuance of National Identity Cards;
- Replacement of lost, stolen, damaged, or defaced cards;
- Re-issuance due to changes in personal particulars, including marriage and legal changes of name; and
- Renewal of cards and biometric records in accordance with applicable legislation and policy requirements.

0.4.8.4 The National Identity System has been designed using open standards to facilitate integration with different card personalization technologies and solutions.

0.4.8.5 In accordance with the Malawi National Registration Act (2015), the minimum age for issuance of a National Identity Card is sixteen (16) years.

0.4.9 Security Requirements

0.4.9.1 As a critical national infrastructure, the NRIS requires security controls at multiple levels, including:

- Physical security (secure registration centres, secure personalization facilities, secure storage facilities and controlled access environments)
- Information security (encryption of data at rest and in transit, identity and access management controls, audit trails and security monitoring, security event detection and response mechanisms)
- Identity security (biometric deduplication, anti-fraud controls and secure card personalization processes and secure management of identity credentials and card production assets.)

0.4.10 Technology Architecture

0.4.10.1 The NRIS technology architecture comprises the following components:

- Front-end systems (registration workstations, mobile enrolment kits and biometric capture devices)
- Core systems (National Identity System (NID), identity management platform, biometric identification system, and central population register.)
- Supporting systems (card personalization systems, mailing and dispatch systems, reporting and analytics systems, document management systems, and verification and authentication platforms.)
- Infrastructure (primary data centre, disaster recovery facility, network infrastructure, cybersecurity infrastructure, and backup and recovery systems.)

0.4.10.2 The technology architecture is depicted by the diagram below:

0.4.10.3 The NRIS architecture provides the technological foundation required to support secure identity registration, card production, verification, authentication, and lifecycle identity management services across the country.

0.5 Available Training Facilities to Support the Implementation of the Information System

0.5.1 The Government of Malawi will provide training facilities that will be used for the delivery of the various training interventions to support the implementation of this solution.

General Conditions of Contract

A. CONTRACT AND INTERPRETATION

1. Definitions

1.1 In this Contract, the following terms shall be interpreted as indicated below.

(a) contract elements

- (i) **“Contract”** means the Contract Agreement entered into between the Purchaser and the Supplier, together with the Contract Documents referred to therein. The Contract Agreement and the Contract Documents shall constitute the Contract, and the term “the Contract” shall in all such documents be construed accordingly.
- (ii) **“Contract Documents”** means the documents specified in Article 1.1 (Contract Documents) of the Contract Agreement (including any amendments to these Documents).
- (iii) **“Contract Agreement”** means the agreement entered into between the Purchaser and the Supplier using the form of Contract Agreement contained in the Sample Contractual Forms Section of the request for proposals documents and any modifications to this form agreed to by the Purchaser and the Supplier. The date of the Contract Agreement shall be recorded in the signed form.
- (iv) **“GCC”** means the General Conditions of Contract.
- (v) **“SCC”** means the Special Conditions of Contract.
- (vi) **“Technical Requirements”** means the Technical Requirements in Section VII of the request for proposals documents.
- (vii) **“Implementation Schedule”** means the Implementation Schedule in Section VII of the request for proposals documents.
- (viii) **“Contract Price”** means the price or prices defined in Article 2 (Contract Price and Terms of Payment) of the Contract Agreement.

- (ix) **“Procurement Regulations”** refers to the edition **specified in the SCC** of the World Bank **“Procurement Regulations for IPF Borrowers”**.
 - (x) **“request for proposals document”** refers to the document issued by the Purchaser on the subject procurement process.
 - (xi) **“Sexual Exploitation and Abuse” “(SEA)”** means the following:

Sexual Exploitation is defined as any actual or attempted abuse of position of vulnerability, differential power or trust, for sexual purposes, including, but not limited to, profiting monetarily, socially or politically from the sexual exploitation of another.

Sexual Abuse is defined as the actual or threatened physical intrusion of a sexual nature, whether by force or under unequal or coercive conditions.
 - (xii) **“Sexual Harassment” “(SH)”** is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature by the Supplier’s Personnel with other Supplier’s or Purchaser’s personnel.
- (b) entities
- (i) **“Purchaser”** means the entity purchasing the Information System, as **specified in the SCC**.
 - (ii) **“Purchaser’s Personnel”** means all staff, labor and other employees of the Project Manager and of the Purchaser engaged in fulfilling the Purchaser’s obligations under the Contract; and any other personnel identified as Purchaser’s Personnel, by a notice from the Purchaser to the Supplier;
 - (iii) **“Project Manager”** means the person **named as such in the SCC** or otherwise appointed by the Purchaser in the manner provided in GCC Clause 18.1 (Project Manager) to perform the duties delegated by the Purchaser.
 - (iv) **“Supplier”** means the firm or Joint Venture whose proposal to **perform the Contract** has

been accepted by the Purchaser and is named as such in the Contract Agreement.

- (v) **“Supplier’s Representative”** means any person **nominated** by the Supplier and named as such in the Contract Agreement or otherwise approved by the Purchaser in the manner provided in GCC Clause 18.2 (Supplier’s Representative) to perform the duties delegated by the Supplier.
 - (vi) **“Supplier’s Personnel”** means all personnel whom the Supplier utilizes in the execution of the Contract, including the staff, labor and other employees of the Supplier and each Subcontractor; and any other personnel assisting the Supplier in the execution of the Contract;
 - (vii) **“Subcontractor”** means any firm to whom any of the obligations of the Supplier, including preparation of any design or supply of any Information Technologies or other Goods or Services, is subcontracted directly or indirectly by the Supplier.
 - (viii) **“Adjudicator”** means the person named in Appendix 2 of the Contract Agreement, **appointed** by agreement between the Purchaser and the Supplier to make a decision on or to settle any dispute between the Purchaser and the Supplier referred to him or her by the parties, pursuant to GCC Clause 43.1 (Adjudication).
 - (ix) **“The World Bank”** (also called “The Bank”) means the International Bank for Reconstruction and Development (IBRD) or the International Development Association (IDA).
- (c) scope
- (i) **“Information System,”** also called “the System,” means all the Information Technologies, Materials, and other Goods to be supplied, installed, integrated, and made operational (exclusive of the Supplier’s Equipment), together with the Services to be carried out by the Supplier under the Contract.
 - (ii) **“Subsystem”** means any subset of the System identified as such in the Contract that may be supplied, installed, tested, and commissioned

individually before Commissioning of the entire System.

- (iii) “Information Technologies” means all information processing and communications-related hardware, Software, supplies, and consumable items that the Supplier is required to supply and install under the Contract.
- (iv) “Goods” means all equipment, machinery, furnishings, Materials, and other tangible items that the Supplier is required to supply or supply and install under the Contract, including, without limitation, the Information Technologies and Materials, but excluding the Supplier’s Equipment.
- (v) “Services” means all technical, logistical, management, and any other Services to be provided by the Supplier under the Contract to supply, install, customize, integrate, and make operational the System. Such Services may include, but are not restricted to, activity management and quality assurance, design, development, customization, documentation, transportation, insurance, inspection, expediting, site preparation, installation, integration, training, data migration, Pre-commissioning, Commissioning, maintenance, and technical support.
- (vi) “The Project Plan” means the document to be developed by the Supplier and approved by the Purchaser, pursuant to GCC Clause 19, based on the requirements of the Contract and the Preliminary Project Plan included in the Supplier’s proposal. The “Agreed Project Plan” is the version of the Project Plan approved by the Purchaser, in accordance with GCC Clause 19.2. Should the Project Plan conflict with the Contract in any way, the relevant provisions of the Contract, including any amendments, shall prevail.
- (vii) “Software” means that part of the System which are instructions that cause information processing Subsystems to perform in a specific manner or execute specific operations.

- (viii) “System Software” means Software that provides the operating and management instructions for the underlying hardware and other components, and is identified as such in Appendix 4 of the Contract Agreement and such other Software as the parties may agree in writing to be Systems Software. Such System Software includes, but is not restricted to, micro-code embedded in hardware (i.e., “firmware”), operating systems, communications, system and network management, and utility software.
- (ix) “General-Purpose Software” means Software that supports general-purpose office and software development activities and is identified as such in Appendix 4 of the Contract Agreement and such other Software as the parties may agree in writing to be General-Purpose Software. Such General-Purpose Software may include, but is not restricted to, word processing, spreadsheet, generic database management, and application development software.
- (x) “Application Software” means Software formulated to perform specific business or technical functions and interface with the business or technical users of the System and is identified as such in Appendix 4 of the Contract Agreement and such other Software as the parties may agree in writing to be Application Software.
- (xi) “Standard Software” means Software identified as such in Appendix 4 of the Contract Agreement and such other Software as the parties may agree in writing to be Standard Software.
- (xii) “Custom Software” means Software identified as such in Appendix 4 of the Contract Agreement and such other Software as the parties may agree in writing to be Custom Software.
- (xiii) “Source Code” means the database structures, dictionaries, definitions, program source files, and any other symbolic representations necessary for the compilation, execution, and subsequent maintenance of the Software

(typically, but not exclusively, required for Custom Software).

- (xiv) “Materials” means all documentation in printed or printable form and all instructional and informational aides in any form (including audio, video, and text) and on any medium, provided to the Purchaser under the Contract.
 - (xv) “Standard Materials” means all Materials not specified as Custom Materials.
 - (xvi) “Custom Materials” means Materials developed by the Supplier at the Purchaser’s expense under the Contract and identified as such in Appendix 5 of the Contract Agreement and such other Materials as the parties may agree in writing to be Custom Materials. Custom Materials includes Materials created from Standard Materials.
 - (xvii) “Intellectual Property Rights” means any and all copyright, moral rights, trademark, patent, and other intellectual and proprietary rights, title and interests worldwide, whether vested, contingent, or future, including without limitation all economic rights and all exclusive rights to reproduce, fix, adapt, modify, translate, create derivative works from, extract or re-utilize data from, manufacture, introduce into circulation, publish, distribute, sell, license, sublicense, transfer, rent, lease, transmit or provide access electronically, broadcast, display, enter into computer memory, or otherwise use any portion or copy, in whole or in part, in any form, directly or indirectly, or to authorize or assign others to do so.
 - (xviii) “Supplier’s Equipment” means all equipment, tools, apparatus, or things of every kind required in or for installation, completion and maintenance of the System that are to be provided by the Supplier, but excluding the Information Technologies, or other items forming part of the System.
- (d) activities
- (i) “Delivery” means the transfer of the Goods from the Supplier to the Purchaser in accordance with

- the current edition Incoterms specified in the Contract.
- (ii) “Installation” means that the System or a Subsystem as specified in the Contract is ready for Commissioning as provided in GCC Clause 26 (Installation).
 - (iii) “Pre-commissioning” means the testing, checking, and any other required activity that may be specified in the Technical Requirements that are to be carried out by the Supplier in preparation for Commissioning of the System as provided in GCC Clause 26 (Installation).
 - (iv) “Commissioning” means operation of the System or any Subsystem by the Supplier following Installation, which operation is to be carried out by the Supplier as provided in GCC Clause 27.1 (Commissioning), for the purpose of carrying out Operational Acceptance Test(s).
 - (v) “Operational Acceptance Tests” means the tests specified in the Technical Requirements and Agreed Project Plan to be carried out to ascertain whether the System, or a specified Subsystem, is able to attain the functional and performance requirements specified in the Technical Requirements and Agreed Project Plan, in accordance with the provisions of GCC Clause 27.2 (Operational Acceptance Test).
 - (vi) “Operational Acceptance” means the acceptance by the Purchaser of the System (or any Subsystem(s) where the Contract provides for acceptance of the System in parts), in accordance with GCC Clause 27.3 (Operational Acceptance).
- (e) place and time
- (i) “Purchaser’s Country” is the **country named in the SCC**.
 - (ii) “Supplier’s Country” is the country in which the Supplier is legally organized, as named in the Contract Agreement.
 - (iii) **Unless otherwise specified in the SCC** “Project Site(s)” means the place(s) in the Site Table in the

Technical Requirements Section for the supply and installation of the System.

- (iv) “Eligible Country” means the countries and territories eligible for participation in procurements financed by the World Bank as defined in the Procurement Regulations.
- (v) “Day” means calendar day of the Gregorian Calendar.
- (vi) “Week” means seven (7) consecutive Days, beginning the day of the week as is customary in the Purchaser’s Country.
- (vii) “Month” means calendar month of the Gregorian Calendar.
- (viii) “Year” means twelve (12) consecutive Months.
- (ix) “Effective Date” means the date of fulfillment of all conditions specified in Article 3 (Effective Date for Determining Time for Achieving Operational Acceptance) of the Contract Agreement, for the purpose of determining the Delivery, Installation, and Operational Acceptance dates for the System or Subsystem(s).
- (x) “Contract Period” is the time period during which this Contract governs the relations and obligations of the Purchaser and Supplier in relation to the System, as **unless otherwise specified in the SCC**, the Contract shall continue in force until the Information System and all the Services have been provided, unless the Contract is terminated earlier in accordance with the terms set out in the Contract.
- (xi) “Defect Liability Period” (also referred to as the “Warranty Period”) means the period of validity of the warranties given by the Supplier commencing at date of the Operational Acceptance Certificate of the System or Subsystem(s), during which the Supplier is responsible for defects with respect to the System (or the relevant Subsystem[s]) as provided in GCC Clause 29 (Defect Liability).
- (xii) “The Coverage Period” means the Days of the Week and the hours of those Days during which

maintenance, operational, and/or technical support services (if any) must be available.

- (xiii) The Post-Warranty Services Period” means the number of years **defined in the SCC** (if any), following the expiration of the Warranty Period during which the Supplier may be obligated to provide Software licenses, maintenance, and/or technical support services for the System, either under this Contract or under separate contract(s).

2. Contract Documents

- 2.1 Subject to Article 1.2 (Order of Precedence) of the Contract Agreement, all documents forming part of the Contract (and all parts of these documents) are intended to be correlative, complementary, and mutually explanatory. The Contract shall be read as a whole.

3. Interpretation

- 3.1 Governing Language

3.1.1 **Unless otherwise specified in the SCC**, all Contract Documents and related correspondence exchanged between Purchaser and Supplier shall be written in the language of the request for proposals document (English), and the Contract shall be construed and interpreted in accordance with that language.

3.1.2 If any of the Contract Documents or related correspondence are prepared in a language other than the governing language under GCC Clause 3.1.1 above, the translation of such documents into the governing language shall prevail in matters of interpretation. The originating party, with respect to such documents shall bear the costs and risks of such translation.

- 3.2 Singular and Plural

The singular shall include the plural and the plural the singular, except where the context otherwise requires.

- 3.3 Headings

The headings and marginal notes in the GCC are included for ease of reference and shall neither constitute a part of the Contract nor affect its interpretation.

- 3.4 Persons

Words importing persons or parties shall include firms, corporations, and government entities.

3.5 Incoterms

Unless inconsistent with any provision of the Contract, the meaning of any trade term and the rights and obligations of parties thereunder shall be as prescribed by the Incoterms

Incoterms means international rules for interpreting trade terms published by the International Chamber of Commerce (latest edition), 38 Cours Albert 1^{er}, 75008 Paris, France.

3.6 Entire Agreement

The Contract constitutes the entire agreement between the Purchaser and Supplier with respect to the subject matter of Contract and supersedes all communications, negotiations, and agreements (whether written or oral) of parties with respect to the subject matter of the Contract made prior to the date of Contract.

3.7 Amendment

No amendment or other variation of the Contract shall be effective unless it is in writing, is dated, expressly refers to the Contract, and is signed by a duly authorized representative of each party to the Contract.

3.8 Independent Supplier

The Supplier shall be an independent contractor performing the Contract. The Contract does not create any agency, partnership, joint venture, or other joint relationship between the parties to the Contract.

Subject to the provisions of the Contract, the Supplier shall be solely responsible for the manner in which the Contract is performed. All employees, representatives, or Subcontractors engaged by the Supplier in connection with the performance of the Contract shall be under the complete control of the Supplier and shall not be deemed to be employees of the Purchaser, and nothing contained in the Contract or in any subcontract awarded by the Supplier shall be construed to create any contractual relationship between any such employees, representatives, or Subcontractors and the Purchaser.

3.9 Joint Venture

If the Supplier is a Joint Venture of two or more firms, all such firms shall be jointly and severally bound to the Purchaser for the fulfillment of the provisions of the Contract and shall designate one of such firms to act as a leader with authority to bind the Joint Venture. The composition or

constitution of the Joint Venture shall not be altered without the prior consent of the Purchaser.

3.10 Nonwaiver

3.10.1 Subject to GCC Clause 3.10.2 below, no relaxation, forbearance, delay, or indulgence by either party in enforcing any of the terms and conditions of the Contract or the granting of time by either party to the other shall prejudice, affect, or restrict the rights of that party under the Contract, nor shall any waiver by either party of any breach of Contract operate as waiver of any subsequent or continuing breach of Contract.

3.10.2 Any waiver of a party's rights, powers, or remedies under the Contract must be in writing, must be dated and signed by an authorized representative of the party granting such waiver, and must specify the right and the extent to which it is being waived.

3.11 Severability

If any provision or condition of the Contract is prohibited or rendered invalid or unenforceable, such prohibition, invalidity, or unenforceability shall not affect the validity or enforceability of any other provisions and conditions of the Contract.

3.12 Country of Origin

"Origin" means the place where the Information Technologies, Materials, and other Goods for the System were produced or from which the Services are supplied. Goods are produced when, through manufacturing, processing, Software development, or substantial and major assembly or integration of components, a commercially recognized product results that is substantially different in basic characteristics or in purpose or utility from its components. The Origin of Goods and Services is distinct from the nationality of the Supplier and may be different.

4. Notices

4.1 Unless otherwise stated in the Contract, all notices to be given under the Contract shall be in writing and shall be sent, pursuant to GCC Clause 4.3 below, by personal delivery, airmail post, special courier, facsimile, electronic mail, or other electronic means, with the following provisions.

4.1.1 Any notice sent by facsimile, electronic mail, or EDI shall be confirmed within two (2) days after dispatch

by notice sent by airmail post or special courier, except as otherwise specified in the Contract.

- 4.1.2 Any notice sent by airmail post or special courier shall be deemed (in the absence of evidence of earlier receipt) to have been delivered ten (10) days after dispatch. In proving the fact of dispatch, it shall be sufficient to show that the envelope containing such notice was properly addressed, stamped, and conveyed to the postal authorities or courier service for transmission by airmail or special courier.
- 4.1.3 Any notice delivered personally or sent by facsimile, electronic mail, or EDI shall be deemed to have been delivered on the date of its dispatch.
- 4.1.4 Either party may change its postal, facsimile, electronic mail, or EDI addresses for receipt of such notices by ten (10) days' notice to the other party in writing.
- 4.2 Notices shall be deemed to include any approvals, consents, instructions, orders, certificates, information and other communication to be given under the Contract.
- 4.3 Pursuant to GCC Clause 18, notices from/to the Purchaser are normally given by, or addressed to, the Project Manager, while notices from/to the Supplier are normally given by, or addressed to, the Supplier's Representative, or in its absence its deputy if any. If there is no appointed Project Manager or Supplier's Representative (or deputy), or if their related authority is limited by the SCC for GCC Clauses 18.1 or 18.2.2, or for any other reason, the Purchaser or Supplier may give and receive notices at their fallback addresses. The address of the Project Manager and the fallback address of the Purchaser are as **specified in the SCC** or as subsequently established/amended. The address of the Supplier's Representative and the fallback address of the Supplier are as specified in Appendix 1 of the Contract Agreement or as subsequently established/amended.

- 5. Governing Law**
- 5.1 The Contract shall be governed by and interpreted in accordance with the laws of the country **specified in the SCC**.
- 5.2 Throughout the execution of the Contract, the Supplier shall comply with the import of goods and services prohibitions in the Purchaser's Country when
- (a) as a matter of law or official regulations, the Borrower's country prohibits commercial relations with that country; or
 - (b) by an act of compliance with a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, the Borrower's Country prohibits any import of goods from that country or any payments to any country, person, or entity in that country.
- 6. Fraud and Corruption**
- 6.1 The Bank requires compliance with the Bank's Anti-Corruption Guidelines and its prevailing sanctions policies and procedures as set forth in the WBG's Sanctions Framework, as set forth in the Appendix 1 to the GCC.
- 6.2 The Purchaser requires the Suppliers to disclose any commissions or fees that may have been paid or are to be paid to agents or any other party with respect to the procurement process or execution of the Contract. The information disclosed must include at least the name and address of the agent or other party, the amount and currency, and the purpose of the commission, gratuity or fee.

B. SUBJECT MATTER OF CONTRACT

- 7. Scope of the System**
- 7.1 Unless otherwise expressly **limited in the SCC** or Technical Requirements, the Supplier's obligations cover the provision of all Information Technologies, Materials and other Goods as well as the performance of all Services required for the design, development, and implementation (including procurement, quality assurance, assembly, associated site preparation, Delivery, Pre-commissioning, Installation, Testing, and Commissioning) of the System, in accordance with the plans, procedures, specifications, drawings, codes, and any other documents specified in the Contract and the Agreed Project Plan.
- 7.2 The Supplier shall, unless specifically excluded in the Contract, perform all such work and / or supply all such items

and Materials not specifically mentioned in the Contract but that can be reasonably inferred from the Contract as being required for attaining Operational Acceptance of the System as if such work and / or items and Materials were expressly mentioned in the Contract.

- 7.3 The Supplier's obligations (if any) to provide Goods and Services as implied by the Recurrent Cost tables of the Supplier's proposal, such as consumables, spare parts, and technical services (e.g., maintenance, technical assistance, and operational support), are as **specified in the SCC**, including the relevant terms, characteristics, and timings.

**8. Time for
Commencement
and Operational
Acceptance**

- 8.1 The Supplier shall commence work on the System within the period **specified in the SCC**, and without prejudice to GCC Clause 28.2, the Supplier shall thereafter proceed with the System in accordance with the time schedule specified in the Implementation Schedule and any refinements made in the Agreed Project Plan.
- 8.2 The Supplier shall achieve Operational Acceptance of the System (or Subsystem(s) where a separate time for Operational Acceptance of such Subsystem(s) is specified in the Contract) in accordance with the time schedule specified in the Implementation Schedule and any refinements made in the Agreed Project Plan, or within such extended time to which the Supplier shall be entitled under GCC Clause 40 (Extension of Time for Achieving Operational Acceptance).

9. Supplier's Responsibilities

9.1 The Supplier shall conduct all activities with due care and diligence, in accordance with the Contract and with the skill and care expected of a competent provider of information technologies, information systems, support, maintenance, training, and other related services, or in accordance with best industry practices. In particular, the Supplier shall provide and employ only technical personnel who are skilled and experienced in their respective callings and supervisory staff who are competent to adequately supervise the work at hand. The Supplier shall ensure that its Subcontractors carry out the work on the Information System in accordance with the Contract, including complying with relevant environmental and social requirements and the obligations set out in GCC Clause 9.9.

The Supplier shall at all times take all reasonable precautions to maintain the health and safety of the Supplier's Personnel employed for the execution of the Contract at the Project Site/s in the Purchaser's country where the Contract is executed.

If **required in the SCC**, the Supplier shall submit to the Purchaser for its approval a health and safety manual which has been specifically prepared for the Contract.

The health and safety manual shall be in addition to any other similar document required under applicable health and safety regulations and laws.

The health and safety manual shall set out any applicable health and safety requirement under the Contract,

(a) which may include:

- (i) the procedures to establish and maintain a safe working environment;
- (ii) the procedures for prevention, preparedness and response activities to be implemented in the case of an emergency event (i.e. an unanticipated incident, arising from natural or man-made hazards);
- (iii) the measures to be taken to avoid or minimize the potential for community exposure to water-borne, water-based, water-related, and vector-borne diseases,
- (iv) the measures to be implemented to avoid or minimize the spread of communicable diseases; and

(b) any other requirements stated in the Purchaser's Requirements.

- 9.2 The Supplier confirms that it has entered into this Contract on the basis of a proper examination of the data relating to the System provided by the Purchaser and on the basis of information that the Supplier could have obtained from a visual inspection of the site (if access to the site was available) and of other data readily available to the Supplier relating to the System as at the date twenty-eight (28) days prior to proposal submission. The Supplier acknowledges that any failure to acquaint itself with all such data and information shall not relieve its responsibility for properly estimating the difficulty or cost of successfully performing the Contract.
- 9.3 The Supplier shall be responsible for timely provision of all resources, information, and decision making under its control that are necessary to reach a mutually Agreed Project Plan (pursuant to GCC Clause 19.2) within the time schedule specified in the Implementation Schedule. Failure to provide such resources, information, and decision-making may constitute grounds for termination pursuant to GCC Clause 41.2.
- 9.4 The Supplier shall acquire in its name all permits, approvals, and/or licenses from all local, state, or national government authorities or public service undertakings in the Purchaser's Country that are necessary for the performance of the Contract, including, without limitation, visas for the Supplier's Personnel and entry permits for all imported Supplier's Equipment. The Supplier shall acquire all other permits, approvals, and/or licenses that are not the responsibility of the Purchaser under GCC Clause 10.4 and that are necessary for the performance of the Contract.
- 9.5 The Supplier shall comply with all laws in force in the Purchaser's Country. The laws will include all national, provincial, municipal, or other laws that affect the performance of the Contract and are binding upon the Supplier. The Supplier shall indemnify and hold harmless the Purchaser from and against any and all liabilities, damages, claims, fines, penalties, and expenses of whatever nature arising or resulting from the violation of such laws by the Supplier or its personnel, including the Subcontractors and their personnel, but without prejudice to GCC Clause 10.1. The Supplier shall not indemnify the Purchaser to the extent that such liability, damage, claims, fines, penalties, and

expenses were caused or contributed to by a fault of the Purchaser.

- 9.6 Any Information Technologies or other Goods and Services that will be incorporated in or be required for the System and other supplies shall have their Origin, as defined in GCC Clause 3.12, in a country that shall be an Eligible Country, as defined in GCC Clause 1.1 (e) (iv).
- 9.7 Pursuant to paragraph 2.2 e. of the Appendix 1 to the General Conditions of Contract, the Supplier shall permit and shall cause its agents (where declared or not), subcontractors, subconsultants, service providers, suppliers, and personnel, to permit, the Bank and/or persons appointed by the Bank to inspect the site and/or the accounts, records and other documents relating to the procurement process, selection and/or contract execution, and to have such accounts, records and other documents audited by auditors appointed by the Bank. The Supplier's and its Subcontractors' and subconsultants' attention is drawn to GCC Clause 6.1 (Fraud and Corruption) which provides, inter alia, that acts intended to materially impede the exercise of the Bank's inspection and audit rights constitute a prohibited practice subject to contract termination (as well as to a determination of ineligibility pursuant to the Bank's prevailing sanctions procedures).
- 9.8 The Supplier shall conform to the sustainable procurement contractual provisions, if and as **specified in the SCC**.
- 9.9 **Code of Conduct**

The Supplier shall have a Code of Conduct for the Supplier's Personnel employed for the execution of the Contract at the Project Site/s.

The Supplier shall take all necessary measures to ensure that each such personnel is made aware of the Code of Conduct including specific behaviors that are prohibited, and understands the consequences of engaging in such prohibited behaviors.

These measures include providing instructions and documentation that can be understood by such personnel, and seeking to obtain that person's signature acknowledging receipt of such instructions and/or documentation, as appropriate.

The Supplier shall also ensure that the Code of Conduct is visibly displayed in the Project Site/s as well as, as applicable, in areas outside the Project Site/s accessible to the local

community and any project affected people. The posted Code of Conduct shall be provided in languages comprehensible to the Supplier's Personnel, Purchaser's Personnel and the local community.

The Supplier's Management Strategy and Implementation Plans, if applicable, shall include appropriate processes for the Supplier to verify compliance with these obligations.

9.10 The Supplier shall, in all dealings with its labor and the labor of its Subcontractors currently employed on or connected with the Contract, pay due regard to all recognized festivals, official holidays, religious or other customs, and all local laws and regulations pertaining to the employment of labor.

9.11 The Supplier, including its Subcontractors, shall comply with all applicable safety obligations. The Supplier shall at all times take all reasonable precautions to maintain the health and safety of the Supplier's Personnel employed for the execution of Contract at the Project Site/s.

9.12 Training of Supplier's Personnel

The Supplier shall provide appropriate training to relevant Supplier's Personnel on any applicable environmental and social aspect of the Contract, including appropriate sensitization on prohibition of SEA, health and safety.

As stated in the Purchaser's Requirements or as instructed by the Project Manager, the Supplier shall also allow appropriate opportunities for the relevant personnel to be trained on any applicable environmental and social aspects of the Contract by the Purchaser's Personnel and/or other personnel assigned by the Purchaser.

The Supplier shall provide training on SEA and SH, including its prevention, to any of its personnel who has a role to supervise other Supplier's Personnel.

9.13 Stakeholder engagements

The Supplier shall provide relevant contract-related information, as the Purchaser and/or Project Manager may reasonably request to conduct contract stakeholder engagement. "Stakeholder" refers to individuals or groups who:

- (a) are affected or likely to be affected by the Contract;
and
- (b) may have an interest in the Contract.

The Supplier may also directly participate in contract stakeholder engagements, as the Purchaser and/or Project Manager may reasonably request.

9.14 Forced Labor

The Supplier, including its Subcontractors, shall not employ or engage forced labour. Forced labour consists of any work or service, not voluntarily performed, that is exacted from an individual under threat of force or penalty, and includes any kind of involuntary or compulsory labour, such as indentured labour, bonded labour or similar labour-contracting arrangements.

No persons shall be employed or engaged who have been subject to trafficking. Trafficking in persons is defined as the recruitment, transportation, transfer, harbouring or receipt of persons by means of the threat or use of force or other forms of coercion, abduction, fraud, deception, abuse of power, or of a position of vulnerability, or of the giving or receiving of payments or benefits to achieve the consent of a person having control over another person, for the purposes of exploitation.

9.15 Child Labor

The Supplier, including its Subcontractors, shall not employ or engage a child under the age of 14 unless the national law specifies a higher age (the minimum age).

The Supplier, including its Subcontractors, shall not employ or engage a child between the minimum age and the age of 18 in a manner that is likely to be hazardous, or to interfere with, the child's education, or to be harmful to the child's health or physical, mental, spiritual, moral, or social development.

The Supplier, including its Subcontractors, shall only employ or engage children between the minimum age and the age of 18 after an appropriate risk assessment has been conducted by the Supplier with the Project Manager's consent. The Supplier shall be subject to regular monitoring by the Project Manager that includes monitoring of health, working conditions and hours of work.

Work considered hazardous for children is work that, by its nature or the circumstances in which it is carried out, is likely to jeopardize the health, safety, or morals of children. Such work activities prohibited for children include work:

- (a) with exposure to physical, psychological or sexual abuse;
- (b) underground, underwater, working at heights or in confined spaces;
- (c) with dangerous machinery, equipment or tools, or involving handling or transport of heavy loads;
- (d) in unhealthy environments exposing children to hazardous substances, agents, or processes, or to temperatures, noise or vibration damaging to health; or
- (e) under difficult conditions such as work for long hours, during the night or in confinement on the premises of the employer.

9.16 Non-Discrimination and Equal Opportunity

The Supplier shall not make decisions relating to the employment or treatment of personnel for the execution of the Contract on the basis of personal characteristics unrelated to inherent job requirements. The Supplier shall base the employment of personnel for the execution of the Contract on the principle of equal opportunity and fair treatment, and shall not discriminate with respect to any aspects of the employment relationship, including recruitment and hiring, compensation (including wages and benefits), working conditions and terms of employment, access to training, job assignment, promotion, termination of employment or retirement, and disciplinary practices.

Special measures of protection or assistance to remedy past discrimination or selection for a particular job based on the inherent requirements of the job shall not be deemed discrimination. The Supplier shall provide protection and assistance as necessary to ensure non-discrimination and equal opportunity, including for specific groups such as women, people with disabilities, migrant workers and children (of working age in accordance with GCC Clause 9.15).

9.17 Personnel Grievance Mechanism

The Supplier shall have a grievance mechanism for personnel employed in the execution of the Contract to raise workplace concerns. The grievance mechanism shall be proportionate to the nature, scale, risks and impacts of the Contract. The grievance mechanism may utilize existing grievance mechanisms, provided that they are properly

designed and implemented, address concerns promptly, and are readily accessible to such personnel.

9.18 Security of the Project Site

If stated in the SCC, the Supplier shall be responsible for the security at the Project Site/s including providing and maintaining at its own expense all lighting, fencing, and watching when and where necessary for the proper execution and the protection of the locations, or for the safety of the owners and occupiers of adjacent property and for the safety of the public.

In making security arrangements, the Supplier shall be guided by applicable laws and any other requirements that may be stated in the Purchaser's Requirements.

The Supplier shall (i) conduct appropriate background checks on any personnel retained to provide security; (ii) train the security personnel adequately (or determine that they are properly trained) in the use of force (and where applicable, firearms), and appropriate conduct towards the Supplier's Personnel, Purchaser's Personnel and affected communities; and (iii) require the security personnel to act within the applicable Laws and any requirements set out in the Purchaser's Requirements.

The Supplier shall not permit any use of force by security personnel in providing security except when used for preventive and defensive purposes in proportion to the nature and extent of the threat.

9.19 Recruitment of Persons

The Supplier shall not recruit, or attempt to recruit, either on limited time or permanent basis or through any other contractual agreement, staff and labor from amongst the Purchaser's Personnel.

9.20 **Unless otherwise specified in the SCC** the Supplier shall have no other Supplier responsibilities.

10. Purchaser's Responsibilities

- 10.1 The Purchaser shall ensure the accuracy of all information and/or data to be supplied by the Purchaser to the Supplier, except when otherwise expressly stated in the Contract.
- 10.2 The Purchaser shall be responsible for timely provision of all resources, information, and decision making under its control that are necessary to reach an Agreed Project Plan (pursuant to GCC Clause 19.2) within the time schedule specified in the Implementation Schedule. Failure to

- provide such resources, information, and decision making may constitute grounds for Termination pursuant to GCC Clause 41.3.1 (b).
- 10.3 The Purchaser shall be responsible for acquiring and providing legal and physical possession of the site and access to it, and for providing possession of and access to all other areas reasonably required for the proper execution of the Contract.
- 10.4 If requested by the Supplier, the Purchaser shall use its best endeavors to assist the Supplier in obtaining in a timely and expeditious manner all permits, approvals, and/or licenses necessary for the execution of the Contract from all local, state, or national government authorities or public service undertakings that such authorities or undertakings require the Supplier or Subcontractors or the Supplier's Personnel, as the case may be, to obtain.
- 10.5 In such cases where the responsibilities of specifying and acquiring or upgrading telecommunications and/or electric power services falls to the Supplier, as specified in the Technical Requirements, SCC, Agreed Project Plan, or other parts of the Contract, the Purchaser shall use its best endeavors to assist the Supplier in obtaining such services in a timely and expeditious manner.
- 10.6 The Purchaser shall be responsible for timely provision of all resources, access, and information necessary for the Installation and Operational Acceptance of the System (including, but not limited to, any required telecommunications or electric power services), as identified in the Agreed Project Plan, except where provision of such items is explicitly identified in the Contract as being the responsibility of the Supplier. Delay by the Purchaser may result in an appropriate extension of the Time for Operational Acceptance, at the Supplier's discretion.
- 10.7 Unless otherwise specified in the Contract or agreed upon by the Purchaser and the Supplier, the Purchaser shall provide sufficient, properly qualified operating and technical personnel, as required by the Supplier to properly carry out Delivery, Pre-commissioning, Installation, Commissioning, and Operational Acceptance, at or before the time specified in the Implementation Schedule and the Agreed Project Plan.
- 10.8 The Purchaser will designate appropriate staff for the training courses to be given by the Supplier and shall make

all appropriate logistical arrangements for such training as specified in the Technical Requirements, SCC, the Agreed Project Plan, or other parts of the Contract.

- 10.9 The Purchaser assumes primary responsibility for the Operational Acceptance Test(s) for the System, in accordance with GCC Clause 27.2, and shall be responsible for the continued operation of the System after Operational Acceptance. However, this shall not limit in any way the Supplier's responsibilities after the date of Operational Acceptance otherwise specified in the Contract.
- 10.10 The Purchaser is responsible for performing and safely storing timely and regular backups of its data and Software in accordance with accepted data management principles, except where such responsibility is clearly assigned to the Supplier elsewhere in the Contract.
- 10.11 All costs and expenses involved in the performance of the obligations under this GCC Clause 10 shall be the responsibility of the Purchaser, save those to be incurred by the Supplier with respect to the performance of the Operational Acceptance Test(s), in accordance with GCC Clause 27.2.
- 10.12 **Unless otherwise specified in the SCC** the Purchaser shall have no other Purchaser responsibilities.

C. PAYMENT

- 11. Contract Price**
- 11.1 The Contract Price shall be as specified in Article 2 (Contract Price and Terms of Payment) of the Contract Agreement.
- 11.2 Unless an adjustment clause is **provided for in the SCC**, the Contract Price shall be a firm lump sum not subject to any alteration, except in the event of a Change in the System pursuant to GCC Clause 39 or to other clauses in the Contract;
- 11.3 The Supplier shall be deemed to have satisfied itself as to the correctness and sufficiency of the Contract Price, which shall, except as otherwise provided for in the Contract, cover all its obligations under the Contract.

12. Terms of Payment

- 12.1 The Supplier's request for payment shall be made to the Purchaser in writing, accompanied by an invoice describing, as appropriate, the System or Subsystem(s), Delivered, Pre-commissioned, Installed, and Operationally Accepted, and by documents submitted pursuant to GCC Clause 22.5 and upon fulfillment of other obligations stipulated in the Contract.

The Contract Price shall be paid as **specified in the SCC**.

- 12.2 No payment made by the Purchaser herein shall be deemed to constitute acceptance by the Purchaser of the System or any Subsystem(s).
- 12.3 Payments shall be made promptly by the Purchaser, but in no case later than forty five (45) days after submission of a valid invoice by the Supplier. In the event that the Purchaser fails to make any payment by its respective due date or within the period set forth in the Contract, the Purchaser shall pay to the Supplier interest on the amount of such delayed payment at the rate(s) **specified in the SCC** for the period of delay until payment has been made in full, whether before or after judgment or arbitration award.
- 12.4 Payments shall be made in the currency(ies) specified in the Contract Agreement, pursuant to GCC Clause 11. For Goods and Services supplied locally, payments shall be made **as specified in the SCC**.
- 12.5 **Unless otherwise specified in the SCC**, payment of the foreign currency portion of the Contract Price for Goods supplied from outside the Purchaser's Country shall be made to the Supplier through an irrevocable letter of credit opened by an authorized bank in the Supplier's Country and will be payable on presentation of the appropriate documents. It is agreed that the letter of credit will be subject to Article 10 of the latest revision of *Uniform Customs and Practice for Documentary Credits*, published by the International Chamber of Commerce, Paris.
- 12.6 **As specified in the SCC**, if the Supplier fails to perform its cyber security obligations under the Contract, an assessed amount, as determined by the Project Manager, may be withheld until the obligation has been performed.

13. Securities

13.1 Issuance of Securities

The Supplier shall provide the securities specified below in favor of the Purchaser at the times and in the amount, manner, and form specified below.

13.2 Advance Payment Security

13.2.1 The Supplier shall provide within twenty-eight (28) days of the notification of Contract award an Advance Payment Security in the amount and currency of the Advance Payment specified in SCC for GCC Clause 12.1 above and valid until the System is Operationally Accepted.

13.2.2 The security shall be in the form provided in the request for proposal document or in another form acceptable to the Purchaser. The amount of the security shall be reduced in proportion to the value of the System executed by and paid to the Supplier from time to time and shall automatically become null and void when the full amount of the advance payment has been recovered by the Purchaser. **Unless otherwise specified in the SCC**, the reduction in value and expiration of the Advance Payment Security are calculated as follows:

$P*a/(100-a)$, where “P” is the sum of all payments effected so far to the Supplier (excluding the Advance Payment), and “a” is the Advance Payment expressed as a percentage of the Contract Price pursuant to the SCC for GCC Clause 12.1.

The security shall be returned to the Supplier immediately after its expiration.

13.3 Performance Security

13.3.1 The Supplier shall, within twenty-eight (28) days of the notification of Contract award, provide a security for the due performance of the Contract in the amount and currency **specified in the SCC**.

13.3.2 The security shall be a bank guarantee in the form provided in the Sample Contractual Forms Section of the request for proposal document, or it shall be in another form acceptable to the Purchaser.

13.3.3 The security shall automatically become null and void once all the obligations of the Supplier under the Contract have been fulfilled, including, but not limited to, any obligations during the Warranty Period and any

extensions to the period. The security shall be returned to the Supplier no later than twenty-eight (28) days after its expiration.

- 13.3.4 Upon Operational Acceptance of the entire System, the security shall be reduced to the amount **specified in the SCC**, on the date of the Operational Acceptance, so that the reduced security would only cover the remaining warranty obligations of the Supplier.

14. Taxes and Duties

- 14.1 For Goods or Services supplied from outside the Purchaser's country, the Supplier shall be entirely responsible for all taxes, stamp duties, license fees, and other such levies imposed outside the Purchaser's country. Any duties, such as importation or customs duties, and taxes and other levies, payable in the Purchaser's country for the supply of Goods and Services from outside the Purchaser's country are the responsibility of the Purchaser unless these duties or taxes have been made part of the Contract Price in Article 2 of the Contract Agreement and the Price Schedule it refers to, in which case the duties and taxes will be the Supplier's responsibility.
- 14.2 For Goods or Services supplied locally, the Supplier shall be entirely responsible for all taxes, duties, license fees, etc., incurred until delivery of the contracted Goods or Services to the Purchaser. The only exception are taxes or duties, such as value-added or sales tax or stamp duty as apply to, or are clearly identifiable, on the invoices and provided they apply in the Purchaser's country, and only if these taxes, levies and/or duties are also excluded from the Contract Price in Article 2 of the Contract Agreement and the Price Schedule it refers to.
- 14.3 If any tax exemptions, reductions, allowances, or privileges may be available to the Supplier in the Purchaser's Country, the Purchaser shall use its best efforts to enable the Supplier to benefit from any such tax savings to the maximum allowable extent.
- 14.4 For the purpose of the Contract, it is agreed that the Contract Price specified in Article 2 (Contract Price and Terms of Payment) of the Contract Agreement is based on the taxes, duties, levies, and charges prevailing at the date twenty-eight (28) days prior to the date of proposal submission in the Purchaser's Country (also called "Tax" in this GCC Clause 14.4). If any Tax rates are increased or decreased, a new Tax is introduced, an existing Tax is

abolished, or any change in interpretation or application of any Tax occurs in the course of the performance of the Contract, which was or will be assessed on the Supplier, its Subcontractors, or their employees in connection with performance of the Contract, an equitable adjustment to the Contract Price shall be made to fully take into account any such change by addition to or reduction from the Contract Price, as the case may be.

D. INTELLECTUAL PROPERTY

15. Copyright

- 15.1 The Intellectual Property Rights in all Standard Software and Standard Materials shall remain vested in the owner of such rights.
- 15.2 The Purchaser agrees to restrict use, copying, or duplication of the Standard Software and Standard Materials in accordance with GCC Clause 16, except that additional copies of Standard Materials may be made by the Purchaser for use within the scope of the project of which the System is a part, in the event that the Supplier does not deliver copies within thirty (30) days from receipt of a request for such Standard Materials.
- 15.3 The Purchaser's contractual rights to use the Standard Software or elements of the Standard Software may not be assigned, licensed, or otherwise transferred voluntarily except in accordance with the relevant license agreement or **unless otherwise specified in the SCC** to a legally constituted successor organization (e.g., a reorganization of a public entity formally authorized by the government or through a merger or acquisition of a private entity).
- 15.4 **Unless otherwise specified in the SCC**, the Intellectual Property Rights in all Custom Software and Custom Materials specified in Appendices 4 and 5 of the Contract Agreement (if any) shall, at the date of this Contract or on creation of the rights (if later than the date of this Contract), vest in the Purchaser. The Supplier shall do and execute or arrange for the doing and executing of each necessary act, document, and thing (as legally sufficient) that the Purchaser may consider necessary or desirable to perfect the right, title, and interest of the Purchaser in and to those rights. In respect of such Custom Software and Custom Materials, the Supplier shall ensure that the holder of a moral right in such an item does not assert it, and the Supplier shall, if requested to do so by the Purchaser and

where permitted by applicable law, ensure that the holder of such a moral right waives it.

- 15.5 **Unless otherwise specified in the SCC**, escrow arrangements shall NOT be required.

16. Software License Agreements

- 16.1 Except to the extent that the Intellectual Property Rights in the Software vest in the Purchaser, the Supplier hereby grants to the Purchaser license to access and use the Software, including all inventions, designs, and marks embodied in the Software.

Such license to access and use the Software shall:

- (a) be:
 - (i) nonexclusive;
 - (ii) fully paid up and irrevocable (except that it shall terminate if the Contract terminates under GCC Clauses 41.1 or 41.3);
 - (iii) **unless otherwise specified in the SCC** valid throughout the territory of the Purchaser's Country;
 - (iv) **unless otherwise specified in the SCC** subject to NO additional restrictions.
- (b) permit the Software to be:
 - (i) used or copied for use on or with the computer(s) for which it was acquired (if specified in the Technical Requirements and/or the Supplier's proposal), plus a backup computer(s) of the same or similar capacity, if the primary is(are) inoperative, and during a reasonable transitional period when use is being transferred between primary and backup;
 - (ii) used or copied for use on or transferred to a replacement computer(s), (and use on the original and replacement computer(s) may be simultaneous during a reasonable transitional period) provided that, if the Technical Requirements and/or the Supplier's proposal specifies a class of computer to which the license is restricted, the replacement computer(s) is(are) within that class;
 - (iii) if the nature of the System is such as to permit such access, accessed from other computers connected to the primary and/or backup computer(s) by

means of a local or wide-area network or similar arrangement, and used on or copied for use on those other computers to the extent necessary to that access;

- (iv) reproduced for safekeeping or backup purposes;
- (v) customized, adapted, or combined with other computer software for use by the Purchaser, provided that derivative software incorporating any substantial part of the delivered, restricted Software shall be subject to same restrictions as are set forth in this Contract;
- (vi) **unless otherwise specified in the SCC**, disclosed to, and reproduced for use by, support service suppliers and their subcontractors, to the extent reasonably necessary to the performance of their support service contracts, subject to the same restrictions as are set forth in this Contract; and
- (vii) **unless otherwise specified in the SCC** disclosed to, and reproduced for use by, NO other parties.

- 16.2 The Supplier has the right to audit the Standard Software to verify compliance with the above license agreements. **Unless otherwise specified in the SCC**, the Purchaser will make available to the Supplier, within seven (7) days of a written request, accurate and up-to-date records of the number and location of copies, the number of authorized users, or any other relevant data required to demonstrate use of the Standard Software as per the license agreement. If and only if, expressly agreed in writing between the Purchaser and the Supplier, Purchaser will allow, under a pre-specified agreed procedure, the execution of embedded software functions under Supplier's control, and unencumbered transmission of resulting information on software usage.

17. Confidential Information

- 17.1 **Unless otherwise specified in the SCC**, the "Receiving Party" (either the Purchaser or the Supplier) shall keep confidential and shall not, without the written consent of the other party to this Contract ("the Disclosing Party"), divulge to any third party any documents, data, or other information of a confidential nature ("Confidential Information") connected with this Contract, and furnished directly or indirectly by the Disclosing Party prior to or during performance, or following termination, of this Contract.
- 17.2 For the purposes of GCC Clause 17.1, the Supplier is also deemed to be the Receiving Party of Confidential Information generated by the Supplier itself in the course of the performance of its obligations under the Contract and relating to the businesses, finances, suppliers, employees, or other contacts of the Purchaser or the Purchaser's use of the System.
- 17.3 Notwithstanding GCC Clauses 17.1 and 17.2:
- (a) the Supplier may furnish to its Subcontractor Confidential Information of the Purchaser to the extent reasonably required for the Subcontractor to perform its work under the Contract; and
 - (b) the Purchaser may furnish Confidential Information of the Supplier: (i) to its support service suppliers and their subcontractors to the extent reasonably required for them to perform their work under their support service contracts; and (ii) to its affiliates and subsidiaries,
- in which event the Receiving Party shall ensure that the person to whom it furnishes Confidential Information of the Disclosing Party is aware of and abides by the Receiving Party's obligations under this GCC Clause 17 as if that person were party to the Contract in place of the Receiving Party.
- 17.4 The Purchaser shall not, without the Supplier's prior written consent, use any Confidential Information received from the Supplier for any purpose other than the operation, maintenance and further development of the System. Similarly, the Supplier shall not, without the Purchaser's prior written consent, use any Confidential Information received from the Purchaser for any purpose other than those that are required for the performance of the Contract.

- 17.5 The obligation of a party under GCC Clauses 17.1 through 17.4 above, however, shall not apply to that information which:
- (a) now or hereafter enters the public domain through no fault of the Receiving Party;
 - (b) can be proven to have been possessed by the Receiving Party at the time of disclosure and that was not previously obtained, directly or indirectly, from the Disclosing Party;
 - (c) otherwise lawfully becomes available to the Receiving Party from a third party that has no obligation of confidentiality;
 - (d) is being provided to the Bank.
- 17.6 The above provisions of this GCC Clause 17 shall not in any way modify any undertaking of confidentiality given by either of the parties to this Contract prior to the date of the Contract in respect of the System or any part thereof.
- 17.7 **Unless otherwise specified in the SCC**, the provisions of this GCC Clause 17 shall survive the termination, for whatever reason, of the Contract for three (3) years.

E. SUPPLY, INSTALLATION, TESTING, COMMISSIONING, AND ACCEPTANCE OF THE SYSTEM

18. Representatives 18.1 Project Manager

If the Project Manager is not named in the Contract, then within fourteen (14) days of the Effective Date, the Purchaser shall appoint and notify the Supplier in writing of the name of the Project Manager. The Purchaser may from time to time appoint some other person as the Project Manager in place of the person previously so appointed and shall give a notice of the name of such other person to the Supplier without delay. No such appointment shall be made at such a time or in such a manner as to impede the progress of work on the System. Such appointment shall take effect only upon receipt of such notice by the Supplier. **Unless otherwise specified in the SCC** (if any), the Project Manager shall have the authority to represent the Purchaser on all day-to-day matters relating to the System or arising from the Contract, and shall normally be the person giving or receiving notices on behalf of the Purchaser pursuant to GCC Clause 4.

18.2 Supplier's Representative

- 18.2.1 If the Supplier's Representative is not named in the Contract, then within fourteen (14) days of the Effective Date, the Supplier shall appoint the Supplier's Representative and shall request the Purchaser in writing to approve the person so appointed. The request must be accompanied by a detailed curriculum vitae for the nominee, as well as a description of any other System or non-System responsibilities the nominee would retain while performing the duties of the Supplier's Representative. If the Purchaser does not object to the appointment within fourteen (14) days, the Supplier's Representative shall be deemed to have been approved. If the Purchaser objects to the appointment within fourteen (14) days giving the reason therefor, then the Supplier shall appoint a replacement within fourteen (14) days of such objection in accordance with this GCC Clause 18.2.1.
- 18.2.2 **Unless otherwise specified in the SCC** (if any), the Supplier's Representative shall have the authority to represent the Supplier on all day-to-day matters relating to the System or arising from the Contract, and shall normally be the person giving or receiving notices on behalf of the Supplier pursuant to GCC Clause 4.
- 18.2.3 The Supplier shall not revoke the appointment of the Supplier's Representative without the Purchaser's prior written consent, which shall not be unreasonably withheld. If the Purchaser consents to such an action, the Supplier shall appoint another person of equal or superior qualifications as the Supplier's Representative, pursuant to the procedure set out in GCC Clause 18.2.1.
- 18.2.4 The Supplier's Representative and staff are obliged to work closely with the Purchaser's Project Manager and staff, act within their own authority, and abide by directives issued by the Purchaser that are consistent with the terms of the Contract. The Supplier's Representative is responsible for managing the activities of the Supplier's Personnel.
- 18.2.5 The Supplier's Representative may, subject to the approval of the Purchaser (which shall not be unreasonably withheld), at any time delegate to any person any of the powers, functions, and authorities vested in him or her. Any such delegation may be

revoked at any time. Any such delegation or revocation shall be subject to a prior notice signed by the Supplier's Representative and shall specify the powers, functions, and authorities thereby delegated or revoked. No such delegation or revocation shall take effect unless and until the notice of it has been delivered.

- 18.2.6 Any act or exercise by any person of powers, functions and authorities so delegated to him or her in accordance with GCC Clause 18.2.5 shall be deemed to be an act or exercise by the Supplier's Representative.

18.3 Removal of Supplier's Personnel

- 18.3.1 The Project Manager may require the Supplier to remove (or cause to be removed) the Supplier's Representative or any other person employed by the Supplier in the execution of the Contract, who:

- (a) persists in any misconduct or lack of care;
- (b) carries out duties incompetently or negligently;
- (c) fails to comply with any provision of the Contract;
- (d) persists in any conduct which is prejudicial to safety, health, or the protection of the environment;
- (e) based on reasonable evidence, is determined to have engaged in Fraud and Corruption during the execution of the Contract;
- (f) has been recruited from the Purchaser's Personnel;
- (g) engages in any other behaviour which breaches the Code of Conduct, as applicable;

If appropriate, the Supplier shall then promptly appoint (or cause to be appointed) a suitable replacement with equivalent skills and experience.

Notwithstanding any requirement from the Project Manager to remove or cause to remove any person, the Supplier shall take immediate action as appropriate in response to any violation of (a) through (g) above. Such immediate action shall include removing (or causing to be removed) from work on the System, any person Employed by the Supplier in the execution of the Contract who engages in (a), (b), (c), (d), (e) or (g) above or has been recruited as stated in (f) above.

18.3.2 If any representative or person employed by the Supplier is removed in accordance with GCC Clause 18.3.1, the Supplier shall, where required, promptly appoint a suitable replacement with equivalent skills and experience.

19. Project Plan

- 19.1 In close cooperation with the Purchaser and based on the Preliminary Project Plan included in the Supplier's proposal, the Supplier shall develop a Project Plan encompassing the activities specified in the Contract. The contents of the Project Plan shall be as **specified in the SCC** and/or Technical Requirements.
- 19.2 **Unless otherwise specified in the SCC**, within thirty (30) days from the Effective Date of the Contract, the Supplier shall present a Project Plan to the Purchaser. Such submission to the Purchaser shall include any applicable environmental and social management plan to manage environmental and social risks and impacts. The Purchaser shall, within fourteen (14) days of receipt of the Project Plan, notify the Supplier of any respects in which it considers that the Project Plan does not adequately ensure that the proposed program of work, proposed methods, and/or proposed Information Technologies will satisfy the Technical Requirements and/or the SCC (in this Clause 19.2 called "non-conformities" below). The Supplier shall, within five (5) days of receipt of such notification, correct the Project Plan and resubmit to the Purchaser. The Purchaser shall, within five (5) days of resubmission of the Project Plan, notify the Supplier of any remaining non-conformities. This procedure shall be repeated as necessary until the Project Plan is free from non-conformities. When the Project Plan is free from non-conformities, the Purchaser shall provide confirmation in writing to the Supplier. This approved Project Plan ("the Agreed Project Plan") shall be contractually binding on the Purchaser and the Supplier.
- 19.3 If required, the impact on the Implementation Schedule of modifications agreed during finalization of the Agreed Project Plan shall be incorporated in the Contract by amendment, in accordance with GCC Clauses 39 and 40.
- 19.4 The Supplier shall undertake to supply, install, test, and commission the System in accordance with the Agreed Project Plan and the Contract.

19.5 **Unless otherwise specified in the SCC**, the Supplier shall submit to the Purchaser Monthly Progress Reports summarizing:

- (i) results accomplished during the prior period;
- (ii) cumulative deviations to date from schedule of progress milestones as specified in the Agreed Project Plan;
- (iii) corrective actions to be taken to return to planned schedule of progress; proposed revisions to planned schedule;
- (iv) other issues and outstanding problems; proposed actions to be taken;
- (v) resources that the Supplier expects to be provided by the Purchaser and/or actions to be taken by the Purchaser in the next reporting period;
- (vi) status of compliance to environmental and social requirements, as applicable;
- (vii) other issues or potential problems the Supplier foresees that could impact on project progress and/or effectiveness.

19.6 The Supplier shall submit to the Purchaser other (periodic) reports as specified in the SCC.

19.7 Immediate Reporting requirement

The Supplier shall inform the Project Manager immediately of any allegation, incident or accident in Project Site/s, which has or is likely to have a significant adverse effect on the environment, the affected communities, the public, Purchaser's Personnel or Supplier's Personnel. This includes, but is not limited to, any incident or accident causing fatality or serious injury; significant adverse effects or damage to private property; any cyber security incidents as **specified in the SCC**; or any allegation of SEA and/or SH. In case of SEA and/or SH, while maintaining confidentiality as appropriate, the type of allegation (sexual exploitation, sexual abuse or sexual harassment), gender and age of the person who experienced the alleged incident should be included in the information.

The Supplier, upon becoming aware of the allegation, incident or accident, shall also immediately inform the Purchaser of any such incident or accident on the

Subcontractors' or suppliers' premises relating to the Contract which has or is likely to have a significant adverse effect on the environment, the affected communities, the public, Purchaser's Personnel or Supplier's Personnel. The notification shall provide sufficient detail regarding such incidents or accidents.

The Supplier shall provide full details of such incidents or accidents to the Project Manager within the timeframe agreed with the Purchaser.

The Purchaser shall require its Subcontractors to immediately notify it of any incidents or accidents referred to in this Sub- Clause.

- 20. Subcontracting**
- 20.1 Appendix 3 (List of Approved Subcontractors) to the Contract Agreement specifies critical items of supply or services and a list of Subcontractors for each item that are considered acceptable by the Purchaser. If no Subcontractors are listed for an item, the Supplier shall prepare a list of Subcontractors it considers qualified and wishes to be added to the list for such items. The Supplier may from time to time propose additions to or deletions from any such list. The Supplier shall submit any such list or any modification to the list to the Purchaser for its approval in sufficient time so as not to impede the progress of work on the System. Submission by the Supplier, for addition of any Subcontractor not named in the Contract, shall also include the Subcontractor's declaration in accordance with Appendix 2 to the GCC- Sexual exploitation and Abuse (SEA) and/or Sexual Harassment (SH) Performance Declaration. Approval by the Purchaser of a Subcontractor(s) shall not relieve the Supplier from any of its obligations, duties, or responsibilities under the Contract.
- 20.2 The Supplier may, at its discretion, select and employ Subcontractors for such critical items from those Subcontractors listed pursuant to GCC Clause 20.1. If the Supplier wishes to employ a Subcontractor not so listed, or subcontract an item not so listed, it must seek the Purchaser's prior approval under GCC Clause 20.3.
- 20.3 For items for which pre-approved Subcontractor lists have not been specified in Appendix 3 to the Contract Agreement, the Supplier may employ such Subcontractors as it may select, provided: (i) the Supplier notifies the Purchaser in writing at least twenty-eight (28) days prior to

the proposed mobilization date for such Subcontractor, including by providing the Subcontractor's declaration in accordance with Appendix 2 to the GCC- Sexual exploitation and Abuse (SEA) and/or Sexual Harassment (SH) Performance Declaration; and (ii) by the end of this period either the Purchaser has granted its approval in writing or fails to respond. The Supplier shall not engage any Subcontractor to which the Purchaser has objected in writing prior to the end of the notice period. The absence of a written objection by the Purchaser during the above specified period shall constitute formal acceptance of the proposed Subcontractor. Except to the extent that it permits the deemed approval of the Purchaser of Subcontractors not listed in the Contract Agreement, nothing in this Clause, however, shall limit the rights and obligations of either the Purchaser or Supplier as they are specified in GCC Clauses 20.1 and 20.2, or in Appendix 3 of the Contract Agreement.

- 20.4 The Supplier shall ensure that its Subcontractors comply with the relevant ES requirements and the obligations set out in GCC Clause 9.9.

21. Design and Engineering

21.1 Technical Specifications and Drawings

- 21.1.1 The Supplier shall execute the basic and detailed design and the implementation activities necessary for successful installation of the System in compliance with the provisions of the Contract or, where not so specified, in accordance with good industry practice.

The Supplier shall be responsible for any discrepancies, errors or omissions in the specifications, drawings, and other technical documents that it has prepared, whether such specifications, drawings, and other documents have been approved by the Project Manager or not, provided that such discrepancies, errors, or omissions are not because of inaccurate information furnished in writing to the Supplier by or on behalf of the Purchaser.

- 21.1.2 The Supplier shall be entitled to disclaim responsibility for any design, data, drawing, specification, or other document, or any modification of such design, drawings, specification, or other documents provided or designated by or on behalf of the Purchaser, by giving a notice of such disclaimer to the Project Manager.

21.2 Codes and Standards

Wherever references are made in the Contract to codes and standards in accordance with which the Contract shall be executed, the edition or the revised version of such codes and standards current at the date twenty-eight (28) days prior to date of proposal submission shall apply. During Contract execution, any changes in such codes and standards shall be applied after approval by the Purchaser and shall be treated in accordance with GCC Clause 39.3.

21.3 Approval/Review of Controlling Technical Documents by the Project Manager

21.3.1 Unless otherwise specified in the SCC, there will NO Controlling Technical Documents required. However, **if the SCC specifies** Controlling Technical Documents, the Supplier shall prepare and furnish such documents for the Project Manager's approval or review.

Any part of the System covered by or related to the documents to be approved by the Project Manager shall be executed only after the Project Manager's approval of these documents.

GCC Clauses 21.3.2 through 21.3.7 shall apply to those documents requiring the Project Manager's approval, but not to those furnished to the Project Manager for its review only.

21.3.2 Within fourteen (14) days after receipt by the Project Manager of any document requiring the Project Manager's approval in accordance with GCC Clause 21.3.1, the Project Manager shall either return one copy of the document to the Supplier with its approval endorsed on the document or shall notify the Supplier in writing of its disapproval of the document and the reasons for disapproval and the modifications that the Project Manager proposes. If the Project Manager fails to take such action within the fourteen (14) days, then the document shall be deemed to have been approved by the Project Manager.

21.3.3 The Project Manager shall not disapprove any document except on the grounds that the document does not comply with some specified provision of the Contract or that it is contrary to good industry practice.

21.3.4 If the Project Manager disapproves the document, the Supplier shall modify the document and resubmit it for

the Project Manager's approval in accordance with GCC Clause 21.3.2. If the Project Manager approves the document subject to modification(s), the Supplier shall make the required modification(s), and the document shall then be deemed to have been approved, subject to GCC Clause 21.3.5. The procedure set out in GCC Clauses 21.3.2 through 21.3.4 shall be repeated, as appropriate, until the Project Manager approves such documents.

21.3.5 If any dispute occurs between the Purchaser and the Supplier in connection with or arising out of the disapproval by the Project Manager of any document and/or any modification(s) to a document that cannot be settled between the parties within a reasonable period, then, in case the Contract Agreement includes and names an Adjudicator, such dispute may be referred to the Adjudicator for determination in accordance with GCC Clause 43.1 (Adjudication). If such dispute is referred to an Adjudicator, the Project Manager shall give instructions as to whether and if so, how, performance of the Contract is to proceed. The Supplier shall proceed with the Contract in accordance with the Project Manager's instructions, provided that if the Adjudicator upholds the Supplier's view on the dispute and if the Purchaser has not given notice under GCC Clause 43.1.2, then the Supplier shall be reimbursed by the Purchaser for any additional costs incurred by reason of such instructions and shall be relieved of such responsibility or liability in connection with the dispute and the execution of the instructions as the Adjudicator shall decide, and the Time for Achieving Operational Acceptance shall be extended accordingly.

21.3.6 The Project Manager's approval, with or without modification of the document furnished by the Supplier, shall not relieve the Supplier of any responsibility or liability imposed upon it by any provisions of the Contract except to the extent that any subsequent failure results from modifications required by the Project Manager or inaccurate information furnished in writing to the Supplier by or on behalf of the Purchaser.

21.3.7 The Supplier shall not depart from any approved document unless the Supplier has first submitted to the Project Manager an amended document and obtained

the Project Manager's approval of the document, pursuant to the provisions of this GCC Clause 21.3. If the Project Manager requests any change in any already approved document and/or in any document based on such an approved document, the provisions of GCC Clause 39 (Changes to the System) shall apply to such request.

**22. Procurement,
Delivery, and
Transport**

22.1 Subject to related Purchaser's responsibilities pursuant to GCC Clauses 10 and 14, the Supplier shall manufacture or procure and transport all the Information Technologies, Materials, and other Goods in an expeditious and orderly manner to the Project Site.

22.2 Delivery of the Information Technologies, Materials, and other Goods shall be made by the Supplier in accordance with the Technical Requirements.

22.3 Early or partial deliveries require the explicit written consent of the Purchaser, which consent shall not be unreasonably withheld.

22.4 Transportation

22.4.1 The Supplier shall provide such packing of the Goods as is required to prevent their damage or deterioration during shipment. The packing, marking, and documentation within and outside the packages shall comply strictly with the Purchaser's instructions to the Supplier.

22.4.2 The Supplier will bear responsibility for and cost of transport to the Project Sites in accordance with the terms and conditions used in the specification of prices in the Price Schedules, including the terms and conditions of the associated Incoterms.

22.4.3 **Unless otherwise specified in the SCC**, the Supplier shall be free to use transportation through carriers registered in any eligible country and to obtain insurance from any eligible source country.

22.5 **Unless otherwise specified in the SCC**, the Supplier will provide the Purchaser with shipping and other documents, as specified below:

22.5.1 For Goods supplied from outside the Purchaser's Country:

Upon shipment, the Supplier shall notify the Purchaser and the insurance company contracted by the Supplier

to provide cargo insurance by cable, facsimile, electronic mail, or EDI with the full details of the shipment. The Supplier shall promptly send the following documents to the Purchaser by mail or courier, as appropriate, with a copy to the cargo insurance company:

- (a) two copies of the Supplier's invoice showing the description of the Goods, quantity, unit price, and total amount;
- (b) usual transportation documents;
- (c) insurance certificate;
- (d) certificate(s) of origin; and
- (e) estimated time and point of arrival in the Purchaser's Country and at the site.

22.5.2 For Goods supplied locally (i.e., from within the Purchaser's country):

Upon shipment, the Supplier shall notify the Purchaser by cable, facsimile, electronic mail, or EDI with the full details of the shipment. The Supplier shall promptly send the following documents to the Purchaser by mail or courier, as appropriate:

- (a) two copies of the Supplier's invoice showing the Goods' description, quantity, unit price, and total amount;
- (b) delivery note, railway receipt, or truck receipt;
- (c) certificate of insurance;
- (d) certificate(s) of origin; and
- (e) estimated time of arrival at the site.

22.6 Customs Clearance

- (a) The Purchaser will bear responsibility for, and cost of, customs clearance into the Purchaser's country in accordance the particular Incoterm(s) used for Goods supplied from outside the Purchaser's country in the Price Schedules referred to by Article 2 of the Contract Agreement.
- (b) At the request of the Purchaser, the Supplier will make available a representative or agent during the process of customs clearance in the Purchaser's country for goods supplied from outside the Purchaser's country. In the event of delays in

customs clearance that are not the fault of the Supplier:

- (i) the Supplier shall be entitled to an extension in the Time for Achieving Operational Acceptance, pursuant to GCC Clause 40;
- (ii) the Contract Price shall be adjusted to compensate the Supplier for any additional storage charges that the Supplier may incur as a result of the delay.

23. Product Upgrades

- 23.1 At any point during performance of the Contract, should technological advances be introduced by the Supplier for Information Technologies originally offered by the Supplier in its proposal and still to be delivered, the Supplier shall be obligated to offer to the Purchaser the latest versions of the available Information Technologies having equal or better performance or functionality at the same or lesser unit prices, pursuant to GCC Clause 39 (Changes to the System).
- 23.2 At any point during performance of the Contract, for Information Technologies still to be delivered, the Supplier will also pass on to the Purchaser any cost reductions and additional and/or improved support and facilities that it offers to other clients of the Supplier in the Purchaser's Country, pursuant to GCC Clause 39 (Changes to the System).
- 23.3 During performance of the Contract, the Supplier shall offer to the Purchaser all new versions, releases, and updates of Standard Software, as well as related documentation and technical support services, within thirty (30) days of their availability from the Supplier to other clients of the Supplier in the Purchaser's Country, and no later than twelve (12) months after they are released in the country of origin. In no case will the prices for these Software exceed those quoted by the Supplier in the Recurrent Costs tables in its proposal.
- 23.4 **Unless otherwise specified in the SCC**, during the Warranty Period, the Supplier will provide at no additional cost to the Purchaser all new versions, releases, and updates for all Standard Software that are used in the System, within thirty (30) days of their availability from the Supplier to other clients of the Supplier in the Purchaser's country, and

no later than twelve (12) months after they are released in the country of origin of the Software.

- 23.5 The Purchaser shall introduce all new versions, releases or updates of the Software within eighteen (18) months of receipt of a production-ready copy of the new version, release, or update, provided that the new version, release, or update does not adversely affect System operation or performance or require extensive reworking of the System. In cases where the new version, release, or update adversely affects System operation or performance, or requires extensive reworking of the System, the Supplier shall continue to support and maintain the version or release previously in operation for as long as necessary to allow introduction of the new version, release, or update. In no case shall the Supplier stop supporting or maintaining a version or release of the Software less than twenty four (24) months after the Purchaser receives a production-ready copy of a subsequent version, release, or update. The Purchaser shall use all reasonable endeavors to implement any new version, release, or update as soon as practicable, subject to the twenty-four-month-long stop date.

**24. Implementation,
Installation, and
Other Services**

- 24.1 The Supplier shall provide all Services specified in the Contract and Agreed Project Plan in accordance with the highest standards of professional competence and integrity.
- 24.2 Prices charged by the Supplier for Services, if not included in the Contract, shall be agreed upon in advance by the parties (including, but not restricted to, any prices submitted by the Supplier in the Recurrent Cost Schedules of its proposal) and shall not exceed the prevailing rates charged by the Supplier to other purchasers in the Purchaser's Country for similar services.

**25. Inspections and
Tests**

- 25.1 The Purchaser or its representative shall have the right to inspect and/or test any components of the System, as specified in the Technical Requirements, to confirm their good working order and/or conformity to the Contract at the point of delivery and/or at the Project Site.
- 25.2 The Purchaser or its representative shall be entitled to attend any such inspections and/or tests of the components, provided that the Purchaser shall bear all costs and expenses incurred in connection with such attendance, including but not limited to all inspection agent fees, travel, and related expenses.

- 25.3 Should the inspected or tested components fail to conform to the Contract, the Purchaser may reject the component(s), and the Supplier shall either replace the rejected component(s), or make alterations as necessary so that it meets the Contract requirements free of cost to the Purchaser.
- 25.4 The Project Manager may require the Supplier to carry out any inspection and/or test not specified in the Contract, provided that the Supplier's reasonable costs and expenses incurred in the carrying out of such inspection and/or test shall be added to the Contract Price. Further, if such inspection and/or test impedes the progress of work on the System and/or the Supplier's performance of its other obligations under the Contract, due allowance will be made in respect of the Time for Achieving Operational Acceptance and the other obligations so affected.
- 25.5 If any dispute shall arise between the parties in connection with or caused by an inspection and/or with regard to any component to be incorporated in the System that cannot be settled amicably between the parties within a reasonable period of time, either party may invoke the process pursuant to GCC Clause 43 (Settlement of Disputes), starting with referral of the matter to the Adjudicator in case an Adjudicator is included and named in the Contract Agreement.

26. Installation of the System

- 26.1 As soon as the System, or any Subsystem, has, in the opinion of the Supplier, been delivered, Pre-commissioned, and made ready for Commissioning and Operational Acceptance Testing in accordance with the Technical Requirements, the SCC and the Agreed Project Plan, the Supplier shall so notify the Purchaser in writing.
- 26.2 The Project Manager shall, within fourteen (14) days after receipt of the Supplier's notice under GCC Clause 26.1, either issue an Installation Certificate in the form specified in the Sample Contractual Forms Section in the request for proposals document, stating that the System, or major component or Subsystem (if Acceptance by major component or Subsystem is specified pursuant to the SCC for GCC Clause 27.2.1), has achieved Installation by the date of the Supplier's notice under GCC Clause 26.1, or notify the Supplier in writing of any defects and/or deficiencies, including, but not limited to, defects or deficiencies in the interoperability or integration of the various components and/or Subsystems making up the

System. The Supplier shall use all reasonable endeavors to promptly remedy any defect and/or deficiencies that the Project Manager has notified the Supplier of. The Supplier shall then promptly carry out retesting of the System or Subsystem and, when in the Supplier's opinion the System or Subsystem is ready for Commissioning and Operational Acceptance Testing, notify the Purchaser in writing, in accordance with GCC Clause 26.1. The procedure set out in this GCC Clause 26.2 shall be repeated, as necessary, until an Installation Certificate is issued.

- 26.3 If the Project Manager fails to issue the Installation Certificate and fails to inform the Supplier of any defects and/or deficiencies within fourteen (14) days after receipt of the Supplier's notice under GCC Clause 26.1, or if the Purchaser puts the System or a Subsystem into production operation, then the System (or Subsystem) shall be deemed to have achieved successful Installation as of the date of the Supplier's notice or repeated notice, or when the Purchaser put the System into production operation, as the case may be.

**27. Commissioning
and Operational
Acceptance**

27.1 Commissioning

27.1.1 Commissioning of the System (or Subsystem if specified pursuant to the SCC for GCC Clause 27.2.1) shall be commenced by the Supplier:

- (a) immediately after the Installation Certificate is issued by the Project Manager, pursuant to GCC Clause 26.2; or
- (b) as otherwise specified in the Technical Requirement or the Agreed Project Plan; or
- (c) immediately after Installation is deemed to have occurred, under GCC Clause 26.3.

27.1.2 The Purchaser shall supply the operating and technical personnel and all materials and information reasonably required to enable the Supplier to carry out its obligations with respect to Commissioning.

Production use of the System or Subsystem(s) shall not commence prior to the start of formal Operational Acceptance Testing.

27.2 Operational Acceptance Tests

27.2.1 The Operational Acceptance Tests (and repeats of such tests) shall be the primary responsibility of the

Purchaser (in accordance with GCC Clause 10.9), but shall be conducted with the full cooperation of the Supplier during Commissioning of the System (or major components or Subsystem[s]), to ascertain whether the System (or major component or Subsystem[s]) conforms to the Technical Requirements and meets the standard of performance quoted in the Supplier's proposal, including, but not restricted to, the functional and technical performance requirements. **Unless otherwise specified in the SCC**, the Operational Acceptance Tests during Commissioning will be conducted as specified in the Technical Requirements and/or the Agreed Project Plan.

At the Purchaser's discretion, Operational Acceptance Tests may also be performed on replacement Goods, upgrades and new version releases, and Goods that are added or field-modified after Operational Acceptance of the System.

27.2.2 If for reasons attributable to the Purchaser, the Operational Acceptance Test of the System (or Subsystem[s] or major components, pursuant to the SCC for GCC Clause 27.2.1) cannot be successfully completed within ninety (90) days from the date of Installation or any other period agreed upon in writing by the Purchaser and the Supplier, the Supplier shall be deemed to have fulfilled its obligations with respect to the technical and functional aspects of the Technical Specifications, SCC and/or the Agreed Project Plan, and GCC Clause 28.2 and 28.3 shall not apply.

27.3 Operational Acceptance

27.3.1 Subject to GCC Clause 27.4 (Partial Acceptance) below, Operational Acceptance shall occur in respect of the System, when

- (a) the Operational Acceptance Tests, as specified in the Technical Requirements, and/or SCC and/or the Agreed Project Plan have been successfully completed; or
- (b) the Operational Acceptance Tests have not been successfully completed or have not been carried out for reasons that are attributable to the Purchaser within the period from the date of Installation or any other agreed-upon period as specified in GCC Clause 27.2.2 above; or

- (c) the Purchaser has put the System into production or use for sixty (60) consecutive days. If the System is put into production or use in this manner, the Supplier shall notify the Purchaser and document such use.

27.3.2 At any time after any of the events set out in GCC Clause 27.3.1 have occurred, the Supplier may give a notice to the Project Manager requesting the issue of an Operational Acceptance Certificate.

27.3.3 After consultation with the Purchaser, and within fourteen (14) days after receipt of the Supplier's notice, the Project Manager shall:

- (a) issue an Operational Acceptance Certificate; or
- (b) notify the Supplier in writing of any defect or deficiencies or other reason for the failure of the Operational Acceptance Tests; or
- (c) issue the Operational Acceptance Certificate, if the situation covered by GCC Clause 27.3.1 (b) arises.

27.3.4 The Supplier shall use all reasonable endeavors to promptly remedy any defect and/or deficiencies and/or other reasons for the failure of the Operational Acceptance Test that the Project Manager has notified the Supplier of. Once such remedies have been made by the Supplier, the Supplier shall notify the Purchaser, and the Purchaser, with the full cooperation of the Supplier, shall use all reasonable endeavors to promptly carry out retesting of the System or Subsystem. Upon the successful conclusion of the Operational Acceptance Tests, the Supplier shall notify the Purchaser of its request for Operational Acceptance Certification, in accordance with GCC Clause 27.3.3. The Purchaser shall then issue to the Supplier the Operational Acceptance Certification in accordance with GCC Clause 27.3.3 (a), or shall notify the Supplier of further defects, deficiencies, or other reasons for the failure of the Operational Acceptance Test. The procedure set out in this GCC Clause 27.3.4 shall be repeated, as necessary, until an Operational Acceptance Certificate is issued.

27.3.5 If the System or Subsystem fails to pass the Operational Acceptance Test(s) in accordance with GCC Clause 27.2, then either:

(a) the Purchaser may consider terminating the Contract, pursuant to GCC Clause 41.2.2;

or

(b) if the failure to achieve Operational Acceptance within the specified time period is a result of the failure of the Purchaser to fulfill its obligations under the Contract, then the Supplier shall be deemed to have fulfilled its obligations with respect to the relevant technical and functional aspects of the Contract, and GCC Clauses 30.3 and 30.4 shall not apply.

27.3.6 If within fourteen (14) days after receipt of the Supplier's notice the Project Manager fails to issue the Operational Acceptance Certificate or fails to inform the Supplier in writing of the justifiable reasons why the Project Manager has not issued the Operational Acceptance Certificate, the System or Subsystem shall be deemed to have been accepted as of the date of the Supplier's said notice.

27.4 Partial Acceptance

27.4.1 If so specified in the SCC for GCC Clause 27.2.1, Installation and Commissioning shall be carried out individually for each identified major component or Subsystem(s) of the System. In this event, the provisions in the Contract relating to Installation and Commissioning, including the Operational Acceptance Test, shall apply to each such major component or Subsystem individually, and Operational Acceptance Certificate(s) shall be issued accordingly for each such major component or Subsystem of the System, subject to the limitations contained in GCC Clause 27.4.2.

27.4.2 The issuance of Operational Acceptance Certificates for individual major components or Subsystems pursuant to GCC Clause 27.4.1 shall not relieve the Supplier of its obligation to obtain an Operational Acceptance Certificate for the System as an integrated whole (if so specified in the SCC for GCC Clauses 12.1 and 27.2.1) once all major components and Subsystems have been supplied, installed, tested, and commissioned.

27.4.3 In the case of minor components for the System that by their nature do not require Commissioning or an Operational Acceptance Test (e.g., minor fittings, furnishings or site works, etc.), the Project Manager

shall issue an Operational Acceptance Certificate within fourteen (14) days after the fittings and/or furnishings have been delivered and/or installed or the site works have been completed. The Supplier shall, however, use all reasonable endeavors to promptly remedy any defects or deficiencies in such minor components detected by the Purchaser or Supplier.

F. GUARANTEES AND LIABILITIES

28. Operational Acceptance Time Guarantee

- 28.1 The Supplier guarantees that it shall complete the supply, Installation, Commissioning, and achieve Operational Acceptance of the System (or Subsystems, pursuant to the SCC for GCC Clause 27.2.1) within the time periods specified in the Implementation Schedule and/or the Agreed Project Plan pursuant to GCC Clause 8.2, or within such extended time to which the Supplier shall be entitled under GCC Clause 40 (Extension of Time for Achieving Operational Acceptance).
- 28.2 **Unless otherwise specified in the SCC**, if the Supplier fails to supply, install, commission, and achieve Operational Acceptance of the System (or Subsystems pursuant to the SCC for GCC Clause 27.2.1) within the time for achieving Operational Acceptance specified in the Implementation Schedule or the Agreed Project Plan, or any extension of the time for achieving Operational Acceptance previously granted under GCC Clause 40 (Extension of Time for Achieving Operational Acceptance), the Supplier shall pay to the Purchaser liquidated damages at the rate of one half of one percent per week as a percentage of the Contract Price (exclusive of Recurrent Costs if any), or the relevant part of the Contract Price if a Subsystem has not achieved Operational Acceptance. The aggregate amount of such liquidated damages shall in no event exceed the amount of ten (10) percent of the Contract Price (exclusive of Recurrent Costs if any). Once the Maximum is reached, the Purchaser may consider termination of the Contract, pursuant to GCC Clause 41.2.2.
- 28.3 **Unless otherwise specified in the SCC**, liquidated damages payable under GCC Clause 28.2 shall apply only to the failure to achieve Operational Acceptance of the System (and Subsystems) as specified in the Implementation Schedule and/or Agreed Project Plan. This Clause 28.3 shall not limit, however, any other rights or

remedies the Purchaser may have under the Contract for other delays.

- 28.4 If liquidated damages are claimed by the Purchaser for the System (or Subsystem), the Supplier shall have no further liability whatsoever to the Purchaser in respect to the Operational Acceptance time guarantee for the System (or Subsystem). However, the payment of liquidated damages shall not in any way relieve the Supplier from any of its obligations to complete the System or from any other of its obligations and liabilities under the Contract.

29. Defect Liability

- 29.1 The Supplier warrants that the System, including all Information Technologies, Materials, and other Goods supplied and Services provided, shall be free from defects in the design, engineering, Materials, and workmanship that prevent the System and/or any of its components from fulfilling the Technical Requirements or that limit in a material fashion the performance, reliability, or extensibility of the System and/or Subsystems. **Unless otherwise specified in the SCC**, there will be NO exceptions and/or limitations to this warranty with respect to Software (or categories of Software). Commercial warranty provisions of products supplied under the Contract shall apply to the extent that they do not conflict with the provisions of this Contract.
- 29.2 The Supplier also warrants that the Information Technologies, Materials, and other Goods supplied under the Contract are new, unused, and incorporate all recent improvements in design that materially affect the System's or Subsystem's ability to fulfill the Technical Requirements.
- 29.3 **Unless otherwise specified in the SCC**, the Supplier warrants that: (i) all Goods components to be incorporated into the System form part of the Supplier's and/or Subcontractor's current product lines, and (ii) they have been previously released to the market.
- 29.4 **Unless otherwise specified in the SCC**, the Warranty Period shall commence from the date of Operational Acceptance of the System (or of any major component or Subsystem for which separate Operational Acceptance is provided for in the Contract) and shall extend for thirty-six (36) months.
- 29.5 If during the Warranty Period any defect as described in GCC Clause 29.1 should be found in the design,

- engineering, Materials, and workmanship of the Information Technologies and other Goods supplied or of the Services provided by the Supplier, the Supplier shall promptly, in consultation and agreement with the Purchaser regarding appropriate remedying of the defects, and at its sole cost, repair, replace, or otherwise make good (as the Supplier shall, at its discretion, determine) such defect as well as any damage to the System caused by such defect. Any defective Information Technologies or other Goods that have been replaced by the Supplier shall remain the property of the Supplier.
- 29.6 The Supplier shall not be responsible for the repair, replacement, or making good of any defect, or of any damage to the System arising out of or resulting from any of the following causes:
- (a) improper operation or maintenance of the System by the Purchaser;
 - (b) normal wear and tear;
 - (c) use of the System with items not supplied by the Supplier, unless otherwise identified in the Technical Requirements, or approved by the Supplier; or
 - (d) modifications made to the System by the Purchaser, or a third party, not approved by the Supplier.
- 29.7 The Supplier's obligations under this GCC Clause 29 shall not apply to:
- (a) any materials that are normally consumed in operation or have a normal life shorter than the Warranty Period; or
 - (b) any designs, specifications, or other data designed, supplied, or specified by or on behalf of the Purchaser or any matters for which the Supplier has disclaimed responsibility, in accordance with GCC Clause 21.1.2.
- 29.8 The Purchaser shall give the Supplier a notice promptly following the discovery of such defect, stating the nature of any such defect together with all available evidence. The Purchaser shall afford all reasonable opportunity for the Supplier to inspect any such defect. The Purchaser shall afford the Supplier all necessary access to the System and the site to enable the Supplier to perform its obligations under this GCC Clause 29.

- 29.9 The Supplier may, with the consent of the Purchaser, remove from the site any Information Technologies and other Goods that are defective, if the nature of the defect, and/or any damage to the System caused by the defect, is such that repairs cannot be expeditiously carried out at the site. If the repair, replacement, or making good is of such a character that it may affect the efficiency of the System, the Purchaser may give the Supplier notice requiring that tests of the defective part be made by the Supplier immediately upon completion of such remedial work, whereupon the Supplier shall carry out such tests.

If such part fails the tests, the Supplier shall carry out further repair, replacement, or making good (as the case may be) until that part of the System passes such tests. The tests shall be agreed upon by the Purchaser and the Supplier.

- 29.10 **Unless otherwise specified in the SCC**, the response times and repair/replacement times for Warranty Defect Repair are specified in the Technical Requirements. Nevertheless, if the Supplier fails to commence the work necessary to remedy such defect or any damage to the System caused by such defect within two weeks the Purchaser may, following notice to the Supplier, proceed to do such work or contract a third party (or parties) to do such work, and the reasonable costs incurred by the Purchaser in connection with such work shall be paid to the Purchaser by the Supplier or may be deducted by the Purchaser from any monies due the Supplier or claimed under the Performance Security.
- 29.11 If the System or Subsystem cannot be used by reason of such defect and/or making good of such defect, the Warranty Period for the System shall be extended by a period equal to the period during which the System or Subsystem could not be used by the Purchaser because of such defect and/or making good of such defect.
- 29.12 Items substituted for defective parts of the System during the Warranty Period shall be covered by the Defect Liability Warranty for the remainder of the Warranty Period applicable for the part replaced or three (3) months, whichever is greater. For reasons of information security, the Purchaser may choose to retain physical possession of any replaced defective information storage devices.
- 29.13 At the request of the Purchaser and without prejudice to any other rights and remedies that the Purchaser may have

against the Supplier under the Contract, the Supplier will offer all possible assistance to the Purchaser to seek warranty services or remedial action from any subcontracted third-party producers or licensor of Goods included in the System, including without limitation assignment or transfer in favor of the Purchaser of the benefit of any warranties given by such producers or licensors to the Supplier.

**30. Functional
Guarantees**

- 30.1 The Supplier guarantees that, once the Operational Acceptance Certificate(s) has been issued, the System represents a complete, integrated solution to the Purchaser's requirements set forth in the Technical Requirements and it conforms to all other aspects of the Contract. The Supplier acknowledges that GCC Clause 27 regarding Commissioning and Operational Acceptance governs how technical conformance of the System to the Contract requirements will be determined.
- 30.2 If, for reasons attributable to the Supplier, the System does not conform to the Technical Requirements or does not conform to all other aspects of the Contract, the Supplier shall at its cost and expense make such changes, modifications, and/or additions to the System as may be necessary to conform to the Technical Requirements and meet all functional and performance standards. The Supplier shall notify the Purchaser upon completion of the necessary changes, modifications, and/or additions and shall request the Purchaser to repeat the Operational Acceptance Tests until the System achieves Operational Acceptance.
- 30.3 If the System (or Subsystem[s]) fails to achieve Operational Acceptance, the Purchaser may consider termination of the Contract, pursuant to GCC Clause 41.2.2, and forfeiture of the Supplier's Performance Security in accordance with GCC Clause 13.3 in compensation for the extra costs and delays likely to result from this failure.

**31. Intellectual
Property Rights
Warranty**

- 31.1 The Supplier hereby represents and warrants that:
- (a) the System as supplied, installed, tested, and accepted;
 - (b) use of the System in accordance with the Contract; and

- (c) copying of the Software and Materials provided to the Purchaser in accordance with the Contract

do not and will not infringe any Intellectual Property Rights held by any third party and that it has all necessary rights or at its sole expense shall have secured in writing all transfers of rights and other consents necessary to make the assignments, licenses, and other transfers of Intellectual Property Rights and the warranties set forth in the Contract, and for the Purchaser to own or exercise all Intellectual Property Rights as provided in the Contract. Without limitation, the Supplier shall secure all necessary written agreements, consents, and transfers of rights from its employees and other persons or entities whose services are used for development of the System.

32. Intellectual Property Rights Indemnity

- 32.1 The Supplier shall indemnify and hold harmless the Purchaser and its employees and officers from and against any and all losses, liabilities, and costs (including losses, liabilities, and costs incurred in defending a claim alleging such a liability), that the Purchaser or its employees or officers may suffer as a result of any infringement or alleged infringement of any Intellectual Property Rights by reason of:
 - (a) installation of the System by the Supplier or the use of the System, including the Materials, in the country where the site is located;
 - (b) copying of the Software and Materials provided the Supplier in accordance with the Agreement; and
 - (c) sale of the products produced by the System in any country, except to the extent that such losses, liabilities, and costs arise as a result of the Purchaser's breach of GCC Clause 32.2.
- 32.2 Such indemnity shall not cover any use of the System, including the Materials, other than for the purpose indicated by or to be reasonably inferred from the Contract, any infringement resulting from the use of the System, or any products of the System produced thereby in association or combination with any other goods or services not supplied by the Supplier, where the infringement arises because of such association or combination and not because of use of the System in its own right.

32.3 Such indemnities shall also not apply if any claim of infringement:

- (a) is asserted by a parent, subsidiary, or affiliate of the Purchaser's organization;
- (b) is a direct result of a design mandated by the Purchaser's Technical Requirements and the possibility of such infringement was duly noted in the Supplier's Proposal; or
- (c) results from the alteration of the System, including the Materials, by the Purchaser or any persons other than the Supplier or a person authorized by the Supplier.

32.4 If any proceedings are brought or any claim is made against the Purchaser arising out of the matters referred to in GCC Clause 32.1, the Purchaser shall promptly give the Supplier notice of such proceedings or claims, and the Supplier may at its own expense and in the Purchaser's name conduct such proceedings or claim and any negotiations for the settlement of any such proceedings or claim.

If the Supplier fails to notify the Purchaser within twenty-eight (28) days after receipt of such notice that it intends to conduct any such proceedings or claim, then the Purchaser shall be free to conduct the same on its own behalf. Unless the Supplier has so failed to notify the Purchaser within the twenty-eight (28) days, the Purchaser shall make no admission that may be prejudicial to the defense of any such proceedings or claim. The Purchaser shall, at the Supplier's request, afford all available assistance to the Supplier in conducting such proceedings or claim and shall be reimbursed by the Supplier for all reasonable expenses incurred in so doing.

32.5 The Purchaser shall indemnify and hold harmless the Supplier and its employees, officers, and Subcontractors from and against any and all losses, liabilities, and costs (including losses, liabilities, and costs incurred in defending a claim alleging such a liability) that the Supplier or its employees, officers, or Subcontractors may suffer as a result of any infringement or alleged infringement of any Intellectual Property Rights arising out of or in connection with any design, data, drawing, specification, or other documents or materials provided to the Supplier in connection with this Contract by the Purchaser or any persons (other than the Supplier) contracted by the

Purchaser, except to the extent that such losses, liabilities, and costs arise as a result of the Supplier's breach of GCC Clause 32.8.

32.6 Such indemnity shall not cover

- (a) any use of the design, data, drawing, specification, or other documents or materials, other than for the purpose indicated by or to be reasonably inferred from the Contract;
- (b) any infringement resulting from the use of the design, data, drawing, specification, or other documents or materials, or any products produced thereby, in association or combination with any other Goods or Services not provided by the Purchaser or any other person contracted by the Purchaser, where the infringement arises because of such association or combination and not because of the use of the design, data, drawing, specification, or other documents or materials in its own right.

32.7 Such indemnities shall also not apply:

- (a) if any claim of infringement is asserted by a parent, subsidiary, or affiliate of the Supplier's organization;
- (b) to the extent that any claim of infringement is caused by the alteration, by the Supplier, or any persons contracted by the Supplier, of the design, data, drawing, specification, or other documents or materials provided to the Supplier by the Purchaser or any persons contracted by the Purchaser.

32.8 If any proceedings are brought or any claim is made against the Supplier arising out of the matters referred to in GCC Clause 32.5, the Supplier shall promptly give the Purchaser notice of such proceedings or claims, and the Purchaser may at its own expense and in the Supplier's name conduct such proceedings or claim and any negotiations for the settlement of any such proceedings or claim. If the Purchaser fails to notify the Supplier within twenty-eight (28) days after receipt of such notice that it intends to conduct any such proceedings or claim, then the Supplier shall be free to conduct the same on its own behalf. Unless the Purchaser has so failed to notify the Supplier within the twenty-eight (28) days, the Supplier shall make no admission that may be prejudicial to the defense of any such proceedings or claim. The Supplier shall, at the Purchaser's request, afford all available assistance to the Purchaser in

conducting such proceedings or claim and shall be reimbursed by the Purchaser for all reasonable expenses incurred in so doing.

33. Limitation of Liability

33.1 Provided the following does not exclude or limit any liabilities of either party in ways not permitted by applicable law:

- (a) the Supplier shall not be liable to the Purchaser, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the Supplier to pay liquidated damages to the Purchaser; and
- (b) the aggregate liability of the Supplier to the Purchaser, whether under the Contract, in tort or otherwise, shall not exceed the total Contract Price, provided that this limitation shall not apply to any obligation of the Supplier to indemnify the Purchaser with respect to intellectual property rights infringement.

G. RISK DISTRIBUTION

34. Transfer of Ownership

34.1 With the exception of Software and Materials, the ownership of the Information Technologies and other Goods shall be transferred to the Purchaser at the time of Delivery or otherwise under terms that may be agreed upon and specified in the Contract Agreement.

34.2 Ownership and the terms of usage of the Software and Materials supplied under the Contract shall be governed by GCC Clause 15 (Copyright) Clause 16 (Software License Agreements), and any elaboration in the Technical Requirements.

34.3 Ownership of the Supplier's Equipment used by the Supplier and its Subcontractors in connection with the Contract shall remain with the Supplier or its Subcontractors.

35. Care of the System

35.1 The Purchaser shall become responsible for the care and custody of the System or Subsystems upon their Delivery. The Purchaser shall make good at its own cost any loss or damage that may occur to the System or Subsystems from

any cause from the date of Delivery until the date of Operational Acceptance of the System or Subsystems, pursuant to GCC Clause 27 (Commissioning and Operational Acceptance), excepting such loss or damage arising from acts or omissions of the Supplier, its employees, or subcontractors.

35.2 If any loss or damage occurs to the System or any part of the System by reason of:

- (a) (insofar as they relate to the country where the Project Site is located) nuclear reaction, nuclear radiation, radioactive contamination, a pressure wave caused by aircraft or other aerial objects, or any other occurrences that an experienced Supplier could not reasonably foresee, or if reasonably foreseeable could not reasonably make provision for or insure against, insofar as such risks are not normally insurable on the insurance market and are mentioned in the general exclusions of the policy of insurance taken out under GCC Clause 37;
- (b) any use not in accordance with the Contract, by the Purchaser or any third party;
- (c) any use of or reliance upon any design, data, or specification provided or designated by or on behalf of the Purchaser, or any such matter for which the Supplier has disclaimed responsibility in accordance with GCC Clause 21.1.2,

the Purchaser shall pay to the Supplier all sums payable in respect of the System or Subsystems that have achieved Operational Acceptance, notwithstanding that the same be lost, destroyed, or damaged. If the Purchaser requests the Supplier in writing to make good any loss or damage to the System thereby occasioned, the Supplier shall make good the same at the cost of the Purchaser in accordance with GCC Clause 39. If the Purchaser does not request the Supplier in writing to make good any loss or damage to the System thereby occasioned, the Purchaser shall either request a change in accordance with GCC Clause 39, excluding the performance of that part of the System thereby lost, destroyed, or damaged, or, where the loss or damage affects a substantial part of the System, the Purchaser shall terminate the Contract pursuant to GCC Clause 41.1.

35.3 The Purchaser shall be liable for any loss of or damage to any Supplier's Equipment which the Purchaser has

- authorized to locate within the Purchaser's premises for use in fulfillment of Supplier's obligations under the Contract, except where such loss or damage arises from acts or omissions of the Supplier, its employees, or subcontractors.
- 36. Loss of or Damage to Property; Accident or Injury to Workers; Indemnification**
- 36.1 The Supplier and each and every Subcontractor shall abide by the job safety, insurance, customs, and immigration measures prevalent and laws in force in the Purchaser's Country.
- 36.2 Subject to GCC Clause 36.3, the Supplier shall indemnify and hold harmless the Purchaser and its employees and officers from and against any and all losses, liabilities and costs (including losses, liabilities, and costs incurred in defending a claim alleging such a liability) that the Purchaser or its employees or officers may suffer as a result of the death or injury of any person or loss of or damage to any property (other than the System, whether accepted or not) arising in connection with the supply, installation, testing, and Commissioning of the System and by reason of the negligence of the Supplier or its Subcontractors, or their employees, officers or agents, except any injury, death, or property damage caused by the negligence of the Purchaser, its contractors, employees, officers, or agents.
- 36.3 If any proceedings are brought or any claim is made against the Purchaser that might subject the Supplier to liability under GCC Clause 36.2, the Purchaser shall promptly give the Supplier notice of such proceedings or claims, and the Supplier may at its own expense and in the Purchaser's name conduct such proceedings or claim and any negotiations for the settlement of any such proceedings or claim. If the Supplier fails to notify the Purchaser within twenty-eight (28) days after receipt of such notice that it intends to conduct any such proceedings or claim, then the Purchaser shall be free to conduct the same on its own behalf. Unless the Supplier has so failed to notify the Purchaser within the twenty-eight (28) day period, the Purchaser shall make no admission that may be prejudicial to the defense of any such proceedings or claim. The Purchaser shall, at the Supplier's request, afford all available assistance to the Supplier in conducting such proceedings or claim and shall be reimbursed by the Supplier for all reasonable expenses incurred in so doing.
- 36.4 The Purchaser shall indemnify and hold harmless the Supplier and its employees, officers, and Subcontractors from any and all losses, liabilities, and costs (including

losses, liabilities, and costs incurred in defending a claim alleging such a liability) that the Supplier or its employees, officers, or Subcontractors may suffer as a result of the death or personal injury of any person or loss of or damage to property of the Purchaser, other than the System not yet achieving Operational Acceptance, that is caused by fire, explosion, or any other perils, in excess of the amount recoverable from insurances procured under GCC Clause 37 (Insurances), provided that such fire, explosion, or other perils were not caused by any act or failure of the Supplier.

- 36.5 If any proceedings are brought or any claim is made against the Supplier that might subject the Purchaser to liability under GCC Clause 36.4, the Supplier shall promptly give the Purchaser notice of such proceedings or claims, and the Purchaser may at its own expense and in the Supplier's name conduct such proceedings or claim and any negotiations for the settlement of any such proceedings or claim. If the Purchaser fails to notify the Supplier within twenty-eight (28) days after receipt of such notice that it intends to conduct any such proceedings or claim, then the Supplier shall be free to conduct the same on its own behalf. Unless the Purchaser has so failed to notify the Supplier within the twenty-eight (28) days, the Supplier shall make no admission that may be prejudicial to the defense of any such proceedings or claim. The Supplier shall, at the Purchaser's request, afford all available assistance to the Purchaser in conducting such proceedings or claim and shall be reimbursed by the Purchaser for all reasonable expenses incurred in so doing.
- 36.6 The party entitled to the benefit of an indemnity under this GCC Clause 36 shall take all reasonable measures to mitigate any loss or damage that has occurred. If the party fails to take such measures, the other party's liabilities shall be correspondingly reduced.

37. Insurances

- 37.1 The Supplier shall at its expense take out and maintain in effect, or cause to be taken out and maintained in effect, during the performance of the Contract, the insurance set forth below. The identity of the insurers and the form of the policies shall be subject to the approval of the Purchaser, who should not unreasonably withhold such approval.

(a) Cargo Insurance During Transport

as applicable, 110 percent of the price of the Information Technologies and other Goods in a freely convertible currency, covering the Goods from physical loss or damage during shipment through receipt at the Project Site.

(b) Installation “All Risks” Insurance

as applicable, 110 percent of the price of the Information Technologies and other Goods covering the Goods at the site from all risks of physical loss or damage (excluding only perils commonly excluded under “all risks” insurance policies of this type by reputable insurers) occurring prior to Operational Acceptance of the System.

(c) Third-Party Liability Insurance

On terms as **specified in the SCC**, covering bodily injury or death suffered by third parties (including the Purchaser’s personnel) and loss of or damage to property (including the Purchaser’s property and any Subsystems that have been accepted by the Purchaser) occurring in connection with the supply and installation of the Information System.

(d) Automobile Liability Insurance

In accordance with the statutory requirements prevailing in the Purchaser’s Country, covering use of all vehicles used by the Supplier or its Subcontractors (whether or not owned by them) in connection with the execution of the Contract.

(e) Other Insurance (if any), as **specified in the SCC**.

37.2 The Purchaser shall be named as co-insured under all insurance policies taken out by the Supplier pursuant to GCC Clause 37.1, except for the Third-Party Liability, and the Supplier’s Subcontractors shall be named as co-insured under all insurance policies taken out by the Supplier pursuant to GCC Clause 37.1 except for Cargo Insurance During Transport. All insurer’s rights of subrogation against such co-insured for losses or claims arising out of the performance of the Contract shall be waived under such policies.

37.3 The Supplier shall deliver to the Purchaser certificates of insurance (or copies of the insurance policies) as evidence that the required policies are in full force and effect.

- 37.4 The Supplier shall ensure that, where applicable, its Subcontractor(s) shall take out and maintain in effect adequate insurance policies for their personnel and vehicles and for work executed by them under the Contract, unless such Subcontractors are covered by the policies taken out by the Supplier.
- 37.5 If the Supplier fails to take out and/or maintain in effect the insurance referred to in GCC Clause 37.1, the Purchaser may take out and maintain in effect any such insurance and may from time to time deduct from any amount due the Supplier under the Contract any premium that the Purchaser shall have paid to the insurer or may otherwise recover such amount as a debt due from the Supplier.
- 37.6 Unless otherwise provided in the Contract, the Supplier shall prepare and conduct all and any claims made under the policies affected by it pursuant to this GCC Clause 37, and all monies payable by any insurers shall be paid to the Supplier. The Purchaser shall give to the Supplier all such reasonable assistance as may be required by the Supplier in connection with any claim under the relevant insurance policies. With respect to insurance claims in which the Purchaser's interest is involved, the Supplier shall not give any release or make any compromise with the insurer without the prior written consent of the Purchaser. With respect to insurance claims in which the Supplier's interest is involved, the Purchaser shall not give any release or make any compromise with the insurer without the prior written consent of the Supplier.
- 38. Force Majeure**
- 38.1 "Force Majeure" shall mean any event beyond the reasonable control of the Purchaser or of the Supplier, as the case may be, and which is unavoidable notwithstanding the reasonable care of the party affected and shall include, without limitation, the following:
- (a) war, hostilities, or warlike operations (whether a state of war be declared or not), invasion, act of foreign enemy, and civil war;
 - (b) rebellion, revolution, insurrection, mutiny, usurpation of civil or military government, conspiracy, riot, civil commotion, and terrorist acts;
 - (c) confiscation, nationalization, mobilization, commandeering or requisition by or under the order of any government or de jure or de facto authority or

- ruler, or any other act or failure to act of any local state or national government authority;
- (d) strike, sabotage, lockout, embargo, import restriction, port congestion, lack of usual means of public transportation and communication, industrial dispute, shipwreck, shortage or restriction of power supply, epidemics, quarantine, and plague;
 - (e) earthquake, landslide, volcanic activity, fire, flood or inundation, tidal wave, typhoon or cyclone, hurricane, storm, lightning, or other inclement weather condition, nuclear and pressure waves, or other natural or physical disaster;
 - (f) failure, by the Supplier, to obtain the necessary export permit(s) from the governments of the Country(s) of Origin of the Information Technologies or other Goods, or Supplier's Equipment provided that the Supplier has made all reasonable efforts to obtain the required export permit(s), including the exercise of due diligence in determining the eligibility of the System and all of its components for receipt of the necessary export permits.
- 38.2 If either party is prevented, hindered, or delayed from or in performing any of its obligations under the Contract by an event of Force Majeure, then it shall notify the other in writing of the occurrence of such event and the circumstances of the event of Force Majeure within fourteen (14) days after the occurrence of such event.
- 38.3 The party who has given such notice shall be excused from the performance or punctual performance of its obligations under the Contract for so long as the relevant event of Force Majeure continues and to the extent that such party's performance is prevented, hindered, or delayed. The Time for Achieving Operational Acceptance shall be extended in accordance with GCC Clause 40 (Extension of Time for Achieving Operational Acceptance).
- 38.4 The party or parties affected by the event of Force Majeure shall use reasonable efforts to mitigate the effect of the event of Force Majeure upon its or their performance of the Contract and to fulfill its or their obligations under the Contract, but without prejudice to either party's right to terminate the Contract under GCC Clause 38.6.

- 38.5 No delay or nonperformance by either party to this Contract caused by the occurrence of any event of Force Majeure shall:
- (a) constitute a default or breach of the Contract;
 - (b) (subject to GCC Clauses 35.2, 38.3, and 38.4) give rise to any claim for damages or additional cost or expense occasioned by the delay or nonperformance, if, and to the extent that, such delay or nonperformance is caused by the occurrence of an event of Force Majeure.
- 38.6 If the performance of the Contract is substantially prevented, hindered, or delayed for a single period of more than sixty (60) days or an aggregate period of more than one hundred and twenty (120) days on account of one or more events of Force Majeure during the time period covered by the Contract, the parties will attempt to develop a mutually satisfactory solution, failing which, either party may terminate the Contract by giving a notice to the other.
- 38.7 In the event of termination pursuant to GCC Clause 38.6, the rights and obligations of the Purchaser and the Supplier shall be as specified in GCC Clauses 41.1.2 and 41.1.3.
- 38.8 Notwithstanding GCC Clause 38.5, Force Majeure shall not apply to any obligation of the Purchaser to make payments to the Supplier under this Contract.

H. CHANGE IN CONTRACT ELEMENTS

39. Changes to the System

39.1 Introducing a Change

- 39.1.1 Subject to GCC Clauses 39.2.5 and 39.2.7, the Purchaser shall have the right to propose, and subsequently require, the Project Manager to order the Supplier from time to time during the performance of the Contract to make any change, modification, addition, or deletion to, in, or from the System (interchangeably called “Change”), provided that such Change falls within the general scope of the System, does not constitute unrelated work, and is technically practicable, taking into account both the state of advancement of the System and the technical compatibility of the Change envisaged with the nature of the System as originally specified in the Contract.

A Change may involve, but is not restricted to, the substitution of updated Information Technologies and

related Services in accordance with GCC Clause 23 (Product Upgrades).

- 39.1.2 The Supplier may from time to time during its performance of the Contract propose to the Purchaser (with a copy to the Project Manager) any Change that the Supplier considers necessary or desirable to improve the quality or efficiency of the System. The Purchaser may at its discretion approve or reject any Change proposed by the Supplier.
 - 39.1.3 Notwithstanding GCC Clauses 39.1.1 and 39.1.2, no change made necessary because of any default of the Supplier in the performance of its obligations under the Contract shall be deemed to be a Change, and such change shall not result in any adjustment of the Contract Price or the Time for Achieving Operational Acceptance.
 - 39.1.4 The procedure on how to proceed with and execute Changes is specified in GCC Clauses 39.2 and 39.3, and further details and sample forms are provided in the Sample Contractual Forms Section in the request for proposals document.
 - 39.1.5 Moreover, the Purchaser and Supplier will agree, during development of the Project Plan, to a date prior to the scheduled date for Operational Acceptance, after which the Technical Requirements for the System shall be “frozen.” Any Change initiated after this time will be dealt with after Operational Acceptance.
- 39.2 Changes Originating from Purchaser
- 39.2.1 If the Purchaser proposes a Change pursuant to GCC Clauses 39.1.1, it shall send to the Supplier a “Request for Change Proposal,” requiring the Supplier to prepare and furnish to the Project Manager as soon as reasonably practicable a “Change Proposal,” which shall include the following:
 - (a) brief description of the Change;
 - (b) impact on the Time for Achieving Operational Acceptance;
 - (c) detailed estimated cost of the Change;
 - (d) effect on Functional Guarantees (if any);
 - (e) effect on any other provisions of the Contract; and

- (f) any additional documents as **specified in the SCC**.
- 39.2.2 Prior to preparing and submitting the “Change Proposal,” the Supplier shall submit to the Project Manager a “Change Estimate Proposal,” which shall be an estimate of the cost of preparing the Change Proposal, plus a first approximation of the suggested approach and cost for implementing the changes. Upon receipt of the Supplier’s Change Estimate Proposal, the Purchaser shall do one of the following:
- (a) accept the Supplier’s estimate with instructions to the Supplier to proceed with the preparation of the Change Proposal;
 - (b) advise the Supplier of any part of its Change Estimate Proposal that is unacceptable and request the Supplier to review its estimate;
 - (c) advise the Supplier that the Purchaser does not intend to proceed with the Change.
- 39.2.3 Upon receipt of the Purchaser’s instruction to proceed under GCC Clause 39.2.2 (a), the Supplier shall, with proper expedition, proceed with the preparation of the Change Proposal, in accordance with GCC Clause 39.2.1. The Supplier, at its discretion, may specify a validity period for the Change Proposal, after which if the Purchaser and Supplier has not reached agreement in accordance with GCC Clause 39.2.6, then GCC Clause 39.2.7 shall apply.
- 39.2.4 The pricing of any Change shall, as far as practicable, be calculated in accordance with the rates and prices included in the Contract. If the nature of the Change is such that the Contract rates and prices are inequitable, the parties to the Contract shall agree on other specific rates to be used for valuing the Change.
- 39.2.5 If before or during the preparation of the Change Proposal it becomes apparent that the aggregate impact of compliance with the Request for Change Proposal and with all other Change Orders that have already become binding upon the Supplier under this GCC Clause 39 would be to increase or decrease the Contract Price as originally set forth in Article 2 (Contract Price) of the Contract Agreement by more than fifteen (15) percent, the Supplier may give a written notice of objection to this Request for Change Proposal prior to furnishing the Change Proposal. If

the Purchaser accepts the Supplier's objection, the Purchaser shall withdraw the proposed Change and shall notify the Supplier in writing of its acceptance.

The Supplier's failure to so object to a Request for Change Proposal shall neither affect its right to object to any subsequent requested Changes or Change Orders, nor affect its right to take into account, when making such subsequent objection, the percentage increase or decrease in the Contract Price that any Change not objected to by the Supplier represents.

39.2.6 Upon receipt of the Change Proposal, the Purchaser and the Supplier shall mutually agree upon all matters contained in the Change Proposal. Within fourteen (14) days after such agreement, the Purchaser shall, if it intends to proceed with the Change, issue the Supplier a Change Order. If the Purchaser is unable to reach a decision within fourteen (14) days, it shall notify the Supplier with details of when the Supplier can expect a decision. If the Purchaser decides not to proceed with the Change for whatever reason, it shall, within the said period of fourteen (14) days, notify the Supplier accordingly. Under such circumstances, the Supplier shall be entitled to reimbursement of all costs reasonably incurred by it in the preparation of the Change Proposal, provided that these do not exceed the amount given by the Supplier in its Change Estimate Proposal submitted in accordance with GCC Clause 39.2.2.

39.2.7 If the Purchaser and the Supplier cannot reach agreement on the price for the Change, an equitable adjustment to the Time for Achieving Operational Acceptance, or any other matters identified in the Change Proposal, the Change will not be implemented. However, this provision does not limit the rights of either party under GCC Clause 6 (Settlement of Disputes).

39.3 Changes Originating from Supplier

If the Supplier proposes a Change pursuant to GCC Clause 39.1.2, the Supplier shall submit to the Project Manager a written "Application for Change Proposal," giving reasons for the proposed Change and including the information specified in GCC Clause 39.2.1. Upon receipt of the Application for Change Proposal, the parties shall follow the procedures outlined in GCC Clauses 39.2.6 and

39.2.7. However, should the Purchaser choose not to proceed or the Purchaser and the Supplier cannot come to agreement on the change during any validity period that the Supplier may specify in its Application for Change Proposal, the Supplier shall not be entitled to recover the costs of preparing the Application for Change Proposal, unless subject to an agreement between the Purchaser and the Supplier to the contrary.

39.4 Value engineering. The Supplier may prepare, at its own cost, a value engineering proposal at any time during the performance of the Contract. The value engineering proposal shall, at a minimum, include the following;

- (a) the proposed change(s), and a description of the difference to the existing Contract requirements;
- (b) a full cost/benefit analysis of the proposed change(s) including a description and estimate of costs (including life cycle costs) the Purchaser may incur in implementing the value engineering proposal; and
- (c) a description of any effect(s) of the change on performance/functionality.

The Purchaser may accept the value engineering proposal if the proposal demonstrates benefits that:

- (a) accelerates the delivery period; or
- (b) reduces the Contract Price or the life cycle costs to the Purchaser; or
- (c) improves the quality, efficiency, safety or sustainability of the systems; or
- (d) yields any other benefits to the Purchaser,

without compromising the necessary functions of the systems.

If the value engineering proposal is approved by the Purchaser and results in:

- (a) a reduction of the Contract Price; the amount to be paid to the Supplier shall be the percentage specified in the SCC of the reduction in the Contract Price; or
- (b) an increase in the Contract Price; but results in a reduction in life cycle costs due to any benefit described in (a) to (d) above,

the amount to be paid to the Supplier shall be the full increase in the Contract Price.

40. Extension of Time for Achieving Operational Acceptance

40.1 The time(s) for achieving Operational Acceptance specified in the Schedule of Implementation shall be extended if the Supplier is delayed or impeded in the performance of any of its obligations under the Contract by reason of any of the following:

- (a) any Change in the System as provided in GCC Clause 39 (Change in the Information System);
- (b) any occurrence of Force Majeure as provided in GCC Clause 38 (Force Majeure);
- (c) default of the Purchaser; or
- (d) any other matter specifically mentioned in the Contract;

by such period as shall be fair and reasonable in all the circumstances and as shall fairly reflect the delay or impediment sustained by the Supplier.

40.2 Except where otherwise specifically provided in the Contract, the Supplier shall submit to the Project Manager a notice of a claim for an extension of the time for achieving Operational Acceptance, together with particulars of the event or circumstance justifying such extension as soon as reasonably practicable after the commencement of such event or circumstance. As soon as reasonably practicable after receipt of such notice and supporting particulars of the claim, the Purchaser and the Supplier shall agree upon the period of such extension. In the event that the Supplier does not accept the Purchaser's estimate of a fair and reasonable time extension, the Supplier shall be entitled to refer the matter to the provisions for the Settlement of Disputes pursuant to GCC Clause 43.

40.3 The Supplier shall at all times use its reasonable efforts to minimize any delay in the performance of its obligations under the Contract.

41. Termination

41.1 Termination for Purchaser's Convenience

41.1.1 The Purchaser may at any time terminate the Contract for any reason by giving the Supplier a notice of termination that refers to this GCC Clause 41.1.

41.1.2 Upon receipt of the notice of termination under GCC Clause 41.1.1, the Supplier shall either as soon as reasonably practical or upon the date specified in the notice of termination

- (a) cease all further work, except for such work as the Purchaser may specify in the notice of termination for the sole purpose of protecting that part of the System already executed, or any work required to leave the site in a clean and safe condition;
- (b) terminate all subcontracts, except those to be assigned to the Purchaser pursuant to GCC Clause 41.1.2 (d) (ii) below;
- (c) remove all Supplier's Equipment from the site, repatriate the Supplier's Personnel from the site, remove from the site any wreckage, rubbish, and debris of any kind;
- (d) in addition, the Supplier, subject to the payment specified in GCC Clause 41.1.3, shall
 - (i) deliver to the Purchaser the parts of the System executed by the Supplier up to the date of termination;
 - (ii) to the extent legally possible, assign to the Purchaser all right, title, and benefit of the Supplier to the System, or Subsystem, as at the date of termination, and, as may be required by the Purchaser, in any subcontracts concluded between the Supplier and its Subcontractors;
 - (iii) deliver to the Purchaser all nonproprietary drawings, specifications, and other documents prepared by the Supplier or its Subcontractors as of the date of termination in connection with the System.

41.1.3 In the event of termination of the Contract under GCC Clause 41.1.1, the Purchaser shall pay to the Supplier the following amounts:

- (a) the Contract Price, properly attributable to the parts of the System executed by the Supplier as of the date of termination;
- (b) the costs reasonably incurred by the Supplier in the removal of the Supplier's Equipment from the site and in the repatriation of the Supplier's Personnel;
- (c) any amount to be paid by the Supplier to its Subcontractors in connection with the

termination of any subcontracts, including any cancellation charges;

- (d) costs incurred by the Supplier in protecting the System and leaving the site in a clean and safe condition pursuant to GCC Clause 41.1.2 (a); and
- (e) the cost of satisfying all other obligations, commitments, and claims that the Supplier may in good faith have undertaken with third parties in connection with the Contract and that are not covered by GCC Clauses 41.1.3 (a) through (d) above.

41.2 Termination for Supplier's Default

41.2.1 The Purchaser, without prejudice to any other rights or remedies it may possess, may terminate the Contract forthwith in the following circumstances by giving a notice of termination and its reasons therefore to the Supplier, referring to this GCC Clause 41.2:

- (a) if the Supplier becomes bankrupt or insolvent, has a receiving order issued against it, compounds with its creditors, or, if the Supplier is a corporation, a resolution is passed or order is made for its winding up (other than a voluntary liquidation for the purposes of amalgamation or reconstruction), a receiver is appointed over any part of its undertaking or assets, or if the Supplier takes or suffers any other analogous action in consequence of debt;
- (b) if the Supplier assigns or transfers the Contract or any right or interest therein in violation of the provision of GCC Clause 42 (Assignment); or
- (c) if the Supplier, in the judgment of the Purchaser has engaged in Fraud and Corruption, as defined in paragraph 2.2 a. of the Appendix 1 to the GCC, in competing for or in executing the Contract, including but not limited to willful misrepresentation of facts concerning ownership of Intellectual Property Rights in, or proper authorization and/or licenses from the owner to offer, the hardware, software, or materials provided under this Contract.

41.2.2 If the Supplier:

- (a) has abandoned or repudiated the Contract;

- (b) has without valid reason failed to commence work on the System promptly;
- (c) persistently fails to execute the Contract in accordance with the Contract or persistently neglects to carry out its obligations under the Contract without just cause;
- (d) refuses or is unable to provide sufficient Materials, Services, or labor to execute and complete the System in the manner specified in the Agreed Project Plan furnished under GCC Clause 19 at rates of progress that give reasonable assurance to the Purchaser that the Supplier can attain Operational Acceptance of the System by the Time for Achieving Operational Acceptance as extended;

then the Purchaser may, without prejudice to any other rights it may possess under the Contract, give a notice to the Supplier stating the nature of the default and requiring the Supplier to remedy the same. If the Supplier fails to remedy or to take steps to remedy the same within thirty (30) days of its receipt of such notice, then the Purchaser may terminate the Contract forthwith by giving a notice of termination to the Supplier that refers to this GCC Clause 41.2.

41.2.3 Upon receipt of the notice of termination under GCC Clauses 41.2.1 or 41.2.2, the Supplier shall, either immediately or upon such date as is specified in the notice of termination:

- (a) cease all further work, except for such work as the Purchaser may specify in the notice of termination for the sole purpose of protecting that part of the System already executed or any work required to leave the site in a clean and safe condition;
- (b) terminate all subcontracts, except those to be assigned to the Purchaser pursuant to GCC Clause 41.2.3 (d) below;
- (c) deliver to the Purchaser the parts of the System executed by the Supplier up to the date of termination;
- (d) to the extent legally possible, assign to the Purchaser all right, title and benefit of the Supplier to the System or Subsystems as at the

date of termination, and, as may be required by the Purchaser, in any subcontracts concluded between the Supplier and its Subcontractors;

- (e) deliver to the Purchaser all drawings, specifications, and other documents prepared by the Supplier or its Subcontractors as at the date of termination in connection with the System.

41.2.4 The Purchaser may enter upon the site, expel the Supplier, and complete the System itself or by employing any third party. Upon completion of the System or at such earlier date as the Purchaser thinks appropriate, the Purchaser shall give notice to the Supplier that such Supplier's Equipment will be returned to the Supplier at or near the site and shall return such Supplier's Equipment to the Supplier in accordance with such notice. The Supplier shall thereafter without delay and at its cost remove or arrange removal of the same from the site.

41.2.5 Subject to GCC Clause 41.2.6, the Supplier shall be entitled to be paid the Contract Price attributable to the portion of the System executed as at the date of termination and the costs, if any, incurred in protecting the System and in leaving the site in a clean and safe condition pursuant to GCC Clause 41.2.3 (a). Any sums due the Purchaser from the Supplier accruing prior to the date of termination shall be deducted from the amount to be paid to the Supplier under this Contract.

41.2.6 If the Purchaser completes the System, the cost of completing the System by the Purchaser shall be determined. If the sum that the Supplier is entitled to be paid, pursuant to GCC Clause 41.2.5, plus the reasonable costs incurred by the Purchaser in completing the System, exceeds the Contract Price, the Supplier shall be liable for such excess. If such excess is greater than the sums due the Supplier under GCC Clause 41.2.5, the Supplier shall pay the balance to the Purchaser, and if such excess is less than the sums due the Supplier under GCC Clause 41.2.5, the Purchaser shall pay the balance to the Supplier. The Purchaser and the Supplier shall agree, in writing, on the computation described above and the manner in which any sums shall be paid.

41.3 Termination by Supplier

41.3.1 If:

- (a) the Purchaser has failed to pay the Supplier any sum due under the Contract within the specified period, has failed to approve any invoice or supporting documents without just cause **pursuant to the SCC**, or commits a substantial breach of the Contract, the Supplier may give a notice to the Purchaser that requires payment of such sum, with interest on this sum as stipulated in GCC Clause 12.3, requires approval of such invoice or supporting documents, or specifies the breach and requires the Purchaser to remedy the same, as the case may be. If the Purchaser fails to pay such sum together with such interest, fails to approve such invoice or supporting documents or give its reasons for withholding such approval, fails to remedy the breach or take steps to remedy the breach within fourteen (14) days after receipt of the Supplier's notice; or
- (b) the Supplier is unable to carry out any of its obligations under the Contract for any reason attributable to the Purchaser, including but not limited to the Purchaser's failure to provide possession of or access to the site or other areas or failure to obtain any governmental permit necessary for the execution and/or completion of the System;

then the Supplier may give a notice to the Purchaser of such events, and if the Purchaser has failed to pay the outstanding sum, to approve the invoice or supporting documents, to give its reasons for withholding such approval, or to remedy the breach within twenty-eight (28) days of such notice, or if the Supplier is still unable to carry out any of its obligations under the Contract for any reason attributable to the Purchaser within twenty-eight (28) days of the said notice, the Supplier may by a further notice to the Purchaser referring to this GCC Clause 41.3.1, forthwith terminate the Contract.

- 41.3.2 The Supplier may terminate the Contract immediately by giving a notice to the Purchaser to that effect, referring to this GCC Clause 41.3.2, if the Purchaser becomes bankrupt or insolvent, has a receiving order issued against it, compounds with its creditors, or,

being a corporation, if a resolution is passed or order is made for its winding up (other than a voluntary liquidation for the purposes of amalgamation or reconstruction), a receiver is appointed over any part of its undertaking or assets, or if the Purchaser takes or suffers any other analogous action in consequence of debt.

41.3.3 If the Contract is terminated under GCC Clauses 41.3.1 or 41.3.2, then the Supplier shall immediately:

- (a) cease all further work, except for such work as may be necessary for the purpose of protecting that part of the System already executed, or any work required to leave the site in a clean and safe condition;
- (b) terminate all subcontracts, except those to be assigned to the Purchaser pursuant to Clause 41.3.3 (d) (ii);
- (c) remove all Supplier's Equipment from the site and repatriate the Supplier's Personnel from the site.
- (d) In addition, the Supplier, subject to the payment specified in GCC Clause 41.3.4, shall:
 - (i) deliver to the Purchaser the parts of the System executed by the Supplier up to the date of termination;
 - (ii) to the extent legally possible, assign to the Purchaser all right, title, and benefit of the Supplier to the System, or Subsystems, as of the date of termination, and, as may be required by the Purchaser, in any subcontracts concluded between the Supplier and its Subcontractors;
 - (iii) to the extent legally possible, deliver to the Purchaser all drawings, specifications, and other documents prepared by the Supplier or its Subcontractors as of the date of termination in connection with the System.

41.3.4 If the Contract is terminated under GCC Clauses 41.3.1 or 41.3.2, the Purchaser shall pay to the Supplier all payments specified in GCC Clause 41.1.3 and reasonable compensation for all loss, except for

loss of profit, or damage sustained by the Supplier arising out of, in connection with, or in consequence of such termination.

41.3.5 Termination by the Supplier pursuant to this GCC Clause 41.3 is without prejudice to any other rights or remedies of the Supplier that may be exercised in lieu of or in addition to rights conferred by GCC Clause 41.3.

41.4 In this GCC Clause 41, the expression “portion of the System executed” shall include all work executed, Services provided, and all Information Technologies, or other Goods acquired (or subject to a legally binding obligation to purchase) by the Supplier and used or intended to be used for the purpose of the System, up to and including the date of termination.

41.5 In this GCC Clause 41, in calculating any monies due from the Purchaser to the Supplier, account shall be taken of any sum previously paid by the Purchaser to the Supplier under the Contract, including any advance payment paid **pursuant to the SCC.**

42. Assignment

42.1 Neither the Purchaser nor the Supplier shall, without the express prior written consent of the other, assign to any third party the Contract or any part thereof, or any right, benefit, obligation, or interest therein or thereunder, except that the Supplier shall be entitled to assign either absolutely or by way of charge any monies due and payable to it or that may become due and payable to it under the Contract.

I. SETTLEMENT OF DISPUTES

43. Settlement of Disputes

43.1 Adjudication

43.1.1 If any dispute of any kind whatsoever shall arise between the Purchaser and the Supplier in connection with or arising out of the Contract, including without prejudice to the generality of the foregoing, any question regarding its existence, validity, or termination, or the operation of the System (whether during the progress of implementation or after its achieving Operational Acceptance and whether before or after the termination, abandonment, or breach of the Contract), the parties shall seek to resolve any such dispute by mutual consultation. If

the parties fail to resolve such a dispute by mutual consultation within fourteen (14) days after one party has notified the other in writing of the dispute, then, if the Contract Agreement in Appendix 2 includes and names an Adjudicator, the dispute shall, within another fourteen (14) days, be referred in writing by either party to the Adjudicator, with a copy to the other party. If there is no Adjudicator specified in the Contract Agreement, the mutual consultation period stated above shall last twenty-eight (28) days (instead of fourteen), upon expiry of which either party may move to the notification of arbitration pursuant to GCC Clause 43.2.1.

- 43.1.2 The Adjudicator shall give his or her decision in writing to both parties within twenty-eight (28) days of the dispute being referred to the Adjudicator. If the Adjudicator has done so, and no notice of intention to commence arbitration has been given by either the Purchaser or the Supplier within fifty-six (56) days of such reference, the decision shall become final and binding upon the Purchaser and the Supplier. Any decision that has become final and binding shall be implemented by the parties forthwith.
- 43.1.3 The Adjudicator shall be paid an hourly fee at the rate specified in the Contract Agreement plus reasonable expenditures incurred in the execution of duties as Adjudicator, and these costs shall be divided equally between the Purchaser and the Supplier.
- 43.1.4 Should the Adjudicator resign or die, or should the Purchaser and the Supplier agree that the Adjudicator is not fulfilling his or her functions in accordance with the provisions of the Contract, a new Adjudicator shall be jointly appointed by the Purchaser and the Supplier. Failing agreement between the two within twenty-eight (28) days, the new Adjudicator shall be appointed at the request of either party by the Appointing Authority **specified in the SCC**, or, if no Appointing Authority is **specified in SCC**, the Contract shall, from this point onward and until the parties may otherwise agree on an Adjudicator or an Appointing Authority, be implemented as if there is no Adjudicator.

43.2 Arbitration

43.2.1 If

- (a) the Purchaser or the Supplier is dissatisfied with the Adjudicator's decision and acts before this decision has become final and binding pursuant to GCC Clause 43.1.2, or
- (b) the Adjudicator fails to give a decision within the allotted time from referral of the dispute pursuant to GCC Clause 43.1.2, and the Purchaser or the Supplier acts within the following fourteen (14) days, or
- (c) in the absence of an Adjudicator from the Contract Agreement, the mutual consultation pursuant to GCC Clause 43.1.1 expires without resolution of the dispute and the Purchaser or the Supplier acts within the following fourteen (14) days,

then either the Purchaser or the Supplier may act to give notice to the other party, with a copy for information to the Adjudicator in case an Adjudicator had been involved, of its intention to commence arbitration, as provided below, as to the matter in dispute, and no arbitration in respect of this matter may be commenced unless such notice is given.

43.2.2 Any dispute in respect of which a notice of intention to commence arbitration has been given, in accordance with GCC Clause 43.2.1, shall be finally settled by arbitration. Arbitration may be commenced prior to or after Installation of the Information System.

43.2.3 Arbitration proceedings shall be conducted in accordance with the rules of procedure **specified in the SCC**.

43.3 Notwithstanding any reference to the Adjudicator or arbitration in this clause,

- (a) the parties shall continue to perform their respective obligations under the Contract unless they otherwise agree;
- (b) the Purchaser shall pay the Supplier any monies due the Supplier.

J. CYBER SECURITY

44. Cyber Security

- 44.1 **Pursuant to the SCC**, the Supplier, including its Subcontractors/ suppliers/ manufacturers shall take all technical and organizational measures necessary to protect the information technology systems and data used in connection with the Contract. Without limiting the foregoing, the Supplier, including its Subcontractors/ suppliers/ manufacturers, shall use all reasonable efforts to establish, maintain, implement and comply with, reasonable information technology, information security, cyber security and data protection controls, policies and procedures, including oversight, access controls, encryption, technological and physical safeguards and business continuity/disaster recovery and security plans that are designed to protect against and prevent breach, destruction, loss, unauthorized distribution, use, access, disablement, misappropriation or modification, or other compromise or misuse of or relating to any information technology system or data used in connection with the Contract.

APPENDIX 1

Fraud and Corruption

(Text in this Appendix shall not be modified)

1. Purpose

- 1.1 The Bank's Anti-Corruption Guidelines and this annex apply with respect to procurement under Bank Investment Project Financing operations.

2. Requirements

- 2.1 The Bank requires that Borrowers (including beneficiaries of Bank financing); bidders (applicants/proposers), consultants, contractors and suppliers; any sub-contractors, sub-consultants, service providers or suppliers; any agents (whether declared or not); and any of their personnel, observe the highest standard of ethics during the procurement process, selection and contract execution of Bank-financed contracts, and refrain from Fraud and Corruption.

- 2.2 To this end, the Bank:

- a. Defines, for the purposes of this provision, the terms set forth below as follows:
 - i. "corrupt practice" is the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party;
 - ii. "fraudulent practice" is any act or omission, including misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain financial or other benefit or to avoid an obligation;
 - iii. "collusive practice" is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party;
 - iv. "coercive practice" is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party;
 - v. "obstructive practice" is:
 - (a) deliberately destroying, falsifying, altering, or concealing of evidence material to the investigation or making false statements to investigators in order to materially impede a Bank investigation into allegations of a corrupt, fraudulent, coercive, or collusive practice; and/or threatening, harassing, or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation; or
 - (b) acts intended to materially impede the exercise of the Bank's inspection and audit rights provided for under paragraph 2.2 e. below.

- b. Rejects a proposal for award if the Bank determines that the firm or individual recommended for award, any of its personnel, or its agents, or its sub-consultants, sub-contractors, service providers, suppliers and/ or their employees, has, directly or indirectly, engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices in competing for the contract in question;
- c. In addition to the legal remedies set out in the relevant Legal Agreement, may take other appropriate actions, including declaring misprocurement, if the Bank determines at any time that representatives of the Borrower or of a recipient of any part of the proceeds of the loan engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices during the procurement process, selection and/or execution of the contract in question, without the Borrower having taken timely and appropriate action satisfactory to the Bank to address such practices when they occur, including by failing to inform the Bank in a timely manner at the time they knew of the practices;
- d. Pursuant to the Bank's Anti-Corruption Guidelines, and in accordance with the Bank's prevailing sanctions policies and procedures, may sanction a firm or individual, either indefinitely or for a stated period of time, including by publicly declaring such firm or individual ineligible (i) to be awarded or otherwise benefit from a Bank-financed contract, financially or in any other manner;¹ (ii) to be a nominated² sub-contractor, consultant, manufacturer or supplier, or service provider of an otherwise eligible firm being awarded a Bank-financed contract; and (iii) to receive the proceeds of any loan made by the Bank or otherwise to participate further in the preparation or implementation of any Bank-financed project;
- e. Requires that a clause be included in bidding/request for proposals documents and in contracts financed by a Bank loan, requiring (i) bidders (applicants/proposers), consultants, contractors, and suppliers, and their sub-contractors, sub-consultants, service providers, suppliers, agents, personnel, permit the Bank to inspect³ all accounts, records and other documents relating to the procurement process, selection and/or contract execution, and to have them audited by auditors appointed by the Bank.

¹ For the avoidance of doubt, a sanctioned party's ineligibility to be awarded a contract shall include, without limitation, (i) applying for pre-qualification, expressing interest in a consultancy, and bidding, either directly or as a nominated sub-contractor, nominated consultant, nominated manufacturer or supplier, or nominated service provider, in respect of such contract, and (ii) entering into an addendum or amendment introducing a material modification to any existing contract.

² A nominated sub-contractor, nominated consultant, nominated manufacturer or supplier, or nominated service provider (different names are used depending on the particular bidding document) is one which has been: (i) included by the bidder in its pre-qualification application or bid because it brings specific and critical experience and know-how that allow the bidder to meet the qualification requirements for the particular bid; or (ii) appointed by the Borrower.

³ Inspections in this context usually are investigative (i.e., forensic) in nature. They involve fact-finding activities undertaken by the Bank or persons appointed by the Bank to address specific matters related to investigations/audits, such as evaluating the veracity of an allegation of possible Fraud and Corruption, through the appropriate mechanisms. Such activity includes but is not limited to: accessing and examining a firm's or individual's financial records and information, and making copies thereof as relevant; accessing and examining any other documents, data and information (whether in hard copy or electronic format) deemed relevant for the investigation/audit, and making copies thereof as relevant; interviewing staff and other relevant individuals; performing physical inspections and site visits; and obtaining third party verification of information.

APPENDIX 2

Sexual Exploitation and Abuse (SEA) and/or Sexual Harassment (SH) Performance Declaration for Subcontractors

[The following table shall be filled in by each subcontractor proposed by the Supplier, that was not named in the Contract]

Subcontractor's Name: *[insert full name]*

Date: *[insert day, month, year]*

Contract reference *[insert contract reference]*

Page *[insert page number]* of *[insert total number]* pages

SEA and/or SH Declaration
We: ☐ (a) have not been subject to disqualification by the Bank for non-compliance with SEA/ SH obligations. ☐ (b) are subject to disqualification by the Bank for non-compliance with SEA/ SH obligations. ☐ (c) had been subject to disqualification by the Bank for non-compliance with SEA/ SH obligations, and were removed from the disqualification list. An arbitral award on the disqualification case has been made in our favor.
<i>[If (c) above is applicable, attach evidence of an arbitral award reversing the findings on the issues underlying the disqualification.]</i>
Period of disqualification: From: _____ To: _____

Name of the Subcontractor _____

Name of the person duly authorized to sign on behalf of the Subcontractor _____

Title of the person signing on behalf of the Subcontractor _____

Signature of the person named above _____

Date signed _____ day of _____, _____

Countersignature of authorized representative of the Supplier:

Signature: _____

Date signed _____ day of _____, _____

Special Conditions of Contract

The following Special Conditions of Contract (SCC) shall supplement or amend the General Conditions of Contract (GCC). Whenever there is a conflict, the provisions of the SCC shall prevail over those in the General Conditions of Contract. For the purposes of clarity, any referenced GCC clause numbers are indicated in the left column of the SCC.

A. CONTRACT AND INTERPRETATION

Definitions (GCC Clause 1)

GCC 1.1 (a) (ix)	The applicable edition of the Procurement Regulation is dated: September 2025, Seventh Edition
GCC 1.1 (b) (i)	The Purchaser is: The Public Private Partnership Commission
GCC 1.1 (b) (ii)	The Project Manager is: National Registration Bureau
GCC 1.1 (e) (i)	The Purchaser's Country is: Malawi
GCC 1.1 (e) (x)	There are no Special Conditions associated with GCC 1.1 (e) (x).
GCC 1.1 (e) (xiii)	The Post-Warranty Services Period is thirty-six (36) months starting with the completion of the Warranty Period.

Notices (GCC Clause 4)

GCC 4.3	Address of the Project Manager: Mr. Chimwemwe Matemba Public Private Partnership Commission P.O. Box 937 Blantyre Street Address: Glyn Jones Road Floor/ Room number: 2nd Floor, Livingstone Towers City: Blantyre ZIP/Postal Code: N/A Country: Malawi Telephone: +265 (0) 1 823 655
---------	---

	Facsimile number: +265 (0) 1 821 248 Electronic mail address: info@pppc.mw
--	--

B. SUBJECT MATTER OF CONTRACT

Scope of the System (GCC Clause 7)

GCC 7.3	The Supplier's obligations under the Contract will include the following recurrent cost items, as identified in the Recurrent Cost tables in the Supplier's Proposal: The Supplier agrees to supply spare parts required for the operation and maintenance of the System, as stated below, for three (3) years beginning with Operational Acceptance. Moreover, the price of such spare parts shall be those specified in the spare parts price schedule submitted by the Supplier as part of its Proposal. These prices shall include the purchase price for such spare parts and other costs and expenses (including the Supplier's fees) relating to the supply of spare parts. The list of the spare parts is but not limited to the following: • Printer Specific Components • Encoding and Laminating modules • Electronic and Power Spares • Infrastructure and Facility Spares • Consumables – Adjacent Wear Items
---------	---

Time for Commencement and Operational Acceptance (GCC Clause 8)

GCC 8.1	The Supplier shall commence work on the System within: Fourteen (14) days from the Effective Date of the Contract.
---------	---

Supplier's Responsibilities (GCC Clause 9)

GCC 9.1	Health and safety manual is not required
GCC 9.8	The following sustainable procurement contractual provisions, apply: • Energy Efficiency (the contractor to use or install energy-efficient systems and equipment); • Waste Management (detailing how materials will be sorted, recycled, or disposed of in accordance with applicable standards. These may include minimum recycled content for specified materials, restrictions on landfill disposal, and

	protocols for handling hazardous materials (relevant for a card production facility, which may contain chemical residues or electronic components)
GCC 9.18	The Supplier is not required to make security arrangements for the Project Site.

C. PAYMENT

Contract Price (GCC Clause 11)

GCC 11.2	Adjustments to the Contract Price shall be as follows: Not applicable
----------	--

Terms of Payment (GCC Clause 12)

GCC 12.1	Subject to the provisions of GCC Clause 12 (Terms of Payment), the Purchaser shall pay the Contract Price to the Supplier according to the categories and in the manner specified below. Only the categories Advance Payment and Complete System Integration relate to the entire Contract Price. In other payment categories, the term "total Contract Price" means the total cost of goods or services under the specific payment category. Within each such category, the Contract Implementation Schedule may trigger pro-rata payments for the portion of the total Contract Price for the category corresponding to the goods or services actually Delivered, Installed, or Operationally Accepted, at unit prices and in the currencies specified in the Price Schedules of the Contract Agreement. (a) Advance Payment Ten percent (10%) of the entire Contract Price, exclusive of all Recurrent Costs, shall be paid against receipt of a claim accompanied by the Advance Payment Security specified in GCC Clause 13.2. (b) Information Technologies, Materials, and other Goods, with the exception of Custom Software and Custom Materials: Sixty percent (60%) of the total or pro-rata Contract Price for this category against Delivery Ten percent (10%) of the same price against Installation Ten percent (10%) of the same price against Operational Acceptance.
----------	--

	(c) Custom Software and Custom Materials: Sixty percent (60%) of the total or pro-rata Contract Price for this category against Installation Twenty percent (20%) of the same price against Operational Acceptance. (d) Services other than Training: Eighty percent (80%) of the pro-rata Contract Price for services performed will be paid monthly in arrears, on submission and Purchaser's approval of invoices (e) Training Thirty percent (30%) of the total Contract Price for training services at the start of the full training program Fifty percent (50%) of the pro-rata Contract Price for training services performed will be paid monthly in arrears, on submission and approval of appropriate invoices. (f) Complete System Integration Ten percent (10%) of the entire Contract Price, exclusive of all Recurrent Costs, as final payment against Operational Acceptance of the System as an integrated whole. (g) Recurrent Costs One hundred percent (100%) of the price of the services actually delivered will be paid quarterly in arrears, on submission and Purchaser's approval of invoices.
GCC 12.3	The Purchaser shall pay to the Supplier interest on the delayed payments at a rate of 2% per annum above the base lending rate of the currency of the contract.
GCC 12.4	The Supplier will invoice the Purchaser in the currency used in the Contract Agreement and the Price Schedules it refers to, for Goods and Services supplied locally, and the conversion between this currency and Malawi Kwacha for payment purposes - in case the two currencies are different - will be made as of the actual payment date using the exchange rate found in Reserve Bank of Malawi.
GCC 12.6	GCC Clause 12.6 applies

Securities (GCC Clause 13)

GCC 13.3.1	The Performance Security shall be denominated in the currency of the contract for an amount equal to Six (6) percent of the Contract Price, excluding any Recurrent Costs.
GCC 13.3.4	During the Warranty Period (i.e., after Operational Acceptance of the System), the Performance Security shall be reduced to one (1) percent of the Contract Price, excluding any Recurrent Costs.

D. INTELLECTUAL PROPERTY**Copyright (GCC Clause 15)**

GCC 15.3	There are no Special Conditions of Contract applicable to GCC Clause 15.3
GCC 15.4	The Purchaser's and Supplier's rights and obligations with respect to custom materials or elements of the custom materials are as follows: The Purchaser shall have unrestricted and perpetual use, duplication and transfer rights over the custom materials that may be developed under this contract
GCC 15.5	There are no Special Conditions of Contract applicable to GCC Clause 15.5

Software License Agreements (GCC Clause 16)

GCC 16.1 (a) (iv)	The standard software license shall be valid throughout the territory of the Purchaser's country
GCC 16.1 (b) (vi)	There are no Special Conditions of Contract applicable to GCC Clause 16.1 (b) (vi)
GCC 16.1 (b) (vii)	There are no Special Conditions of Contract applicable to GCC Clause 16.1 (b) (vii)
GCC 16.2	There are no Special Conditions of Contract applicable to GCC Clause 16.2

Confidential Information (GCC Clause 17)

GCC 17.1	There are no Special Conditions of Contract applicable to GCC Clause 17.1
----------	--

E. SUPPLY, INSTALLATION, TESTING, COMMISSIONING, AND ACCEPTANCE OF THE SYSTEM

Representatives (GCC Clause 18)

GCC 18.1	There are no Special Conditions of Contract applicable to GCC Clause 18
GCC 18.2.2	There are no Special Conditions of Contract applicable to GCC Clause 18.2.2

Project Plan (GCC Clause 19)

GCC 19.1	Chapters in the Project Plan shall address the following subject: (a) Systems Development Methodology Plan (b) Project Organization and Management Plan, including quality assurance, configuration management, problem escalation and resolution, etc. (c) Delivery and Installation Plan (d) Integration Plan (e) Training Plan (f) Documentation Plan (g) Verification, Validation and Testing Plan (h) Technical Support Plan, including Warranty Services (i) Task, Time, and Resource Schedules. Further details regarding the required contents of each of the above chapters are contained in the Technical Requirements, Section VII.
GCC 19.6	The Supplier shall submit to the Purchaser: (a) Inspection and quality assurance reports (b) Training reports, including purpose, participants, content, materials used / provided, assessment and outcome (c) Log of service calls and problem resolutions (d) Report on status of compliance to cyber security risks management, and any foreseeable cyber security risk and mitigation (e) Test reports, including Site Acceptance Test reports, Factory Acceptance Test reports, Integration Test Reports, Performance Test Reports, Stress Test Reports, Security Test Reports, and User Acceptance Test Reports.

GCC 19.7	The Supplier shall notify the Purchaser's Project Manager and designated security representatives immediately, and in any event within twenty-four (24) hours of becoming aware of the following Cyber Security Incidents: (a) Personal data breaches. (b) Biometric data breaches. (c) Cryptographic key compromise. (d) Unauthorized card production or issuance. (e) Ransomware attacks and malware incidents. (f) Unauthorized privileged access. (g) Compromise of personalization systems. (h) Compromise of mailing systems. (i) Fraudulent Card Production or Issuance Attempts. (j) Any incident likely to affect the confidentiality, integrity, availability, or trustworthiness of the NRIS
----------	---

Design and Engineering (GCC Clause 21)

GCC 21.3.1	The Supplier shall prepare and furnish to the Project Manager the following documents for which the Supplier must obtain the Project Manager's approval before proceeding with work on the System or any Subsystem covered by the documents: (a) Inception report comprising project objectives, scope of the contract, key deliverables, project governance, proposed implementation approach, detailed project implementation plan, critical risks, dependencies, key milestones, training and knowledge transfer plan (b) Detailed solution design document (c) Facility design comprising architectural drawings, electrical drawings, mechanical drawings and layout plans (d) Infrastructure design comprising power design, cooling design and network architecture (e) Waste management and disposal plan (f) Test Plans comprising Factory Acceptance Test Plan, Site Acceptance Test Plan and Operational Acceptance Test Plan (g) Handover documents with as-built documentation and operations & maintenance manuals
------------	---

Product Upgrades (GCC Clause 23)

GCC 23.4	The Supplier must maintain a service capacity to promptly deliver, provide, install and configure the provided versions, releases, and updates for all Standard Software that are used in the System at no additional cost to the Purchaser.
----------	---

Inspections and Tests (GCC Clause 25)

GCC 25	There are no Special Conditions of Contract applicable to GCC Clause 25.
--------	---

Commissioning and Operational Acceptance (GCC Clause 27)

GCC 27.2.1	There are no Special Conditions of Contract applicable to GCC Clause 27.2.1.
------------	---

F. GUARANTEES AND LIABILITIES

Operational Acceptance Time Guarantee (GCC Clause 28)

GCC 28.2	Liquidated damages shall be assessed at one half of one percent (0.5%) of the Contract Price per week of delay. The maximum liquidated damages are ten percent (10%) of the Contract Price, or relevant part of the Contract Price if the liquidated damages apply to a Subsystem
GCC 28.3	Liquidated damages shall be assessed only with respect to achieving Operational Acceptance

Defect Liability (GCC Clause 29)

GCC 29.1	There are no Special Conditions of Contract applicable to GCC Clause 29.1.
GCC 29.4	The Warranty Period shall begin from the date of Final Acceptance of the System and extend for 3 Years
GCC 29.10	There are no Special Conditions of Contract applicable to GCC Clause 29.10

Functional Guarantees (GCC Clause 30)

GCC 30	There are no Special Conditions of Contract applicable to GCC Clause 30.
GCC 32	There are no Special Conditions of Contract applicable to GCC Clause 32.

G. RISK DISTRIBUTION

Insurances (GCC Clause 37)

GCC 37.1 (c)	The Supplier shall obtain Third-Party Liability Insurance in the amount of United States Dollar Thirty Thousand (US\$30,000.00) with deductible limits of no more than United States Dollar Fifty Thousand (US\$50,000.00). The insured Parties shall be Supplier's personnel in Malawi. The Insurance shall cover the period from the Effective Date of the Contract until expiration date, relative to the Effective Date of the Contract or its completion.
GCC 37.1 (e)	There are no Special Conditions of Contract applicable to GCC Clause 37.1 (e).

H. CHANGE IN CONTRACT ELEMENTS

Changes to the System (GCC Clause 39)

GCC 39.2.1	Not applicable
GCC 39.4	Value Engineering The Purchaser will not consider a Value Engineering Proposal.

I. SETTLEMENT OF DISPUTES

Settlement of Disputes (GCC Clause 43)

GCC 43.1.4	The Adjudicator shall be a mutually acceptable person selected by the bidder awarded the contract and the Employer at the time of contract negotiations.
GCC 43.2.3	If the Supplier is from outside the Purchaser's Country arbitration proceedings shall be conducted in accordance with the rules of arbitration of UNCITRAL . These rules, in the version in force at the time of the request for arbitration, will be deemed to form part of this Contract. If the Supplier is a national of the Purchaser's Country, any dispute between the Purchaser and a Supplier arising in connection with the

	present Contract shall be referred to arbitration in accordance with the laws of the Purchaser's country.
J. CYBER SECURITY	
Cyber Security (GCC Clause 44)	
GCC 44.1	Cyber Security applies

SECTION X - CONTRACT FORMS

Notes to the Purchaser on preparing the Contract Forms

Performance Security: Pursuant to GCC Clause 13.3, the successful Proposer is required to provide the Performance Security within twenty-eight (28) days of notification of Contract award.

Advance Payment Security: Pursuant to Clause 13.2, the successful Proposer is required to provide a bank guarantee securing the Advance Payment, if the SCC related to GCC Clause 12.1 provides for an Advance Payment.

Installation and Operational Acceptance Certificates: Recommended formats for these certificates are included in this SPD. Unless the Purchaser has good reason to require procedures that differ from those recommended, or to require different wording in the certificates, the procedures and forms shall be included unchanged. If the Purchaser wishes to amend the recommended procedures and/or certificates, it may propose alternatives for the approval of the World Bank before release of the request for proposals document to potential Proposers.

Change Order Procedures and Forms: Similar to the Installation and Operational Acceptance Certificates, the Change Estimate Proposal, Estimate Acceptance, Change Proposal, Change Order, and related Forms should be included in the request for proposals document unaltered. If the Purchaser wishes to amend the recommended procedures and/or certificates, it may propose alternatives for the approval of the World Bank before release of the request for proposals document.

Notes to Proposers on working with the Sample Contractual Forms

The following forms are to be completed and submitted by the successful Proposer following receipt of the Letter of Acceptance from the Purchaser: (i) Contract Agreement, with all Appendices; (ii) Performance Security; and (iii) Advance Payment Security.

- **Contract Agreement:** In addition to specifying the parties and the Contract Price, the Contract Agreement is where the: (i) Supplier Representative; (ii) if applicable, agreed Adjudicator and his/her compensation; and (iii) the List of Approved Subcontractors are specified. In addition, modifications to the successful Proposer's Proposal Price Schedules are attached to the Agreement. These contain corrections and adjustments to the Supplier's Proposal prices to correct errors, adjust the Contract Price to reflect – if applicable - any extensions to Proposal validity beyond the last day of original Proposal validity plus 56 days, etc.
- **Performance Security:** Pursuant to GCC Clause 13.3, the successful Proposer is required to provide the Performance Security in the form

contained in this section of this request for proposals document and in the amount specified in accordance with the SCC.

- Advance Payment Security: Pursuant to GCC Clause 13.2, the successful Proposer is required to provide a bank guarantee for the full amount of the Advance Payment - if an Advance Payment is specified in the SCC for GCC Clause 12.1 - in the form contained in this section of this request for proposals document or another form acceptable to the Purchaser. If a Proposer wishes to propose a different Advance Payment Security form, it should submit a copy to the Purchaser promptly for review and confirmation of acceptability before the proposal submission deadline.

The Purchaser and Supplier will use the following additional forms during Contract implementation to formalize or certify important Contract events: (i) the Installation and Operational Acceptance Certificates; and (ii) the various Change Order forms. These and the procedures for their use during performance of the Contract are included in the request for proposals document for the information of Proposers.

NOTIFICATION OF INTENTION TO AWARD

[This Notification of Intention to Award shall be sent to each Proposer that submitted a Proposal, unless the Proposer has previously received notice of exclusion from the process Proposer.]

[Send this Notification to the Proposer's Authorized Representative named in the Proposer Information Form]

For the attention of Proposer's Authorized Representative

Name: *[insert Authorized Representative's name]*

Address: *[insert Authorized Representative's Address]*

Telephone/Fax numbers: *[insert Authorized Representative's telephone/fax numbers]*

Email Address: *[insert Authorized Representative's email address]*

[IMPORTANT: insert the date that this Notification is transmitted to all participating Proposers. The Notification must be sent to all Proposers simultaneously. This means on the same date and as close to the same time as possible.]

DATE OF TRANSMISSION: This Notification is sent by: *[specify email / fax]* on *[specify date]* (local time)

Notification of Intention to Award

Purchaser: *[insert the name of the Purchaser]*

Project: *[insert name of project]*

Contract title: *[insert the name of the contract]*

Country: *[insert country where RFP is issued]*

Loan No. /Credit No. / Grant No.: *[insert reference number for loan/credit/grant]*

RFP No: *[insert RFP reference number from Procurement Plan]*

This Notification of Intention to Award (Notification) notifies you of our decision to award the above contract. The transmission of this Notification begins the Standstill Period. During the Standstill Period you may:

- a) request a debriefing in relation to the evaluation of your Proposal, and/or
- b) submit a Procurement-related Complaint in relation to the decision to award the contract.

1. The successful Proposer

Name:	[insert name of successful Proposer]
Address:	[insert address of the successful Proposer]
Contract price:	[insert contract price of the successful Proposer]
Total combined score:	[insert the total combined score of the successful Proposer]

2. Other Proposers [INSTRUCTIONS: insert names of all Proposers that submitted a Proposal, Proposal prices as read out and evaluated, technical scores and combined scores.]

Name of Proposer	Technical Score (If applicable)	Proposal price	Evaluated Proposal Cost	Combined Score
[insert name]	[insert Technical score]	[insert Proposal price]	[insert evaluated cost]	[insert combined score]
[insert name]	[insert Technical score]	[insert Proposal price]	[insert evaluated cost]	[insert combined score]
[insert name]	[insert Technical score]	[insert Proposal price]	[insert evaluated cost]	[insert combined score]

3. Reason/s why your Proposal was unsuccessful [Delete if the combined score already reveals the reason]

[INSTRUCTIONS; State the reason/s why this Proposer's Proposal was unsuccessful. Do NOT include: (a) a point by point comparison with another Proposer's Proposal or (b) information that is marked confidential by the Proposer in its Proposal.]

4. How to request a debriefing

DEADLINE: The deadline to request a debriefing expires at midnight on [insert date] (local time).

You may request a debriefing in relation to the results of the evaluation of your Proposal. If you decide to request a debriefing your written request must be made within three (3) Business Days of receipt of this Notification of Intention to Award.

Provide the contract name, reference number, name of the Proposer, contact details; and address the request for debriefing as follows:

Attention: *[insert full name of person, if applicable]*

Title/position: *[insert title/position]*

Agency: *[insert name of Purchaser]*

Email address: *[insert email address]*

Fax number: *[insert fax number or state “not applicable”]*

If your request for a debriefing is received within the 3 Business Days deadline, we will provide the debriefing within five (5) Business Days of receipt of your request. If we are unable to provide the debriefing within this period, the Standstill Period shall be extended by five (5) Business Days after the date that the debriefing is provided. If this happens, we will notify you and confirm the date that the extended Standstill Period will end.

The debriefing may be in writing, by phone, video conference call or in person. We shall promptly advise you in writing how the debriefing will take place and confirm the date and time.

If the deadline to request a debriefing has expired, you may still request a debriefing. In this case, we will provide the debriefing as soon as practicable, and normally no later than fifteen (15) Business Days from the date of publication of the Contract Award Notice.

5. How to make a complaint

DEADLINE: The deadline for submitting a Procurement-related Complaint challenging the decision to award the contract expires on midnight, *[insert date]* (local time).

Provide the contract name, reference number, name of the Proposer, contact details; and address the Procurement-related Complaint as follows:

Attention: *[insert full name of person, if applicable]*

Title/position: *[insert title/position]*

Agency: *[insert name of Purchaser]*

Email address: *[insert email address]*

Fax number: *[insert fax number or state “not applicable”]*

At this point in the procurement process, you may submit a Procurement-related Complaint challenging the decision to award the contract. You do not need to have requested, or received, a debriefing before making this complaint. Your complaint must be submitted within the Standstill Period and received by us before the Standstill Period ends.

For more information see the “[Procurement Regulations for IPF Borrowers \(Procurement Regulations\)](#) (Annex III).” You should read these provisions before preparing and submitting your complaint. In addition, the World Bank’s Guidance “[How to make a Procurement-related Complaint](#)” provides a useful explanation of the process, as well as a sample letter of complaint.

In summary, there are four essential requirements:

1. You must be an ‘interested party’. In this case, that means a Proposer who submitted a Proposal in this procurement, and is the recipient of a Notification of Intention to Award.
2. The complaint can only challenge the decision to award the contract.
3. You must submit the complaint within the deadline stated above.
4. You must include, in your complaint, all of the information required by the Procurement Regulations (as described in Annex III).

6. Standstill Period

DEADLINE: The Standstill Period is due to end at midnight on [insert date] (local time).

The Standstill Period lasts ten (10) Business Days after the date of transmission of this Notification of Intention to Award.

The Standstill Period may be extended. This may happen where we are unable to provide a debriefing within the five (5) Business Day deadline. If this happens we will notify you of the extension.

If you have any questions regarding this Notification please do not hesitate to contact us.

BENEFICIAL OWNERSHIP DISCLOSURE FORM

INSTRUCTIONS TO PROPOSERS: DELETE THIS BOX ONCE YOU HAVE COMPLETED THE FORM

This Beneficial Ownership Disclosure Form ("Form") is to be completed by the successful Proposer. In case of joint venture, the Proposer must submit a separate Form for each member. The beneficial ownership information to be submitted in this Form shall be current as of the date of its submission.

For the purposes of this Form, a Beneficial Owner of a Proposer is any natural person who ultimately owns or controls the Proposer by meeting one or more of the following conditions:

- *directly or indirectly holding 25% or more of the shares*
- *directly or indirectly holding 25% or more of the voting rights*
- *directly or indirectly having the right to appoint a majority of the board of directors or equivalent governing body of the Proposer*

RFP No.: [insert **number of RFP process**]

Request for Proposals No.: [insert **identification**]

To: [insert **complete name of Purchaser**]

In response to your request in the Letter of Acceptance dated [insert date of letter of Acceptance] to furnish additional information on beneficial ownership: [select one option as applicable and delete the options that are not applicable]

(i) we hereby provide the following beneficial ownership information.

Details of beneficial ownership

Identity of Beneficial Owner	Directly or indirectly holding 25% or more of the shares (Yes / No)	Directly or indirectly holding 25 % or more of the Voting Rights (Yes / No)	Directly or indirectly having the right to appoint a majority of the board of the directors or an equivalent governing body of the Proposer (Yes / No)

<i>[include full name (last, middle, first), nationality, country of residence]</i>			
---	--	--	--

OR

(ii) *We declare that there is no Beneficial Owner meeting one or more of the following conditions:*

- directly or indirectly holding 25% or more of the shares
- directly or indirectly holding 25% or more of the voting rights
- directly or indirectly having the right to appoint a majority of the board of directors or equivalent governing body of the Proposer

OR

(iii) *We declare that we are unable to identify any Beneficial Owner meeting one or more of the following conditions. [If this option is selected, the Proposer shall provide explanation on why it is unable to identify any Beneficial Owner]*

- directly or indirectly holding 25% or more of the shares
- directly or indirectly holding 25% or more of the voting rights
- directly or indirectly having the right to appoint a majority of the board of directors or equivalent governing body of the Proposer]

Name of the Proposer: **[insert complete name of the Proposer]*

Name of the person duly authorized to sign the Proposal on behalf of the Proposer: ***[insert complete name of person duly authorized to sign the Proposal]*

Title of the person signing the Proposal: *[insert complete title of the person signing the Proposal]*

Signature of the person named above: _____

Date signed *[insert ordinal number]* day of *[insert month]*, *[insert year]*

* In the case of the Proposal submitted by a Joint Venture specify the name of the Joint Venture as Proposer. In the event that the Proposer is a joint venture, each reference to “Proposer” in the Beneficial Ownership Disclosure Form (including this Introduction thereto) shall be read to refer to the joint venture member.

** Person signing the Proposal shall have the power of attorney given by the Proposer. The power of attorney shall be attached with the Proposal Schedules.

LETTER OF ACCEPTANCE

Purchaser: *[insert the name of the Purchaser]*

Attachment: Contract Agreement

1. CONTRACT AGREEMENT

THIS CONTRACT AGREEMENT is made

the *[insert: **ordinal number**]* day of *[insert: **month**]*, *[insert: **year**]*.

BETWEEN

- (1) *[insert: **Name of Purchaser**]*, a *[insert: **description of type of legal entity, for example, an agency of the Ministry of . . .**]* of the Government of *[insert: **country of Purchaser**]*, or corporation incorporated under the laws of *[insert: **country of Purchaser**]* and having its principal place of business at *[insert: **address of Purchaser**]* (hereinafter called “the Purchaser”), and
- (2) *[insert: **name of Supplier**]*, a corporation incorporated under the laws of *[insert: **country of Supplier**]* and having its principal place of business at *[insert: **address of Supplier**]* (hereinafter called “the Supplier”).

WHEREAS the Purchaser desires to engage the Supplier to supply, install, achieve Operational Acceptance of, and support the following Information System *[insert: **brief description of the Information System**]* (“the System”), and the Supplier has agreed to such engagement upon and subject to the terms and conditions appearing below in this Contract Agreement.

NOW IT IS HEREBY AGREED as follows:

- | | |
|--------------------|---|
| Article 1. | 1.1 Contract Documents (Reference GCC Clause 1.1 (a) (ii)) |
| Contract Documents | <p>The following documents shall constitute the Contract between the Purchaser and the Supplier, and each shall be read and construed as an integral part of the Contract:</p> <ol style="list-style-type: none"> (a) This Contract Agreement and the Appendices attached to the Contract Agreement (b) Special Conditions of Contract (c) General Conditions of Contract (d) Technical Requirements (including Implementation Schedule) (e) The Supplier’s proposal and original Price Schedules (f) Code of Conduct for Supplier’s Personnel (g) <i>[Add here: any other documents]</i> |
| | 1.2 Order of Precedence (Reference GCC Clause 2) |

In the event of any ambiguity or conflict between the Contract Documents listed above, the order of precedence shall be the order in which the Contract Documents are listed in Article 1.1 (Contract Documents) above, provided that Appendix 7 shall prevail over all provisions of the Contract Agreement and the other Appendices attached to the Contract Agreement and all the other Contract Documents listed in Article 1.1 above.

1.3 Definitions (Reference GCC Clause 1)

Capitalized words and phrases used in this Contract Agreement shall have the same meanings as are ascribed to them in the General Conditions of Contract.

Article 2.

Contract Price and Terms of Payment

2.1 Contract Price (Reference GCC Clause 1.1(a)(viii) and GCC Clause 11)

The Purchaser hereby agrees to pay to the Supplier the Contract Price in consideration of the performance by the Supplier of its obligations under the Contract. The Contract Price shall be the aggregate of: *[insert: amount of foreign currency A in words]*, *[insert: amount in figures]*, plus *[insert: amount of foreign currency B in words]*, *[insert: amount in figures]*, plus *[insert: amount of foreign currency C in words]*, *[insert: amount in figures]*, *[insert: amount of local currency in words]*, *[insert: amount in figures]*, as specified in the Grand Summary Price Schedule.

The Contract Price shall be understood to reflect the terms and conditions used in the specification of prices in the detailed price schedules, including the terms and conditions of the associated Incoterms, and the taxes, duties and related levies if and as identified.

Article 3.

Effective Date for Determining Time for Operational Acceptance

3.1 Effective Date (Reference GCC Clause 1.1 (e) (ix))

The time allowed for supply, installation, and achieving Operational Acceptance of the System shall be determined from the date when all of the following conditions have been fulfilled:

- (a) This Contract Agreement has been duly executed for and on behalf of the Purchaser and the Supplier;
- (b) The Supplier has submitted to the Purchaser the performance security and the advance payment security, in accordance with GCC Clause 13.2 and GCC Clause 13.3;
- (c) The Purchaser has paid the Supplier the advance payment, in accordance with GCC Clause 12;

Each party shall use its best efforts to fulfill the above conditions for which it is responsible as soon as practicable.

- 3.2 If the conditions listed under 3.1 are not fulfilled within two (2) months from the date of this Contract Agreement because of reasons not attributable to the Supplier, the parties shall discuss and agree on an equitable adjustment to the Contract Price and the Time for Achieving Operational Acceptance and/or other relevant conditions of the Contract.
- Article 4. 4.1 The Appendixes listed below shall be deemed to form an integral part of this Contract Agreement.
- Appendixes 4.2 Reference in the Contract to any Appendix shall mean the Appendixes listed below and attached to this Contract Agreement, and the Contract shall be read and construed accordingly.

APPENDIXES

- Appendix 1. Supplier's Representative
- Appendix 2. Adjudicator *[if there is no Adjudicator, state "**not applicable**"]*
- Appendix 3. List of Approved Subcontractors
- Appendix 4. Categories of Software
- Appendix 5. Custom Materials
- Appendix 6. Revised Price Schedules (if any)
- Appendix 7. Minutes of Contract Finalization Discussions and Agreed-to Contract Amendments

IN WITNESS WHEREOF the Purchaser and the Supplier have caused this Agreement to be duly executed by their duly authorized representatives the day and year first above written.

<i>[insert Title and description]</i>
<i>[insert Title and description]</i>

Appendix 6. Revised Price Schedules

The attached Revised Price Schedules (if any) shall form part of this Contract Agreement and, where differences exist, shall supersede the Price Schedules contained in the Supplier's Proposal. These Revised Price Schedules reflect any corrections or adjustments to the Supplier's proposal price, pursuant to the ITP Clauses 30.3 and 38.2.

Appendix 7. Minutes of Contract Finalization Discussions and Agreed-to Contract Amendments

The attached Contract amendments (if any) shall form part of this Contract Agreement and, where differences exist, shall supersede the relevant clauses in the GCC, SCC, Technical Requirements, or other parts of this Contract as defined in GCC Clause 1.1 (a) (ii).

2. PERFORMANCE AND ADVANCE PAYMENT SECURITY FORMS

2.1 Performance Security Form (Bank Guarantee)

(Bank Guarantee)

[The bank, as requested by the successful Proposer, shall fill in this form in accordance with the instructions indicated]

[Guarantor letterhead or SWIFT identifier code]

*[insert: **Bank's Name, and Address of Issuing Branch or Office**]*

Beneficiary: *[insert: **Name and Address of Purchaser**]*

Date: *[insert: **date**]*

PERFORMANCE GUARANTEE No.: *[insert: **Performance Guarantee Number**]*

Guarantor: *[Insert name and address of place of issue, unless indicated in the letterhead]*

We have been informed that on *[insert: **date of award**]* you awarded Contract No. *[insert: **Contract number**]* for *[insert: **title and/or brief description of the Contract**]* (hereinafter called "the Contract") to *[insert: **complete name of Supplier which in the case of a joint venture shall be in the name of the joint venture**]* (hereinafter called "the Applicant"). Furthermore, we understand that, according to the conditions of the Contract, a performance guarantee is required.

At the request of the Applicant, we as Guarantor hereby irrevocably undertake to pay you any sum(s) not exceeding *[insert: **amount(s)¹ in figures and words**]* such sum being payable in the types and proportions of currencies which the Contract Price is payable upon receipt by us of the Beneficiary's statement, whether in the demand itself or in a separate signed document accompanying or identifying the demand, stating that the Applicant is in breach of its obligation(s) under the contract without the Beneficiary needing to prove or to show grounds or reasons for their demand or the sum specified therein.

On the date of your issuing, to the Supplier, the Operational Acceptance Certificate for the System, the value of this guarantee will be reduced to any sum(s) not exceeding *[insert: **amount(s)¹ in figures and words**]*. This remaining guarantee shall expire no later than *[insert: **number and select: of months/of years** (of the Warranty Period that needs to be covered by the remaining*

¹ The bank shall insert the amount(s) specified and denominated in the SCC for GCC Clauses 13.3.1 and 13.3.4 respectively, either in the currency(ies) of the Contract or a freely convertible currency acceptable to the Purchaser.

guarantee)] from the date of the Operational Acceptance Certificate for the System,¹ and any demand for payment under it must be received by us at this office on or before that date.

This guarantee is subject to the Uniform Rules for Demand Guarantees, (URDG) 2010 Revision, ICC Publication No. 758, except that the supporting statement under 15 (a) is hereby excluded.

[Signature(s)]

[Note: All italicized text (including footnotes) is for use in preparing this form and shall be deleted from the final product.]

¹ *In this sample form, the formulation of this paragraph reflects the usual SCC provisions for GCC Clause 13.3. However, if the SCC for GCC Clauses 13.3.1 and 13.3.4 varies from the usual provisions, the paragraph, and possibly the previous paragraph, need to be adjusted to precisely reflect the provisions specified in the SCC.*

2.2 Advance Payment Security Bank Guarantee

[Guarantor letterhead or SWIFT identifier code]

Beneficiary: *[insert: Name and Address of Purchaser]*

Date: *[insert date of issue]*

ADVANCE PAYMENT GUARANTEE No.: *[insert: Advance Payment Guarantee Number]*

Guarantor: *[Insert name and address of place of issue, unless indicated in the letterhead]*

We have been informed that on *[insert: date of award]* you awarded Contract No. *[insert: Contract number]* for *[insert: title and/or brief description of the Contract]* (hereinafter called "the Contract") to *[insert: complete name of Supplier, which in the case of a joint venture shall be the name of the joint venture]* (hereinafter called "the Applicant").

Furthermore, we understand that, according to the conditions of the Contract, an advance payment in the sum of *[insert: amount in numbers and words, for each currency of the advance payment]* is to be made to the Supplier against an advance payment guarantee.

At the request of the Applicant, we as Guarantor, hereby irrevocably undertake to pay the Beneficiary any sum or sums not exceeding in total an amount of *[insert amount in figures]* (*[insert amount in words]*)¹ upon receipt by us of the Beneficiary's complying demand supported by the Beneficiary's statement, whether in the demand itself or in a separate signed document accompanying or identifying the demand, stating either that the Applicant:

- (a) has used the advance payment for purposes other than toward delivery of Goods; or
- (b) has failed to repay the advance payment in accordance with the Contract conditions, specifying the amount which the Applicant has failed to repay.

A demand under this guarantee may be presented as from the presentation to the Guarantor of a certificate from the Beneficiary's bank stating that the advance payment referred to above has been

¹ The Guarantor shall insert an amount representing the amount of the advance payment and denominated either in the currency(ies) of the advance payment as specified in the Contract, or in a freely convertible currency acceptable to the Purchaser.

credited to the Applicant on its account number *[insert **number**]* at *[insert **name and address of Applicant's bank**]*.

The maximum amount of this guarantee shall be progressively reduced by the amount of the advance payment repaid by the Applicant as specified in copies of interim statements or payment certificates which shall be presented to us. This guarantee shall expire, at the latest, upon our receipt of a copy of the interim payment certificate indicating that ninety (90) percent of the Accepted Contract Amount, has been certified for payment, or on the *[insert **day**]* day of *[insert **month**]*, *[insert **year**]*, whichever is earlier. Consequently, any demand for payment under this guarantee must be received by us at this office on or before that date.

This guarantee is subject to the Uniform Rules for Demand Guarantees (URDG) 2010 Revision, ICC Publication No.758, except that the supporting statement under Article 15(a) is hereby excluded.

[signature(s)]

[Note: All italicized text (including footnotes) is for use in preparing this form and shall be deleted from the final product.]

3. INSTALLATION AND ACCEPTANCE CERTIFICATES

3. Installation and Acceptance Certificates

3.1 Installation Certificate

Date: [insert: **date**]

Loan/Credit Number: [insert: **loan or credit number from RFP**]

RFP: [insert: **title and number of RFP**]

Contract: [insert: **name and number of Contract**]

To: [insert: **name and address of Supplier**]

Dear Sir or Madam:

Pursuant to GCC Clause 26 (Installation of the System) of the Contract entered into between yourselves and the [insert: **name of Purchaser**] (hereinafter the “Purchaser”) dated [insert: **date of Contract**], relating to the [insert: **brief description of the Information System**], we hereby notify you that the System (or a Subsystem or major component thereof) was deemed to have been correctly installed on the date specified below.

1. Description of the System (or relevant Subsystem or major component: [insert: **description**]
2. Date of Installation: [insert: **date**]

Notwithstanding the above, you are required to complete the outstanding items listed in the attachment to this certificate as soon as practicable. This letter shall not relieve you of your obligation to achieve Operational Acceptance of the System in accordance with the Contract nor of your obligations during the Warranty Period.

Loan/Credit Number: [insert: **loan or credit number from RFP**]

RFP: [insert: **title and number of RFP**]

Contract: [insert: **name of System or Subsystem and number of Contract**]

To: [insert: **name and address of Supplier**]

Dear Sir or Madam:

Pursuant to GCC Clause 27 (Commissioning and Operational Acceptance) of the Contract entered into between yourselves and the [insert: **name of Purchaser**] (hereinafter the “Purchaser”) dated [insert: **date of Contract**], relating to the [insert: **brief description of the Information System**], we hereby notify you the System (or the Subsystem or major component identified below) successfully completed the Operational Acceptance Tests specified in the Contract. In accordance with the terms of the Contract, the Purchaser hereby takes over the System (or the Subsystem or major component identified below), together with the responsibility for care and custody and the risk of loss thereof on the date mentioned below.

1. Description of the System (or Subsystem or major component): [insert: **description**]
2. Date of Operational Acceptance: [insert: **date**]

This letter shall not relieve you of your remaining performance obligations under the Contract nor of your obligations during the Warranty Period.

For and on behalf of the Purchaser

4. CHANGE ORDER PROCEDURES AND FORMS

Date: [*insert: date*]

Loan/Credit Number: [*insert: loan or credit number from RFP*]

RFP: [*insert: title and number of RFP*]

Contract: [*insert: name or System or Subsystem and number of Contract*]

General

This section provides samples of procedures and forms for carrying out changes to the System during the performance of the Contract in accordance with GCC Clause 39 (Changes to the System) of the Contract.

Change Order Log

The Supplier shall keep an up-to-date Change Order Log to show the current status of Requests for Change and Change Orders authorized or pending. Changes shall be entered regularly in the Change Order Log to ensure that the log is kept up-to-date. The Supplier shall attach a copy of the current Change Order Log in the monthly progress report to be submitted to the Purchaser.

References to Changes

- (1) Request for Change Proposals (including Application for Change Proposals) shall be serially numbered CR-nnn.
- (2) Change Estimate Proposals shall be numbered CN-nnn.
- (3) Estimate Acceptances shall be numbered CA-nnn.
- (4) Change Proposals shall be numbered CP-nnn.
- (5) Change Orders shall be numbered CO-nnn.

On all forms, the numbering shall be determined by the original CR-nnn.

Annexes

- 4.1 Request for Change Proposal Form
- 4.2 Change Estimate Proposal Form
- 4.3 Estimate Acceptance Form
- 4.4 Change Proposal Form
- 4.5 Change Order Form
- 4.6 Application for Change Proposal Form

4.1 Request for Change Proposal Form

(Purchaser's Letterhead)

Date: [*insert: date*]

Loan/Credit Number: [*insert: loan or credit number from RFP*]

RFP: [*insert: title and number of RFP*]

Contract: [*insert: name of System or Subsystem or number of Contract*]

To: [*insert: name of Supplier and address*]

Attention: [*insert: name and title*]

Dear Sir or Madam:

With reference to the above-referenced Contract, you are requested to prepare and submit a Change Proposal for the Change noted below in accordance with the following instructions within [*insert: number*] days of the date of this letter.

1. Title of Change: [*insert: title*]
2. Request for Change No./Rev.: [*insert: number*]
3. Originator of Change: [*select Purchaser / Supplier (by Application for Change Proposal), and add: name of originator*]
4. Brief Description of Change: [*insert: description*]
5. System (or Subsystem or major component affected by requested Change): [*insert: description*]
6. Technical documents and/or drawings for the request of Change:

Document or Drawing No.	Description
-------------------------	-------------
7. Detailed conditions or special requirements of the requested Change: [*insert: description*]
8. Procedures to be followed:
 - (a) Your Change Proposal will have to show what effect the requested Change will have on the Contract Price.
 - (b) Your Change Proposal shall explain the time it will take to complete the requested Change and the impact, if any, it will have on the date when Operational Acceptance of the entire System agreed in the Contract.

- (c) If you believe implementation of the requested Change will have a negative impact on the quality, operability, or integrity of the System, please provide a detailed explanation, including other approaches that might achieve the same impact as the requested Change.
 - (d) You should also indicate what impact the Change will have on the number and mix of staff needed by the Supplier to perform the Contract.
 - (e) You shall not proceed with the execution of work related to the requested Change until we have accepted and confirmed the impact it will have on the Contract Price and the Implementation Schedule in writing.
9. As next step, please respond using the Change Estimate Proposal form, indicating how much it will cost you to prepare a concrete Change Proposal that will describe the proposed approach for implementing the Change, all its elements, and will also address the points in paragraph 8 above pursuant to GCC Clause 39.2.1. Your Change Estimate Proposal should contain a first approximation of the proposed approach, and implications for schedule and cost, of the Change.

4.2 Change Estimate Proposal Form

(Supplier's Letterhead)

Date: [insert: **date**]

Loan/Credit Number: [insert: **loan or credit number from RFP**]

RFP: [insert: **title and number of RFP**]

Contract: [insert: **name of System or Subsystem and number of Contract**]

To: [insert: **name of Purchaser and address**]

Attention: [insert: **name and title**]

Dear Sir or Madam:

With reference to your Request for Change Proposal, we are pleased to notify you of the approximate cost of preparing the below-referenced Change in accordance with GCC Clause 39.2.1 of the Contract. We acknowledge that your agreement to the cost of preparing the Change Proposal, in accordance with GCC Clause 39.2.2, is required before we proceed to prepare the actual Change Proposal including a detailed estimate of the cost of implementing the Change itself.

1. Title of Change: [insert: **title**]
2. Request for Change No./Rev.: [insert: **number**]
3. Brief Description of Change (including proposed implementation approach): [insert: **description**]
4. Schedule Impact of Change (initial estimate): [insert: **description**]
5. Initial Cost Estimate for Implementing the Change: [insert: **initial cost estimate**]
6. Cost for Preparation of Change Proposal: [insert: **cost in the currencies of the Contract**], as detailed below in the breakdown of prices, rates, and quantities.

4.3 Estimate Acceptance Form

(Purchaser's Letterhead)

Date: [insert: **date**]

Loan/Credit Number: [insert: **loan or credit number from RFP**]

RFP: [insert: **title and number of RFP**]

Contract: [insert: **name of System or Subsystem and number of Contract**]

To: [insert: **name of Supplier and address**]

Attention: [insert: **name and title**]

Dear Sir or Madam:

We hereby accept your Change Estimate and agree that you should proceed with the preparation of a formal Change Proposal.

1. Title of Change: [insert: **title**]
2. Request for Change No./Rev.: [insert: **request number / revision**]
3. Change Estimate Proposal No./Rev.: [insert: **proposal number / revision**]
4. Estimate Acceptance No./Rev.: [insert: **estimate number / revision**]
5. Brief Description of Change: [insert: **description**]
6. Other Terms and Conditions: [insert: **other terms and conditions**]

In the event that we decide not to order the Change referenced above, you shall be entitled to compensation for the cost of preparing the Change Proposal up to the amount estimated for this purpose in the Change Estimate Proposal, in accordance with GCC Clause 39 of the General Conditions of Contract.

4.4 Change Proposal Form

(Supplier's Letterhead)

Date: [insert: **date**]

Loan/Credit Number: [insert: **loan or credit number from RFP**]

RFP: [insert: **title and number of RFP**]

Contract: [insert: **name of System or Subsystem and number of Contract**]

To: [insert: **name of Purchaser and address**]

Attention: [insert: **name and title**]

Dear Sir or Madam:

In response to your Request for Change Proposal No. [insert: **number**], we hereby submit our proposal as follows:

1. Title of Change: [insert: **name**]
2. Change Proposal No./Rev.: [insert: **proposal number/revision**]
3. Originator of Change: [select: **Purchaser / Supplier**; and add: **name**]
4. Brief Description of Change: [insert: **description**]
5. Reasons for Change: [insert: **reason**]
6. The System Subsystem, major component, or equipment that will be affected by the requested Change: [insert: **description**]
7. Technical documents and/or drawings for the requested Change:

Document or Drawing No.	Description
8. Estimate of the increase/decrease to the Contract Price resulting from the proposed Change: [insert: **amount in currencies of Contract**], as detailed below in the breakdown of prices, rates, and quantities.

Total lump sum cost of the Change:

Cost to prepare this Change Proposal (i.e., the amount payable if the Change is not accepted, limited as provided by GCC Clause 39.2.6):
9. Additional Time for Achieving Operational Acceptance required due to the Change: [insert: **amount in days / weeks**]

10. Effect on the Functional Guarantees: *[insert: **description**]*
11. Effect on the other terms and conditions of the Contract: *[insert: **description**]*
12. Validity of this Proposal: for a period of *[insert: **number**]* days after receipt of this Proposal by the Purchaser
13. Procedures to be followed:
 - (a) You are requested to notify us of your acceptance, comments, or rejection of this detailed Change Proposal within *[insert: **number**]* days from your receipt of this Proposal.
 - (b) The amount of any increase and/or decrease shall be taken into account in the adjustment of the Contract Price.
